# The Great Oil Conspiracy How The Us Government Hid The Nazi Discovery Of Abiotic Oil From The American People

A cyanide capsule and a bullet to the head. This is how Adolf Hitler is about to kill himself. The date is the 30th of April, the year is 1945. Hitler and his wife of less than two days, Eva Braun, are together in the Führerbunker, an underground complex near the Reich Chancellery in Berlin. Berlin itself is not yet under siege, but it is apparent to all that it soon will be. For the Allies have defeated the Wehrmacht in the Belgian Ardennes and have already crossed the Rhine into Germany. While at the same time, the Red Army are advancing westwards towards the German capital, unstoppable since their decisive victory at Stalingrad. As a result, SS generals are now refusing to obey Hitler's orders. Stuck down in his bunker and feeling powerless, Hitler has begun to suffer a mental breakdown. The war is lost and he knows it now. Germany surrendered, unconditionally, a week after Hitler's death, on the 7th of May, 1945. The following day was declared Victory in Europe Day. The Second World War on the European continent was formally confirmed over. The war would continue in Asia for another three months, eventually ending on the 15th of August, 1945 - just over a week after the dropping of the Little Boy and Fat Man atomic bombs on the Japanese cities of Hiroshima and Nagasaki. Germany was in utter ruins and occupied by the armies of the Soviet Union, France, America, and Britain and her Commonwealth. Meanwhile the world had witnessed the utterly

## Access Free The Great Oil Conspiracy How The Us Government Hid The Nazi Discovery Of Abiotic Oil From The American People

destructive power of atomic weapons. This was how the Second World War ended; it was also how the Cold War began. The Cold War would last nearly half a century, with flashpoints occurring in locations all across the globe; from Afghanistan to Vietnam, Korea to Cuba. The real Cold War battlefront, though, was in Germany. It was here where the militaries of the Soviet Union and the Warsaw Pact countries faced off against the militaries of America and her European NATO allies. It was here where the bulk of the nuclear missiles were located, where the troops were based. Germany - then Germanies - was the true frontier of the Cold War. Following the collapse of the Berlin Wall in 1989, and the dissolution of the Soviet Union shortly after in 1991, the militaries that had based themselves in Germany for the past 50 years started to slowly return to their respective home countries. The military bases, and all the infrastructure that went along with sustaining them, were stripped bare and left behind. The purpose of this book is to document these Cold War sites as they are today, in 2016. They will not be around for much longer; most face imminent demolition, and the ones that don't are decaying and succumbing to nature. The hope is that by documenting how these bases currently are, as well as providing a short history on each of the sites, an audience unable to visit them themselves will learn something new about the Cold War. It was a military stand-off on a scale of which the world has never seen before. We have history books that communicate that scale; that communicate the dangers faced; the close calls and near misses; the fallibility of all those involved. Perhaps this book, and the pictures it contains, can help to communicate some of these things too, but in a different way.

A healing herb kept secret for centuries. A TV show host who stands to lose everything. Castile de Granada, 1492: Risking her life, Spanish author Ana-Maria de Carbonela vowed to keep an

## Access Free The Great Oil Conspiracy How The Us Government Hid The Nazi Discovery Of Abiotic Oil From The American People

unknown yet powerful healing herb's location hidden. It remained a secret ... Until now. TV show host Kelby Wade is forced into the search when her niece is targeted by the relentless assassin who killed her brother. She is pursued on a perilous quest, from a grotto in rural Andalusia to a bizarre hospital in Surrey, to uncover the mystery found between crumbling sheets of parchment in the ruins of a rural Spanish farm. In a race against a conspiracy who want the herb's power, she struggles to piece together the puzzle and follow the trail her brother left to trace the mysterious plant before the deadly conspirators locate it. It's only a matter of time before the ancient secret gets exposed ... Described by readers as a must-have book for fans of Glenn Cooper, Kate Mosse and James Rollins. The first in the Torcal series, *The Grotto's Secret* is a fast-paced, historically rich page-turner that captures the vivid history of medieval Spain woven between modern-day London. Past and present blended vividly together in this exhilarating historical conspiracy thriller guaranteed to leave readers tingling with suspense. If you love an action-packed conspiracy thriller, download a sample to see for yourself! Or grab free sample chapters at Paula Wynne's website. Readers who have read *The Grotto's Secret* have had this to say ... "Past and present blended masterfully together in this page turning historical conspiracy thriller guaranteed to leave readers wanting more." Angela Crouch "The Grotto's Secret is a fast-paced, exhilarating thriller that left me panting for more." Ros Brookman "The Grotto's Secret's first chapter had me hooked straight away." Helen Johnson "A good read for fans of Kate Mosse and Glenn Cooper. I was hooked very early in the story and kept paced throughout." Graham Bird "The Grotto's secret is a real page turner. Paula is a great writer, I could envision all the characters on screen. I highly recommend it to others." Clare Keogh "Fascinating and absorbing, an exciting debut novel from an established

## Access Free The Great Oil Conspiracy How The Us Government Hid The Nazi Discovery Of Abiotic Oil From The American People

business writer." Debbie Jenkins "I found "The Grotto's Secret" very entertaining. I am sort of a history buff so that aspect was what caught my interest. Paula did a wonderful job tying past and present together, and her description of the Spanish countryside was spectacular." Niles Jacobsen "The book was great and hard to put down. I can't wait to find out the mystery behind the Maria father's stone in the next book!" Marsha Campbell "I really enjoyed the book, it draws you in from page one! I like that the characters are so easy to identify with, I keep thinking to myself 'oh, that's just like so-and-so'" Debbie Harding "I finished The Grotto's Secret last night - wow! Have to say I couldn't put it down. I felt engaged with the characters and the sweep of history and geography gave me some real food for thought." Jayne West "

From the author of Resource Wars, a landmark assessment of the critical role of petroleum in America's actions abroad In his pathbreaking Resource Wars, world security expert Michael T. Klare alerted us to the role of resources in conflicts in the post-Cold War world. Now, in Blood and Oil, he concentrates on a single precious commodity, petroleum, while issuing a warning to the United States-its most powerful, and most dependent, global consumer. Since September 11th and the commencement of the "war on terror," the world's attention has been focused on the relationship between U.S. foreign policy in the Middle East and the oceans of crude oil that lie beneath the region's soil. Klare traces oil's impact on international affairs since World War II, revealing its influence on the Truman, Eisenhower, Nixon, and Carter doctrines. He shows how America's own wells are drying up as our demand increases; by 2010, the United States will need to import 60 percent of its oil. And since most of this supply will have to come from chronically unstable, often violently anti-American zones-the Persian Gulf, the Caspian Sea, Latin America, and Africa-our dependency is bound to lead to recurrent military

## Access Free The Great Oil Conspiracy How The Us Government Hid The Nazi Discovery Of Abiotic Oil From The American People

involvement. With clarity and urgency, *Blood and Oil* delineates the United States' predicament and cautions that it is time to change our energy policies, before we spend the next decades paying for oil with blood.

During a chance night shift on the cops beat, newsroom assistant Madeleine Harrington stumbles on the corruption story of a lifetime – a plot that would reshape the entire city. She teams up with her dad, a downtrodden columnist at the paper, to unearth the mystery. The muckrakers find the plot goes deeper – and contains more skeletons among the city's powerbrokers – than they imagined.

Here's your chance to say "goodnight" to Obama in a very special way. Join former president Obama in his nightcap and PJ's as he says "goodnight" to America: Goodnight birth certificate of unknown source Goodnight jobs, without any remorse Goodnight safety, let's open the borders Goodnight constitution, by executive order Featuring cameos of: Michael Moore Hillary Clinton Reverend Wright Ellen DeGeneres Vladimir Putin And many more! Bill Cooper, former United States Naval Intelligence Briefing Team member, reveals information that remains hidden from the public eye. This information has been kept in Top Secret government files since the 1940s. His audiences hear the truth unfold as he writes about the assassination of John F. Kennedy, the war on drugs, the Secret Government and UFOs. Bill is a lucid, rational and powerful speaker who intent is to inform and to empower his audience. Standing room only is normal. His presentation and information transcend partisan affiliations as he clearly addresses issues in a way that has a striking impact on listeners of all backgrounds and interests. He has spoken to many groups throughout the United States and has appeared regularly on many radio talk shows and on television. In 1988 Bill decided to

## Access Free The Great Oil Conspiracy How The Us Government Hid The Nazi Discovery Of Abiotic Oil From The American People

"talk" due to events then taking place worldwide, events which he had seen plans for back in the early '70s. Since Bill has been "talking," he has correctly predicted the lowering of the Iron Curtain, the fall of the Berlin Wall and the invasion of Panama. All Bill's predictions were on record well before the events occurred. Bill is not a psychic. His information comes from Top Secret documents that he read while with the Intelligence Briefing Team and from over 17 years of thorough research. "Bill Cooper is the world's leading expert on UFOs." -- Billy Goodman, KVEG, Las Vegas. "The onlt man in America who has all the pieces to the puzzle that has troubled so many for so long." -- Anthony Hilder, Radio Free America "William Cooper may be one of America's greatest heros, and this story may be the biggest story in the history of the world." -- Mills Crenshaw, KTALK, Salt Lake City. "Like it or not, everything is changing. The result will be the most wonderful experience in the history of man or the most horrible enslavement that you can imagine. Be active or abdicate, the future is in your hands." -- William Cooper, October 24, 1989.

Glass--The new billion-dollar drug. It's cheaper than cocaine, more addictive...and it's got a secret. Admitting the drug trade was out of control and the War on Drugs a complete failure, a covert collaboration between the DEA and the CIA develops a drug that in only five years has completely devastated the illegal drug market. The first half of the mission a success, the plan to eradicate the drug lords and then focus on treatment has gone terribly wrong. All because someone in the agency doesn't want to relinquish control. Now Daniel Burke is fighting for his life. A double-crossed CIA agent, he's forced to confront his own people, in addition to an overzealous FBI agent known for always getting her man--and the combined forces of the Colombian drug lords who see Burke as "target number one." Can Burke evade his own

## Access Free The Great Oil Conspiracy How The Us Government Hid The Nazi Discovery Of Abiotic Oil From The American People

people, escape the FBI and still manage to bring the drug cartels to their knees? The Crude Truth: Do you want to know why you're paying so much at the pump these days? Raymond J. Learsy, a longtime commodities trader, explains the real facts behind today's outrageous gasoline prices by lifting the veil from the Mideast oil cartel. He shows how OPEC manipulates the oil markets with results that are destabilizing to the world's economy and threatening to America's national security. With refreshing candor and an insider's perspective, Learsy explains how OPEC: - promotes a bogus perception of oil scarcity in order to hike prices and gain political power. - is compromised by connections to Islamist terrorists, who fuel anti-American hatred with dollars from our own pockets. - keeps Third World populations in crushing poverty, despite rich oil deposits found in their countries. - became the de facto master of Iraq's newly liberated oil fields. Along with a sweeping survey of OPEC's methods of economic domination, *Over a Barrel* offers a well-informed strategy for busting the Mideast oil cartel and charting our nation's course towards energy independence. Could everything we know about fossil fuels be wrong? For decades, environmentalists have told us that using fossil fuels is a self-destructive addiction that will destroy our planet. Yet at the same time, by every measure of human well-being, from life expectancy to clean water to climate safety, life has been getting better and better. How can this be? The explanation, energy expert Alex Epstein argues in *The Moral Case for Fossil Fuels*, is that we usually hear only one side of the story. We're taught to think

## Access Free The Great Oil Conspiracy How The Us Government Hid The Nazi Discovery Of Abiotic Oil From The American People

only of the negatives of fossil fuels, their risks and side effects, but not their positives—their unique ability to provide cheap, reliable energy for a world of seven billion people. And the moral significance of cheap, reliable energy, Epstein argues, is woefully underrated. Energy is our ability to improve every single aspect of life, whether economic or environmental. If we look at the big picture of fossil fuels compared with the alternatives, the overall impact of using fossil fuels is to make the world a far better place. We are morally obligated to use more fossil fuels for the sake of our economy and our environment. Drawing on original insights and cutting-edge research, Epstein argues that most of what we hear about fossil fuels is a myth. For instance . . . Myth: Fossil fuels are dirty. Truth: The environmental benefits of using fossil fuels far outweigh the risks. Fossil fuels don't take a naturally clean environment and make it dirty; they take a naturally dirty environment and make it clean. They don't take a naturally safe climate and make it dangerous; they take a naturally dangerous climate and make it ever safer. Myth: Fossil fuels are unsustainable, so we should strive to use "renewable" solar and wind. Truth: The sun and wind are intermittent, unreliable fuels that always need backup from a reliable source of energy—usually fossil fuels. There are huge amounts of fossil fuels left, and we have plenty of time to find something cheaper. Myth: Fossil fuels are hurting the developing world. Truth: Fossil fuels are the key to improving the quality of life for billions of people in the developing world. If we withhold them, access to clean water plummets, critical medical machines like incubators

## Access Free The Great Oil Conspiracy How The Us Government Hid The Nazi Discovery Of Abiotic Oil From The American People

become impossible to operate, and life expectancy drops significantly. Calls to “get off fossil fuels” are calls to degrade the lives of innocent people who merely want the same opportunities we enjoy in the West. Taking everything into account, including the facts about climate change, Epstein argues that “fossil fuels are easy to misunderstand and demonize, but they are absolutely good to use. And they absolutely need to be championed. . . . Mankind’s use of fossil fuels is supremely virtuous—because human life is the standard of value and because using fossil fuels transforms our environment to make it wonderful for human life.”

Perfect book to record and save important addresses and birthdays. As time goes by and the fullness and complexity of the days increase, this is more and more important. You can keep these addresses and birthdays from family, friends, business partners etc. for many years.

Driven by her thirst to avenge the death of her lover, Sarah willingly thrusts herself into the maw of evil. Her guiding beacon is the need to satisfy her craving for retribution. The Great Conspiracy, Volume 3 by John Alexander Logan is a rare manuscript, the original residing in some of the great libraries of the world. This book is a reproduction of that original, typed out and formatted to perfection, allowing new generations to enjoy the work. Publishers of the Valley's mission is to bring long out of print manuscripts back to life.

Dustin is a seventeen-year-old young man who finds out that his girlfriend, Sandy

In the second volume of the Southern Reach Trilogy, questions are answered, stakes are raised, and mysteries are deepened . . . In *Annihilation*, Jeff VanderMeer introduced Area X—a remote and lush terrain mysteriously sequestered from civilization. This was the first volume of a projected trilogy; well in advance of publication, translation rights had already sold around the world and a major movie deal had been struck. Just months later, *Authority*, the second volume, is here. For thirty years, the only human engagement with Area X has taken the form of a series of expeditions monitored by a secret agency called the Southern Reach. After the disastrous twelfth expedition chronicled in *Annihilation*, the Southern Reach is in disarray, and John Rodriguez, aka “Control,” is the team’s newly appointed head. From a series of interrogations, a cache of hidden notes, and hours of profoundly troubling video footage, the secrets of Area X begin to reveal themselves—and what they expose pushes Control to confront disturbing truths about both himself and the agency he’s promised to serve. And the consequences will spread much further than that. The Southern Reach trilogy will conclude in fall 2014 with *Acceptance*.

I've spent the last year cleaning up the mess Percy left after his failed coup. It isn't glamorous, but it's a job, and it pays well enough. Percy altered the Cure in a way to make it easier to create his little vampire army, but his new vampires have attitude problems and are worse at playing by the rules than I am, and they are the mess I'm trying to clean up. No biggie, I'm pretty good at that kind of

## Access Free The Great Oil Conspiracy How The Us Government Hid The Nazi Discovery Of Abiotic Oil From The American People

housecleaning. The only problem is that someone called the cops on Percy's little house party. Homeland Security got hold of the new and improved Cure, made their own vampire anti-terrorist unit, and dropped them into freaking Yemen. Like most ill-conceived government projects, this one went bad real fast, and guess who has to fix it? Now I have to I have to hunt down and kill these rogue vampires, take on the U.S. government, and destroy all evidence of our existence. And, oh yeah, there's a freaking bomb in my head!

A teenage boy uncovers a horrific family secret. A widower seeks vengeance on the creatures that killed his wife. A drug addled writer stalks the woman of his dreams, a woman much more sinister than she appears. A federal agent races to find the cursed relic powering this city full of spooks, spirits, and serial killers. The lives of these and others will collide in the dark and dangerous streets of Adderlass. A seed of evil was planted under Adderlass, a city where monsters hide behind masks of humanity and ordinary people shuffle anesthetized and addicted by the sickly supernatural power wafting up from below. The city was built over the crystalline skull of a bloodthirsty beast. Now, the hunt is on for this lost treasure and whoever finds it first will control the fate not only of Adderlass but of the entire world. Sixteen-year-old Simon Cubbins, young and naive, may be the key to unlocking the mystery buried in this twisted labyrinth of hidden

## Access Free The Great Oil Conspiracy How The Us Government Hid The Nazi Discovery Of Abiotic Oil From The American People

agendas. He also unknowingly harbors a secret that could destroy the Cubbins bloodline. As different characters fight for control over Simon, he will have to decide whether or not to carry on his family's legacy.

Envious of her best friends lavish lifestyle, a young woman wonders how different her life would be if she had an opportunity to change her past.

Phillips was born in Madison, Indiana. After graduating high school Phillips entered Asbury College following which he degreed from College of New Jersey in 1887. After completing his education, Phillips worked as a newspaper reporter in Cincinnati, Ohio before moving on to New York City where he was employed as a columnist and editor with the New York World until 1902. In his spare time, he wrote a novel, *The Great God Success* that was published in 1901. The book sold well enough that his royalty income was sufficient enough to allow him to work as a freelance journalist while dedicating himself to writing fiction. Writing articles for various prominent magazines, he began to develop a reputation as a competent investigative journalist. Considered a progressive, Phillips' novels often commented on social issues of the day and frequently chronicled events based on his real-life journalistic experiences.

**NATIONAL BOOK AWARD FINALIST • NATIONAL BESTSELLER •** A twisting, haunting true-life murder mystery about one of the most monstrous crimes in

## Access Free The Great Oil Conspiracy How The Us Government Hid The Nazi Discovery Of Abiotic Oil From The American People

American history, from the author of *The Lost City of Z*. In the 1920s, the richest people per capita in the world were members of the Osage Nation in Oklahoma. After oil was discovered beneath their land, the Osage rode in chauffeured automobiles, built mansions, and sent their children to study in Europe. Then, one by one, the Osage began to be killed off. The family of an Osage woman, Mollie Burkhart, became a prime target. One of her relatives was shot. Another was poisoned. And it was just the beginning, as more and more Osage were dying under mysterious circumstances, and many of those who dared to investigate the killings were themselves murdered. As the death toll rose, the newly created FBI took up the case, and the young director, J. Edgar Hoover, turned to a former Texas Ranger named Tom White to try to unravel the mystery. White put together an undercover team, including a Native American agent who infiltrated the region, and together with the Osage began to expose one of the most chilling conspiracies in American history.

Michael Chenault, award-winning investigative journalist with the New York Times, is roused in the middle of the night by NYPD detectives and accused of the bizarre murder of a complete stranger. After clearing himself, Chenault finds that Martin Koplanski, the retired history professor he'd been accused of murdering, was likely killed for a mysterious Mormon relic long thought to be just a myth. Twenty-four hours later, Chenault receives an email with a photo of the recently murdered wife of Presidential candidate, Brockston Ratchford. She too appears to have been ritually killed in the exact manner as Koplanski, right down to having the same cryptic character scrawled in blood across her forehead. With way more than just a hunch to now go on, Chenault heads out to Salt Lake City, the site of the Ratchford murder

## Access Free The Great Oil Conspiracy How The Us Government Hid The Nazi Discovery Of Abiotic Oil From The American People

investigation, to find out what, if any, connection there is between the murders. With the help of a beautiful young reporter he meets along the way, Chenault comes to learn the dark family secrets of a rising political star, along with the rather strange but true history of the Mormon church. As he pieces the story together of what appears to be an ever-growing conspiracy, Chenault is pursued by The Brothers, two murderous zealots who will stop at nothing to retrieve the Mormon relic Chenault is also trying to find. What Chenault eventually discovers is that what he's uncovered may not only affect the outcome of the next Presidential election, but decide the fate of an entire religion-if he can manage to stay alive. In the tradition of Raymond Khoury, Brad Meltzer, Dan Brown and Steve Berry, The Moroni Deception is a cleverly conceived, twisting tale of political and religious intrigue by a new master of the conspiracy thriller.

Caution: this book is a document from the future, on how the United States finally split into two independent republics in 2029, and its aftermath. The topic is so sensitive, that its futuristic author must be identified merely as John Doe, Ph.D. Dateline: 2029. The "One Nation, Indivisible, ....." finally divides. - A political satire.

The Great Oil Conspiracy How the U.S. Government Hid the Nazi Discovery of Abiotic Oil from the American People Skyhorse

Perkins, a former chief economist at a Boston strategic-consulting firm, confesses he was an "economic hit man" for 10 years, helping U.S. intelligence agencies and multinationals cajole and blackmail foreign leaders into serving U.S. foreign policy and awarding lucrative contracts to American business.

"Jerry Corsi may just be the best investigative journalist working today and this incredible book

## Access Free The Great Oil Conspiracy How The Us Government Hid The Nazi Discovery Of Abiotic Oil From The American People

proves it."—Roger Stone, New York Times bestselling author At the end of World War II, U.S. intelligence agents confiscated thousands of Nazi documents on what was known as the “Fischer-Tropsch Process”—a series of equations developed by German chemists unlocking the secrets of how oil is formed. When the Nazis took power, Germany had resolved to develop enough synthetic oil to wage war successfully, even without abundant national oil reserves. For decades, these confiscated German documents remained largely ignored in a United States where petro-geologists and petro-chemists were convinced that oil was a “fossil fuel” created by ancient decaying biological debris. Clearly, big U.S. oil companies had no financial interest in explaining to the American people that oil was a natural product made on a continual basis deep within the earth. If there were only so many fossils in geological time, there could only be so much oil. Big oil could then charge more for a finite, rapidly disappearing resource than for a natural, renewable, and probably inexhaustible one. The Great Oil Conspiracy explains how Stalin at the end of World War II demanded his petro-geologists “dig deeper” when petro-scientists in the United States had determined that the Soviet Union, like Germany, lacked national oil reserves. Russia today has challenged Saudi Arabia for the lead in oil production and exportation. Once oil is understood as an abundantly available resource, there is no reason hydro-carbon fuels cannot indefinitely propel the development and production of cheap energy reserves the United States needs to maintain its dominant position in the emerging global economy.

"Oil, Power, and War is a sweeping, unabashed history of oil, told by French journalist Matthieu Auzanneau. It provides a detailed account of the people and events that drove the oil industry from its earliest days, and takes a critical look at the way oil interests have commandeered

## Access Free The Great Oil Conspiracy How The Us Government Hid The Nazi Discovery Of Abiotic Oil From The American People

politics and economies, changed cultures, disrupted power balances across the globe, and spawned wars. The author exposes the greed and reckless behavior--by a long line of characters from John D. Rockefeller to Dick Cheney--that moved oil along its destructive, unsustainable path, from its heyday when the first oil wells were drilled to the quest for new sources as old ones dried up. The author traces the rise of the Seven Sisters and other oil cartels, and follows the thread of oil through the crises that have shaped our times: two world wars, the Cold War, the Great Depression and the 2008 financial crash, oil shocks, wars in the Middle East, the race for Africa's oil riches, and more. We learn lesser-known stories, too, like how New York City taxes were once funneled directly to banks run by oil barons, after the city was about to default on its debt. And we gain new perspective on the central role of oil in military conflicts over the past 100 years. Now that there is much less oil available, Auzanneau looks to the future and warns that even greater conflict may arise"--

Conspiracism, while not unique to the Middle East, is a salient feature of the political discourses of the region. This book discounts the common pathological explanation for conspiricism and instead investigates the political structures and dynamics that have created and shaped the phenomenon of conspiricism in the contemporary Middle East.

"Full of schadenfreude and speculation—and solid, timely history too." —Kirkus Reviews "This is a portrait of capitalism as white-knuckle risk taking, yielding fruitful discoveries for the fathers, but only sterile speculation for the sons—a story that resonates with today's economic upheaval." —Publishers Weekly "What's not to enjoy about a book full of monstrous egos, unimaginable sums of money, and the punishment of greed and shortsightedness?" —The Economist Phenomenal reviews and sales greeted the hardcover publication of *The Big Rich*,

## Access Free The Great Oil Conspiracy How The Us Government Hid The Nazi Discovery Of Abiotic Oil From The American People

New York Times bestselling author Bryan Burrough's spellbinding chronicle of Texas oil. Weaving together the multigenerational sagas of the industry's four wealthiest families, Burrough brings to life the men known in their day as the Big Four: Roy Cullen, H. L. Hunt, Clint Murchison, and Sid Richardson, all swaggering Texas oil tycoons who owned sprawling ranches and mingled with presidents and Hollywood stars. Seamlessly charting their collective rise and fall, *The Big Rich* is a hugely entertaining account that only a writer with Burrough's abilities-and Texas upbringing-could have written.

"Jerry Corsi may just be the best investigative journalist working today and this incredible book proves it."—Roger Stone, New York Times bestselling author *A shocking investigation revealing why greedy oil companies are lying to the American people.* At the end of World War II, U.S. intelligence agents confiscated thousands of Nazi documents developed by German chemists unlocking the secrets of how oil is formed. When the Nazis took power, Germany had resolved to develop enough synthetic oil to wage war successfully, even without abundant national oil reserves. For decades, these confiscated German documents remained largely ignored in a United States where petro-geologists and petro-chemists were convinced that oil was a “fossil fuel” created by ancient decaying biological debris. ## Access Free The Great Oil Conspiracy How The Us Government Hid The Nazi Discovery Of Abiotic Oil From The American People

maintain its dominant position in the emerging global economy. The Great Oil Conspiracy, updated for this paperback release with a new chapter by Dr. Corsi, explains how German chemists had cracked the code to synthetic oil, and why the U.S. government is trying to keep their findings from you to this day. Skyhorse Publishing, as well as our Arcade imprint, are proud to publish a broad range of books for readers interested in history--books about World War II, the Third Reich, Hitler and his henchmen, the JFK assassination, conspiracies, the American Civil War, the American Revolution, gladiators, Vikings, ancient Rome, medieval times, the old West, and much more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home. The Earth is flat, the World Trade Center collapse was a controlled demolition, planes are spraying poison to control the weather, and actors faked the Sandy Hook massacre.... All these claims are bunk: falsehoods, mistakes, and in some cases, outright lies. But many people passionately believe one or more of these conspiracy theories. They consume countless books and videos, join like-minded online communities, try to convert those around them, and even, on occasion, alienate their own friends and family. Why is this, and how can you help people, especially those closest to you, break free from the downward spiral of conspiracy thinking? In *Escaping the Rabbit Hole*, author Mick West shares over a decade's worth of knowledge and experience investigating and debunking false conspiracy theories through his forum, MetaBunk.org, and sets forth a practical guide to helping friends and loved ones recognize these theories for what they really are. Perhaps counter-intuitively, the most successful approaches to helping individuals escape a rabbit hole aren't comprised of simply explaining

## Access Free The Great Oil Conspiracy How The Us Government Hid The Nazi Discovery Of Abiotic Oil From The American People

why they are wrong; rather, West's tried-and-tested approach emphasizes clear communication based on mutual respect, honesty, openness, and patience. West puts his debunking techniques and best practices to the test with four of the most popular false conspiracy theories today (Chemtrails, 9/11 Controlled Demolition, False Flags, and Flat Earth) — providing road maps to help you to understand your friend and help them escape the rabbit hole. These are accompanied by real-life case studies of individuals who, with help, were able to break free from conspiracism. With sections on: the wide spectrum of conspiracy theories avoiding the “shill” label psychological factors and other complications (and concluding with) a look at the future of debunking Mick West has put forth a conclusive, well-researched, practical reference on why people fall down the conspiracy theory rabbit hole and how you can help them escape.

Geschiedenis van de internationale olieindustrie, van de opkomst van de oliemaatschappijen en de politieke macht die zij verkregen en wisten te behouden tot de bewustwording van de olieproducerende landen.

"A farmer and entrepreneur, Chase is a man of many abilities. Now he is being asked to use those abilities, and his own particular skills with a sword and bow, to assist an alien planet. This means trading a valuable resource that the planet harbours to convince the Inter-galactic Federation to repair its failing sun" -- Back cover.

Fully revised and updated, *The Rough Guide to Conspiracy Theories* sorts the myths from the realities, the allegations from the explanations and the paranoid from the probable. Who might be trying to convince us that climate change is or isn't real? What is the truth behind the death of Osama bin Laden and is he still alive? When did the CIA start experimenting with mind
