

The Kingdom Of Agarttha A Journey Into The Hollow Earth

Unpleasant things are going on in an exclusive school for girls - things like murder... Late one night, two teachers investigate a mysterious flashing light in the sports pavilion, while the rest of the school sleeps. There, among the lacrosse sticks, they stumble upon the body of the unpopular games mistress - shot through the heart from point blank range. The school is thrown into chaos when the 'cat' strikes again. Unfortunately, schoolgirl Julia Upjohn knows too much. In particular, she knows that without Hercule Poirot's help, she will be the next victim...

1959 Physical continuity of the universe. Contents: the Changing Scene; Extrasensory Perception; Connected Universe; Modern Columbus Seeks Queen Isabella; Disclosing Southern Land Corridor into the Heavens Above; Stratosphere Revelations; Journey.

In Medieval times, people believed the Earth was flat and that the sun rotated around it. The Catholic Church considered it heresy to suggest that the Earth was round and orbited the sun. The astronomer, Copernicus, was aware of this, and did not dare publish his findings until on his death-bed in 1543. The next major "disclosure" is revealed in this book. The Earth is hollow and populated by an advanced race, who is planning to come to the aid of people on the surface very soon. Will this concept be accepted by scientists and the religious community? Is this science-fiction, fantasy, or liberation? We can only advise you to read this book, written as a novel, and examine your own heart. There are those who have already visited Agarttha, the world inside the planet, and found society there advanced and flourishing. Admiral Richard E. Byrd, USA (1947) is one of them. He was not given to flights of fancy. Mariana Stjerna made contact with Timothy Brooke, a Canadian, who appeared to her briefly and then "dictated" this book. He was saved by Agarthans from a shipwreck off the coast of Canada in the mid-20th century, and is now alive and well in Agarttha. In this book, he recounts his story and describes life in this five-dimensional paradise.

EXPLORE A STRANGE LAND KEPT HIDDEN FROM THE PUBLIC -

1964 Dr. Bernard says this is the true home of the flying saucers. the epoch-making significance of Adm. Byrd's flight for 1,700 miles into the North Polar opening leading to the hollow interior of the earth, the home of a Super Race who are the Creators.

First English translation of the book that introduced the realm of Hollow Earth • Explores the underground world of Agarttha, sometimes known as Shambhala, a realm that is spiritually and technologically advanced beyond our modern culture • One of the most influential works of 19th-century occultism • Written by the philosopher who influenced Papus, Rene Guénon, and Rudolf Steiner The underground realm of Agarttha was first introduced to the Western world in 1886 by the French esoteric philosopher Alexandre Saint-Yves d'Alveydre with his book Mission de l'Inde, translated here for the first time into English. Saint-Yves's book maintained that deep below the Himalayas were enormous underground cities, which were under the rule of a sovereign pontiff known as the Brahâtna. Throughout history, the "unknown superiors" cited by secret societies were believed to be emissaries from this realm who had moved underground at the onset of the Kali-Yuga, the Iron Age. Ruled in accordance with the highest principles, the kingdom of Agarttha, sometimes known as Shambhala, represents a world that is far advanced beyond our modern culture, both technologically and spiritually. The inhabitants possess amazing skills their above ground counterparts have long since forgotten. In addition, Agarttha is home to huge libraries of books engraved in stone, enshrining the collective knowledge of humanity from its remotest origins. Saint-Yves explained that the secret world of Agarttha, and all its wisdom and wealth, would be made available for humanity when Christianity and all other known religions of the world began truly honoring their own sacred teachings.

Beginning with the Hollow Earth/Hollow Planets theory, science can now begin to discover a whole new way of looking at the Universe. NASA may not be able to see life on any of the planets of our Solar System, yet if they are hollow, a whole new frontier of space exploration will open up. If the so-called gaseous planets are in reality hollow, they all could have solid surfaces, including the Sun! The signature of a star is its output of radio waves, electromagnetic radiation and atomic particles -- a solar wind. NASA has discovered auroras emitting from Earth, Jupiter, Saturn, Neptune and Uranus. Since none of these planets, including even Earth, receive enough energy from the Sun to light up their auroras, the Hollow Earth theory provides an alternative answer: The solar wind causing the auroras of all the planets comes from their Inner Suns emanating through polar openings. Earthquakes on Earth cause the earth to vibrate like a bell, which is hollow. Apollo missions to the Moon discovered that the Moon rings like a bell when hit by a large meteorite, and images of the surface of the Sun show quakes on the surface of the Sun that cause tsunamis to go out from the epicenter passing over mountain features on the surface. Perhaps the stories of explorers going into the interior of the Earth, the Sun and other planets and finding human populations living there are based on a truth that God creates planets to be inhabited, not so much on their exteriors, but on their interiors. The Lost Ten Tribes are rumored to have found an entrance into the hollow of the Earth in the North and explorers who have been there through the North Polar Opening report that the people there have built a fantastic civilization with flying saucer technology, long lives, perfect health and an economy of abundance. Maybe our astronomers have been looking in the wrong place for life on other worlds.

Perhaps worlds are not built by the Creator primarily to be inhabited on their exteriors, but on their interiors where the people can be shielded from meteor and asteroid hits, impossibly cold and hot climates, dust storms, tornados and hurricane winds. The people of Tibet believe in an underworld they call Agarttha. The Indians of America believe their ancestors emerged from within the Earth. Even the Lost Books of the Bible relate how our first parents Adam and Eve emerged from "Mother Earth" after being evicted by God from the Garden of Eden. Come with us, and let's explore the next frontier -- the hollow earth and hollow planets where we can learn where we came from, why we are here on this planet and what is soon to come.

The swastika has been used for over three thousand years by billions of people in many cultures and religions—including Buddhism, Jainism and Hinduism—as an auspicious symbol of the sun and good fortune. However, beginning with its hijacking and misappropriation by Nazi Germany, it has also been used, and continues to be used, as a symbol of hate in the Western World. Hitler's device is in fact a "hooked cross." Rev. Nakagaki's book explains how and why these symbols got confused, and offers a path to peace, understanding, and reconciliation. Please note: Photographs in the digital edition of the books are in color. Photographs in the print edition are in black and white.

For centuries the people of Tibet and Mongolia have believed in the existence of Shambhala, a mythical kingdom hidden in the remote mountains of Central Asia. There, it is said, a line of enlightened kings is guarding the highest wisdom for a time when all spiritual values in the world outside will be lost in war and destruction. At that time, according

to the legend, a great king will emerge from this sanctuary to defeat the forces of evil and establish a golden age. Drawing on Tibetan and Sanskrit texts, interviews with lamas in Nepal and India, and his own experiences in the Himalayas, Edwin Bernbaum gives a detailed account of this intriguing legend, examining its basis in the history and religion of the region, as well as exploring its symbolic meaning.

THE SMOKY GOD is an Edwardian era "hollow earth" fantasy novel, presented as a true story. The narrator, Olaf Jansen, voyages through a polar opening in 1829 and spends 2 years in a strange underground world, believed to be the original Garden of Eden. This inner Earth is lit by its own sun, and here underground civilization has diverged from the ways of the surface. Here are giants, monsters, omnipotent High Priests, and lost races that speak Sanskrit -- a world of wonders, which Olaf will be lucky to survive! Includes the original color illustrations from the serialization in The National Magazine (1907-8). "Fictional reconciliation of hollow-earth theories with eclectic Fundamentalism." -- Science-Fiction: The Early Years

In this compelling book, Colin Wilson argues that thousands of years before ancient Egypt and Greece held sway, there was a great civilization whose ships traveled the world from China to Antarctica. Their advanced knowledge of science, mathematics, and astronomy was passed on to descendants who escaped to Egypt and South America. From Atlantis to the Sphinx bases this assertion on a true fact: that archaeologists and geologists are at odds over the age of the Sphinx. Archaeologists claim that the Sphinx dates to classical dynastic Egypt, around 2,400 b.c. But some geologists claim that it could have been built as early as 7,000 to 10,500 b.c. The geologists' claim is based on the curious fact that the erosion of the Sphinx is more characteristic of water erosion than that of wind and sand. Starting from the assumption that there was an advanced civilization in existence much earlier than previously thought, Wilson goes on to claim that it could very well be Atlantis--not a literal island that sank, but more of a great civilization that either declined naturally or experienced a great catastrophe, passing on only a fraction of its knowledge to other peoples. From Atlantis to the Sphinx delves into what might have been a completely different knowledge system from that of modern man--one as alien to us as that of the Martians. The book sets out to reconstruct that ancient knowledge in a fascinating exploration of the remote depths of history, a ground-breaking attempt to understand how these long-forgotten peoples thought, felt, and communicated with the universe.

The deserved rest of Colonel Bantroy and his wife Dorothy is suddenly interrupted by the alarming news brought by the maid: they have found the corpse of a young woman in the library. Suddenly, the life of the retired soldier turns around, becoming a victim of the gossip and gossip that circulates about such a sad event that has shocked the entire puritanical community of St. Mary Mead. Dorothy, ready to address any doubts and keep the honor of her distinguished family unblemished, decides to go to her friend Miss Marple, an occasional detective with extraordinary intuitive skills that will determine who and why he has committed such murder precisely in the colonel's house.

1951 Sungma Red Lama, messenger of Buddha, mystic, adept. Illustrated with rare unusual photographs. When speaking of Agharta one will have to visualize a vast underground terminal city, being a branch of a subterranean, sub-oceanic network of tunnels.

Hastings brings 3 newspaper stories to Poirot's attention, trying to interest him in a new case: a bank clerk who disappeared with fifty thousand pounds of securities, a suicidal man, and a missing typist. Instead, he agrees to investigate Mrs Todd's case of a missing cook.

In this fresh and innovative middle grade fantasy, imagination matters most in a world where art can keep monsters trapped—or set them free. Lots of twins have a special connection, but twelve-year-old Matt and Emily Calder can do way more than finish each other's sentences. Together, they are able to bring art to life and enter paintings at will. Their extraordinary abilities are highly sought after, particularly by a secret group who want to access the terrors called Hollow Earth. All the demons, devils, and evil creatures ever imagined are trapped for eternity in the world of Hollow Earth—trapped unless special powers release them. The twins flee from London to a remote island off the west coast of Scotland in hopes of escaping their pursuers and gaining the protection of their grandfather, who has powers of his own. But the villains will stop at nothing to find Hollow Earth and harness the powers within. With so much at stake, nowhere is safe—and survival might be a fantasy.

Nearly 4,000 years ago in Egypt, Nofret, the beautiful concubine, was murdered. The possible murderers in the master's family were the next to die.

Explanation and evidence of a mysterious power that controls people and nature.

Beliefs in mysterious underworlds are as old as humanity. But the idea that the earth has a hollow interior was first proposed as a scientific theory in 1691 by Sir Edmond Halley (of comet fame), who suggested that there might be life down there as well. Hollow Earth traces the surprising, marvelous, and just plain weird permutations his ideas have taken over the centuries. From science fiction to utopian societies and even religions, Hollow Earth travels through centuries and cultures, exploring how each era's relationship to the idea of a hollow earth mirrored its hopes, fears, and values. Illustrated with everything from seventeenth-century maps to 1950s pulp art to movie posters and more, Hollow Earth is for anyone interested in the history of strange ideas that just won't go away.

IS THERE A GREAT UNKNOWN LAND -- A PARADISE -- BEYOND THE POLES? DID ONE OF THE MOST FAMOUS EXPLORERS OF ALL TIME TRAVEL TO THIS "UNDISCOVERED CONTINENT" THAT EXISTS INSIDE THE EARTH? Said to be the great explorer's "missing journal" describing his mysterious voyage inside the earth which was never revealed to the public. Supposedly, Byrd say a great land beyond the pole that was NOT covered in ice and met beings of a super nature.

In these fictional accounts, the wisdom of Ancient Egypt is revealed through the eyes of a young Her-Bak, a candidate for initiation into the Inner Temple. The events related take place between the XX and XXI dynasties. In this volume Her-Bak's training in the living school of Nature and in the Outer Temple unfolds.

Telepathic messages from advanced civilizations that live in peace and harmony in the center of our Earth, which is hollow and contains an inner sun, with oceans and mountains still in their pristine state.

DOES A SECRET SUBTERRANEAN PARADISE EXIST BENEATH THE EARTH? DOES ITS VAST LIBRARIES HOUSE THE WISDOM OF ALL AGES? WHY IS ITS VERY EXISTENCE KEPT A SECRET UNDER "PENALTY OF DEATH?" WHO IS THE KINGDOM'S MOST POWERFUL RULER KNOWN AS THE "KING OF THE WORLD," AND WHAT POWERS DOES HE COMMAND? Dr Raymond Bernard was the first to popularize the theory that at least some flying saucers came from inside the earth. He owned up a virtual "Pandora's Box" with the concept that another civilization exist beneath our very feet that has been hidden from the world. And while the late "Professor" Bernard contributes his own findings to this amazing work, it is Ferdinand Ossendowski while attempting to escape Russia and the Bolsheviks, who pausing to speak with monks and lamas, discovered an entire tradition about a subterranean "holy land" known as Agharta. It was claimed that Agharta is presided over by a most powerful and enlightened man they referred to as the King of the World, "Who speaks with God as I speak to you. He knows all the forces of the world and reads all the souls of mankind and the great book of their destiny." Millions of Buddhists worldwide accept the reality of Agharta and its benevolent ruler, though some say that it actually exists on the "edge of reality," in a "parallel place," Historically, Hitler sent a team of anthropologists to Tibet to seek out the kingdom. They hoped to make a pact with the King of the World, who, it turned out, would not meet with the outsiders. Though it is difficult to prove, some of those who have ventured into this remote territory in search of this underground world have never returned. No bodies have been found, leading to speculation that they eventually found the land that has been lost to time. Fascinating reading, this may be one of the most important books you ever read on the way to spiritual enlightenment.

Set during the dark days of World War II, Agatha Christie's *N or M?* puts two most unlikely espionage agents, Tommy and Tuppence Beresford, on the trail of a pair of Nazi spies who have murdered Britain's top agent. World War II is raging, and while the RAF struggles to keep the Luftwaffe at bay, Britain faces a sinister threat from "the enemy within"—Nazis posing as ordinary citizens. With pressure mounting, the intelligence service appoints two improbable spies, Tommy and Tuppence Beresford. Their mission: to seek out a man and a woman from among the colorful guests at Sans Souci, a seaside hotel. But this assignment is far from an easy stroll along the promenade—N and M have just murdered Britain's finest agent and no one can be trusted.

This early science fiction novel offers a fascinating vision of a shadowy underworld populated by strange and beautiful creatures who closely resemble the angels described in Christian lore. These beings, known as Vrilya, live underground, but are planning soon to claim the surface of the earth as their own -- destroying humankind in the process.

In the common parlance of the modern world, "myth" is often taken to refer to something false, a foolish misconception, or the superstitions of primitive societies and archaic worldviews that have been discredited and overcome by secular, empirical reason. In *The Reawakening of Myth*, Boris Nad contends that nothing could be further from the truth. *Sacred Myth*, Nad sketches, is concerned with timeless realities which express fundamental principles, and the world's mythologies are rich repositories of wisdom and experience touching the existential nerves of the human condition. Mythical forces, beings, and realities can and might very well have "withdrawn" from our line of sight, but they have not disappeared. Myth continues to express itself in history, whether we are conscious of it or not, and just as myths might seem to "withdraw", so can they "return." *The Reawakening of Myth* gathers an unprecedented selection of Boris Nad's meditations on Myth in different genres - from essays and commentaries to short stories, novels, and accounts of visionary experiences. Nad not only retells, investigates, and compares ancient myths across North, South, East and West, but goes further to envision how the conflicts and crises of the present might be deciphered in mythical terms. From the epics of ancient Greece and India to Christian visions of the End Times, from the mysterious lands of Hyperborea, Atlantis, and Agarttha to modern geopolitics, from visions of prehistoric paradises to Postmodern dystopias, Boris Nad's *The Reawakening of Myth* is an immersion into how Myth and the processes of "de-mythologization" and "re-mythologization" constantly affect our world, our history, and ourselves.

A spiritual teacher communicating from another world through the author discusses enlightenment, reality, personal power, healing, and death

GOES WELL BEYOND HIS PREVIOUSLY PUBLISHED "PERSONAL DIARY" . . .

Quotes from SAINT-YVES D'ALVEYDRE Excerpts from *MISSION OF THE JEWS* "One of the main purposes of this book is to prove that Judeo-Christian intellectual and social esoterism is rightly the continuation, the fulfillment, of the whole antique theosophical tradition, of which the two Testaments have made us inheritors." "More than 8,000 years before Christ, existed a Universal Social State, coordinated within itself by a whole hierarchical series of arbitral institutions." "Now, once one holds this secret thread of History, it is no longer permissible to misunderstand the fact that Religion was everywhere the safeguard of Science, of good social organization and of public liberties." "Being a reflection of the Universe, the ancient Temples possessed scientific doctrines. Moses knew all these traditions. In his Book "Moses himself covered his thoughts with a triple hermetic veil only to be later lifted by Initiation. And in the parables of His Testament, Jesus Christ promised the Kingdom of the Holy Spirit, where All Truth will be demonstrated and known."

In the winter of 1947, Admiral Richard E. Byrd allegedly flew a secret mission across the frozen waters of the arctic. There, he claimed to have seen a previously unknown land with forests and even prehistoric animals. Even more incredible, he encountered flying discs from a technologically advanced civilization hidden deep within the hollow Earth. This incredible adventure is revealed in Byrd's diary which had been missing for many years. Had it been sealed away by the U.S. government in fear of the haunting message given to Byrd by the inhabitants of the hollow Earth? Or is the truth even more shocking? We now know that at the time referenced in Byrd's missing diary, he had actually been part of the Navy mission to Antarctica called Operation Highjump. This mission may have been a massive operation to uncover a secret Nazi stronghold hidden away in Antarctica...a stronghold that allegedly had a connection to Hitler's search for the entrance into the hollow Earth. This is the mystery. What is the secret of Admiral Richard E. Byrd's Missing Diary? Is it government disinformation to hide Byrd's search for the last remnants of the Third Reich? Or is it a warning for the inhabitants of the surface world... "Change your warlike ways before it is too late!" Admiral Richard E. Byrd's Missing Diary is a shocking revelation of the mystery of the Hollow Earth and the possible secret origin of UFOs, which was called "The Greatest Secret Since the Manhattan Project!" A Zontar Press Book After her father's death, young Anne Beddingfeld moves to London with her meagre inheritance, hopeful and ready to meet adventure. She witnesses a fatal accident at a Tube station and picks up a cryptic note dropped by the anonymous doctor who appeared on the scene. When Anne learns of a murder at the estate that the dead man was on his way to visit, it confirms her suspicion that the man in the brown suit who lost the note was not a real doctor. With her clue in hand she gains a commission from the newspaper leading the search for the "man in the brown suit," and her investigation leads her to take passage on a South Africa-bound ocean liner. On board, she meets a famous socialite, a fake missionary, a possible secret service agent, and the M.P. at whose estate the second murder occurred. She learns about a secretive criminal mastermind known only as the Colonel and of stolen diamonds connected to it all. During the voyage, she evades an attempt on her life, and in South Africa she escapes from a kidnapping and barely survives another attack on her at Victoria Falls. She falls in love, finds the diamonds,

and discovers the truth about the two deaths in London that started it all. Finally, she confronts the mysterious criminal mastermind, the Colonel. Published in 1924 by the Bodley Head, *The Man in the Brown Suit* is Agatha Christie's fourth novel. Unlike the classic murder mysteries that made her famous, *The Man in the Brown Suit*, like her second novel *The Secret Adversary*, is an international crime thriller. This book is part of the Standard Ebooks project, which produces free public domain ebooks.

This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work was reproduced from the original artifact, and remains as true to the original work as possible. Therefore, you will see the original copyright references, library stamps (as most of these works have been housed in our most important libraries around the world), and other notations in the work. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. As a reproduction of a historical artifact, this work may contain missing or blurred pages, poor pictures, errant marks, etc. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

With the utmost joy and enthusiasm, my population of the Agarthans of Inner Earth has now decided to contact the civilisations of Outer Earth, to let you comprehend an entirely new aspect of your home planet, Earth, and to give us an opportunity to introduce ourselves. The millennia of separation from our co-inhabitants on Earth is finally dispelled. The new, high five-dimensional energy now makes this merger possible. As one unified population of Earth, we will be able to embrace our cosmic family of Light together and to join the cosmic councils. The time has come to get to know each other and to guide the fate of our dear Mother Earth together. We are all ONE, residents of Earth, Terra, or Gaia. Together with her, we will continue on our cosmic journey of Light. May our presence give you joy, and may it let you see Terra with new eyes. It is with great yearning that we are expecting the reunification of our Brothers and Sisters of Outer Earth. Alao Your brother, Rodon of Agarttha
