In this rich and deeply satisfying novel by the beloved author of *The Art of Mending*, and *Open House*, a resilient woman embarks upon an unforgettable journey of adventure, self-discovery, and renewal. Betta Nolan moves to a small town after the death of her husband to try to begin anew. Pursuing a dream of a different kind of life, she is determined to find pleasure in her simply daily routines. Among those who help her in both expected and unexpected ways are the ten-year-old boy next door, three wild women friends from her college days, a twenty-year-old who is struggling to find his place in the world, and a handsome man who is ready for love. Elizabeth Berg's *The Year of Pleasures* is about acknowledging the solace found in ordinary things: a warm bath, good food, the beauty of nature, music, friends, and art. "Berg writes with humor and a big heart about resilience, loneliness, love, and hope. And the transcendence that redeems," said Andre Dubus about *Durable Goods*. And the same could be said about *The Year of Pleasures*.

A mapper of the highest mountain peaks realizes his true obsession. A young woman afire with scientific curiosity must come to terms with a

romantic fantasy. Brothers and sisters, torn apart at an early age, are beset by dreams of reunion. Throughout, Barrett's most characteristic theme—the happenings in that borderland between science and desire—unfolds in the diverse lives of unforgettable human beings. Although each richly layered tale stands independently, readers of *Ship Fever* (National Book Award winner) and Barrett's extraordinary novel *The Voyage of the Narwhal*, will discover subtle links both among these new stories and to characters in the earlier works.

A luminous and unforgettable first novel by an astonishing new voice in fiction, hailed by *Esquire* magazine as “one of America’s best young writers.” Samson Greene, a young and popular professor at Columbia, is found wandering in the Nevada desert. When his wife, Anna, comes to bring him home, she finds a man who remembers nothing, not even his own name. The removal of a small brain tumor saves his life, but his memories beyond the age of twelve are permanently lost. Here is the story of a keenly intelligent, sensitive man returned to a life in which everything is strange and new. An emigrant from his own life, set free from all that once defined him, Samson Greene believes he has nothing left to lose. So, when a charismatic scientist asks him to participate in a bold experiment, he agrees. Launched into a turbulent journey that takes him to the furthest extremes of solitude and intimacy, what he gains is nothing short of the revelation of what it means to be human.

“The familiar tale of star-crossed lovers is revisited with gripping immediacy and compelling freshness . . . a voice readers will not soon forget” (Stephanie Kallos, national bestselling author). A fiercely beautiful love story for the ages, *The Disappeared* traces one woman’s three-decades-long journey from the peaceful streets of Montreal to the war-torn villages of Cambodia, as a brief affair turns into a grand passion of loss and remembrance, set against one of the most brutal genocides of our time. When sixteen-year-old Anne Greves first meets Serey, a Cambodian student forced to leave his country during the rise of the Khmer Rouge, she never considers the consequences of their complicated romance. Swept up in the infatuation of young love, Anne ignores her father’s wishes and embraces her relationship with Serey in Montreal’s smoky jazz clubs and in his cramped yellow bedroom. But when the borders of Cambodia are reopened, Serey must risk his life to return home in search of his family. A decade later, Anne will travel halfway around the world to find him, and to save their love from the same tragic forces that first brought them together . . . “Spellbinding . . . From the acclaimed author of *This Side of Brightness*, the epic life and times of Rudolf Nureyev, reimagined in a dazzlingly inventive masterpiece—published to coincide with the tenth anniversary of Nureyev's death. A Russian peasant who became an international legend, a Cold War exile who inspired millions, an artist whose name stood for genius, sex, and excess—the magnificence of Rudolf Nureyev's life and work are known, but now Colum McCann, in his most daring novel yet, reinvents this erotically charged figure through the light he cast on those who knew him. Taking his inspiration from the biographical facts, McCann tells the story through a chorus of voices: there is Anna Vasileva, Rudi's first ballet teacher, who rescues her protégé from the stunted life of his town; Yulia, whose sexual and artistic ambitions are thwarted by her Soviet-sanctioned marriage; and Victor, the Venezuelan hustler, who reveals the lurid underside of the gay celebrity set. Spanning four decades and many worlds, from the horrors of Stalingrad to the wild abandon of New York in the eighties, *Dancer* is peopled by a large cast of characters, obscure and famous: doormen and shoemakers, Margot Fonteyn and John Lennon. And at the heart of the spectacle stands the artist himself, willful, lustful, and driven by a never-to-be-met need for perfection. In ecstatic prose, McCann evokes the distinct consciousness of the man and the glittering reflection of the myth. The result is a monumental story of love, art, and exile.

“In the fall, I went for walks and brought home bones. The best bones weren’t on trails—deer and moose don’t die conveniently—and soon I was wandering so far into the woods that I needed a map and compass to find my way home. When winter came and snow blew into the mountains, burying the bones, I continued to spend my days and often my nights in the woods. I vaguely understood that I was doing this because I could no longer think; I found relief in walking up hills. When the night temperatures dropped below zero, I felt visited by necessity, a baseline purpose, and I walked for miles, my only objective to remain upright, keep moving, preserve warmth. When I was lost, I told myself stories . . .” So Charles D’Ambrosio recounted his life in Philipsburg, Montana, the genesis of the brilliant stories collected here, six of which originally appeared in *The New Yorker*. Each of these eight burnished, terrifying, masterfully crafted stories is set against a landscape that is both deeply American and unmistakably universal. A son confronts his father’s madness and his own hunger for connection on a misguided hike in the Pacific Northwest. A screenwriter fights for his sanity in the bleak corridors of a Manhattan psych ward while lusting after a ballerina who sets herself ablaze. A Thanksgiving hunting trip in Northern Michigan becomes the scene of a haunting reckoning with marital infidelity and desperation. And in the magnificent title story, carpenters building sets for a porn movie drift dreamily beneath a surface of sexual tension toward a racial violence they will never fully comprehend. Taking place in remote cabins, asylums, Indian reservations, the backroads of Iowa and the streets of Seattle, this collection of stories, as muscular and challenging as the best novels, is about people who have been orphaned, who have lost connection, and who have exhausted the ability to generate meaning in their lives.

Yet in the midst of lacerating difficulty, the sensibility at work in these fictions boldly insists on the enduring power of love. D'Ambrosio conjures a world that is fearfully inhospitable, darkly humorous, and touched by glory; here are characters, tested by every kind of failure, who struggle to remain human, whose lives have been sharpened rather than numbed by adversity, whose apprehension of truth and beauty has been deepened rather than defeated by their troubles. Many writers speak of the abyss. Charles D'Ambrosio writes as if he is inside of it, gazing upward, and the gaze itself is redemptive, a great yearning ache, poignant and wondrous, equal parts grit and grace. A must read for everyone who cares about literary writing, *The Dead Fish Museum* belongs on the same shelf with the best American short fiction.

The definitive collection of literary essays by *The New Yorker's* award-winning longtime book critic Ever since the publication of his first essay collection, *The Broken Estate*, in 1999, James Wood has been widely regarded as a leading literary critic of the English-speaking world. His essays on canonical writers (Gustav Flaubert, Herman Melville), recent legends (Don DeLillo, Marilynne Robinson) and significant contemporaries (Zadie Smith, Elena Ferrante) have established a standard for informed and incisive appreciation, composed in a distinctive literary style all their own. Together, Wood's essays, and his bestselling *How Fiction Works*, share an abiding preoccupation with how fiction tells its own truths, and with the vocation of the writer in a world haunted by the absence of God. In *Serious Noticing*, Wood collects his best essays from two decades of his career, supplementing earlier work with autobiographical reflections from his book *The Nearest Thing to Life* and recent essays from *The New Yorker* on young writers of extraordinary promise. The result is an essential guide to literature in the new

tell yourself. There's a need to scream to the moon; there's this urge to go out into the darkness of the night to purge. There are so many stories living inside your soul, you just want the opportunity to tell them. And when you can't find the will to express what lives within your heart, these words will give you peace. These words will set you free.

This is the story of spoiled Undine Spragg, a vain heroine who rises from Dakota to New York to Paris, leaving behind a trail of broken promises on her quest for a place in the upper class. Filled with Ali Smith's trademark wordplay and inventive storytelling, here is the dizzyingly entertaining, wickedly humorous story of a mysterious stranger whose sudden appearance during a family's summer holiday transforms four variously unhappy people. Each of the Smarts—parents Eve and Michael, son Magnus, and the youngest, daughter Astrid—encounter Amber in his or her own solipsistic way, but somehow her presence allows them to see their lives (and their life together) in a new light. Smith's narrative freedom and exhilarating facility with language propel the novel to its startling, wonderfully enigmatic conclusion.

dependence, call to mind the work of Natalia Ginzburg in their psychological profundity, their intellectual rigor. . . . Krauss's stories capture characters at moments in their lives when they're hungry for experience and open to possibilities, and that openness extends to the stories themselves: narratives too urgent and alive for neat plotlines, simplistic resolutions or easy answers." —Molly Antopol, *New York Times Book Review* "From a contemporary master, an astounding collection of ten globetrotting stories, each one a powerful dissection of the thorny connections between men and women. . . . Each story is masterfully crafted and deeply contemplative, barreling toward a shimmering, inevitable conclusion, proving once again that Krauss is one of our most formidable talents in fiction." —*Esquire* In one of her strongest works of fiction yet, Nicole Krauss plunges fearlessly into the struggle to understand what it is to be a man and what it is to be a woman, and the arising tensions that have existed from the very beginning of time. Set in our contemporary moment, and moving across the globe from Switzerland, Japan, and New York City to Tel Aviv, Los Angeles, and South America, the stories in *To Be a Man* feature male characters as fathers, lovers, friends, children, seducers, and even a lost husband who may never have been a husband at all. The way these stories mirror one other and resonate is beautiful, with a balance so finely tuned that the book almost feels like a novel. Echoes ring through stages of life: aging parents and new-born babies; young women's coming of age and the newfound, somewhat bewildering sexual power that accompanies it; generational gaps and unexpected deliveries of strange new leases on life; mystery and wonder at a life lived or a future waiting to unfold. *To Be a Man* illuminates with a fierce, unwavering light the forces driving human existence: sex, power, violence, passion, self-discovery, growing older. Profound, poignant, and brilliant, Krauss's stories are at once

startling and deeply moving, but always revealing of all-too-human weakness and strength. Jonathan Safran Foer emerged as one of the most original writers of his generation with his best-selling debut novel, *Everything Is Illuminated*. Now, with humor, tenderness, and awe, he confronts the traumas of our recent history. What he discovers is solace in that most human quality, imagination. Meet Oskar Schell, an inventor, Francophile, tambourine player, Shakespearean actor, jeweler, pacifist, correspondent with Stephen Hawking and Ringo Starr. He is nine years old. And he is on an urgent, secret search through the five boroughs of New York. His mission is to find the lock that fits a mysterious key belonging to his father, who died in the World Trade Center on 9/11. An inspired innocent, Oskar is alternately endearing, exasperating, and hilarious as he careens from Central Park to Coney Island to Harlem on his search. Along the way he is always dreaming up inventions to keep those he loves safe from harm. What about a birdseed shirt to let you fly away? What if you could actually hear everyone's heartbeat? His goal is hopeful, but the past speaks a loud warning in stories of those who've lost loved ones before. As Oskar roams New York, he encounters a motley assortment of humanity who are all survivors in their own way. He befriends a 103-year-old war reporter, a tour guide who never leaves the Empire State Building, and lovers enraptured or scorned. Ultimately, Oskar ends his journey where it began, at his father's grave. But now he is accompanied by the silent stranger who has been renting the spare room of his grandmother's apartment. They are there to dig up his father's empty coffin.

of the era. In "The Poor Clare" a young innocent girl named Lucy is haunted by an unrelenting ghost invoked by her aging grandmother. In the novella "Lois the Witch" the young Lois sails to America to join her distant family. She is greeted by a New England engulfed in the fever of the Salem witch trials. Soon all goes wrong when she is deemed one of the cursed. The reader confronts the peaks of suspense in "The Grey Woman" — a terrifying psychological thriller. These among others shape this well rounded collection of one of the most respected Victorian authors. Gaskell was championed and published by Charles Dickens in his literary magazine "Household Words." Her style, vision, and delivery are seen at its best here in "Gothic Tales." A masterly collection of eleven stories about the way we live now from the best-selling author of Netherland. From bourgeois facial-hair trends to parental sleep deprivation, Joseph O'Neill closely observes the mores of his characters, whose vacillations and second thoughts expose the mysterious pettiness, underlying violence, and, sometimes, surprising beauty of ordinary life in the early twenty-first century. A lonely wedding guest talks to a goose; two poets struggle over whether to participate in a "pardon Edward Snowden" verse petition; a cowardly husband lets his wife face a possible intruder in their home; a potential co-op renter in New York City can't find anyone to give him a character reference. On the surface, these men and women may be in only mild trouble, but in these perfectly made, fiercely modern stories O'Neill reminds us of the real, secretly political consequences of our internal monologues. No writer is more incisive about the strange world we live in now; the laugh-out-loud vulnerability of his people is also fodder for tears.

This is a proseminary work for a literature course and it is about *The History of Love*. The contemporary American novel is written by Nicole Krauss and was published in 2005. By now it has been translated into more than twenty-five languages. (Krauss back cover) The paper will start with the biography of the author and her connection to the novel and to its content. The next and main chapters will then deal with the novel itself, which takes place in New York in the time after the 2nd world war and which is told through various stories, perspectives and characters. The paper's focus will lie on two very important and story-defining themes: Loneliness and Love. The main question of this paper will be in which way Loneliness and Love belong together and how this inextricable connection is portrayed in the book. This will further be pointed out through the relationship and personality of chosen characters (Alma and Leo Gursky). To make it more understandable a short plot and character overview will be given at the beginning of the paper. The paper will be ended by a conclusion, which sums up all results of my research and analysis and which gives answers to the main question of this paper.

The essays in *Hypermedia and Literary Studies* discuss the theoretical and practical opportunities and challenges posed by the convergence of hypermedia systems and traditional written texts. Consider a work from Shakespeare. Imagine, as you read it, being able to call up instantly the Elizabethan usage of a particular word, variant texts for any part of the work, critical commentary, historically relevant facts, or oral interpretations by different sets of actors. This is the sort of richly interconnected, immediately accessible literary universe that can be created by hypertext (electronically linked texts) and hypermedia (the extension of linkages to visual and aural material). sits above the southeastern Arizona desert, fifteen miles to the west of the San Carlos Apache Indian Reservation. For the San Carlos tribe, Oak Flat is a holy place, an ancient burial ground and religious site where Apache girls celebrate the coming-of-age ritual known as the Sunrise Ceremony. In 1995, a massive untapped copper reserve was discovered nearby. A decade later, a law was passed transferring the area to a private company, whose planned copper mine will wipe Oak Flat off the map--sending its natural springs, petroglyph-covered rocks, and old-growth trees tumbling into a void. Redniss's deep reporting and haunting artwork anchor this mesmerizing human narrative. Oak Flat tells the story of a race-against-time struggle for a swath of American land, which pits one of the poorest communities in the United States against the federal government and two of the world's largest mining conglomerates. The book follows the fortunes of two families with profound connections to the contested site: the Nosies, an Apache family whose teenage daughter is an activist and leader in the Oak Flat fight, and the Gorhams, a mining family whose patriarch was a sheriff in the lawless early days of Arizona statehood. The still-unresolved Oak Flat conflict is ripped from today's headlines, but its story resonates with foundational American themes: the saga of westward expansion, the resistance and resilience of Native peoples, and the efforts of profiteers to control the land and unearth treasure beneath it while the lives of individuals hang in the balance.

ONE OF THE MOST LOVED NOVELS OF THE DECADE. A long-lost book reappears, mysteriously connecting an old man searching for his son and a girl seeking a cure for her widowed mother's loneliness. Leo Gursky taps his radiator each evening to let his upstairs neighbor know he's still alive. But it wasn't always like this: in the Polish village of his youth, he fell in love and wrote a book...Sixty years later and half a world away, fourteen-year-old Alma, who was named after a character in that book, undertakes an adventure to find her namesake and save her family. With virtuosic skill and soaring imaginative power, Nicole Krauss gradually draws these stories together toward a climax of "extraordinary depth and beauty" (Newsday).

his children and perplexing the executor of his estate. With the last of his wealth, he travels to Israel, with a nebulous plan to do something to honor his parents. In Tel Aviv, he is sidetracked by a charismatic American rabbi planning a reunion for the descendants of King David who insists that Epstein is part of that storied dynastic line. He also meets the rabbi's beautiful daughter who convinces Epstein to become involved in her own project—a film about the life of David being shot in the desert—with life-changing consequences. But Epstein isn't the only seeker embarking on a metaphysical journey that dissolves his sense of self, place, and history. Leaving her family in Brooklyn, a young, well-known novelist arrives at the Tel Aviv Hilton where she has stayed every year since birth. Troubled by writer's block and a failing marriage, she hopes that the hotel can unlock a dimension of reality—and her own perception of life—that has been closed off to her. But when she meets a retired literature professor who proposes a project she can't turn down, she's drawn into a mystery that alters her life in ways she could never have imagined. Finalist for the 2010 National Book Award in Fiction Winner of the 2011 ABA Indies Choice Honor Award in Fiction Winner of the 2011 Anisfield-Wolf Award Shortlisted for the 2011 Orange Prize in Fiction A powerful, soaring novel about a stolen desk that contains the secrets, and becomes the obsession, of the lives it passes through. For twenty-five years, a reclusive American novelist has been writing at the desk she inherited from a young Chilean poet who disappeared at the hands of Pinochet's secret police; one day a girl claiming to be the poet's daughter arrives to take it away, sending the writer's life reeling. Across the ocean, in the leafy suburbs of London, a man caring for his dying wife discovers, among her papers, a lock of hair that unravels a terrible secret. In Jerusalem, an antiques dealer slowly reassembles his father's study, plundered by the Nazis in Budapest in 1944. Connecting these stories is a desk of many drawers that exerts a power over those who possess it or have given it away. As the narrators of *Great House* make their confessions, the desk takes on more and more meaning, and comes finally to stand for all that has been taken from them, and all that binds them to what has disappeared. *Great House* is a story haunted by questions: What do we pass on to our children and how do they absorb our dreams and losses? How do we respond to disappearance, destruction, and change? Nicole Krauss has written a soaring, powerful novel about memory struggling to create a meaningful permanence in the face of inevitable loss. "This is a novel about the long journey of a magnificent desk as it travels through the twentieth
