A critical new interpretation of the early history of Chinese civilization based on the most recent scholarship and archaeological discoveries. Upton Sinclair, one of America's foremost and most prolific authors, addresses the cultivation of the mind and the body in this 1922 volume. Sinclair's goal was to attempt to tell the reader how to live, how to find health, happiness and success, and how to develop fully both the mind and the body. Part One: The Book of the Mind covers such subjects as faith, reason, morality, and the subconscious. Part Two: The Book of the Body develops such subjects as errors in diet, the fasting cure, food and poisons, work and play, and diseases and their cures .

DIV In the world of interior design, thousands of bits of crucial information are scattered across a wide array of sources. The Interior Design Reference & Specification Book collects the information essential to planning and executing interior projects of all shapes and sizes, and distills it in a format that is as easy to use as it is to carry. You'll also find interviews with top practitioners drawn across the field of interior design. —Fundamentals provides a step-by-step overview of an interiors project, describing the scope of professional services, the project schedule, and the design and presentation tools used by designers. —Space examines ways of composing rooms as spatial environments while speaking to functional and life-safety concerns. —Surface identifies options in color, material, texture, and pattern, while addressing maintenance and performance issues. —Environments looks at aspects of interior design that help create a specific mood or character, such as natural and artificial lighting, sound and smell. —Elements describes the selection and specification of furniture and fixtures, as well as other components essential to an interior environment, such as artwork and accessories. —Resources gathers a wealth of useful data, from sustainability guidelines to online sources for interiors-related research. /div

Elam Harnish has more money than he would ever need. As he accumulates wealth as a successful entrepreneur in the Alaskan Gold Rush, Harnish must face the challenges of the Yukon Territory. After he makes a fortune, Harnish finds himself still unsatisfied. In efforts to find a new challenge and make more money, Harnish decides to move down to the mainland of America, settling in California. However, after a group of money kings threaten to take his entire amassed fortune, Harnish resorts to violence to recover it, endangering him both physically and morally as he slides down a slippery slope of immorality. Realizing that he can make even more money with undercut business practices, Harnish slowly becomes corrupt, making shady business deals, cheating, and being dishonest. While it gives him more wealth, Harnish soon realizes that money is not all he wants in life. After one of his employees catch his eye, Harnish resorts to harassing her for attention. However, she is a woman of strong will and morals, and refuses his advances. Harnish realizes that she will never reciprocate his attraction if he continues his shady business dealings, but what if it is too late to redeem himself? Filled with action and suspense, Jack London's *Burning Daylight* brings an exciting twist to the classic enemies to lovers storyline. Featuring two exciting settings—California and Alaska, *Burning Daylight* is an entertaining glimpse into the gold rush era of the United States. Through the use of amusing caricatures of hyper-masculinity and hyper-femininity, London's romance novel also provides intriguing insight on the early 20th century gender expectations. *Burning Daylight* has inspired several film adaptations over the years, and was among the list of best-selling books when it was released in 1910. With adaptations and record sales, Jack London's *Burning Daylight* proves that it is a prolific work able to be enjoyed by audiences even in the 21st century. This edition of *Burning Daylight* by Jack London is now presented with a new, eye-catching cover and is printed in an easy-to-read font, making it both modern and accessible.

Accompanied by a definitive reference on feng shui vocabulary and concepts, a thorough, accessible guide introduces the fundamental principles of feng shui and explains how to apply them at home, outdoors, and in the workplace. Original.

Energy is a precious commodity—the source of vitality, good relationships, and peace of mind. The 168 techniques in this practical guide show how physical clutter is more than just junk—the debris in our home actually creates mental and spiritual blocks to success. When this is cleared, we get the balance back in life, plus a whole range of new opportunities. The book begins with energy basics and practical de-cluttering suggestions, such as how to clear your desk to create success or rearrange your living room for harmonious relationships, then presents step-by-step cleansing and revitalization rituals to recharge your home's atmosphere. The rituals show how to use crystals, salt, rice grains, herbs, incense, flower petals, fragrant water, and amazing visualization techniques to enhance and protect your environment. Chapters on using mystic symbols, such as geometric yantra designs, and magnifying spiritual energy complete the clutter journey. A section on personalized practices gives inspiring, fast solutions for those bad days: closet-clearing when you feel unattractive, or rearranging your desk when you feel defeated. All rituals and techniques have been personally tried and tested by Lillian Too, and have brought her great personal success.

Introduces various programs and activities designed to awaken the links between mind, body, and spirit, including sensory therapies, subtle energy practices, massage, movement therapy methods, martial arts, yoga, meditation, and creative arts therapies Lillian Too's Smart Feng Shui for the Home is a gift from the world's leading feng shui expert for all of us who have to work with what we've already got in our homes.

There are more than one billion documents on the Web, with the count continually rising at a pace of over one million new documents per day. As information increases, the motivation and interest in data warehousing and mining research and practice remains high in organizational interest. The Encyclopedia of Data Warehousing and Mining, Second Edition, offers thorough exposure to the issues of importance in the rapidly changing field of data warehousing and mining. This essential reference source informs decision makers, problem solvers, and data mining specialists in business, academia, government, and other settings with over 300 entries on theories, methodologies, functionalities, and applications.

The decline of the Christian churches in the West is undeniable but commentators differ in their understanding of what this represents. For some it shows a decline in interest in religion as such; for others, religion has not declined, it has only changed its

shape. Possible candidates for Christianity's replacement are the new religious movements of the late 1960s and what is variously called New Age, alternative or contemporary spirituality. *Secular Beats Spiritual* offers a detailed study of the religious and spiritual innovations of the last 50 years. It assesses their popularity in the UK and concludes that the 'not decline-just change' view cannot be sustained. Serious interest in spirituality has grown far less quickly than has the number of us who have no religious or spiritual interest. The most popular and enduring movements have been the least religious ones and those that have survived have done so by becoming more 'this-worldly' and less patently religious or spiritual. Yoga is popular but as a secular exercise programme; Transcendental Meditation now markets its meditational technique as a purely secular therapy; British Buddhists now offer the secular Mindfulness; and the Findhorn Foundation (Europe's oldest New Age centre) is no longer the germ of a counter-cultural communalism but sells its expertise to major corporations. Steve Bruce also demonstrates that, although eastern religious themes (such as reincarnation and karma) have become more popular as the power of the Christian churches to stigmatise them has declined, such themes have also been significantly altered so that what superficially looks like the easternization of the West might better be described as the westernization of the easternization of the West.

Over 1,700 alphabetically-arranged entries cover the beliefs, practices, significant movements, organizations, and personalities associated with Zen Buddhism.

Outlines the origins and principles of feng shui, and offers advice on using the technique to achieve happiness, success, and good fortune at home, in the garden, and in business

The definitive encyclopedia of Feng Shui: bestselling author Lillian Too's vibrant, comprehensive and pertinent guide to understanding and implementing an ancient practice for the new millennium.

How to maximize chi-inside and outside the home. This illustrated guide to the ancient Chinese art strips feng shui down to the basics, focusing solely on those aspects that deal with the interior and exterior of one's home. Stephanie Roberts shows readers how to evaluate and change aspects of their space to maximize the flow of positive energy, and how to arrange each room to achieve better balance in their lives and increase their prospects for health, wealth and good relationships.

The Complete Language of Flowers is a comprehensive dictionary for over 1,001 flower species. Along with a visual depiction, each entry provides the flower's name, characteristics, and historic meanings from mythology, medieval legends, folklore, and flower poetry. For centuries, symbolic flower meanings have fascinated readers, writers, poets, and suddenly smitten couples alike. Extremely popular during the Victorian era, these floriographies flourished and versed the public on the hidden meaning of popular flowers like peonies (bashfulness) and tulips (passion). Coupled with stunning full-color illustrations, this beautiful reference is a must-have for gardeners, florists, and flower enthusiasts. Whether you're looking to arrange the perfectly bespoke wedding bouquet or to understand what the yellow rose you just received from an admirer means (friendship), this updated floriography is a visual delight.

Confucianism can be defined as the teachings and practices associated with the historical teacher Confucius and his followers from the sixth century bce through the twentieth century. Confucius saw in his own lifetime a world torn by civil strife. He sought to remedy its ills by teaching of a golden age when virtue prevailed. For Confucius, moral order could be brought to the world by emulating the ways of the ancient sage-kings. Fundamentally, his teachings stressed the establishment of proper relations and respect between human beings. Confucius taught that each person had moral responsibilities to those around him or her. One was to develop one's life, as well as one's society, into a microcosm of the moral order of the universe itself; that is, the Way of Heaven. Confucianism flourished within China, but also influenced the cultures of Korea, Japan, parts of Southeast Asia, and, recently, the West. This comprehensive, two-volume encyclopedia clearly and effectively defines the major forces of Confucianism and shows us its relevance for the present day. Rodney L. Taylor, Ph.D. (Columbia University), is a specialist in East Asian religion and philosophy with particular expertise in Confucianism. Professor of religious studies at the University of Colorado at Boulder, Professor Taylor has also held a number of administrative positions including director of the Asian Studies Program, chair of the Department of Religious Studies, Associate Dean of the Graduate School, Interim Dean of the Graduate School and presently Associate Vice Chancellor for Graduate Education. His publications include: *The Cultivation of Sagehood as a Religious Goal in Neo-Confucianism: A Study of Selected Writings of Kao P'an-lung* (1978); *The Holy Book in Comparative Perspective* (with F.M. Denny) (1985); *The Way of Heaven: An Introduction to the Confucian Religious Life* (1986); *The Confucian Way of Contemplation: Okada Takehiko and the Tradition of Quiet-Sitting* (1988); *They Shall Not*

Hurt: Human Suffering and Human Caring (with J. Watson) (1989); and The Religious Dimensions of Confucianism (1990) as well as numerous articles. Howard Choy is a Ph.D. candidate in comparative literature and humanities at the University of Colorado at Boulder. He holds an M.A. in East Asian languages and literature from the University of Wisconsin-Madison, and taught at Stanford University and the University of Colorado at Denver. He has published articles, reviews, and translations in several major scholarly journals. His dissertation is on the rewriting of history in contemporary Chinese fiction.
