

The Immobile Empire

Zhesheng Ouyang

The Immobile Empire Alain Peyrefitte, 2013-05-21 In 1793, Lord George Macartney and an enormous delegation—including diplomats, doctors, scholars, painters, musicians, soldiers, and aristocrats—entered Beijing on a mission to open China to British trade. But Macartney’s famous refusal to perform the traditional kowtow before the Chinese Emperor was just one sign that the two empires would not see eye to eye, and the trade talks failed. The inability to develop a trade relation would have enormous consequences for future relations between China and the West. Peyrefitte’s vivid narrative of this fascinating encounter is based on extraordinary source materials from each side—including the charming and candid diary of Thomas Staunton, the son of one of Macartney’s aides. An example of history at its finest, *The Immobile Empire* recaptures the extraordinary experience of two great empires in collision, sizing each other up for the first time.

L'empire immobile Alain Peyrefitte, 1990

L'empire immobile, ou, Le choc des mondes Alain Peyrefitte, 1989

Restless Empire Odd Arne Westad, 2012-08-28 As the twenty-first century dawns, China stands at a crossroads. The largest and most populous country on earth and currently the world's second biggest economy, China has recently reclaimed its historic place at the center of global affairs after decades of internal chaos and disastrous foreign relations. But even as China tentatively reengages with the outside world, the contradictions of its development risks pushing it back into an era of insularity and instability -- a regression that, as China's recent history shows, would have serious implications for all other nations. In *Restless Empire*, award-winning historian Odd Arne Westad traces China's complex foreign affairs over the past 250 years, identifying the forces that will determine the country's path in the decades to come. Since the height of the Qing Empire in the eighteenth century, China's interactions -- and confrontations -- with foreign powers have caused its worldview to fluctuate wildly between extremes of dominance and subjugation, emulation and defiance. From the invasion of Burma in the 1760s to the Boxer Rebellion in the early 20th century to the 2001 standoff over a downed U.S. spy plane, many of these encounters have left Chinese with a lingering sense of humiliation and resentment, and inflamed their notions of justice, hierarchy, and Chinese centrality in world affairs. Recently, China's rising influence on the world stage has shown what the country stands to gain from international cooperation and openness. But as Westad shows, the nation's success will ultimately hinge on its ability to engage with potential international partners while simultaneously safeguarding its own

strength and stability. An in-depth study by one of our most respected authorities on international relations and contemporary East Asian history, *Restless Empire* is essential reading for anyone wishing to understand the recent past and probable future of this dynamic and complex nation.

The Alchemy of Empire Rajani Sudan,2016-06-01 Named 'Top 6' South Asia studies publications of 2016 by the British Association for South Asian Studies *The Alchemy of Empire* unravels the non-European origins of Enlightenment science. Focusing on the abject materials of empire-building, this study traces the genealogies of substances like mud, mortar, ice, and paper, as well as forms of knowledge like inoculation. Showing how East India Company employees deployed the paradigm of alchemy in order to make sense of the new worlds they confronted, Rajani Sudan argues that the Enlightenment was born largely out of Europe's (and Britain's) sense of insecurity and inferiority in the early modern world. Plumbing the depths of the imperial archive, Sudan uncovers the history of the British Enlightenment in the literary artifacts of the long eighteenth century, from the correspondence of the East India Company and the papers of the Royal Society to the poetry of Alexander Pope and the novels of Jane Austen.

China Eileen Tamura,1997-01-01 *China: Understanding Its Past* aims to fill a conspicuous gap in conventional world history texts, which are often Eurocentric and give scant attention to Asia. Using role-playing, simulations, debates, primary documents, first person accounts, excerpts from literary works, and cooperative learning activities, this text will help students explore many key aspects of China's history and culture. The teacher's manual includes a synopsis of each chapter and section, learner outcomes, definitions of key concepts, directions for student activities, and possible responses to questions posed in the student text. The CD contains selections of Chinese music from different time periods and locales. Liner notes include English translations of lyrics as well as historical information about each selection.

Empire Jeremy Paxman,2011-10-06 From the bestselling author of *The English comes Empire*, Jeremy Paxman's history of the British Empire accompanied by a flagship 5-part BBC TV series, for readers of Simon Schama and Andrew Marr. The influence of the British Empire is everywhere, from the very existence of the United Kingdom to the ethnic composition of our cities. It affects everything, from Prime Ministers' decisions to send troops to war to the adventurers we admire. From the sports we think we're good at to the architecture of our buildings; the way we travel to the way we trade; the hopeless losers we will on, and the food we hunger for, the empire is never very far away. In this acute and witty analysis, Jeremy Paxman goes to the very heart of empire. As he describes the selection process for colonial officers ('intended to weed out the cad, the feeble and the too clever') the importance of sport, the sweating domestic life of the colonial officer's wife ('the challenge with cooking meat was to grasp the fleeting moment between toughness and putrefaction when the joint may possibly prove eatable') and the crazed end for General Gordon of Khartoum, Paxman brings brilliantly to life the tragedy and comedy of Empire and reveals its profound and lasting effect on our nation and ourselves. 'Paxman is witty, incisive, acerbic and

opinionated . . . In short, he carries the whole thing off with panache bordering on effrontery' Piers Brendon, Sunday Times 'Paxman is a magnificent historian, and Empire may be remembered as his finest work' Independent on Sunday Jeremy Paxman was born in Yorkshire and educated at Cambridge. He is an award-winning journalist who spent ten years reporting from overseas, notably for Panorama. He is the author of five books including The English. He is the presenter of Newsnight and University Challenge and has presented BBC documentaries on various subjects including Victorian art and Wilfred Owen.

The Beautiful Country and the Middle Kingdom John Pomfret, 2016-11-29 A remarkable history of the two-centuries-old relationship between the United States and China, from the Revolutionary War to the present day From the clipper ships that ventured to Canton hauling cargos of American ginseng to swap Chinese tea, to the US warships facing off against China's growing navy in the South China Sea, from the Yankee missionaries who brought Christianity and education to China, to the Chinese who built the American West, the United States and China have always been dramatically intertwined. For more than two centuries, American and Chinese statesmen, merchants, missionaries, and adventurers, men and women, have profoundly influenced the fate of these nations. While we tend to think of America's ties with China as starting in 1972 with the visit of President Richard Nixon to China, the patterns—rapturous enchantment followed by angry disillusionment—were set in motion hundreds of years earlier. Drawing on personal letters, diaries, memoirs, government documents, and contemporary news reports, John Pomfret reconstructs the surprising, tragic, and marvelous ways Americans and Chinese have engaged with one another through the centuries. A fascinating and thrilling account, *The Beautiful Country and the Middle Kingdom* is also an indispensable book for understanding the most important—and often the most perplexing—relationship between any two countries in the world.

The Sextants of Beijing: Global Currents in Chinese History Joanna Waley-Cohen, 2000-04-17 This powerful work puts to rest the long-held myth that Chinese civilization is monolithic, unchanging, and perennially cut off from the rest of the world. An inviting history of China from the days of the ancient Silk Road to the present, this book describes a civilization more open and engaged with the rest of the world than we think. Whether in trade, religious belief, ideology, or technology, China has long taken part in fruitful exchange with other cultures. With implications for our understanding of and our policies toward China, this is a must read.

Bankers and Empire Peter James Hudson, 2017-04-27 From the end of the nineteenth century until the onset of the Great Depression, Wall Street embarked on a stunning, unprecedented, and often bloody period of international expansion in the Caribbean. A host of financial entities sought to control banking, trade, and finance in the region. In the process, they not only trampled local sovereignty, grappled with domestic banking regulation, and backed US imperialism—but they also set the model for bad behavior by banks, visible still today. In *Bankers and Empire*, Peter James Hudson tells the provocative

story of this period, taking a close look at both the institutions and individuals who defined this era of American capitalism in the West Indies. Whether in Wall Street minstrel shows or in dubious practices across the Caribbean, the behavior of the banks was deeply conditioned by bankers' racial views and prejudices. Drawing deeply on a broad range of sources, Hudson reveals that the banks' experimental practices and projects in the Caribbean often led to embarrassing failure, and, eventually, literal erasure from the archives.

Mapping Chengde Philippe Forêt, 2000-01-01 The imperial residence of Chengde was built by two powerful and ambitious Manchu emperors between 1703 and 1780 in the mountains of Jehol. The site, which is on UNESCO's World Heritage List, combines the largest classical gardens in China with a unique series of grand monasteries in the Sino-Tibetan style. *Mapping Chengde*, the first scholarly publication in English on the Manchu summer capital, reveals how this unlikely architectural and landscape enterprise came to help forge a dynasty's multicultural identity and concretize its claims of political legitimacy. Using both visual and textual materials, the author explores the hidden dimensions of landscape, showing how geographical imagination shaped the aesthetics of Qing court culture while proposing a new interpretation of the mental universe that conceived one of the world's most remarkable examples of imperial architecture.

China Eileen H. Tamura, Eileen Tamura, Linda K. Menton, Noren W. Lush, Francis K. S. Tsui, Warren Cohen, Francis K. C. Tsui, 2003-10-14 *China: Understanding Its Past* aims to fill a conspicuous gap in conventional world history texts, which are often Eurocentric and give scant attention to Asia. Using role-playing, simulations, debates, primary documents, first person accounts, excerpts from literary works, and cooperative learning activities, this text will help students explore many key aspects of China's history and culture. The teacher's manual includes a synopsis of each chapter and section, learner outcomes, definitions of key concepts, directions for student activities, and possible responses to questions posed in the student text. The CD contains selections of Chinese music from different time periods and locales. Liner notes include English translations of lyrics as well as historical information about each selection.

The Sphere , 1905

Ancient Beijing and Western Civilization Zhesheng Ouyang, 2024-10-29 This book explores the historical interactions between Beijing and the West before the Opium War. It focuses on the experiences of Western travellers, missionaries, and envoys who visited Beijing during the Yuan, Ming, and Qing dynasties. As the capital of Imperial China since the Yuan dynasty, Beijing has been central to communication between China and the West. The study uses first-hand historical materials such as travelogues, memoirs, letters, Ming and Qing archives, and scholarly works from both the West and China. It examines their journeys to Beijing, their lives in the city, and their interactions with imperial officials and ordinary people. The book reconstructs Western perceptions of Beijing and their observations of its architecture, customs, geography, and China's history, culture, and political system. It also addresses important historical issues in Sino-Western relations,

including the controversy over Chinese rites between Beijing and the Vatican, attempts to trade with Beijing, sinological studies, and intelligence gathering. The insights gained greatly enhance our understanding of the history of cultural exchange between China and the West. The book will appeal to a wide readership interested in the history of the Yuan, Ming, and Qing dynasties, the history of Beijing, Sino-Western relations, and international Sinology.

Sinologists as Translators in the Seventeenth to Nineteenth Centuries Lawrence Wangchi Wong, Bernhard Fuehrer, 2016-02-15 This collection of papers from the first and second international conferences with the above title explores why early sinologists chose certain works for translation in their particular historical contexts, how such works were interpreted, translated, or manipulated, and the impact they made, especially in establishing the discipline of sinology in various countries.

Remaking the Chinese Empire Yuanchong Wang, 2018-12-15 Remaking the Chinese Empire examines China's development from an empire into a modern state through the lens of Sino-Korean political relations during the Qing period. Incorporating Korea into the historical narrative of the Chinese empire, it demonstrates that the Manchu regime used its relations with Chosŏn Korea to establish, legitimize, and consolidate its identity as the civilized center of the world, as a cosmopolitan empire, and as a modern sovereign state. For the Manchu regime and for the Chosŏn Dynasty, the relationship was one of mutual dependence, central to building and maintaining political legitimacy. Yuanchong Wang illuminates how this relationship served as the very model for China's foreign relations. Ultimately, this precipitated contests, conflicts, and compromises among empires and states in East Asia, Inner Asia, and Southeast Asia - in particular, in the nineteenth century when international law reached the Chinese world. By adopting a long-term and cross-border perspective on high politics at the empire's core and periphery, Wang revises our understanding of the rise and transformation of the last imperial dynasty of China. His work reveals new insights on the clashes between China's foreign relations system and its Western counterpart, imperialism and colonialism in the Chinese world, and the formation of modern sovereign states in East Asia. Most significantly, Remaking the Chinese Empire breaks free of the established, national history-oriented paradigm, establishing a new paradigm through which to observe and analyze the Korean impact on the Qing Dynasty.

Science In China, 1600-1900: Essays By Benjamin A Elman Benjamin A Elman, 2015-05-07 Distinguished historian Benjamin A Elman's collective volume on the history of science in imperial China, brings together over 30 years of historical literature on the subject. With updates to the literature and new material including transcripts of podcasts and translated interview articles, Science in China takes the reader on a journey starting in the early 17th century with the missionary efforts of the Jesuits in China, and ending with the Protestant missions in the 19th century. These two milestone encounters brought Western sciences to local Chinese scholars with great success in shaping modern Chinese science. Elman studies the interaction between Western and Chinese sciences through philological research and evidence, and treats the two

encounters not as separate events but as a continuum of creative exchange of scientific knowledge and discourse.

State, Economy and the Great Divergence Peer Vries,2015-02-26 State, Economy and the Great Divergence provides a new analysis of what has become the central debate in global economic history: the 'great divergence' between European and Asian growth. Focusing on early modern China and Western Europe, in particular Great Britain, this book offers a new level of detail on comparative state formation that has wide-reaching implications for European, Eurasian and global history. Beginning with an overview of the historiography, Peer Vries goes on to extend and develop the debate, critically engaging with the huge volume of literature published on the topic to date. Incorporating recent insights, he offers a compelling alternative to the claims to East-West equivalence, or Asian superiority, which have come to dominate discourse surrounding this issue. This is a vital update to a key issue in global economic history and, as such, is essential reading for students and scholars interested in keeping up to speed with the on-going debates.

Emperor Qianlong Mark C. Elliott,2009 This accessible account describes the personal struggles and public drama surrounding one of the major political figures of the early modern age, with special consideration given to the emperor's efforts to rise above ethnic divisions and to encompass the political and religious traditions of Han Chinese, Mongols, Tibetans, Turks, and other peoples of his realm. From Amazon.

The Emperor of the Primordial World Wu KongDaoRen,2019-11-13 A bastard son of a marquis who had become a slave had encountered a girl that claimed to be a blood robed emperor ... From this moment onwards, he had been tasked with the task of opening the heavens and becoming the ruler of the empire.□

The Immobile Empire Introduction

In today's digital age, the availability of The Immobile Empire books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of The Immobile Empire books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of The Immobile Empire books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing The Immobile Empire versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, The

Immobile Empire books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing The Immobile Empire books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization

that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for The Immobile Empire books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free

access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, The Immobile Empire books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of The Immobile Empire books and manuals for download and embark on your journey of knowledge?

FAQs About The Immobile Empire Books

What is a The Immobile Empire PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a The Immobile Empire PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a The Immobile Empire PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do**

I convert a The Immobile Empire PDF to another file format? There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a The Immobile Empire PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to

compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
