One of Apple's Most Anticipated Books of Winter 2021 A quest to explore some of the most spectacular ancient cities in human history—and figure out why people abandoned them. In *Four Lost Cities*, acclaimed science journalist Annalee Newitz takes readers on an entertaining and mind-bending adventure into the deep history of urban life. Investigating across the centuries and around the world, Newitz explores the rise and fall of four ancient cities, each the center of a sophisticated civilization: the Neolithic site of Çatalhöyük in Central Turkey, the Roman vacation town of Pompeii on Italy's southern coast, the medieval megacity of Angkor in Cambodia, and the indigenous metropolis Cahokia, which stood beside the Mississippi River where East St. Louis is today. Newitz travels to all four sites and investigates the cutting-edge research in archaeology, revealing the mix of environmental changes and political turmoil that doomed these ancient settlements. Tracing the early development of urban planning, Newitz also introduces us to the often anonymous workers—slaves, women, immigrants, and manual laborers—who built these cities and created monuments that lasted millennia. *Four Lost Cities* is a journey into the forgotten past, but, foreseeing a future in which the majority of people on Earth will be living in cities, it may also reveal something of our own fate.

Gus is a very curious indoor cat that just wants a taste of the outdoors. He finds out in this story that he may be in for more than he bargained for. This story was inspired by the antics of our very own cat who was able to sneak outside on more than one occasion. It was born when our children would ask if he was okay, and if he would return. We often talked about the fun adventures he was probably having, but it also provided the opportunity to talk about loss at the child's pace. This wonderfully illustrated book follows Gus in his adventure. This book is great for kid's imaginations and can be a good tool to help cope with a lost pet.

THE INTERNATIONALLY BESTSELLING PSYCHOLOGICAL SUSPENSE NOVEL YOU CAN'T MISS... I loved the book, *The Secret*. I realized pieces were left out. So I tracked down the missing pieces. This book contains what I found. This book describes how to have fun using the Law of Attraction, or really Resonant Attraction, Manifestation, and adjustment of energies, to benefit yourself and others. It contains the essence of over 200 books, and numerous seminars, on the subject. This book is written along the lines of the Tao Te Ching, Sun Tzu's *Art of War*, Richard Bach's book *Illusions*, or *Journey to the Ancestral Self*, where one can go back to it many times, and get something new and fascinating, each time. One reviewer said this book could be a playbook for life. All reviewers said it was the most complete book they had ever seen, on the subject. The editors of *Think and Grow Rich* left out a lot of material they felt people weren't ready for. This book fills in most of those gaps, also. We seek out problems for their gifts, because we grow as we solve those problems. You cannot solve a problem out of the same place it was created. You must go to a new level of order. Everything you see in this book, and every human creation, was sought out to solve some problem, by someone in a state of confusion, who didn't have the answer at first, and asked new questions. The Universe has benevolent intentions for you, if you choose to let it work that way. Your default setting is peace, love, joy, healing beauty, happiness, satisfaction, comfort, contentment, and everything that makes life worthwhile. Only you can change the default settings. You change them by invoking the Law of Attraction, with intent. You already have and are everything you could ever need, want, be, do, or have, inside, in the field of possibility. Energy flows where attention goes. What you concentrate on grows. You can create anything you want. You already create your world, perhaps unconsciously. This book is about becoming a conscious creator, so you consciously choose what you will create, and then becoming an effortless creator. The Law of Attraction is very simple. It is really a Law of Resonant Attraction. Stop believing, feeling, and thinking about what you don't want, and start believing, feeling, and thinking what supports you, and what would support your growth. You never want things as things; you seek the feelings having the things will bring to you. You can create those feelings right now. What would it feel like, if your dream was real, right now? What would you see, hear, and feel if you already had whatever you seek? Spend as much time as you can, in that state of being. 90% of success is having a clear intent. Take action as you feel guided to do so. The intent of this book is to guide you into experiencing and realizing your dreams. This book is very similar to Dowsing and Manifesting- though it doesn't use dowsing language- and Redneck Shaman- though it isn't specifically shamanic. The three authors differed on what the final product should look like, so they each went in their own direction.

The transition from President Donald J. Trump to President Joseph R. Biden Jr. stands as one of the most dangerous periods in American history. But as # 1 internationally bestselling author Bob Woodward and acclaimed reporter Robert Costa reveal for the first time, it was far more than just a domestic political crisis. Woodward and Costa interviewed more than 200 people at the center of the turmoil, resulting in more than 6,000 pages of transcripts—and a spellbinding and definitive portrait of a nation on the brink. This classic study of Washington takes readers deep inside the Trump White House, the Biden White House, the 2020 campaign, and the Pentagon and Congress, with vivid, eyewitness accounts of what really happened. Peril is supplemented throughout with never-before-seen material from secret orders, transcripts of confidential calls, diaries, emails, meeting notes and other personal and government records, making for an unparalleled history. It is also the first inside look at Biden's presidency as he faces the challenges of a lifetime: the continuing deadly pandemic and millions of Americans facing soul-crushing economic pain, all the while navigating a bitter and disabling partisan divide, a world rife with threats, and the hovering, dark shadow of the former president. "We have much to do in this winter of peril," Biden declared at his inauguration, an event marked by a nerve-wracking security alert and the threat of domestic terrorism. Peril is the extraordinary story of the end of one presidency and the beginning of another, and represents the culmination of Bob Woodward's news-making trilogy on the Trump presidency, along with Fear and Rage. And it is the beginning of a collaboration with fellow Washington Post reporter Robert Costa that will remind readers of Woodward's coverage, with Carl Bernstein, of President Richard M. Nixon's final days.

The tale begins over three-hundred years ago, when the Fair People—the goblins, fairies, dragons, and other fabled and fantastic creatures of a dozen lands—fled the Old World for the New, seeking haven from the ways of Man. With them came their precious jewels: diamonds, rubies, emeralds, pearls... But then the Fair People vanished, taking with them their twelve fabulous treasures. And they remained hidden until now... Across North America, these twelve treasures, over ten-thousand dollars in precious jewels in 1982 dollars, are buried. The key to finding each can be found within the twelve full-color paintings and verses of *THE SECRET*. Are you smart enough? *THE SECRET: A TREASURE HUNT* was published in 1982. The year before publication, the author and publisher Byron Preiss had traveled to 12 locations in the continental U.S. (and possibly Canada) to secretly bury a dozen ceramic casques. Each casque contained a small key that could be redeemed for one of 12 jewels Preiss kept in a safe deposit box in New York. The key to finding the casques was to match one of 12 paintings to one of 12 poetic verses, solve the resulting riddle, and start digging. Since 1982, only two of the 12 casques have been recovered. The first was located in Grant Park, Chicago, in 1984 by a group of students. The second was unearthed in 2004 in Cleveland by two members of the Quest4Treasure forum.

Have you ever wondered why guru advice doesn't work for you? How can you possibly expect miracles in your life when you can't even get through the day? For most of Vitale's career, he's helped people understand how to improve their lives and live their dreams. During that time, he's also encountered many people who are convinced that it won't work and that all those great and wonderful things that happen to others will never happen for them. The world of self development seems inundated with the idea that positive thoughts will change your life. While that is part of the solution, it is only one part. Vitale believes that positive expectation coupled with action is the real key. A person can try to convince himself that he is happy, but if his mind is filled with counter intentions and self limiting beliefs that tell him otherwise, he will never make any progress. The only way to truly live one's dreams is to clear away those counter intentions and take total responsibility for one's own happiness. This audio book will teach the listener : · How his own thoughts and experiences create negative self talk · How to bring himself to conscious awareness and affect change · How to be grateful for all the experiences in his life and use them for good · That we have the power to choose how we view the circumstances in our lives · What one tells oneself versus the reality of what is · How to live and be present in life rather than living in the past or future. This audio book presents the steps that can help the listener find his own inner miracle and will teach him how to expect miracles in his life each and every day.
