When Paul enters university in early 1970s Pittsburgh, it's with the hope of moving past the recent death of his father. Sensitive, insecure, and incomprehensible to his grieving family, Paul feels isolated and alone. When he meets the worldly Julian in his freshman ethics class, Paul is immediately drawn to his classmate's effortless charm. Paul sees Julian as his sole intellectual equal—an ally against the conventional world he finds so suffocating. Paul will stop at nothing to prove himself worthy of their friendship, because with Julian life is more invigorating than Paul could ever have imagined. But as charismatic as he can choose to be, Julian is also volatile and capriciously cruel, and Paul becomes increasingly afraid that he can never live up to what Julian expects of him. As their friendship spirals into all-consuming intimacy, they each learn the lengths to which the other will go in order to stay together, their obsession ultimately hurtling them toward an act of irrevocable violence. Unfolding with a propulsive ferocity, These Violent Delights is an exquisitely plotted excavation of the depths of human desire and the darkness it can bring forth in us. One of the questions Geoff Nicholson is frequently asked is whether he has a favourite walk? In 'The Lost Art of Walking' he answers 'no' but this isn't quite the case. Geoff doesn't have a favourite walk but he does have favoured walks and these almost always involve ruins. 'Walking with Ruins' describes some of these walks - which are mainly in Britain and the USA - and reflects on both what constitutes a ruin and on what makes them attractive.

Winner of the Art Seidenbaum Award for First Fiction A New York Times 2016 Notable Book Entertainment Weekly's #1 Book of the Year A Washington Post 2016 Notable Book A Slate Top Ten Book NEW YORK TIMES BESTSELLER "The Nix is a mother-son psychodrama with ghosts and politics, but it's also a tragicomedy about anger and sanctimony in America. . . . Nathan Hill is a maestro." —John Irving From the suburban Midwest to New York City to the 1968 riots that rocked Chicago and beyond, The Nix explores—with sharp humor and a fierce tenderness—the resilience of love and home, even in times of radical change. It's 2011, and Samuel Andresen-Anderson—college professor, stalled writer—has a Nix of his own: his mother, Faye. He hasn't seen her in decades, not since she abandoned the family when he was a boy. Now she's re-appeared, having committed an absurd crime that electrifies the nightly news, beguiles the internet, and inflames a politically divided country. The media paints Faye as a radical hippie with a sordid past, but as far as Samuel knows, his mother was an ordinary girl who married her high-school sweetheart. Which version of his mother is true? Two facts are certain: she's facing some serious charges, and she needs Samuel's help. To save her, Samuel will have to embark on his own journey, uncovering long-buried secrets about the woman he thought he knew, secrets that stretch across generations and have their origin all the way back in Norway, home of the mysterious Nix. As he does so, Samuel will confront not only Faye's losses but also his own lost love, and will relearn everything he thought he knew about his mother, and himself.

"Transported me effortlessly...Haunting, harrowing and heartbreaking, this is a novel that will stay with you." -- Ashley Audrain, New York Times bestselling author of The Push "A ghost story and fantastically gripping psychological investigation rolled into one. It is also a pitch-perfect piece of writing. . . . As with Shirley Jackson's work or Sarah Waters's masterpiece Affinity, in Stonex's hands the unspoken, unexamined, unseen world we can call the supernatural, a world fed by repression and lies, becomes terrifyingly tangible." -- The Guardian (London) Inspired by a haunting true story, a gorgeous and atmospheric novel about the mysterious disappearance of three lighthouse keepers from a remote tower miles from the Cornish coast--and about the wives who were left behind. What strange fate befell these doomed men? The heavy sea whispers their names. Black rocks roll beneath the surface, drowning ghosts. And out of the swell like a finger of light, the salt-scratched tower stands lonely and magnificent. It's New Year's Eve, 1972, when a boat pulls up to the Maiden Rock lighthouse with relief for the keepers. But no one greets them. When the entrance door, locked from the inside, is battered down, rescuers find an empty tower. A table is laid for a meal not eaten. The Principal Keeper's weather log describes a storm raging round the tower, but the skies have been clear. And the clocks have all stopped at 8:45. Two decades later, the keepers' wives are visited by a writer determined to find the truth about the men's disappearance. Moving between the women's stories and the men's last weeks together in the lighthouse, long-held secrets surface and truths twist into lies as we piece together what happened, why, and who to believe. In her riveting and suspenseful novel, Emma Stonex writes a story of isolation and obsession, of reality and illusion, and of what it takes to keep the light burning when all else is swallowed by dark.

Agent Kevin Herriman wants praise from his boss, who's also his best friend. He's working his first case as lead, but things aren't going well. Not only does he consider it far from exciting, it also comes with a strong-willed female civilian who might be mixed up in exotic animal smuggling. Carlie Noblett lives determined. Dealt a sight impairment at a young

age, she's fought for what she's wanted. Now a substitute teacher who works at a pet shop part time, what she wants is romance and a little adventure. Except a run-in with the swaggering agent isn't what she had in mind. When the suspected smuggling operation morphs into something more evil, Kevin's got his hands full trying to solve a case that's bigger than he imagined. Just like the bright flit of a goldfinch wing, so is love when it makes an appearance and worth the high cost-if it survives.

The year is 1829. The gruff, self-reliant Goldfinch, a veteran of the War of 1812, has become the anointed leader of an idyllic religious community named Synod, nestled in the Ramapough Mountains of northern New Jersey. Thanks to the advice of the village's Founders, Synod will become a stop on what would soon be called the ¿Underground Railroad.¿ Goldfinch oversees this transition, bringing in a broken runaway family. As southern bounty hunters follow their path and seek to reclaim stolen property, Goldfinch meets a shadowy abolitionist with close ties to the federal government. As the man recruits Goldfinch into a wider crusade against slavery, Goldfinch also contends with recurring visions¿both fiery and prescient. He¿s also pitted against Nance, a corrupt politician whose lone pursuit is to eliminate runaway slave dens.Will Goldfinch return to his roots and take up arms as this conflict reaches the Governor's desk? Will he be able to protect his village from destruction and damnation?

NAMED ONE OF THE BEST BOOKS OF THE YEAR BY NPR • The Seattle Times • The Globe and Mail • Kirkus Reviews • Daily Mail • The Vancouver Sun From the author of The Italian Teacher and The Imperfectionists comes a brilliant, intricately woven novel about a young woman who travels the world to make sense of her puzzling past. Look in the back of the book for a conversation between Tom Rachman and J. R. Moehringer Following one of the most critically acclaimed fiction debuts in years, New York Times bestselling author Tom Rachman returns with a brilliant, intricately woven novel about a young woman who travels the world to make sense of her puzzling past. Tooly Zylberberg, the American owner of an isolated bookshop in the Welsh countryside, conducts a life full of reading, but with few human beings. Books are safer than people, who might ask awkward questions about her life. She prefers never to mention the strange events of her youth, which mystify and worry her still. Taken from home as a girl, Tooly found herself spirited away by a group of seductive outsiders, implicated in capers from Asia to Europe to the United States. But who were her abductors? Why did they take her? What did they really want? There was Humphrey, the curmudgeonly Russian with a passion for reading; there was the charming but tempestuous Sarah, who sowed chaos in her wake; and there was Venn, the charismatic leader whose worldview transformed Tooly forever. Until, guite suddenly, he disappeared. Years later, Tooly believes she will never understand the true story of her own life. Then startling news arrives from a long-lost boyfriend in New York, raising old mysteries and propelling her on a quest around the world in search of answers. Tom Rachman—an author celebrated for humanity, humor, and wonderful characters—has produced a stunning novel that reveals the tale not just of one woman but of the past quarter-century as well, from the end of the Cold War to the dominance of American empire to the digital revolution of today. Leaping between decades, and from Bangkok to Brooklyn, this is a breathtaking novel about long-buried secrets and how we must choose to make our own place in the world. It will confirm Rachman's reputation as one of the most exciting young writers we have. Praise for The Rise & Fall of Great Powers "Ingenious . . . Rachman needs only a few well-drawn characters to fill a large canvas and an impressive swath of history."—Janet Maslin, The New York Times "A superb follow-up to 2010's The Imperfectionists . . . ambitious and engaging."—The Seattle Times "Engaging and inventive . . . full of wonderfully quirky, deeply flawed, but lovable characters . . . On the spectrum of interesting literary childhoods, Tooly Zylberberg—the protagonist of Tom Rachman's second novel—would rank somewhere in the vicinity of Jane Eyre and Oliver Twist."—San Francisco Chronicle "I found it impossible not to fall in love with shape-shifting Tooly. As an adult, she sports an ironical sense of humor and an attraction to dusty old books. As a child, her straight-faced mirth and wordplay are break-your-heart irresistible."—Ron Charles, The Washington Post "[A] read-it-all-in-one-weekend book."—The New Republic "A compelling page-turner . . . intricate, sprawling, and almost Dickensian."—USA Today After a close friend's death, a terminally ill woman embarks on a series of affairs in this novel by the author of Every Kind

of Wanting. The friendship between Mary and Nix had endured since childhood, a seemingly unbreakable bond, until the mid-1980s, when the two young women embarked on a summer vacation in Greece. It was a trip initiated by Nix, who had just learned that Mary had been diagnosed with a disease that would cut her life short and who was determined that it be the vacation of a lifetime. But by the time their visit to Greece was over, Nix had withdrawn from their friendship, and Mary had no idea why. Three years later, Nix is dead, and Mary returns to Europe to try to understand what went wrong. In the process she meets the first of many men that she will spend time with as she travels throughout the world. Through them she experiences not only a sexual awakening but also a spiritual and emotional awakening that allows her to understand how the past and the future are connected and to appreciate the freedom to live life adventurously. "A terrific book, a tender story of friendship, and a frank story of a young woman's adventures with an assortment of oddly funny, violent, and quirky men. It's intense and beautifully written." —Audrey Niffenegger, New York Times—bestselling author of The Time Traveler's Wife "Original and fearless . . . A powerful portrait of human connection and individual triumph."?People, 3.5 stars out of 4 "A stunning novel—Frangello's broken characters live in a world of terror and redemption, of magnificent sadness and beauty." —Kirkus Reviews

The second novel by Donna Tartt, bestselling author of The Goldfinch (winner of the 2014 Pulitzer Prize), The Little Friend is a grandly ambitious and utterly riveting novel of childhood, innocence and evil. The setting is Alexandria, Mississippi, where one Mother's Day a little boy named Robin Cleve Dufresnes was found hanging from a tree in his

parents' yard. Twelve years later Robin's murder is still unsolved and his family remains devastated. So it is that Robin's sister Harriet—unnervingly bright, insufferably determined, and unduly influenced by the fiction of Kipling and Robert Louis Stevenson--sets out to unmask his killer. Aided only by her worshipful friend Hely, Harriet crosses her town's rigid lines of race and caste and burrows deep into her family's history of loss. Filled with hairpin turns of plot and "a bustling, ridiculous humanity worthy of Dickens" (The New York Times Book Review), The Little Friend is a work of myriad enchantments by a writer of prodigious talent.

Two roads lead to Mount Hope. None leads out. Following a freak nuclear power-plant explosion, the small southern town was evacuated. Now, after a year in isolation, some residents are finally allowed to return home. Best friends Maggie and Jordan quickly discover that Mount Hope is not as it was before. The roads leading out of town are blocked, phone networks and the Internet are cut off, and the power plant remains on military lockdown. Something is horribly wrong, and their determination to uncover the truth soon has Maggie and Jordan in the crosshairs of a force more sinister than any they could have imagined.

Humanity hangs on after the fall of civilization in this "wily, funny, rip-roaring, and profoundly provocative page-turner" (Booklist, starred review). After the collapse of the old world—the pandemics, the environmental disasters, the end of oil, the ensuing chaos—people are pursuing a simpler and sometimes happier existence. In Union Grove, New York, the townspeople are preparing for Christmas . . . the perfect time for a long-lost member of the community to return. Robert Earle's son, Daniel, has come home after two years exploring what is left of the United States. He brings news of three new nations arisen from what was once America—and the dangers and possibilities they may hold. Meanwhile, a horrific murder threatens to turn the community of Union Grove against itself—and what is supposed to be a time of peace and togetherness is overtaken by suspicion and fear. In this vividly depicted look at a world that may be on our own horizon, "Kunstler skewers everything from kitsch to greed, prejudice, bloodshed, and brainwashing" in a gripping story of hope, hate, and humanity's last chance at survival (Booklist).

"[A] winningly obsessive history of our relationship with underground places" (The Guardian), from sacred caves and derelict subway stations to nuclear bunkers and ancient underground cities—an exploration of the history, science, architecture, and mythology of the worlds beneath our feet NAMED ONE OF THE BEST BOOKS OF THE YEAR BY NPR When Will Hunt was sixteen years old, he discovered an abandoned tunnel that ran beneath his house in Providence, Rhode Island. His first tunnel trips inspired a lifelong fascination with exploring underground worlds, from the derelict subway stations and sewers of New York City to sacred caves, catacombs, tombs, bunkers, and ancient underground cities in more than twenty countries around the world. Underground is both a personal exploration of Hunt's obsession and a panoramic study of how we are all connected to the underground, how caves and other dark hollows have frightened and enchanted us through the ages. In a narrative spanning continents and epochs, Hunt follows a cast of subterraneaphiles who have dedicated themselves to investigating underground worlds. He tracks the origins of life with a team of NASA microbiologists a mile beneath the Black Hills, camps out for three days with urban explorers in the catacombs and sewers of Paris, descends with an Aboriginal family into a 35,000-year-old mine in the Australian outback, and glimpses a sacred sculpture molded by Paleolithic artists in the depths of a cave in the Pyrenees. Each adventure is woven with findings in mythology and anthropology, natural history and neuroscience, literature and philosophy. In elegant and graceful prose, Hunt cures us of our "surface chauvinism," opening our eyes to the planet's hidden dimension. He reveals how the subterranean landscape gave shape to our most basic beliefs and guided how we think about ourselves as humans. At bottom, Underground is a meditation on the allure of darkness, the power of mystery, and our eternal desire to connect with what we cannot see. Praise for Underground "A mesmerizingly fascinating tale . . . I could not stop reading this beautifully written book."—Michael Finkel, author of The Stranger in the Woods "Few books have blown my mind so totally, and so often. In Will Hunt's nimble hands, excursion becomes inversion, and the darkness turns luminous. There are echoes of Sebald, Calvino, and Herzog in his elegant and enigmatic voice, but also real warmth and humor. . . . An intrepid—but far from fearless—journey, both theoretically and terrestrially."—Robert Moor, New York Times bestselling author of On Trails

Pulitzer Prize finalist: "A soaring literary epic about the forces that have driven us to the 9/11 age . . . relentlessly captivating" (Ron Charles, The Washington Post). When humanitarian lawyer Tom Harrington travels to Haiti to investigate the murder of a beautiful photojournalist, he is confronted with a dangerous landscape riddled with poverty, corruption, and voodoo. It's the late 1990s, a time of brutal guerrilla warfare and civilian kidnappings. The journalist, whom he knew years before as Jackie Scott, had a bigger investment in Haiti than it seemed. To make sense of her death, Tom must plunge back into his complicated ties to Jackie—and her mysterious past. Shacochis traces Jackie's shadowy family history from the outlaw terrain of World War II Dubrovnik to 1980s Istanbul. Caught between her first love and her domineering father—an elite Cold War spy pressuring her to follow in his footsteps—seventeen-year-old Jackie hatches a desperate escape plan. But getting out also puts her on the path that turns her into the soulless woman Tom fears as much as desires. Set over fifty years and in four war-torn countries, The Woman Who Lost Her Soul is National Book Award winner Bob Shacochis's masterpiece and a magnum opus. It brings to life an intricate portrait of catastrophic events that led up to the war on terror and the America we are today.

WINNER OF THE PULITZER PRIZE "The Goldfinch is a rarity that comes along perhaps half a dozen times per decade, a smartly written literary novel that connects with the heart as well as the mind....Donna Tartt has delivered an extraordinary work of fiction."--Stephen King, The New York Times Book Review Theo Decker, a 13-year-old New Yorker, miraculously survives an accident that kills his mother. Abandoned by his father, Theo is taken in by the family of a wealthy friend. Bewildered by his strange new home on Park Avenue, disturbed by schoolmates who don't know how to talk to him, and tormented above all by his longing for his mother, he clings to the one thing that reminds him of her: a

small, mysteriously captivating painting that ultimately draws Theo into the underworld of art. As an adult, Theo moves silkily between the drawing rooms of the rich and the dusty labyrinth of an antiques store where he works. He is alienated and in love--and at the center of a narrowing, ever more dangerous circle. The Goldfinch is a mesmerizing, stay-up-all-night and tell-all-your-friends triumph, an old-fashioned story of loss and obsession, survival and self-invention, and the ruthless machinations of fate.

Spanning eight decades and chronicling the wild ride of a Greek-American family through the vicissitudes of the twentieth century, Jeffrey Eugenides' witty, exuberant novel on one level tells a traditional story about three generations of a fantastic, absurd, lovable immigrant family -- blessed and cursed with generous doses of tragedy and high comedy. But there's a provocative twist. Cal, the narrator -- also Callie -- is a hermaphrodite. And the explanation for this takes us spooling back in time, through a breathtaking review of the twentieth century, to 1922, when the Turks sacked Smyrna and Callie's grandparents fled for their lives. Back to a tiny village in Asia Minor where two lovers, and one rare genetic mutation, set our narrator's life in motion. Middlesex is a grand, utterly original fable of crossed bloodlines, the intricacies of gender, and the deep, untidy promptings of desire. It's a brilliant exploration of divided people, divided families, divided cities and nations -- the connected halves that make up ourselves and our world.

A historic literary event: the publication of a newly discovered novel, the earliest known work from Harper Lee, the beloved, bestselling author of the Pulitzer Prize-winning classic, To Kill a Mockingbird. Originally written in the mid-1950s, Go Set a Watchman was the novel Harper Lee first submitted to her publishers before To Kill a Mockingbird. Assumed to have been lost, the manuscript was discovered in late 2014. Go Set a Watchman features many of the characters from To Kill a Mockingbird some twenty years later. Returning home to Maycomb to visit her father, Jean Louise Finch—Scout—struggles with issues both personal and political, involving Atticus, society, and the small Alabama town that shaped her. Exploring how the characters from To Kill a Mockingbird are adjusting to the turbulent events transforming mid-1950s America, Go Set a Watchman casts a fascinating new light on Harper Lee's enduring classic. Moving, funny and compelling, it stands as a magnificent novel in its own right.

The definitive collection of literary essays by The New Yorker's award-winning longtime book critic Ever since the publication of his first essay collection, The Broken Estate, in 1999, James Wood has been widely regarded as a leading literary critic of the English-speaking world. His essays on canonical writers (Gustav Flaubert, Herman Melville), recent legends (Don DeLillo, Marilynne Robinson) and significant contemporaries (Zadie Smith, Elena Ferrante) have established a standard for informed and incisive appreciation, composed in a distinctive literary style all their own. Together, Wood's essays, and his bestselling How Fiction Works, share an abiding preoccupation with how fiction tells its own truths, and with the vocation of the writer in a world haunted by the absence of God. In Serious Noticing, Wood collects his best essays from two decades of his career, supplementing earlier work with autobiographical reflections from his book The Nearest Thing to Life and recent essays from The New Yorker on young writers of extraordinary promise. The result is an essential guide to literature in the new millennium.

"When a story captures the imagination of millions, that's magic. Can you qualify magic? Archer and Jockers just may have done so."—Sylvia Day, New York Times bestselling author Ask most people about massive success in the world of fiction, and you'll typically hear that it's a game of hazy crystal balls. The sales figures of E. L. James or Dan Brown seem to be freakish—random occurrences in an unknowable market. But what if there were an algorithm that could reveal a secret DNA of bestsellers, regardless of their genre? What if it knew, just from analyzing the words alone, not just why genre writers like John Grisham and Danielle Steel belong on the lists, but also that authors such as Junot Diaz, Jodi Picoult, and Donna Tartt had telltale signs of success all over their pages? Thanks to Jodie Archer and Matthew Jockers, the algorithm exists, the code has been cracked, and the results bring fresh new insights into how fiction works and why we read. The Bestseller Code offers a new theory for why Fifty Shades of Grey sold so well. It sheds light on the current craze for dark heroines. It reveals which themes tend to sell best. And all with fascinating supporting data taken from a five-year study of twenty thousand novels. Then there is the hunt for "the one"—the paradigmatic example of bestselling writing according to a computer's analysis of thousands of points of data. The result is surprising, a bit ironic, and delightfully unorthodox. This book explains groundbreaking text-mining research in accessible terms and offers a new perspective on the New York Times bestseller list. It's a big-idea book about the relationship between creativity and technology that will be provocative to anyone interested in how analytics have already transformed the worlds of finance, medicine, and sports. But at heart it is a celebration of books for readers and writers—a compelling investigation into how successful writing works, and a fresh take on our intellectual and emotional response to stories.

NATIONAL BESTSELLER • WINNER OF THE PULITZER PRIZE • A searing, post-apocalyptic novel about a father and son's fight to survive, this "tale of survival and the miracle of goodness only adds to McCarthy's stature as a living master. It's gripping, frightening and, ultimately, beautiful" (San Francisco Chronicle). A father and his son walk alone through burned America. Nothing moves in the ravaged landscape save the ash on the wind. It is cold enough to crack stones, and when the snow falls it is gray. The sky is dark. Their destination is the coast, although they don't know what, if anything, awaits them there. They have nothing; just a pistol to defend themselves against the lawless bands that stalk the road, the clothes they are wearing, a cart of scavenged food—and each other. The Road is the profoundly moving story of a journey. It boldly imagines a future in which no hope remains, but in which the father and his son, "each the other's world entire," are sustained by love. Awesome in the totality of its vision, it is an unflinching meditation on the worst and the best that we are capable of: ultimate destructiveness, desperate tenacity, and the tenderness that keeps two people alive in the face of total devastation. A landmark biography explores the crucial resonances among the life, work, and times of one of the most influential filmmakers of our age When Jean-Luc Godard wed the ideals of filmmaking to the realities of autobiography and current events, he changed the nature of cinema. Unlike any earlier films, Godard's work shifts fluidly from fiction to documentary, from criticism to art. The man himself also projects shifting images—cultural hero, fierce loner, shrewd businessman. Hailed by filmmakers as a—if not the—key influence on cinema, Godard has entered the modern canon, a figure as mysterious as he is indispensable. In Everything Is Cinema, critic Richard Brody has amassed hundreds of interviews to demystify the elusive director and his work. Paying as much attention to Godard's technical inventions as to the political forces of the postwar world, Brody traces an arc from the director's early critical writing, through his popular success with Breathless, to the grand vision of his later years. He vividly depicts Godard's wealthy conservative family, his fluid politics, and his tumultuous dealings with women and fellow New Wave filmmakers. Everything Is Cinema confirms Godard's greatness and shows decisively that his films have left their mark on screens everywhere. Treacle Walker is a stunning fusion of myth and folklore and an exploration of the fluidity of time, vivid storytelling that brilliantly illuminates an introspective young mind trying to make sense of everything around him. The #1 New York Times bestseller from the author of Killers of the Flower Moon In 1925, the legendary British explorer Percy Fawcett ventured into the Amazon jungle, in search of a fabled civilization. He never returned. Over the years countless perished trying to find evidence of his party and the place he called "The Lost City of Z." In this masterpiece of narrative nonfiction, journalist David Grann interweaves the spellbinding stories of Fawcett's quest for "Z" and his own journey into the deadly jungle, as he unravels the greatest exploration mystery of the twentieth century. In this "brave and heartbreaking novel that digs its claws into you and doesn't let go, long after you've finished it" (Anna Todd, New York Times bestselling author) from the #1 New York Times bestselling author of All Your Perfects, a workaholic with a too-good-to-be-true romance can't stop thinking about her first love. Lily hasn't always had it easy, but that's never stopped her from working hard for the life she wants. She's come a long way from the small town where she grew up—she graduated from college, moved to Boston, and started her own business. And when she feels a spark with a gorgeous neurosurgeon named Ryle Kincaid, everything in Lily's life seems too good to be true. Ryle is assertive, stubborn, maybe even a little arrogant. He's also sensitive, brilliant, and has a total soft spot for Lily. And the way he looks in scrubs certainly doesn't hurt. Lily can't get him out of her head. But Ryle's complete aversion to relationships is disturbing. Even as Lily finds herself becoming the exception to his "no dating" rule, she can't help but wonder what made him that way in the first place. As questions about her new relationship overwhelm her, so do thoughts of Atlas Corrigan—her first love and a link to the past she left behind. He was her kindred spirit, her protector. When Atlas suddenly reappears, everything Lily has built with Ryle is threatened. An honest, evocative, and tender novel, It Ends with Us is "a glorious and touching read, a forever keeper. The kind of book that gets handed down" (USA TODAY). Copyright: 50ec4dc1fcce47c61cf701c2f0ac6c6a
