

The Headspace Guide To Mindfulness Meditation 10 Minutes Can Make The Difference 10 Minutes Can Make The Difference

Harris and Warren present a practical guide to meditation that debunks the myths, misconceptions, and self-deceptions that make many people reluctant to try it. They suggest a range of meditation practices that may lower your blood pressure, mitigate depression and anxiety, and literally rewire key parts of your brain.

'The expert's expert. Simplicity is the key with this technique.' The Times 'Do you guys know about Headspace...?' It's kind of genius.' Emma Watson The best start for your baby begins with your mind Widely acknowledged as one of the world's foremost experts on mindfulness, Andy Puddicombe, co-founder of Headspace, is your friendly guide in this wonderful new approach to pregnancy, birth and new parenthood. Whether you are trying for a baby, are mid-term, or have already arrived home with your new baby, this practical and reassuring guide will teach you and your partner how to calmly navigate the anxieties and demands of this epic adventure. With helpful exercises for both mother to be and her partner, Andy shows how to live mindfully and get the most from pregnancy and the early days of parenthood. The Headspace Guide To...A Mindful Pregnancy provides you with tools to live mindfully during this rare and precious opportunity to nurture a healthy happy mind. Imagine creating the most peaceful environment possible for your child and this book will show you how.

As a former Buddhist monk with over 10 years of teaching experience, Andy Puddicombe has been acknowledged as the UK's foremost mindfulness meditation expert. Like his readers and students, he began his own meditation practice as a normal, busy person with everyday concerns, and he has since designed a program of mindfulness and guided meditation that fits neatly into a jam-packed daily routine-proving that just 10 minutes a day can make a world of difference. Simple exercises, stories and techniques culled from Andy's years of experience will help anyone calm the chatter in their minds. The result? More headspace, less stress. Get Some Headspace also brings us the extraordinary science behind this seemingly simple cure-all. This book and practice will help readers positively impact every area of their physical and mental health through mindfulness, from productivity and focus, to stress and anxiety relief, sleep, weight-loss, personal relationships...and the list goes on and on.

In an irresistible invitation to lighten up, look around, and live an unscripted life, a master of the art of improvisation explains how to adopt the attitudes and techniques used by generations of musicians and actors. Let's face it: Life is something we all make up as we go along. No matter how carefully we formulate a "script," it is bound to change when we interact with people with scripts of their own. Improv Wisdom shows how to apply the maxims of improvisational theater to real-life challenges—whether it's dealing with a demanding boss, a tired child, or one of life's never-ending surprises. Patricia Madson distills thirty years of experience into thirteen simple strategies, including "Say Yes," "Start Anywhere," "Face the Facts," and "Make Mistakes, Please," helping readers to loosen up, think on their feet, and take on everything life has to offer with skill, chutzpah, and a sense of humor.

Formally The Headspace Diet, this book is designed to show you how to find your ideal weight in an easy, manageable and mindful way. It allows you to escape the endless diet trap by following simple yet potentially life-changing exercises in order to develop new effective habits and a much improved relationship with food and your body. The Headspace mission is to get as many people taking just 10 minutes out of their day to practise these powerful mindfulness techniques. Mindful eating is a key aspect of mindfulness and as you start to practise it you will notice profound results, both in terms of your shape but also your overall health and well being. Have you tried every diet going only to see the weight creep back on again? Do you feel guilty

Download Ebook The Headspace Guide To Mindfulness Meditation 10 Minutes Can Make The Difference 10 Minutes Can Make The Difference

and anxious about eating certain foods? Or find yourself unable to resist that extra helping even if you're not actually that hungry? Are you unhappy with your body and how it looks and feels? Now is the time to stop what you're doing and try a different, healthy and brilliantly effective approach...

Stress is endemic in our culture. We live in a speedy, pressurized world, and there's often little time to really experience and enjoy our lives. Rather than constantly trying to keep up, perhaps it's time for us to stop and pay attention, to our bodies, minds, and the world. For thousands of years Eastern traditions have taught meditation to help people lead healthier, happier lives. Now, scientific research is confirming that mindfulness can help us all improve our mental and physical well-being. Written by Dr. Jonny Heaveresdge and Ed Halliwell, *The Mindful Manifesto* integrates the latest scientific and medical research on mindfulness with meditation's historical context. We will see how mindfulness can:

- treat mental health problems such as depression and anxiety
- help us cope with the busyness of everyday life
- improve our physical health and manage chronic illness
- help us let go of unwanted behaviors and improve how we function in our relationships and jobs.

And why stop there? With examples of how the mindfulness movement is already well underway, we see that encouraging governments and other powerful institutions to take a mindful approach could make a massive difference to the health and happiness of the whole world.

WALL STREET JOURNAL BESTSELLER Ease your anxiety and find calm through the healing practice of mindfulness By embracing mindfulness you can transform your life forever, and renew your connection to the world around you. INTERNATIONAL BESTSELLER 'Steven Laureys' book opens up exciting perspectives.' – Matthieu Ricard, Buddhist monk & translator of the Dalai Lama 'Clear, lively, rigorous and authentic... [The] book we have been waiting for.' - Dr Ilios Kotsou, mindfulness and wellbeing expert 'Not reading this book is self-defeating' - Paul Witterman Rigorously researched and deeply illuminating, world-leading neurologist Dr Steven Laureys works with celebrated meditators to scientifically prove the positive impact meditation has on our brains. Dr Steven Laureys has conducted groundbreaking research into human consciousness for more than 20 years. For this bestselling book, Steven explores the effect of meditation on the brain. He uses hard science to explain the benefits of a practice that was once thought of as purely spiritual. The result is a highly accessible, scientifically questioning guide to meditation, designed to open the practice to a broader audience. A mix of fascinating science, inspiring anecdote and practical exercises, this accessible book offers scientific evidence that meditation can have a positive impact on all our lives.

Korean edition of [The Headspace Guide to Meditation and Mindfulness] by Andy Puddicombe. Andy Puddicombe, a former Buddhist monk, the Voice of Headspace, and the UK's foremost mindfulness expert, is on a mission: to get people to take 10 minutes out of their day to sit in the here and now. Quiet the mind, feel less stressed, less tired, and achieve a new level of calm and fulfillment in just ten minutes a day. Korean edition translated by An Jin Hwan.

A revolutionary reexamination of trauma's role in the life journey, opening the door to growth and healing Trauma does not just happen to a few unlucky people; it is the bedrock of our psychology. Death and illness touch us all, but even the everyday sufferings of loneliness and fear are traumatic. In *The Trauma of Everyday Life* renowned psychiatrist and author of *Thoughts Without a Thinker* Mark Epstein uncovers the transformational potential of trauma, revealing how it can be used for the mind's own development. Western psychology teaches that if we understand the cause of trauma, we might move past it while many drawn to Eastern practices see meditation as a means of rising above, or distancing themselves from, their most difficult emotions. Both, Epstein argues, fail to recognize that trauma is an indivisible part of life and can be used as a lever for growth and an ever deeper understanding of change. When we regard trauma with this perspective, understanding that suffering is universal and without logic, our pain connects us to the world on a more fundamental level. The way out of pain is through it. Epstein's discovery begins in his analysis of the life of Buddha, looking to how the death of his mother informed his path and teachings. The Buddha's spiritual journey can be read as an expression of primitive agony grounded in childhood

Download Ebook The Headspace Guide To Mindfulness Meditation 10 Minutes Can Make The Difference 10 Minutes Can Make The Difference

trauma. Yet the Buddha's story is only one of many in *The Trauma of Everyday Life*. Here, Epstein looks to his own experience, that of his patients, and of the many fellow sojourners and teachers he encounters as a psychiatrist and Buddhist. They are alike only in that they share in trauma, large and small, as all of us do. Epstein finds throughout that trauma, if it doesn't destroy us, wakes us up to both our minds' own capacity and to the suffering of others. It makes us more human, caring, and wise. It can be our greatest teacher, our freedom itself, and it is available to all of us. Check out Epstein's latest book, *Advice Not Given: A Guide to Getting Over Yourself*.

The Mind Illuminated is a comprehensive, accessible and - above all - effective book on meditation, providing a nuts-and-bolts stage-based system that helps all levels of meditators establish and deepen their practice. Providing step-by-step guidance for every stage of the meditation path, this uniquely comprehensive guide for a Western audience combines the wisdom from the teachings of the Buddha with the latest research in cognitive psychology and neuroscience. Clear and friendly, this in-depth practice manual builds on the nine-stage model of meditation originally articulated by the ancient Indian sage Asanga, crystallizing the entire meditative journey into 10 clearly-defined stages. The book also introduces a new and fascinating model of how the mind works, and uses illustrations and charts to help the reader work through each stage. This manual is an essential read for the beginner to the seasoned veteran of meditation.

Mindfulness is growing in popularity as a technique which teaches us to appreciate our life. This Practical Guide explores how to listen to your body to reduce stress and anxiety in all areas of your life; how to focus better at work by becoming more aware of what is happening in the present, and how to enjoy life more by bringing mindfulness into everyday actions.

Quiet the mind, feel less stressed, less tired, and achieve a new level of calm and fulfillment in just ten minutes a day Andy Puddicombe, a former Buddhist monk, the Voice of Headspace, and the UK's foremost mindfulness expert, is on a mission: to get people to take 10 minutes out of their day to sit in the here and now. Like his readers and students, Andy began his own meditation practice as a normal, busy person with everyday concerns, and he has since designed a program of mindfulness and guided meditation that fits neatly into a jam-packed daily routine—proving that just 10 minutes a day can make a world of difference. The result? More headspace, less stress. Andy brings this ancient practice into the modern world, tailor made for the most time starved among us. Switch off after work * Fall asleep at night * Feel less anxious, sad, or angry * Control your cravings * Find a healthy weight

From the bestselling author of *HAPPY* and the *HAPPY PLACE* PODCAST THE FOLLOW UP TO THE SUNDAY TIMES BESTSELLER, *HAPPY: FINDING JOY IN EVERY DAY AND LETTING GO OF PERFECT* 'Calm for me is less about thought and much more about feeling. It is a stillness that allows my lungs to expand like hot air balloons. It is an acceptance of the noise around me. It is a magic alchemy that might last a second or a whole day, where I feel relaxed yet aware; still yet dynamic; open yet

Download Ebook The Headspace Guide To Mindfulness Meditation 10 Minutes Can Make The Difference 10 Minutes Can Make The Difference

protected . . . ' *** In today's always-on world, for many of us it seems impossible to relax, take time out or mute the encircling 'noise'. It is easy to feel trapped in this frenzied state of mind: we are surrounded by negative stories in the press, weighed down by pressures from work, family life or school and subject to constant scrutiny under the all-seeing eye of social media. As a result, mental health illnesses are on the rise in every age group, and more of us than ever before yearn for silence, peace and calm. CALM is Fearne's mission to find the simple things that can inch us away from stress and over to the good stuff. Including expert advice, conversations with wise friends from all walks of life, easy ideas to try, activities to complete - and the little things that have made a difference to her own, sometimes-bumpy life - this book is a friendly reminder that Calm is a place that exists in us all, we just have to find our way back to it.

"In the beginner's mind there are many possibilities, but in the expert's there are few." So begins this most beloved of all American Zen books. Seldom has such a small handful of words provided a teaching as rich as has this famous opening line. In a single stroke, the simple sentence cuts through the pervasive tendency students have of getting so close to Zen as to completely miss what it's all about. An instant teaching on the first page. And that's just the beginning. In the forty years since its original publication, *Zen Mind, Beginner's Mind* has become one of the great modern Zen classics, much beloved, much reread, and much recommended as the best first book to read on Zen. Suzuki Roshi presents the basics—from the details of posture and breathing in zazen to the perception of nonduality—in a way that is not only remarkably clear, but that also resonates with the joy of insight from the first to the last page. It's a book to come back to time and time again as an inspiration to practice, and it is now available to a new generation of seekers in this fortieth anniversary edition, with a new afterword by Shunryu Suzuki's biographer, David Chadwick.

"Everyone should read this. Mindfulness is such a great way to live life to the full." - Amazon Customer "The greatest 'little book' ever! Take my advice, buy it now and you will wonder how you ever managed without it!" - Amazon Customer "Patrizia Collard's depth of experience as a teacher and practitioner shines through. I love this little book!" - Amazon Customer "Great book to pick up if you just have a few minutes a day." - Amazon Customer "I carry it with me everywhere. Lovely little calming book." - Amazon Customer "Delightful little book." - Amazon Customer Mindfulness is the easy way to gently let go of stress and be in the moment. It has fast become the slow way to manage the modern world - without chanting mantras or setting aside hours of time for meditation. Dr Patrizia Collard will show you how to bring simple 5- and 10-minute practices into your day in order to free yourself from stress and, ultimately, find more peace in your life. This beautifully illustrated book will set you and your family on the road of mindfulness so you can lead a more mindful, peaceful and relaxed life. Find long-lasting happiness with *The Little Book of Mindfulness*! CONTENTS: 1. Being in the Now 2. Accept and Respond 3. Making Your Mind Up 4. Simply Be 5. Mindful Eating 6. Gratitude and Compassion 7. Everyday Mindfulness

The time-honored national bestseller, updated with a new afterword, celebrating 10 years of influencing the way we live. When *Wherever You Go, There You Are* was first published in 1994, no one could have predicted that the book would launch itself onto bestseller lists nationwide and sell over 750,000 copies to date. Ten years later, the book continues to change lives. In honor of the book's 10th anniversary, Hyperion is proud to be releasing the book with a new afterword by the author, and to share this wonderful book with an even larger audience. For the millions of Americans who want spirituality without religion, Sam Harris's latest New York Times bestseller is a guide to meditation as a rational practice informed by neuroscience and psychology. From Sam Harris, neuroscientist and author of numerous New York Times bestselling books, *Waking Up* is for the twenty percent of Americans who follow no religion but who suspect that important truths can be found in the experiences of such figures as Jesus, the Buddha, Lao Tzu, Rumi, and the other saints and sages of history. Throughout this book, Harris argues that there is more to understanding reality than science and secular culture generally allow, and that how we pay attention to the present moment largely determines the quality of our lives. *Waking Up* is part memoir and part exploration of the scientific underpinnings of spirituality. No other book marries contemplative wisdom and modern science in this way, and no author other than Sam Harris—a scientist, philosopher, and famous skeptic—could write it. This book teaches the basics of recording, editing, mixing, and processing audio and MIDI using Ableton Live Software. It also provides plenty of power tips to take you beyond the basics and unleash the true power of using Live as a creative tool.

THE LIFE-CHANGING BESTSELLER - OVER 1.5 MILLION COPIES SOLD 'A deeply compassionate guide to self-care - simple and profound' Sir Kenneth Branagh 'If you want to free yourself from anxiety and stress, and feel truly at ease with yourself, then read this book' Ruby Wax Authoritative, beautifully written and much-loved by its readers, *Mindfulness: A practical guide to finding peace in a frantic world* has become a word-of-mouth bestseller and global phenomenon. It reveals a set of simple yet powerful practices that you can incorporate into daily life to break the cycle of anxiety, stress unhappiness and exhaustion. It promotes the kind of happiness that gets into your bones and allows you to meet the worst that life throws at you with new courage. Mindfulness is based on mindfulness-based cognitive therapy (MBCT). Co-developed by Professor Mark Williams of Oxford University, MBCT is recommended by the UK's National Institute for Health and Care Excellence and is as effective as drugs for preventing depression. But, equally, it works for the rest of us who aren't depressed but who are struggling to keep up with the relentless demands of the modern world. By investing just a few minutes each day, this classic guide to mindfulness will put you back in control of your life once again.

Do you: Have trouble paying attention and staying on task? Suffer from

disorganization, procrastination, or forgetfulness? Have difficulty with restlessness or trouble managing strong feelings such as anger and frustration? Struggle with self-doubt and difficulty following through? In a way that causes problems in your relationships or your work? If so, you may have Attention Deficit Hyperactivity Disorder (ADHD)—like an estimated 8 million adults in this country. Physician-researcher Dr. Lidia Zylowska has created an 8-step program for using mindfulness practice (attention and awareness training) to overcome the symptoms of ADHD. The program includes practices such as sitting meditation, body awareness, thoughtful speaking and listening, development of self-acceptance, mindful self-coaching, cultivation of a balanced view of thoughts and emotions, and more. Dr. Zylowska educates readers about ADHD, helping them to understand how their ADHD brain works and how they can use mindful awareness to work with their challenges. She also explains how the mindful approach can be combined with other treatments, including medications, to boost self-improvement. This book is accompanied by an audio program of guided mindfulness exercises for successfully managing ADHD. The introduction to the book, titled "Dear Reader," includes a link to the free downloadable audio files. 'The expert's expert. Simplicity is the key with this technique.' The Times 'Do you guys know about Headspace...? It's kind of genius.' Emma Watson The best start for your baby begins with your mind Widely acknowledged as one of the world's foremost experts on mindfulness, Andy Puddicombe, co-founder of Headspace, is your friendly guide in this wonderful new approach to pregnancy, birth and new parenthood. Whether you are trying for a baby, are mid-term, or have already arrived home with your new baby, this practical and reassuring guide will teach you and your partner how to calmly navigate the anxieties and demands of this epic adventure. With helpful exercises for both mother to be and her partner, Andy shows how to live mindfully and get the most from pregnancy and the early days of parenthood. The Headspace Guide To...A Mindful Pregnancy provides you with tools to live mindfully during this rare and precious opportunity to nurture a healthy happy mind. Imagine creating the most peaceful environment possible for your child and this book will show you how.

Enjoy a natural, positive, stress-free pregnancy. Trimester by trimester, this beautiful book gives you safe yoga, meditation, natural remedies, nutrition, and hypnobirthing techniques to match your stage of pregnancy. Encouraging, practical advice from midwife and positive birth expert, Tracy Donegan, will help you to understand your body, relish your pregnancy, and bond with your growing baby. Troubleshoot pregnancy aches and pains with appropriate exercises, quell morning sickness with natural remedies and food, bond with your baby through meditation and movement, and prepare your body and mind safely and healthily for childbirth using strengthening exercises and hypnobirthing techniques. Feel empowered to nurture and give birth to your baby with strength and confidence, and embrace your life as a new mum. "A must-read for all parents who want to create a healthier, more joyful, more peaceful world." - Deepak Chopra, MD

The life-changing international bestseller reveals a set of simple yet powerful mindfulness practices that you can incorporate into daily life to help break the cycle of anxiety, stress, unhappiness, and exhaustion. Mindfulness promotes the kind of happiness and peace that

Download Ebook The Headspace Guide To Mindfulness Meditation 10 Minutes Can Make The Difference 10 Minutes Can Make The Difference

gets into your bones. It seeps into everything you do and helps you meet the worst that life throws at you with new courage. Based on Mindfulness-Based Cognitive Therapy (MBCT), the book revolves around a straightforward form of mindfulness meditation which takes just a few minutes a day for the full benefits to be revealed. MBCT has been clinically proven to be at least as effective as drugs for depression and is widely recommended by US physicians and the UK's National Institute for Health and Clinical Excellence—in other words, it works. More importantly it also works for people who are not depressed but who are struggling to keep up with the constant demands of the modern world. MBCT was developed by the book's author, Oxford professor Mark Williams, and his colleagues at the Universities of Cambridge and Toronto. By investing just 10 to 20 minutes each day, you can learn the simple mindfulness meditations at the heart of MBCT and fully reap their benefits. The book includes links to audio meditations to help guide you through the process. You'll be surprised by how quickly these techniques will have you enjoying life again.

The Headspace Guide to Meditation and MindfulnessHow Mindfulness Can Change Your Life in Ten Minutes a DaySt. Martin's Griffin

"In collaboration with Headspace"--Cover

The first book in the Mindfulness Essentials Series by Zen Master Thich Nhat Hanh, How to Sit offers clear, simple directions and inspiration for anyone wanting to explore mindfulness meditation. In short, single-paragraph chapters, Nhat Hanh shares detailed instructions, guided breathing exercises and visualizations, as well as his own personal stories and insights. This pocket-sized book is perfect for those brand new to sitting meditation as well as for those looking to deepen their spiritual practice. With sumi ink drawings by Jason DeAntonis.

In this New York Times bestseller, you will discover how the calmness of Zen masters can help you stop time, refuel, and focus on the things that really matter. Our world is an overwhelming place. Each day's commitments to career and family take everything we've got, and we struggle to focus on our health, relationships, and purpose in life. Technology brings endless information to our fingertips, but the one thing we really want—a sense of satisfaction and contentment—remains out of reach. Pedram Shojai is here to change all of that. With practice, you can stop time, refuel, and focus on the things that really matter, even among the chaos that constantly surrounds us. His no-nonsense life mastery program brings together clear tools to elevate your existence. He guides you in learning to honor the body and mind, discharge stuck energy, and shake free from toxicity and excess stress. The world needs you to step up and live your life to the fullest. Pedram Shojai is the Urban Monk who can show you how to drink from infinity, find peace and prosperity, and thrive.

Gerard Kite was a therapist for years before realizing all the talk and analysis weren't making a lasting difference in the lives of his patients. So he quit his practice and looked for a new way to help people feel better. What he discovered is a different approach to finding a secret, peaceful, and permanent place inside yourself that you can access at all times, a path to getting out of your head, to surrender to what is. You'll see that you already have what you need to be happy and well. Kite draws on the principles of ancient Chinese philosophy and his extensive experience helping people from all walks of life as a relaxation and acupuncture expert. His ten steps will show you how to tune in to your natural rhythms, view your emotions from a different perspective, and finally experience a state of bliss that you can return to again and again. The secret to feeling at home in yourself isn't therapy, meditation, silencing your phone, throwing out your possessions or traveling the world. The answer is already inside you. 'If you're thinking about trying mindfulness, this is the perfect introduction....I'm grateful to Andy for helping me on this journey.' BILL GATES 'It's kind of genius' EMMA WATSON Feeling stressed about Christmas/Brexit/everthing? Try this... Demystifying meditation for the modern world: an accessible and practical route to improved health, happiness and well being, in as little as 10 minutes. Andy Puddicombe, founder of the celebrated Headspace, is on a mission:

Download Ebook The Headspace Guide To Mindfulness Meditation 10 Minutes Can Make The Difference 10 Minutes Can Make The Difference

to get people to take 10 minutes out of their day to sit in the now. Here he shares his simple to learn, but highly effective techniques of meditation. * Rest an anxious, busy mind * Find greater ease when faced with difficult emotions, thoughts, circumstances * Improve focus and concentration * Sleep better * Achieve new levels of calm and fulfillment. The benefits of mindfulness and meditation are well documented and here Andy brings this ancient practice into the modern world, tailor made for the most time starved among us. First published as Get Some Headspace, this reissue shows you how just 10 minutes of mediation per day can bring about life changing results.

Mindfulness is the simple and powerful practice of training your attention. It's simple in that it's just about paying attention to what's happening here and now, and powerful because it can keep you from getting lost in thoughts about the future or past, which often generate more stress on top of the real pressures of everyday life. While learning to live in the moment, the joyful mindfulness exercises, meditations, coloring pages, and habit-breakers in this beautifully designed and illustrated book will challenge your powers of observation, investigation, and cultivation while bringing new awareness to your senses, thoughts, and emotions. I Am Here Now inspires readers to explore the world with greater curiosity and find moments of mindfulness in everyday life, while unleashing your creativity along the way.

Cookie Monster learns simple meditation techniques and plays a fun game to help be more patient--based on the popular Sesame Street Monster Meditation video on YouTube made in collaboration with the mindfulness app Headspace. Sometimes everyone needs to slow down and take some cleansing belly breaths--even Cookie Monster! This terrific board book features Cookie Monster learning a calming game to help pass the time as he waits for his cookies to finish baking. The game is a fun and simple one that all young boys and girls can easily play whenever they need to be patient. This is Book 1 in a series of 6 books, all inspired by the popular Sesame Street Monster Meditation videos on YouTube, that will help young girls and boys learn mindfulness techniques along with their favorite characters. The videos are made in collaboration with Headspace, the mindfulness app. Sesame Workshop, the nonprofit educational organization behind Sesame Street, aims to help kids grow smarter, stronger, and kinder through its many unique domestic and international initiatives. These projects cover a wide array of topics for families around the world.

"Emily Oster is the non-judgmental girlfriend holding our hand and guiding us through pregnancy and motherhood. She has done the work to get us the hard facts in a soft, understandable way." —Amy Schumer *Fully Revised and Updated for 2021* What to Expect When You're Expecting meets Freakonomics: an award-winning economist disproves standard recommendations about pregnancy to empower women while they're expecting. From the author of Cribsheet and The Family Firm, a data-driven decision making guide to the early years of parenting Pregnancy—unquestionably one of the most profound, meaningful experiences of adulthood—can reduce otherwise intelligent women to, well, babies. Pregnant women are told to avoid cold cuts, sushi, alcohol, and coffee without ever being

told why these are forbidden. Rules for prenatal testing are similarly unexplained. Moms-to-be desperately want a resource that empowers them to make their own right choices. When award-winning economist Emily Oster was a mom-to-be herself, she evaluated the data behind the accepted rules of pregnancy, and discovered that most are often misguided and some are just flat-out wrong. Debunking myths and explaining everything from the real effects of caffeine to the surprising dangers of gardening, *Expecting Better* is the book for every pregnant woman who wants to enjoy a healthy and relaxed pregnancy—and the occasional glass of wine.

If you're thinking about buying this book, it's probably because it feels like something's missing in your career. Guess what? It could be YOU. Whether you're living for the weekends or counting the minutes until 5 pm every day, life is too short to wish it away because you feel stuck in your job. The good news is that you have the power to stop living on autopilot and turn your career around. "Follow your passion," "find your purpose," and "do what you love" have joined the parade of bland directives that aren't doing much to actually help you figure out what you're meant to do with your career. Instead, they only create more confusion. If all we had to do is "follow our bliss" . . . why aren't we blissful yet? The truth is, the best career is not one where you only do what you love, but one where you honor who you are. In *You Turn*, counterterrorism professional turned career coach Ashley Stahl shares the strategies she's used to help thousands ditch their Monday blues, get clarity on what work lights them up, and devise an action plan to create a career they love. This book gives readers access to Stahl's coveted 11-step roadmap that has guided thousands of coaching clients in 31 countries to self-discovery and success. Throughout her process, you'll:

- Discover your Core Skillset. Uncover your gifts and talents to create an intentional career path that's fulfilling and aligned with who you are—and what you're good at.
- Understand your "Inner Money Blueprint." Discover the root of your money mindset, and how to break free of financial limitation.
- Clarify your Core Interests. Identify the difference between a passion, gift, and calling so you can get clear on what's meant to be a hobby-and what's meant to be a career!
- Become your own coach. Walk away with a unique set of tools for staying true to your best self in times of stress, frustration, or anxiety. Whether you're considering a career pivot, or just curious about what else is possible for you, it's time to make a "you turn"—to get unstuck, discover your true self, and thrive (not just survive) in your career.

One of the best available introductions to the wisdom and beauty of meditation practice. --*New Age Journal* In this beautiful and lucid guide, Zen master Thich Nhat Hanh offers gentle anecdotes and practical exercise as a means of learning the skills of mindfulness--being awake and fully aware. From washing the dishes to answering the phone to peeling an orange, he reminds us that each moment holds within it an opportunity to work toward greater self-understanding and peacefulness.

What is there in developmental relationships beyond setting and striving to achieve goals? The presence of goals in coaching and mentoring programs has gone largely unquestioned, yet evidence is growing that the standard prescription of SMART, challenging goals is not always appropriate - and even potentially dangerous - in the context of a complex and rapidly changing world. Beyond Goals advances standard goal-setting theory by bringing together cutting-edge perspectives from leaders in coaching and mentoring. From psychology to neuroscience, from chaos theory to social network theory, the contributors offer diverse and compelling insights into both the advantages and limitations of goal pursuit. The result is a more nuanced understanding of goals, with the possibility for practitioners to bring greater impact and sophistication to their client engagements. The implications of this reassessment are substantial for all those practicing as coaches and mentors, or managing coaching or mentoring initiatives in organizations.

How Mindfulness Can Change Your Life in Ten Minutes a Day: A Guided Meditation. Teaser Bonus! From one of the world's top mindfulness experts comes the ultimate tool for clearing out mental clutter and improving every aspect of your physical and mental health. With this ten-minute guided meditation, learn a simple yet powerful technique that's been tested by time and now adapted to fit into even the most hectic modern lifestyle. And reap incredible benefits! Doing this exercise on a daily basis can help you relieve stress, have stronger relationships, reduce anxiety, sleep more, find a healthy weight, control your emotions, be more productive... the list goes on and on. If you enjoy this meditation, don't miss Andy Puddicombe's book **GET SOME HEADSPACE** (coming June 2012), which provides many more techniques and exercises, as well as the fascinating science behind mindfulness.

Although mostly unseen by us, moths are everywhere. And their capacity to delight astounds. Inspired by a revelatory encounter with a Poplar Hawk-moth – a huge, velvety-winged wonder wrapped in silver – James Lowen embarks on a year-long quest to celebrate the joy of Britain's rarest and most remarkable moths. By hiking up mountains, wading through marshes and roaming by night amid ancient woodlands, James follows the trails of both Victorian collectors and present-day conservationists. Seeking to understand why they and many ordinary folk love what the general public purports to hate, his investigations reveal a heady world of criminality and controversy, derring-do and determination. From Cornwall to the Cairngorms, James explores British landscapes to coax these much-maligned creatures out from the cover of darkness and into the light. Moths are revealed to be attractive, astonishing and approachable; capable of migratory feats and camouflage mastery, moths have much to tell us on the state of the nation's wild and not-so-wild habitats. As a counterweight to his travels, James and his young daughter track the seasons through a kaleidoscope of moth species living innocently yet covertly in their suburban garden. Without even leaving home, they bond over a shared joy in the

uncommon beauty of common creatures, for perhaps the greatest virtue of moths, we learn, is their accessibility. Moths may be everywhere, but above all, they are here. Quite unexpectedly, no animals may be better placed to inspire the environmentalists of the future.
