His Dark Materials Laurel Leaf

Philip Pullman has created a fantasy world, where demons swoop and scuttle along the streets of London and Oxford, where the mysterious Dust swirls invisibly through the air, and where only one child knows secrets the adults would kill for.

Northern Lights introduces Lyra, an orphan, who lives in a parallel universe in which science, theology and magic are entwined. Lyra's search for a kidnapped friend uncovers a sinister plot involving stolen children and turns into a quest to understand a mysterious phenomenon called Dust. In *The Subtle Knife* she is joined on her journey by Will, a boy who possesses a knife that can cut windows between worlds. As Lyra learns the truth about her parents and her prophesied destiny, the two young people are caught up in a war against celestial powers that ranges across many worlds and leads to a thrilling conclusion in *The Amber Spyglass*. The epic story Pullman tells is not only a spellbinding adventure featuring armoured polar bears, magical devices, witches and daemons, it is also an audacious and profound re-imagining of Milton's *Paradise Lost*. An utterly entrancing blend of metaphysical speculation and bravura storytelling, **HIS DARK MATERIALS** is a monumental and enduring achievement.
