### Peter Hopkirk

The Great Game Peter Hopkirk, 2006-03-27 For nearly a century the two most powerful nations on earth, Victorian Britain and Tsarist Russia, fought a secret war in the lonely passes and deserts of Central Asia. Those engaged in this shadowy struggle called it 'The Great Game', a phrase immortalized by Kipling. When play first began the two rival empires lay nearly 2,000 miles apart. By the end, some Russian outposts were within 20 miles of India. This classic book tells the story of the Great Game through the exploits of the young officers, both British and Russian, who risked their lives playing it. Disguised as holy men or native horse-traders, they mapped secret passes, gathered intelligence and sought the allegiance of powerful khans. Some never returned. The violent repercussions of the Great Game are still convulsing Central Asia today.

The Great Game Peter Hopkirk, 2001 For nearly a century the two most powerful nations on earth - Victorian Britain and Tsarist Russia - fought a secret war in the lonely passes and deserts of Central Asia. Those engaged in this shadowy struggle called it 'The Great Game', a phrase immortalized in Kipling's Kim. When play first began the two rival empires lay nearly 2,000 miles apart. By the end, some Russian outposts were within 20 miles of India. This book tells the story of the Great Game through the exploits of the young officers, both British and Russian, who risked their lives playing it. Disguised as holy men or native horsetraders, they mapped secret passes, gathered intelligence, and sought the allegiance of powerful khans. Some never returned.

**The Great Game** Peter Hopkirk, 1990-05 This is an account of the encounter last century between the British in India and Tsarist Russia in Central Asia which became known as the Great Game. When the encounter began the frontiers of Russia and British India lay some 2000 apart. By the end, the gap had shrunk in places to 20 miles. As Russia pushed forward her frontiers young officers found the fulfilment of their dreams in the chance to escape garrison life and find promotion and glory in the Caucasus, China and Tibet.

**Like Hidden Fire** Peter Hopkirk, 1994 A GRIPPING STORY OF IMPERIAL AMBITION, SWASHBUCKLING ADVENTURE, AND THE KAISER'S OWN JIHAD. An acclaimed historian tells, for the first time, the full story of the conspiracy between the

Germans and the Turks to unleash a Muslim holy war against the British in India and the Russians in the Caucasus. Drawing on recently opened intelligence files and rare personal accounts, Peter Hopkirk skillfully reconstructs the Kaiser's bold plan and describes the exploits of the secret agents on both sides—disguised variously as archaeologists, traders, and circus performers—as they sought to foment or foil the uprising and determine the outcome of World War I.

**Like Hidden Fire** Peter Hopkirk, 1994 A real life spy thriller recounting the Turco-German plot of 1914 to start a Holy War against the British in India and the Russians in Central Asia to gain world dominance.

Setting the East Ablaze Peter Hopkirk, 2012-02-16 'Let us turn our faces towards Asia', exhorted Lenin when the long-awaited revolution in Europe failed to materialize. 'The East will help us conquer the West.' Peter Hopkirk's book tells for the first time the story of the Bolshevik attempt to set the East ablaze with the heady new gospel of Marxism. Lenin's dream was to liberate the whole of Asia, but his starting point was British India. A shadowy undeclared war followed. Among the players in this new Great Game were British spies, Communist revolutionaries, Muslim visionaries and Chinese warlords - as well as a White Russian baron who roasted his Bolshevik captives alive. Here is an extraordinary tale of intrigue and treachery, barbarism and civil war, whose violent repercussions continue to be felt in Central Asia today.

**Foreign Devils on the Silk Road** Peter Hopkirk, 2001 The Silk Road, which linked imperial Rome and distant China, was once the greatest thoroughfare on earth. Along it travelled precious cargoes of silk, gold, and ivory, as well as revolutionary new ideas. Its oasis towns blossomed into thriving centres of Buddhist art and learning. In time it began to decline. The traffic slowed, the merchants left, and finally its towns vanished beneath the desert sands to be forgotten for a thousand years. But legends grew up of lost cities filled with treasures and guarded by demons. In the early years of the 20th century, foreign explorers began to investigate these legends, and very soon an international race began for the art treasures of the Silk Road. Huge wall paintings, sculptures, and priceless manuscripts were carried away, literally by the ton, and are today scattered through the museums of a dozen countries. Peter Hopkirk tells the story of the intrepid men who, at great personal risk, led these long-range archaeological raids, incurring the undying wrath of the Chinese.

Setting the East Ablaze Peter Hopkirk, 1986 As the European revolution failed to materialize, Lenin decreed, Let us turn our faces towards Asia. The East will help us to conquer the West.'

**Trespassers on the Roof of the World** Peter Hopkirk, 2012-03-15 No other land has captured man's imagination quite like Tibet. Hidden away behind the highest mountains on earth, and ruled over by a mysterious God-king, it was for centuries a land forbidden to all outsiders. In this remarkable and ultimately tragic narrative, Peter Hopkirk recounts the forcible opening up of this medieval Buddhist kingdom by inquisitive Western travellers during the nineteenth and twentieth centuries, and the race to reach Lhasa, Tibet's sacred capital. This epic, often harrowing tale, which ends with the Chinese invasion of 1950, draws on a colourful cast of gatecrashers from nine different countries. Among them were adventurous

young officers on Great Game missions, explorers and mountaineers, mystics and missionaries. All took their lives in their hands, including three intrepid women. Some were never to return.

**On Secret Service East of Constantinople** Peter Hopkirk,2011-09-15 Under the banner of a Holy War, masterminded in Berlin and unleashed from Constantinople, the Germans and the Turks set out in 1914 to foment violent revolutionary uprisings against the British in India and the Russians in Central Asia. It was a new and more sinister version of the old Great Game, with world domination as its ultimate aim. Here, told in epic detail and for the first time, is the true story behind John Buchan's classic wartime thriller *Greenmantle*, recounted through the adventures and misadventures of the secret agents and others who took part in it. It is an ominously topical tale today in view of the continuing turmoil in this volatile region where the Great Game has never really ceased.

**Setting the East Ablaze** Peter Hopkirk,1995 An extraordinary account of intrigue and treachery in the Marxist attempt to liberate the whole of Asia, starting with British India, in a bloody struggle between the two world wars.

**Hunted Through Central Asia** Paul Nazaroff,2023 Nazaroff was the ringleader of a desperate plot to overthrow the Bolsheviks in Central Asia in 1918. Betrayed to Lenin's Secret Police, he was forced to live like an animal hunted across Central Asia, the Himalayas and the plains of Hindustan.

**Tournament of Shadows** Karl E. Meyer,Shareen Blair Brysac,2009-03-17 From the romantic conflicts of the Victorian Great Game to the war-torn history of the region in recent decades, *Tournament of Shadows* traces the struggle for control of Central Asia and Tibet from the 1830s to the present. The original Great Game, the clandestine struggle between Russia and Britain for mastery of Central Asia, has long been regarded as one of the greatest geopolitical conflicts in history. Many believed that control of the vast Eurasian heartland was the key to world dominion. The original Great Game ended with the Russian Revolution, but the geopolitical struggles in Central Asia continue to the present day. In this updated edition, the authors reflect on Central Asia's history since the end of the Russo-Afghan war, and particularly in the wake of 9/11.

**Brill's Companion to the Reception of Alexander the Great** ,2018-09-11 Brill's *Companion to the Reception of Alexander the Great* offers a considerable range of topics, of interest to students and academics alike, in the long tradition of this subject's significant impact, across a sometimes surprising and comprehensive variety of areas. Arguably no other historical figure has cast such a long shadow for so long a time. Every civilisation touched by the Macedonian Conqueror, along with many more that he never imagined, has scrambled to "own" some part of his legacy. This volume canvasses a comprehensive array of these receptions, beginning from Alexander's own era and journeying up to the present, in order to come to grips with the impact left by this influential but elusive figure.

**Kabul Catastrophe** Patrick Arthur Macrory,2002 In 1839 a large British army invaded Afghanistan in order to place upon the throne a ruler deemed more friendly to the British in Delhi than the incumbent Dost Mohammed. Many voices in

London warned against the foolhardy enterprise, among them that of the Duke of Wellington, who foresaw shame and disaster. The enterprise started well. The army conquered all before it, including reputedly impregnable fortresses. But only two years after being established in Kabul, attacked on all sides by the hostile Afghans, the British retreated in mid-winter, 1842, trying to regain India. Of the 16,000 soldiers and others who left the city, only one person survived the journey as far as Jalalabad. It was one of the worse catastrophes to befall the British Empire.

**Great Game To 9/11** Michael R. Rouland, Air Force History and Museums Program, 2019-09 Great Game to 9/11 was initially begun as an introduction for a larger work on U.S./coalition involvement in Afghanistan. It provides essential information for an understanding of how this isolated country has, over centuries, become a battleground for world powers. Although an overview, this study draws on primary source material to present a detailed examination of U.S.-Afghan relations prior to Operation Enduring Freedom. The Engaging the World series focuses on U.S. involvement around the globe, primarily in the post-Cold War period. It includes peacekeeping and humanitarian missions as well as Operation Enduring Freedom and Operation Iraqi Freedom—all missions in which the U.S. Air Force has been integrally involved. It will also document developments within the Air Force and the Department of Defense.

Red Shambhala Andrei Znamenski, 2012-12-19 Many know of Shambhala, the Tibetan Buddhist legendary land of spiritual bliss popularized by the film, Shangri-La. But few may know of the role Shambhala played in Russian geopolitics in the early twentieth century. Perhaps the only one on the subject, Andrei Znamenski's book presents a wholly different glimpse of early Soviet history both erudite and fascinating. Using archival sources and memoirs, he explores how spiritual adventurers, revolutionaries, and nationalists West and East exploited Shambhala to promote their fanatical schemes, focusing on the Bolshevik attempt to use Mongol-Tibetan prophecies to railroad Communism into inner Asia. We meet such characters as Gleb Bokii, the Bolshevik secret police commissar who tried to use Buddhist techniques to conjure the ideal human; and Nicholas Roerich, the Russian painter who, driven by his otherworldly Master and blackmailed by the Bolshevik secret police, posed as a reincarnation of the Dalai Lama to unleash religious war in Tibet. We also learn of clandestine activities of the Bolsheviks from the Mongol-Tibetan Section of the Communist International who took over Mongolia and then, dressed as lama pilgrims, tried to set Tibet ablaze; and of their opponent, Ja-Lama, an "avenging lama" fond of spilling blood during his tantra rituals.

China's Belt and Road Vision S. Mahmud Ali, 2020-01-23 This book examines the evolution and major elements of China's Belt-and-Road Initiative (BRI), a trillion-dollar project for the revival and refinement of ancient terrestrial and maritime trade routes. The author analyses the foreign policy and economic strategy behind the initiative as well as the geoeconomic and geopolitical impact on the region. Furthermore, he assesses whether the BRI has to be considered as a challenge to the US-led order, leading to a Sinocentric order in the 21st century. Offering two case studies on the China-Pakistan Economic

Corridor (CPEC) and the 21st Century Maritime Silk Road (MSR), the book reveals the drivers motivating China and its partners in executing BRI projects, such as security of commodity-shipments, energy supplies, and explores trade volumes as well as the anxiety these trigger among critics. The book juxtaposes these to non-Chinese, specifically multilateral institutional and Western corporate, inputs into Beijing's developmental planning-processes. It also identifies the role of combined Chinese-foreign stimuli in generating the policy priorities precipitating the BRI vision, and the geoeconomic essence of BRI's implementation.

**The Central Asian States** Gregory W Gleason, 2018-10-08 This book traces the incorporation of Central Asia into the Soviet system, the region's path of development under socialism, and the vicissitudes of the economic and political collapse of socialism, before considering the trajectories of the new states as they chart their independent futures.
