

The Grunge Narratives A Rare Horror Collection

'One of the most important females in British music of my lifetime.' Colin Murray 'A beautiful, raw and exhilarating book that will leave you feeling empowered.' Fearne Cotton 'The pioneering Skunk Anansie frontwoman's memories offer a very different take on the Britpop era...Skin's story is one of a rhomboid peg spurning both the round and square hole, drilling dimensions of her own...We now have a lot of language – intersectionality, microaggressions – to describe many of the events in this memoir. However, nothing can really equal candid, first-hand experience, recounted matter of factly here. It would be instructive for anyone who thought they knew the story of the 90s to spend 300 pages in Skin's Skin.' OBSERVER 'The epic tale of Glastonbury's Black British headliner... Skin is one of the Britpop decade's forgotten epics... Skin's feet are positioned firmly on the ground throughout; she's a winningly genial, swearsy soul on paper. 4 stars' Jude Rogers, MOJO 'The former Skunk Anansie singer pulls no punches in this heady trawl through her life from tough beginnings in Brixton to work as an LGBTQ+ activist and beyond' The I 'It's the story of a trailblazer, and gives a refreshingly re-angled perspective on the Britpop era.' Evening Standard, 'Best music books of 2020' Lead singer of multi-million-selling rock band Skunk Anansie, solo artist, LGBTQ+activist and all around trail blazer – Skin is a global icon, and she has been smashing stereotypes for over twenty-five years. Her journey from Brixton to one of the most influential women in British rock is nothing short of extraordinary. 'It's been a very difficult thing being a lead singer of a rock band looking like me and it still is. I have to say it's been a fight and it will always be a fight. That fight drives you and makes you want to work harder... It's not supposed to be easy, particularly if you're a woman, you're black or you are gay like me. You've got to keep moving forward, keep striving for everything you want to be.' Born to Jamaican parents, Skin grew up in Brixton in the 1970's. Her career as an artist began in the '90s, when Skunk Anansie was formed in the sweat-drenched backrooms of London's pubs. Since then she has headlined Glastonbury and toured the world, both as lead singer of Skunk Anansie and as a solo artist. Her success has been groundbreaking in every way, which has come at a personal cost. She has always been vocal about social and cultural issues, and was championing LGBTQ+ rights at a time when few artists were out and gay. Told with honesty and passion, this is the story of how a gay, black, working-class girl with a vision fought poverty and prejudice to write songs, produce and front her own band, and become one of the most influential women in British rock.

They told me I was an out-of-control train about to crash... Everything changed when the police officer knocked on the door to tell me - a 16-year-old - that my older sister Kristen had died of a brain aneurysm. Cue the start of my parents neglecting me and my whole life spiraling out of control. I decided now was the perfect time to skip town. It's the early 90's, Kurt Cobain runs the grunge music scene and I just experienced some serious trauma. What's a girl supposed to do? I didn't want to end up like Kristen, so I grabbed my bucket list, turned up my mixtape of the greatest 90's hits and fled L.A.. The goal was to end up at Kurt Cobain's house in Seattle, but I never could have guessed what would happen along the way. At turns heartbreaking, inspiring, and laugh out loud funny, Runaway Train is a wild journey of a bygone era and a portrait of a one-of-a-kind teenage girl trying to find herself again the only way she knows how.

From the concert stage to the dressing room, from the recording studio to the digital realm, SPIN surveys the modern musical landscape and the culture around it with authoritative reporting, provocative interviews, and a discerning critical ear. With dynamic photography, bold graphic design, and informed irreverence, the pages of SPIN pulsate with the energy of today's most innovative sounds. Whether covering what's new or what's next, SPIN is your monthly VIP pass to all that rocks.

Winner of the 2014 Helen Sheehan YA Book Prizelt's 1993, and the Teen Spirit Generation pulses to the hum of the grunge movement. Sixteen-year-old Maggie Lynch is plucked from her blue-collar Chicago neighborhood to a small town on the Irish Sea. Surviving off care-packages of Spin magazine and Twizzlers from her rocker uncle Kevin, she wonders if she'll ever find her place in this new world. When tragedy and first love simultaneously strike, Maggie embarks upon a forbidden quest to fulfill a dying wish. Her pilgrimage takes her from the coastal town of Bray to a dodgy youth hostel in Dublin and finally to a life-altering Nirvana concert in Rome. Maggie finds adventure, amazing music, and a mess of trouble, but also a previously untapped strength in herself to really live. Unlike other YAnovels, this story is beautifully character-driven and devoid of far-fetched coincidence. It avoids the tropes of being set in nameless suburbia or told in a sardonic first-person voice. The time period will appeal to the counterculture teens of todaywho have posters of Kurt Cobain plastered on their walls as well as theolder set of readers who grew up with Maggie. Additional bonus features and suggested reading lists create an entire experience for any age."

A groundbreaking essay collection that pursues the rise of geoculture as an essential framework for arts criticism, The Planetary Turn shows how the planet—as a territory, a sociopolitical arena, a natural space of interaction for all earthly life, and an artistic theme—is increasingly the conceptual and political dimension in which twenty-first-century writers and artists picture themselves and their work. In an introduction that comprehensively defines the planetary model of art, culture, and cultural-aesthetic interpretation, the editors explain how the living planet is emerging as distinct from older concepts of globalization, cosmopolitanism, and environmentalism and is becoming a new ground for exciting work in contemporary literature, visual and media arts, and social humanities. Written by internationally recognized scholars, the twelve essays that follow illustrate the unfolding of a new vision of potential planetary community that retools earlier models based on the nation-state or political “blocs” and reimagines cultural, political, aesthetic, and ethical relationships for the post–Cold War era.

A Good Morning America Book Club Pick and a New York Times bestseller! “A page-turner for booklovers everywhere! . . . A story of family ties, their lost dreams, and the redemption that comes from discovering truth.”—Adriana Trigiani, bestselling author of The Shoemaker's Wife In New York Times bestselling author Fiona Davis's latest historical novel, a

series of book thefts roils the iconic New York Public Library, leaving two generations of strong-willed women to pick up the pieces. It's 1913, and on the surface, Laura Lyons couldn't ask for more out of life—her husband is the superintendent of the New York Public Library, allowing their family to live in an apartment within the grand building, and they are blessed with two children. But headstrong, passionate Laura wants more, and when she takes a leap of faith and applies to the Columbia Journalism School, her world is cracked wide open. As her studies take her all over the city, she is drawn to Greenwich Village's new bohemia, where she discovers the Heterodoxy Club—a radical, all-female group in which women are encouraged to loudly share their opinions on suffrage, birth control, and women's rights. Soon, Laura finds herself questioning her traditional role as wife and mother. And when valuable books are stolen back at the library, threatening the home and institution she loves, she's forced to confront her shifting priorities head on . . . and may just lose everything in the process. Eighty years later, in 1993, Sadie Donovan struggles with the legacy of her grandmother, the famous essayist Laura Lyons, especially after she's wrangled her dream job as a curator at the New York Public Library. But the job quickly becomes a nightmare when rare manuscripts, notes, and books for the exhibit Sadie's running begin disappearing from the library's famous Berg Collection. Determined to save both the exhibit and her career, the typically risk-averse Sadie teams up with a private security expert to uncover the culprit. However, things unexpectedly become personal when the investigation leads Sadie to some unwelcome truths about her own family heritage—truths that shed new light on the biggest tragedy in the library's history.

It was the age when heavy-footed, humorless dinosaurs roamed the hard-rock landscape. But that all changed when into these dazed and confused mid-'70s strutted four flamboyant bands that reveled in revved-up anthems and flaunted a novel theatricality. In *They Just Seem a Little Weird*, veteran entertainment journalist Doug Brod offers an eye- and ear-opening look at a crucial moment in music history, when rock became fun again and a gig became a show. This is the story of friends and frenemies who rose, fell, and soared once more, often sharing stages, studios, producers, engineers, managers, agents, roadies, and fans—and who are still collaborating more than forty years on. In the tradition of David Browne's *Fire and Rain* and Sheila Weller's *Girls Like Us*, *They Just Seem a Little Weird* seamlessly interweaves the narratives of KISS, Cheap Trick, and Aerosmith with that of Starz, a criminally neglected band whose fate may have been sealed by a shocking act of violence. This is also the story of how these distinctly American groups—three of them now enshrined in the Rock and Roll Hall of Fame—laid the foundation for two seemingly opposed rock genres: the hair metal of Poison, Skid Row, and Mötley Crüe and the grunge of Nirvana, Alice in Chains, and the Melvins. Deeply researched, and featuring more than 130 new interviews, this book is nothing less than a secret history of classic rock.

Nirvana almost single-handedly brought grunge into the popular consciousness with their seminal album *Nevermind*. From their underground roots in the Pacific Northwest, the group achieved world fame and Kurt Cobain had the mantle of 'spokesperson for a generation' thrust upon him. This was, arguably, the last era of great rock music, and it is shrouded in stories and rumours. Author Everett True, the man who introduced Kurt Cobain to Courtney Love and brought grunge to the outside world, gives an inspired insider's account of the grunge scene. Featuring rare photographs and exclusive interviews with members of Nirvana, Hole, Soundgarden and Babes in Toyland, Everett True takes us on a rollercoaster ride through the lives, the music, the personalities, the legends and the laughs. Everett True was the first outside journalist to cover the Seattle music scene in early 1989 and saw up-close the birth and development of the rock phenomenon which changed the face of alternative and mainstream music forever. This book contains exclusive interviews with people close to Kurt Cobain and Courtney Love, and photographs of members of Nirvana, Hole, and many other bands of the scene.

Discover the dark and seductive realm of faerie in the first book of New York Times bestseller Holly Black's critically acclaimed *Modern Faerie Tales* series, where one girl must save herself from the sinister magic of the fey courts, and protect her heart in the process. Sixteen-year-old Kaye is a modern nomad. Fierce and independent, she drifts from place to place with her mother's rock band until an ominous attack forces them back to Kaye's childhood home. But Kaye's life takes another turn when she stumbles upon an injured faerie knight in the woods. Kaye has always been able to see faeries where others could not, and she chooses to save the strange young man instead of leaving him to die. But this fateful choice will have more dire consequences than she could ever predict, as Kaye soon finds herself the unwilling pawn in an ancient and violent power struggle between two rival faerie kingdoms—a struggle that could very well mean her death.

The Rise and Fall of Alternative Rock in the Nineties In 1990 alternative music was where it belonged - underground. It left the business of rock stardom to rock stars. But by 1992 alternative rock had spawned a revolution in music and style that transformed youth culture and revived a moribund music industry. Five years later, alternative rock was over, leaving behind a handful of dead heroes, a few dozen masterpieces, and a lot more questions than answers. What, if anything, had the alternative revolution meant? And had it been possible - as so many of its heroes had insisted - for it to be both on MTV and under the radar? Had it used the machinery of corporate rock to destroy corporate rock? In *ENTERTAIN US!* Craig Schuftan takes you on a journey through the nineties - from Sonic Youth's 'Kool thing' to Radiohead's 'Kid A', *NEVERMIND* to *ODELAY*, Manchester to Nu-Metal, Lollapalooza to Woodstock '99 - narrated in the voices of the decade's most important artists. This is the story of alternative rock - the people who made it, the people who loved it, the industry that bought and sold it, and the culture that grew up in its wake - in the last decade of the twentieth century.

The Nirvana bassist "offers specific platforms for electoral reform . . . as well as charming anecdotes about rock 'n' roll as a pursuit of happiness" (Sarah Vowell, *The New York Times Book Review*). A memoir of both music and politics, *Of Grunge and Government* tells Krist Novoselic's story of how during his years with Kurt Cobain and Nirvana, the band made a point of playing benefits—the Rock for Choice show, a concert for gay rights, a fundraising gig for the Balkan Women's Aid Fund—and how in the ensuing years he has dedicated himself to being a good citizen and participating in American democracy. In this book he shares stories about making music and making a statement—as well as inspiring ideas for anyone who wants to advance progressive causes, to become a more active part of the community, and to make sure our votes count and our voices are heard.

Canons are central to our understanding of our culture, and yet in the last thirty years there has been much conflict and uncertainty created by the idea of the canon. In essence, the canon comprises the works and artists that are widely accepted to be the greatest in their field. Yet such an apparently simple construct embodies a complicated web of values and mechanisms. Canons are also inherently elitist; however, Carys Wyn Jones here explores the emerging reflections of values, terms and mechanisms from the canons of Western literature and classical music in the reception of rock music. Jones examines the concept of the canon as theorized by scholars in the fields of literary criticism and musicology, before moving on to search for these canonical facets in the reception of rock music, as represented by ten albums: Bob Dylan's *Highway 61 Revisited*, The Beach Boys' *Pet Sounds*, The Beatles' *Revolver*, The Velvet Underground's *The Velvet Underground & Nico*, Van Morrison's *Astral Weeks*, Marvin Gaye's *What's Going On*, The Rolling Stones' *Exile on Main St.*, Patti Smith's *Horses*, The Sex Pistols' *Never Mind the Bollocks: Here's the Sex Pistols*, and Nirvana's *Nevermind*. Jones concludes that in the reception of rock music we

are not only trying to organize the past but also mediate the present, and any canon of rock music must now negotiate a far more pluralized culture and possibly accept a greater degree of change than has been evident in the canons of literature and classical music in the last two centuries.

- 176 pages of stunning graphic short stories by leading comic book artists and illustrators

A RARE HORROR COLLECTION features a truly distinctive vision of unnerving terror, presented in a bold multiverse of ten short stories and novellas. Frightening creatures and unsavory characters, eerily fleshed out to reflect modern and 20th century realities, populate this collection of original horror.

A true, fictional story about growing up, selling out, and discovering America. *East of Portland* is a work of Millennial autofiction, bristling with rage, awareness, and humor. In travels from Portland, Oregon to New England and the Deep South, this is a generational reckoning with the sins and promises of a country entering a New Gilded Age.

Analyses the economic development of cities from the 'cultural economy' and 'creative industry' perspectives.

In this surprising new look at how clothing, style, and commerce came together to change American culture, Jennifer Le Zotte examines how secondhand goods sold at thrift stores, flea markets, and garage sales came to be both profitable and culturally influential. Initially, selling used goods in the United States was seen as a questionable enterprise focused largely on the poor. But as the twentieth century progressed, multimillion-dollar businesses like Goodwill Industries developed, catering not only to the needy but increasingly to well-off customers looking to make a statement. Le Zotte traces the origins and meanings of "secondhand style" and explores how buying pre-owned goods went from a signifier of poverty to a declaration of rebellion. Considering buyers and sellers from across the political and economic spectrum, Le Zotte shows how conservative and progressive social activists--from religious and business leaders to anti-Vietnam protesters and drag queens--shrewdly used the exchange of secondhand goods for economic and political ends. At the same time, artists and performers, from Marcel Duchamp and Fanny Brice to Janis Joplin and Kurt Cobain, all helped make secondhand style a visual marker for youth in revolt. "A winning look at the stories behind 45 pop, punk, folk, soul and country classics" in the words of Mick Jagger, Stevie Wonder, Cyndi Lauper and more (The Washington Post). Every great song has a fascinating backstory. And here, writer and music historian Marc Myers brings to life five decades of music through oral histories of forty-five era-defining hits woven from interviews with the artists who created them, including such legendary tunes as the Isley Brothers' *Shout*, Led Zeppelin's *Whole Lotta Love*, Janis Joplin's *Mercedes Benz*, and R.E.M.'s *Losing My Religion*. After receiving his discharge from the army in 1968, John Fogerty did a handstand—and reworked Beethoven's *Fifth Symphony* to come up with *Proud Mary*. Joni Mitchell remembers living in a cave on Crete with the mean old daddy who inspired her 1971 hit *Carey*. Elvis Costello talks about writing (The Angels *Wanna Wear My*) *Red Shoes* in ten minutes on the train to Liverpool. And Mick Jagger, Jimmy Page, Rod Stewart, the Clash, Jimmy Cliff, Roger Waters, Stevie Wonder, Keith Richards, Cyndi Lauper, and many other leading artists reveal the emotions, inspirations, and techniques behind their influential works. *Anatomy of a Song* is a love letter to the songs that have defined generations of listeners and "a rich history of both the music industry and the baby boomer era" (Los Angeles Times Book Review).

An elegy to the age of the Rock Star, featuring Chuck Berry, Elvis, Madonna, Bowie, Prince, and more, uncommon people whose lives were transformed by rock and who, in turn, shaped our culture *Recklessness, thy name is rock*. The age of the rock star, like the age of the cowboy, has passed. Like the cowboy, the idea of the rock star lives on in our imaginations. What did we see in them? *Swagger*.

Recklessness. Sexual charisma. Damn-the-torpedoes self-belief. A certain way of carrying themselves. Good hair. Interesting shoes. Talent we wished we had. What did we want of them? To be larger than life but also like us. To live out their songs. To stay young forever. No wonder many didn't stay the course. In *Uncommon People*, David Hepworth zeroes in on defining moments and turning points in the lives of forty rock stars from 1955 to 1995, taking us on a journey to burst a hundred myths and create a hundred more. As this tribe of uniquely motivated nobodies went about turning themselves into the ultimate somebodies, they also shaped us, our real lives and our fantasies. *Uncommon People* isn't just their story. It's ours as well.

Los Angeles magazine is a regional magazine of national stature. Our combination of award-winning feature writing, investigative reporting, service journalism, and design covers the people, lifestyle, culture, entertainment, fashion, art and architecture, and news that define Southern California. Started in the spring of 1961, Los Angeles magazine has been addressing the needs and interests of our region for 48 years. The magazine continues to be the definitive resource for an affluent population that is intensely interested in a lifestyle that is uniquely Southern Californian.

A celebration of the most obscure, bizarre, and brain-busting movies ever made, this film guide features 250 in-depth reviews that have escaped the radar of people with taste and the tolerance of critics ? *Goregasm! I Was a Teenage Serial Killer! Satan Claus! Die Hard Dracula!* Curated by the enthusiastic minds behind *BleedingSkull.com*, this book gets deep into gutter-level, no-budget horror, from shot-on-VHS revelations (*Eyes of the Werewolf*) to forgotten outsider art hallucinations (*Alien Beasts*). Jam-packed with rare photographs, advertisements, and VHS sleeves (most of which have never been seen before), *Bleeding Skull* is an edifying, laugh-out-loud guide to the dusty inventory of the greatest video store that never existed.

This gritty bestselling memoir by the singer Mark Lanegan of *Screaming Trees*, *Queens of the Stone Age*, and *Soulsavers* documents his years as a singer and drug addict in Seattle in the '80s and '90s. When Mark Lanegan first arrived in Seattle in the mid-1980s, he was just "an arrogant, self-loathing redneck waster seeking transformation through rock 'n' roll." Little did he know that within less than a decade he would rise to fame as the frontman of the *Screaming Trees* and then fall from grace as a low-level crack dealer and a homeless heroin addict, all the while watching some of his closest friends rocket to the forefront of popular music. In *Sing Backwards and Weep*, Lanegan takes readers back to the sinister, needle-ridden streets of Seattle, to an alternative music scene that was simultaneously bursting with creativity and dripping with drugs. He tracks the tumultuous rise and fall of the *Screaming Trees*, from a brawling, acid-rock bar band to world-famous festival favorites that scored a hit number five single on Billboard's alternative charts and landed a notorious performance on *Late Night with David Letterman*, where Lanegan appeared sporting a fresh black eye from a brawl the night before. This book also dives into Lanegan's personal struggles with addiction, culminating in homelessness, petty crime, and the tragic deaths of his closest friends. From the back of the van to the front of the bar, from the hotel room to the emergency room, onstage, backstage, and everywhere in between, *Sing Backwards and Weep* reveals the abrasive underlining beneath one of the most romanticized decades in rock history—from a survivor who lived to tell the tale. Gritty, gripping, and unflinchingly raw, *Sing Backwards and Weep* is a book about more than just an extraordinary singer who watched his dreams catch fire and incinerate the ground beneath his feet. It's about a man who learned how to drag himself from the wreckage, dust off the ashes, and keep living and creating. "Mark Lanegan—primitive, brutal, and apocalyptic. What's not to love?" —Nick Cave, author of *The Sick Bag Song* and *The Death of Bunny Munro*

This volume brings together international scholars to engage in the question of how film has represented a figure that for many is simply labelled 'prostitute'. The prostitute is one of the most enduring female figures. She has global historical resonance and stories, images and narratives surrounding her, and her experiences, circulate transnationally. As this book will explore, the broad term prostitute can cover a variety of experiences and representations that are both repressive and also have the potential to empower women and disrupt cultural expectations. The contributors aim to

consider how frequently 19th-century narratives of female prostitution—hence the label ‘fallen women’—are still recycled in contemporary visual contexts, and to understand how widespread, and in what contexts, the destigmatization of female sex work is underway on screen.

A tribute to the Pacific Northwest's grunge genre draws on the observations of individuals at the forefront of the movement from Soundgarden and the Melvins to Nirvana and Pearl Jam, citing the influences of such factors as the rise of Seattle's Sub Pop record label and the death of Kurt Cobain.

Theatre Australia (Un)limited tells a truly national story of the structures of post-war Australian theatre: its artists, companies, financial and policy underpinnings. It gives an inclusive analysis of three 'waves' of Australian theatrical activity after 1953, and the types of organisations which grew up to support and maintain them. Subsidy, repertoire patterns, finances and administration, theatre buildings, companies, festivals and notable productions of the commercial, mainstream and alternative Australian theatre are examined state by state, and changes to governmental policy analysed. Theatrical forms comprise not only spoken-word drama, but also music theatre, comedy, theatre-restaurant, circus, puppetry, community theatre in several forms and new mixed-media genres: physical theatre, circus, visual theatre and contemporary performance. Theatre Australia (Un)limited is the first comprehensive overview of the fortunes of Australian theatre as a national enterprise, providing the industrial analysis of the 'three waves' essential for the understanding of the New Wave and of contemporary drama.

Wherever we look today, popular culture greets us with “texts” that make implicit arguments; this book helps students to think and write critically about these texts. *The World Is a Text* teaches critical reading, writing, and argument in the context of pop-culture and visual examples, showing students how to “read” everyday objects and visual texts with basic semiotics. The book shows how texts of all kinds, from a painting to a university building to a pair of sneakers, make complex arguments through their use of signs and symbols, and shows students how to make these arguments in their own essays. This new edition is rich with images, real-world examples, writing and discussion prompts, and examples of academic and student writing. The first part of the book is a rhetoric covering argumentation, research, the writing process, and adapting from high-school to college writing, while the second part explores writing about specific cultural topics. Notes, instruction, and advice about research are woven into the text, with research instruction closely tied to the topic being discussed. New to the updated compact edition are chapters on fashion, sports, and nature and the environment.

“The definitive history of an important but largely forgotten labor organization and its heroic struggles with an icon of industrial capitalism.” —Ahmed A. White, author of *The Last Great Strike* This rich history details the bitter, deep-rooted conflict between industrial behemoth International Harvester and the uniquely radical Farm Equipment Workers union. *The Long Deep Grudge* makes clear that class warfare has been, and remains, integral to the American experience, providing up-close-and-personal and long-view perspectives from both sides of the battle lines. International Harvester—and the McCormick family that largely controlled it—garnered a reputation for bare-knuckled union-busting in the 1880s, but in the twentieth century also pioneered sophisticated union-avoidance techniques that have since become standard corporate practice. On the other side the militant Farm Equipment Workers union, connected to the Communist Party, mounted a vociferous challenge to the cooperative ethos that came to define the American labor movement after World War II. This evocative account, stretching back to the nineteenth century and carried through to the present, reads like a novel. Biographical sketches of McCormick family members, union officials and rank-and-file workers are woven into the narrative, along with anarchists, jazz musicians, Wall Street financiers, civil rights crusaders, and mob lawyers. It touches on pivotal moments and movements as wide-ranging as the Haymarket “riot,” the Flint sit-down strikes, the Memorial Day Massacre, the McCarthy-era anti-communist purges, and America’s late twentieth-century industrial decline. “A capitalist family dynasty, a radical union, and a revolution in how and where work gets done—Toni Gilpin’s *The Long Deep Grudge* is a detailed chronicle of one of the most active battlefronts in our ever-evolving class war.” —John Sayles

A non-stop trip into one man's land of desperate addicts, failed punk bands, and brushes with sad fame, as he sells drugs during the Seattle grunge years. In *American Junkie*, Tom Hansen maps his heroin addiction, from the promise of a young life to the prison of a mattress, from budding musician to broken down junkie, drowning in syringes and cigarette butts, shooting heroin into wounds the size of softballs, and ultimately, a ride to a hospital for a six-month stay and a painful self-discovery that cuts down to the bone. Through it all he never really loses his step, never lets go of his smarts, and always projects quintessential American reason, humor, and hope to make a story not only about drugs, but a compelling study of vulnerability and toughness.

The New York Times Bestseller The Explosive National Bestseller "A backstage pass to the wildest and loudest party in rock history—you'll feel like you were right there with us!" —Bret Michaels of Poison Nothin' But a Good Time is the definitive, no-holds-barred oral history of 1980s hard rock and hair metal, told by the musicians and industry insiders who lived it. Hard rock in the 1980s was a hedonistic and often intensely creative wellspring of escapism that perfectly encapsulated—and maybe even helped to define—a spectacularly over-the-top decade. Indeed, fist-pumping hits like Twisted Sister’s “We’re Not Gonna Take It,” Mötley Crüe’s “Girls, Girls, Girls,” and Guns N’ Roses’ “Welcome to the Jungle” are as inextricably linked to the era as Reaganomics, Pac-Man, and E.T. From the do-or-die early days of self-financed recordings and D.I.Y. concert productions that were as flashy as they were foolhardy, to the multi-Platinum, MTV-powered glory years of stadium-shaking anthems and chart-topping power ballads, to the ultimate crash when grunge bands like Nirvana forever altered the entire climate of the business, Tom Beaujour and Richard Bienstock’s *Nothin' But a Good Time* captures the energy and excess of the hair metal years in the words of the musicians, managers, producers, engineers, label executives, publicists, stylists, costume designers, photographers, journalists,

magazine publishers, video directors, club bookers, roadies, groupies, and hangers-on who lived it. Featuring an impassioned foreword by Slipknot and Stone Sour vocalist and avowed glam metal fanatic Corey Taylor, and drawn from over 200 new interviews with members of Van Halen, Mötley Crüe, Poison, Guns N' Roses, Skid Row, Bon Jovi, Ratt, Twisted Sister, Winger, Warrant, Cinderella, Quiet Riot and others, as well as Ozzy Osbourne, Lita Ford and many more, this is the ultimate, uncensored, and often unhinged chronicle of a time where excess and success walked hand in hand, told by the men and women who created a sound and style that came to define a musical era—one in which the bands and their fans went looking for nothin' but a good time...and found it.

"From celebrated music writer Dan Ozzi comes a comprehensive chronicle of the punk music scene's evolution from the early nineties to the mid-aughts, following eleven bands as they dissolved, "sold out," and rose to surprise stardom. From its inception, punk music has been identified by two factors: its proximity to "authenticity," and its reliance on an antiestablishment ethos. Yet, in the mid- to late '90s, major record labels sought to capitalize on punk's rebellious undertones, leading to a schism in the scene: to accept the cash flow of the majors, or stick to indie cred? Sellout chronicles the evolution of the punk scene during this era, focusing on prominent bands as they experienced the last "gold rush" of the music industry. Within it, music writer Dan Ozzi follows the rise of successful bands like Green Day and Jimmy Eat World, as well as the implosion of groups like Jawbreaker and At the Drive-In, who buckled under the pressure of their striving labels. Featuring original interviews and personal stories from members of eleven of modern punk's most (in)famous bands, Sellout is the history of the evolution of the music industry, and a punk rock lover's guide to the chaotic darlings of the post-grunge era. "--

Laura Loss came of age in the hardcore punk scene of the early 1980s. The jailbait bass player in her brother Anthony's band, she grew up traveling the country, playing her heart out in a tight network of show venues to crowds soaked in blood and sweat. The band became notorious, the stars of a shadow music industry. But when Laura was 18, it all fell apart. Anthony's own fans destroyed him, something which Laura never forgot. Ten years later, Laura finds her true fame with the formation of The Mistakes, a gifted rock band that bursts out of '90s Seattle to god-like celebrity. When she discovered Nathan and Sean, the two flannel-clad misfits who, along with her, composed the band, she instantly understood that Sean's synesthesia—a blending of the senses that allows him to "see" the music—infused his playing with an edge that would take them to the top. And it did. But it, along with his love for Laura, would also be their downfall. At the moment of their greatest fame, the volatile bonds between the three explode in a mushroom cloud of betrayal, deceit, and untimely endings. The world blames Laura for destroying its rock heroes. Hated by the fans she's spent her life serving, she finally tells her side of the story, the "true" story, of the rise and fall of The Mistakes.

In its 114th year, Billboard remains the world's premier weekly music publication and a diverse digital, events, brand, content and data licensing platform. Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music, video, gaming, media, digital and mobile entertainment issues and trends.

The Bloomsbury Handbook of Rock Music Research is the first comprehensive academic survey of the field of rock music as it stands today. More than 50 years into its life and we still ask - what is rock music, why is it studied, and how does it work, both as music and as cultural activity? This volume draws together 37 of the leading academics working on rock to provide answers to these questions and many more. The text is divided into four major sections: practice of rock (analysis, performance, and recording); theories; business of rock; and social and culture issues. Each chapter combines two approaches, providing a summary of current knowledge of the area concerned as well as the consequences of that research and suggesting profitable subsequent directions to take. This text investigates and presents the field at a level of depth worthy of something which has had such a pervasive influence on the lives of millions.

Presents a photographic chronicle of an eight-day period in 1989 during which the up-and-coming Nirvana toured overseas with Mudhoney and Tad and performed shows that set the stage for the rise of grunge rock.

The Instant #1 New York Times Bestseller The global icon, award-winning singer, songwriter, producer, actress, mother, daughter, sister, storyteller, and artist finally tells the unfiltered story of her life in The Meaning of Mariah Carey It took me a lifetime to have the courage and the clarity to write my memoir. I want to tell the story of the moments - the ups and downs, the triumphs and traumas, the debacles and the dreams, that contributed to the person I am today. Though there have been countless stories about me throughout my career and very public personal life, it's been impossible to communicate the complexities and depths of my experience in any single magazine article or a ten-minute television interview. And even then, my words were filtered through someone else's lens, largely satisfying someone else's assignment to define me. This book is composed of my memories, my mishaps, my struggles, my survival and my songs. Unfiltered. I went deep into my childhood and gave the scared little girl inside of me a big voice. I let the abandoned and ambitious adolescent have her say, and the betrayed and triumphant woman I became tell her side. Writing this memoir was incredibly hard, humbling and healing. My sincere hope is that you are moved to a new understanding, not only about me, but also about the resilience of the human spirit. Love, Mariah
