

## The Knight In Rusty Armor Robert Fisher

A young man in his teens is transported from our world to a magical realm that contains seven levels of reality. Very quickly transformed by magic into a grown man of heroic proportions, he takes the name Able and sets out on a quest to find the sword that has been promised to him, a sword he will get from a dragon, the one very special blade that will help him fulfill his life ambition to become a knight and a true hero. Inside, however, Able remains a boy, and he must grow in every sense to survive the dangers and delights that lie ahead in encounters with giants, elves, wizards, and dragons. His adventure will conclude next year in the second volume of *The Wizard Knight, The Wizard*. Gene Wolfe is one of the most widely praised masters of SF and fantasy. He is the winner of the World Fantasy Award for Life Achievement, the Nebula Award, twice, the World Fantasy Award, twice, the John W. Campbell Memorial Award, the British Fantasy Award, and France's Prix Apollo. His popular successes include the four-volume classic *The Book of the New Sun*. With this new series, Wolfe not only surpasses all the most popular genre writers of the last three decades, he takes on the legends of the past century, in a work that will be favorably compared with the best of J. R. R. Tolkien, E. R. Eddison, Mervyn Peake, and T. H. White. This is a book---and a series---for the ages, from perhaps the greatest living writer in (or outside) the fantasy genre. If the old toy soldier hadn't come to life, Roger would never have discovered the magic. And that would never have happened if he and his sister, Ann, hadn't been sent to stay with their bossy cousins for the summer. And that wouldn't have happened at all if their father hadn't gotten sick and gone into the hospital. But all of that did happen, and now Roger, his sister, and their cousins find themselves in a bygone world of chivalry and knighthood, of Robin Hood and Ivanhoe. In this knightly realm they can make a difference—and perhaps even save the person they most need to save—if only they are smart and brave enough, if only they are true to their hearts.

Traitor ... or hero? This is the tale of Lorn Askarian. Some say he brought the kingdom to the brink of destruction, taking advantage of a dying king and an unpopular queen to strike against his enemies, heedless of the danger posed by a growing rebellion. Others claim he saved the kingdom, following the orders of a king who had him falsely imprisoned, heedless of the personal cost, and loyal to the last - fighting against desperate odds on the political and physical battlefields alike. Whatever the truth, whatever you choose to believe, this is his story. 'Pierre Pevel writes fantasy novels of depth and style' SciFi Now

For many parents of troubled teenagers, a therapeutic program that takes the child from the home for a period of time offers some respite from the daily tumult of acting out, lies, and tension that has left the family under siege. However, just as the teenager is embarking on a journey of self-discovery, skill-development, and emotional maturation, so parents too need to use this time to recognize that their own patterns may have contributed to their family's downward spiral. This is The Parallel Process. Using case studies garnered from her many years as an adolescent and family therapist, Krissy Pozatek shows parents of pre-teens, adolescents, and young adults how they can help their children by attuning to emotions, setting limits, not rushing to their rescue, and allowing them to take responsibility for their actions, while recognizing their own patterns of emotional withdrawal, workaholicism, and of surrendering their lives and personalities to parenting. The Parallel Process is an essential primer for all parents, whether of troubled teens or not, who are seeking to help the family stay and grow together as they negotiate the potentially difficult teenage years.

and a little more wisdom. In *Love for Imperfect Things*, Haemin Sunim shows us how to cultivate all three, and to find beauty in the most imperfect of things--including your very own self." A #1 internationally bestselling book of spiritual wisdom about learning to love ourselves, with all our imperfections, by the Buddhist author of *The Things You Can See Only When You Slow Down* Hearing the words "be good to yourself first, then to others" was like being struck by lightning. Others react by working harder at the office, at school, or at home, hoping that this will make ourselves and the people we love happier. But what if being yourself is enough? Just as we are advised on airplanes to take our own oxygen first before helping others, we must first be at peace with ourselves before we can be at peace with the world around us. In this beautiful follow-up to his international bestseller *The Things You Can See Only When You Slow Down*, Zen Buddhist monk Haemin Sunim turns his trademark wisdom to the art of self-care, arguing that only by accepting yourself--and the flaws that make you who you are--can you have compassionate and fulfilling relationships with your partner, your family, and your friends. With more than thirty-five full-color illustrations, *Love for Imperfect Things* will appeal to both your eyes and your heart, and help you learn to love yourself, your life, and everyone in it. A collection of more than fifty poems about a variety of sinister, silly, sad, or secretive ghosts.

Francis of Assisi is, after Mary of Nazareth, the greatest saint in the Christian calendar, and one of the most influential men in the whole of human history. By universal acclaim, this biography by G. K. Chesterton is considered the best appreciation of Francis's life--the one that gets to the heart of the matter. For Chesterton, Francis is a great paradoxical figure, a man who loved women but vowed himself to chastity; an artist who loved the pleasures of the natural world as few have loved them, but vowed himself to the most austere poverty, stripping himself naked in the public square so all could see that he had renounced his worldly goods; a clown who stood on his head in order to see the world aright. Chesterton gives us Francis in his world--the riotously colorful world of the High Middle Ages, a world with more pageantry and romance than we have seen before or since. Here is the Francis who tried to end the Crusades by talking to the Saracens, and who interceded with the emperor on behalf of the birds. Here is the Francis who inspired a revolution in art that began with Giotto and a revolution in poetry that began with Dante. Here is the Francis who prayed and danced with pagan abandon, who talked to animals, who invented the creche.

"It is 1483, and Sir Thomas Lemuel Hawke, a Cornish knight, is about to ride into battle. On the eve of his departure, he composes a letter to his four young children, consisting of twenty virtues that provide instruction on how to live a noble life, and on all the lessons, large and small, that he might have imparted to them himself were he not expecting to die on the battlefield. "Why am I alive? Where was I before I was born? What will happen to me when I die? Whatever well our lives are drawn from, it is deep, wild, mysterious, and unknowable..."*Rules for a Knight* is many things: a code of ethics; an intimate record of a lifelong quest; a careful recounting of a knight's hardest won lessons, deepest aspirations, and most richly instructive failures; and an artifact, a relic of a father's exquisite love. Drawing on the ancient teachings of Eastern and Western philosophy and religion, on literature, and poetry, and on the great spiritual and political writings of our time, Ethan Hawke has written a parable that--in the story of a young man's journey toward a life of authenticity and meaning--captures the instinctive movement of the heart toward truth and beauty. *Rules for a Knight* has the appeal of Arthurian legend; the economy of Aesop; and the vitality, intelligence, and risk-taking that could only emanate from Ethan Hawke"--

It is an easy-to-follow narrative, making it accessible to everyone, built with some humor, and is enjoyed by adults, teenagers and children alike. The book tells a story of a somewhat egocentric man, who lives his life concerned with his appearance. Everything he does is without consideration for his wellbeing, rather with the aim of seeking approval of others... Little by little he is locked in his armor, which over time rusts and leaves him imprisoned by his appearance. Then comes a life of reflection and recovery for him. He embarks on a journey to free himself from his prison, during which he enlists the help of a magician. It is an excellent allegory that teaches the importance of being who you are on the inside, without the need to mask your appearance.
