The mafia has always fascinated filmmakers and television producers. Al Capone, Salvatore Giuliano, Lucky Luciano, Ciro Di Marzio, Roberto Saviano, Don Vito and Michael Corleone, and Tony Soprano are some of the historical and fictional figures that contribute to the myth of the Italian and Italian-American mafias perpetuated onscreen. This collection looks at mafia movies and television over time and across cultures, from the early classics to the Godfather trilogy and contemporary Italian films and television series. The only comprehensive collection of its type, Mafia Movies treats over fifty films and TV shows created since 1906, while introducing Italian and Italian-American mafia history and culture. The second edition includes new original essays on essential films and TV shows that have emerged since the publication of the first edition, such as Boardwalk Empire and Mob Wives, as well as a new roundtable section on Italy's "other" mafias in film and television, written as a collaborative essay by more than ten scholars. The edition also introduces a new section called "Double Takes" that elaborates on some of the most popular mafia films and TV shows (e.g. The Godfather and The Sopranos) organized around themes such as adaptation, gender and politics, urban spaces, and performance and stardom.

Introduction by Richard Carpenter The definitive biography of one of the most enduring and endeared recording artists in history—the Carpenters—is told for the first time from the perspective of Richard Carpenter, through more than 100 hours of exclusive interviews and some 200 photographs from Richard's personal archive, many never published. After becoming multimillion-selling, Grammy-winning superstars with their 1970 breakthrough hit "(They Long to Be) Close to You," Richard and Karen Carpenter would win over millions of fans worldwide with a record-breaking string of hits including "We've Only Just Begun," "Top of the World," and "Yesterday Once More." By 1975, success was taking its toll. Years of jam-packed work schedules, including hundreds of concert engagements, proved to be just too much for the Carpenters to keep the hits coming—and, ultimately, to keep the music playing at all. However, Richard and Karen never took their adoring public, or each other, for granted. In *Carpenters: The Musical Legacy*, Richard Carpenter tells his story for the first time. With candor, heart, and humor, he sheds new light on the Carpenters' trials and triumphs—work that remains the gold standard for melodic pop. This beautifully illustrated definitive biography, with exclusive interviews and never-before-seen photographs, is a must-have for any Carpenters fan.

A brilliant examination of our forty year obsession with the classic film trilogy—and a personal reflection on what it means to be Italian-American Forty years and one billion dollars in gross box office receipts after the initial release of *The Godfather*, Francis Ford Coppola's masterful trilogy continues to fascinate viewers old and new. *The Godfather Effect* skillfully analyzes the reasons behind this ongoing global phenomenon. Packed with behind-the-scenes anecdotes from all three *Godfather* films, Tom Santopietro explores the historical origins of the Mob and why they thrived in America, how Italian-Americans are portrayed in the media, and how a saga of murderous gangsters captivated audiences around the globe. Laced with stories about Brando, Pacino, and Sinatra, and interwoven with a funny and poignant memoir about the author's own experiences growing up with an Italian name in an Anglo world of private schools and country clubs, *The Godfather Effect* is a book for film lovers, observers of American life, and Italians of all nationalities.

Opera can reveal something fundamental about a film, and film can do the same for an opera, argues Marcia J. Citron. Structured by the categories of Style, Subjectivity, and Desire, this volume advances our understanding of the aesthetics of the opera/film encounter. Case studies of a diverse array of important repertoire including mainstream film, opera-film, and postmodernist pastiche are presented. Citron uses Werner Wolf's theory of intermediality to probe the roles of opera and film when they combine. The book also refines and expands film-music functions, and details the impact of an opera's musical style on the meaning of a film. Drawing on cinematic traditions of Hollywood, France, and Britain, the study explores Coppola's Godfather trilogy, Jewison's Moonstruck, Nichols's Closer, Chabrol's La Cérémonie, Schlesinger's Sunday, Bloody Sunday, Boyd's Aria, and Ponnelle's opera-films.
