ESPN's beloved Sports Guy replays the years leading up to the Boston Red Sox historic championship season and says goodbye to a lifetime of suffering. At least for now. "The Red Sox won the World Series." To Citizen No. 1 of Red Sox Nation, those seven words meant "No more 1918 chants. No more smug glances from Yankee fans. No more worrying about living an entire life -- that's 80 years, followed by death without seeing the Red Sox win a Series." But once he was able to type those life-changing words, Bill Simmons decided to look back at his Sports Guy columns for the last five years to find out how the miracle came to pass. And that's where the trouble began. Why didn't he see it coming? Why didn't it happen sooner? What was the key deal, the lucky move, the funny bounce, the sign from above that he failed to spot? Pretty soon, The Sports Guy was second-guessing himself, rewriting history, sniping at his own past predictions, pounding the table -- that's what sports guys do, right And doing so, he let himself get sidetracked by the suffering of the Boston Bruins, frustrated by the false promise of the Celtics -- and driven into a state of ecstasy by the dynastic New England Patriots. #1 NEW YORK TIMES BEST SELLER • John Grisham takes you to a different kind of court in his first basketball novel.

Samuel "Sooley" Sooleymon is a raw, young talent with big

hoop dreams—and even bigger challenges off the court. “Hard to put down ... the pages turn quickly ... building to a climax that won’t leave readers doubting whether this is a John Grisham novel.” —Associated Press In the summer of his seventeenth year, Samuel Sooleymon gets the chance of a lifetime: a trip to the United States with his South Sudanese teammates to play in a showcase basketball tournament. He has never been away from home, nor has he ever been on an airplane. The opportunity to be scouted by dozens of college coaches is a dream come true. Samuel is an amazing athlete, with speed, quickness, and an astonishing vertical leap. The rest of his game, though, needs work, and the American coaches are less than impressed. During the tournament, Samuel receives devastating news from home: A civil war is raging across South Sudan, and rebel troops have ransacked his village. His father is dead, his sister is missing, and his mother and two younger brothers are in a refugee camp. Samuel desperately wants to go home, but it’s just not possible. Partly out of sympathy, the coach of North Carolina Central offers him a scholarship. Samuel moves to Durham, enrolls in classes, joins the team, and prepares to sit out his freshman season. There is plenty of more mature talent and he isn’t immediately needed. But Samuel has something no other player has: a fierce determination to succeed so he can bring his family to America. He works tirelessly on his game, shooting baskets every morning at dawn by himself in the gym, and soon he’s dominating everyone in practice. With the Central team losing and suffering injury after injury, Sooley, as he is nicknamed, is called off the bench. And the legend begins. But how far can Sooley take his team? And will success allow him to save his family? Gripping and moving, Sooley showcases John Grisham’s unparalleled storytelling powers in a whole new light. This is Grisham at the top of his game.

The celebration of Washington D.C. basketball is long overdue. The D.C. metro area stands second to none in its contributions to the game. Countless figures who have had a significant impact on the sport over the years have roots in the region, including E.B. Henderson, the first African-American certified to teach public school physical education, and Earl Lloyd, the first African-American to take the court in an actual NBA game. The city's Spingarn High School produced two players – Elgin Baylor and Dave Bing – recognized among the NBA's 50 greatest at the League's 50th anniversary celebration. No other high school in the country can make that claim. These figures and many others are chronicled in this book, the first-ever comprehensive look at the great high school players, teams and coaches in the D.C. metropolitan area. Based on more than 150 interviews, *The Capital of Basketball* is first and foremost a book about basketball. But in discussing the trends and evolution of the game, McNamara also uncovers the turmoil in the lives of the players and area residents as they dealt with prejudice, educational inequities, politics, and the ways the area has changed through the years.

It seems unlikely that James Naismith, who grew up playing “Duck on the Rock” in the rural community of Almonte, Canada, would invent one of America's most popular sports. But Rob Rains and Hellen Carpenter's fascinating, in-depth biography *James Naismith: The Man Who Invented Basketball* shows how this young man—who wanted to be a medical doctor, or if not that, a minister (in fact, he was both)—came to create a game that has endured for over a century. James Naismith reveals how Naismith invented basketball in part to find an indoor activity to occupy students in the winter months. When he realized that the key to his game was that men could not run with the ball, and that throwing and jumping would eliminate the roughness of force,

he was on to something. And while Naismith thought that other sports provided better exercise, he was pleased to create a game that “anyone could play.” With unprecedented access to the Naismith archives and documents, Rains and Carpenter chronicle how Naismith developed the 13 rules of basketball, coached the game at the University of Kansas—establishing college basketball in the process—and was honored for his work at the 1936 Olympic games in Berlin.

The long-awaited autobiography from Georgetown University's legendary coach, whose life on and off the basketball court threw America's unresolved struggle with racial justice into sharp relief. John Thompson was never just a basketball coach and I Came As A Shadow is categorically not just a basketball autobiography. After five decades at the center of race and sports in America, Thompson—the iconic NCAA champion, Black activist, and educator—was ready to make the private public at last, and he completed this autobiography shortly before his death in the historically tumultuous summer of 2020. Chockful of stories and moving beyond mere stats (three Final Fours, four-time national coach of the year, seven Big East championships, 97 percent

graduation rate), Thompson's book drives us through his childhood under Jim Crow segregation to our current moment of racial reckoning. We experience riding shotgun with Celtics icon Red Auerbach and coaching NBA Hall of Famers like Patrick Ewing and Allen Iverson. What were the origins of the the phrase "Hoya Paranoia"? You'll see. And parting his veil of secrecy, Thompson brings us into his negotiation with a D.C. drug kingpin in his players' orbit in the 1980s, as well as behind the scenes of his years on the Nike board.

Thompson's mother was a teacher who had to clean houses because of racism in the nation's capital. His father could not read or write. Their son grew up to be a man with his own larger-than-life statue in a building that bears his family's name on a campus once kept afloat by the selling of 272 enslaved Black people. This is a great American story, and John Thompson's experience sheds light on many of the issues roiling our nation. In these pages, he proves himself to be the elder statesman whose final words college basketball and the country need to hear. *I Came As A Shadow* is not a swan song, but a bullhorn blast from one of America's most prominent sons.

Why not? He is an NBA champion, a 10-time All-Star, a six-time All-NBA Team member, a nine-time All-Defensive Team selection, a two-time Olympic Gold medalist, and a five-time assist leader. On paper alone you would see how valuable of a point guard Kidd was in

his 19-year NBA stint. However, there were also times when he was not truly befitting of being called a historically elite point guard because of all the criticisms and shortcomings he has had as a player. He came into the league with virtually no jump shot and a very minimal offensive repertoire. He has had struggles with coaches and even, for a while, lacked the work ethic needed to be elite. And, for most of his career, he was never the leader of a championship team. But, for all those criticisms and downsides to his game, Jason Kidd was always a leader that made his other teammates great by doing everything else on the court. He always made it a point to find teammates because scoring the ball himself was never really his top priority. His ability to rebound the ball at a high level for a point guard made sure he could trigger fast-break opportunities at a quick rate. And his ability to defend every guard position earned him the reputation of being an elite defender in his prime. Kidd's vast array of skills made him a ray of sunshine to a franchise because he always lifted his teammates up in every way possible. Lone Ranger and Tonto. Sherlock Holmes and Dr. Watson. Batman and Robin. Jordan and Pippen. It's hard to describe a man who many have believed was a mere sidekick to Michael Jordan. However, like Jerry, Tonto, Dr. Watson, and Robin, Scottie Pippen also established a name for himself in the game of basketball. Most of his career happened in the shadows of Jordan and people fail to realize that without Pippen, Chicago potentially would not have created the winning Bulls dynasty. Pippen once said, "Sometimes a player's greatest challenge is coming to grips with his role on the team." He not only came to

grips with his role, but embraced it, quietly racking up impressive statistics while giving his teammates the spotlight. The 6-time NBA Champion and all-leader in steals and assists among forwards, is one of the most versatile players in NBA history. Although Pippen averaged over 20 points a game along with 7 rebounds, he was continually overshadowed by the shooting guard god, Jordan. It wasn't until Pippen was charged with guarding Magic Johnson in the 1991 NBA Finals that everyone began to take notice and see Pippen in his own right. The world soon began to uncover the mystery surrounding Pippen's rise to fame in the basketball world. In the height of his prime, Pippen made 10 consecutive All-NBA First Defensive teams, and was only one of three NBA players to record 200 steals and 100 blocks in a single season. He was known to block the lanes of opposing teams with his unusually long wingspan (2.2m) and jumping ability. Coach Phil Jackson once described him as a "one man wrecking crew." His tireless work ethic and selfless playing style often resulted in him leading the Bulls in blocks and assists. He finished 23rd in all-time assists in his career. Pippen is truly one of the league's greatest treasures and few players in NBA history have actually matched his versatility. He was an incredibly unique player. On defense, he combined his height with strength and athleticism and there was no area he didn't excel in.

fifteen, playing for the national team, where he began his rise through the European circuit. Known as a skilled shooter, it was not unusual for him to score 40, 50, even 60 points during a single game. While playing for Yugoslavia in the Olympics, Dražen and his team finished with the bronze medal in the 1984 Summer Olympic Games and the silver in the '88 Games. He later won silver in the '92 Olympics while playing for Croatia. In 1986, Dražen was drafted in the third round (60th overall) by the NBA's Portland Trail Blazers. Deciding to play a few more years in Europe, he did not come to the US until the beginning of the 1989–1990 season. Dražen, along with a handful of other players, were part of the first groups of Europeans to break into the NBA, paving the way for future stars. After struggling with playing time in Portland, Dražen was traded to the New Jersey Nets in 1991. He would become a premier player and was considered one of the finest shooters in the NBA, averaging over 20 points a game in his two full seasons with the Nets. He was both a hero in the US as well as at home in Croatia, where his success had become a beacon of hope for his beleaguered countrymen who were enduring war in what is now the former Yugoslavia. In the summer of 1993, after his best season in the NBA, Dražen traveled to Poland to help his country qualify for the upcoming FIBA European Basketball Championship. Deciding against flying with his team back to Croatia, he instead chose to drive there with his girlfriend. On June 7, 1993, only a few months before his twenty-ninth birthday, Dražen Petrovic died in a traffic collision in Denkendorf, Germany. Thousands

"The unlikelyst of champions, the 1949-50 City College Beavers were extraordinary by every measure: City College was a tuition-free, merit-based college in Harlem known for its intellectual achievements and political radicalism rather than its athletic prowess. baseball color barrier (and the NBA was still segregated), every single member of the Beavers was either Jewish or African American. Yet this scrappy, come-from-nowhere team thrived in the highly competitive era when college basketball fans dwarfed the numbers that followed the professional teams. Then, less than a year after winning both the NIT and NCAA basketball tournaments in the same season--still the only team to ever have done so--the team's starting five were arrested. Charged with colluding with gamblers to shave points, these celebrated young men became symbols of disillusionment and corruption. Their dramatic story is set against the larger backdrop of post-war New York when gangsters controlled the city's illegal sports gambling, the police were on their payroll, and everyone was getting rich--except the young men actually playing the games. Yet they were the ones who took the fall when the party finally ended"--
