"Mamoon Azam is an eminent Indian-born writer who has made a career in England--but now, in his early seventies, his reputation is fading, his book sales are nonexistent, and his flamboyant second wife's expensive habits are bleeding him dry. In an attempt to revitalize his career and reputation, Mamoon's publisher commissions Harry, an ambitious young writer, to pen the famous writer's biography. Honored and slightly intimidated, Harry promises himself that he will present an unbiased look at his literary hero--but Mamoon's publisher is after a more naked truth, a salacious tale of the author's life that will generate headlines. Meanwhile, Mamoon is less than cooperative. Vain, breathtakingly cynical, and cruelly manipulative, Mamoon turns out to have a hidden agenda of his own. Harry and Mamoon find themselves in a battle of wills, but which of them will have the last word? The ensuing struggle for dominance raises questions of love and desire, loyalty and betrayal, and the frailties of age versus the recklessness of youth. A poignant and brilliantly entertaining book, *THE LAST WORD* is a tale of youthful exuberance, as hilarious as it is moving, and is Kureishi's most important work to date"--

Amoral, cunning, ruthless, and instructive, this multi-million-copy New York Times bestseller is the definitive manual for anyone interested in gaining, observing, or defending against ultimate control – from the author of *The Laws of Human Nature*. In the book that *People* magazine proclaimed "beguiling" and "fascinating," Robert Greene and Joost Elffers have distilled three thousand years of the history of power into 48 essential laws by drawing from the philosophies of Machiavelli, Sun Tzu, and Carl Von Clausewitz and also from the lives of figures ranging from Henry Kissinger to P.T. Barnum. Some laws teach the need for prudence ("Law 1: Never Outshine the Master"), others teach the value of confidence ("Law 28: Enter Action with Boldness"), and many recommend absolute self-preservation ("Law 15: Crush Your Enemy Totally"). Every law, though, has one thing in common: an interest in total domination. In a bold and arresting two-color package, *The 48 Laws of Power* is ideal whether your aim is conquest, self-defense, or simply to understand the rules of the game.

Preacher, teacher, story-teller, moralist. Spiritual surgeon, sage, writer, comic. All things considered, it seems the only label that fits author Buckingham is Jamie! "THE LAST WORD" is eight-two chapters of truth that cut incisively into the heart of human life. Mixing precision with wit, Jamie exposes our fears and our foibles, levels our elevated self-images, and prepares us for the reconstructing power of the Holy Spirit. Take two and a half minutes to read any chapter, and you'll see that you just can't stop at one! Based on the widely-acclaimed success of "Run Baby Run" with Nicky Cruz, "Tramp for the Lord" with Corrie ten Boom, and "Daughter of Destiny" about Kathryn Kuhlman, Jamie Buckingham has earned himself a solid reputation as one of contemporary Christianity's best-known authors. As well as in books such as "Into the Glory," "God Can Do It Again" with Kathryn Kuhlman, and "Shout It From The Housetops" with Pat Robertson, Jamie's expertise has been put to good use in a wide range of magazines and newspapers, including "The Logos Journal" and "Charisma Magazine."

It is shame that the modern world have lost the edge when it comes to the power of prayer. Prayer is so powerful that in the hand of a righteous person, that a man like us named Elijah prayed earnestly that it will not rain and it did not rain for three and half year. And to show how effective prayer can be, he prayed again and the heavens gave rain. The bible shows us time and time again how the less powerful have used prayer to conquer their adversaries. Our Lord and savior, Jesus Christ told us Mathew 17:20, "I tell you the truth, if you have faith as small as a mustard seed, you can say to this mountain, 'Move from here to there'

and it will move. Nothing will be impossible for you. Why will Jesus give us such an assurance? It is because, the weapon we fight with are not the weapons of the sinful world, we the children of God use divine power of God to tear down the strong hold of the evil one. So we must continue to pray even when you think your answers are not coming as quickly as you wanted. Remember when Martha and Mary send a message to Jesus that Lazarus is sick," his sisters sent unto him, saying, Lord, behold, he whom thou lovest is sick" even though the answer took two days to get to the sisters. The most important thing is that Jesus was called and that is when action was put in process and they did not put their request on the righteousness of Lazarus or his status in the ministry or how hard he works or even what he has given to the Church. The appeal was based on the love of Jesus Christ. "The one whom you love is sick," that is our clue; we must always focus our prayers on the love of God. We also have the confidence that God will answer our prayers if they are in agreement with His will. So I know that anything I ask that is according to His will be answered no matter how sinful the person praying may be. Even though we don't always get yes, but His answer are always in our best interest. And we don't have to follow any secret incantation before praying or offer some unnecessary repetition while praying. And the eloquence of our prayer will not make God answer our prayer. That is why in Matthew 6:7-8, Jesus rebukes those who pray using repetitions, "And when you pray, do not keep on babbling like pagans, for they think they will be heard because of their many words. Do not be like them, for your Father knows what you need before you ask him." "The Word of God is full of accounts describing the power of prayer in various situations. The power of prayer has overcome enemies (Psalm 6:9-10), conquered death (2 Kings 4:3-36), brought healing (James 5:14-15), and defeated demons (Mark 9:29). God, through prayer, opens eyes, changes hearts, heals wounds, and grants wisdom (James 1:5). The power of prayer should never be underestimated because it draws on the glory and might of the infinitely powerful God of the universe! Daniel 4:35 proclaims, "All the peoples of the earth are regarded as nothing. He does as he pleases with the powers of heaven and the peoples of the earth. No one can hold back his hand or say to him: 'What have you done?'" So pray and God who loves you first will answer your prayers.

"More than a hundred people killed on a bright spring day. The city's most beautiful and iconic landmark in ruins. The man accused of setting the fire is dead, buried in the rubble along with answers to the question, "Why?" As Juni Bruder of the Orlando Herald talks to rescuers and survivors, she can't shake the feeling that something isn't right. The official story doesn't ring true. Her interviews become front-page news. So does her suicide, a year after the blaze. Her brother Peter, a Jesuit priest, finds a clean apartment and a stack of papers sealed in plastic bags. Sifting through his sister's effects, he reads the stories of the dead, from the architect who designed the famous building to the janitor blamed for destroying it. A file on Juni's laptop will reveal the hidden threads that bound the victims together, the seemingly random acts that brought them to a single place and moment in time. In the end, the answers Juni seeks won't be the ones she finds. Told through an inspired mix of puzzle pieces—news stories, phone transcripts, press releases—and filled with gallows humor, this is a novel about life, loss and the slippery nature of truth--Provided by the publisher.

Words can be the glue that holds the fragmented parts of a society together, or words can be elusive and deceiving. This book argues that words should describe the reality of the thing that the word describes. Too often, words are used to hide or distort the essence of the thing to which the word is attached. The principle of political correctness is an effort to encourage thought about something that changes the true essence of the thing. The trouble with political correctness is that it doesn't change a person's deep-set value or belief regarding the thing. The value won't change because of the use, or non-use, of a word or phrase, but the behavior desired by political correctness may be changed through logical reasoning in creating policy. Word manipulation is used widely in politics to create fear that will drive a particular political policy, such as the claim made in 2003 that Iraq currently had weapons of mass destruction, or to put a memorable epithet on someone to degrade the image of that person, such as the war of words during the 2016 presidential election campaign in the United States.

Originally published in 1990. A common complaint of philosophers, and men in general, has been that women are illogical. On the other hand, rationality, defined as the ability to follow logical argument, is often claimed to be a defining characteristic of man. Andrea Nye undermines assumptions such as: logic is unitary, logic is independent of concrete human relations, logic transcends historical circumstances as well as gender. In a series of studies of the logics of historical figures Parmenides, Plato, Aristotle, Zeno, Abelard, Ockham, and Frege she traces the changing interrelationships between logical innovation and oppressive speech strategies, showing that logic is not transcendent truth but abstract forms of language spoken by men, whether Greek ruling citizens, imperial administrators, church officials, or scientists. She relates logical techniques, such as logical division, syllogisms, and truth functions, to ways in which those with power speak to and about those subject to them. She shows, in the specific historical settings of Ancient and Hellenistic Greece, medieval Europe, and Germany between the World Wars, how logicians reworked language so that dialogue and reciprocity are impossible and one speaker is forced to accept the words of another. In the personal, as well as confrontative style of her readings, Nye points the way to another power in the words of women that might break into and challenge rational discourses that have structured Western thought and practice.

Mark Lane tried the only U.S. court case in which the jurors concluded that the CIA plotted the murder of President Kennedy, but there was always a missing piece: How did the CIA control cops and secret service agents on the ground in Dealey Plaza? How did federal authorities prevent the House Select Committee on Assassinations from discovering the truth about the complicity of the CIA? Now, New York Times best-selling author Mark Lane tells all in this explosive new book—with exclusive new interviews, sworn testimony, and meticulous new research (including interviews with Oliver Stone, Dallas Police deputy sheriffs, Robert K.

Tanenbaum, and Abraham Bolden) Lane finds out first hand exactly what went on the day JFK was assassinated. Lane includes sworn statements given to the Warren Commission by a police officer who confronted a man who he thought was the assassin. The officer testified that he drew his gun and pointed it at the suspect who showed Secret Service ID. Yet, the Secret Service later reported that there were no Secret Service agents on foot in Dealey Plaza. The Last Word proves that the CIA, operating through a secret small group, prepared all credentials for Secret Service agents in Dallas for the two days that Kennedy was going to be there—conclusive evidence of the CIA's involvement in the assassination.

The spoken word has immense potential for either building up or tearing down. Too often, it's the latter. Many of us are daily carrying around hurtful words, sometimes without even knowing it. These negative words have great influence over our lives and the lives of those around us. But thankfully, they are not the last word. Mary Busha speaks to the hurting and guides them toward victory over the harmful, demeaning, or insulting words of their past. She shows readers how to understand the emotions and circumstances behind the words - choose to want to forgive their offenders - embrace the truth about who they are created to be - recognize the effect of both negative and positive self-talk - pray effectively to break the power of negative words - and walk in the freedom God provides in his Word She also encourages readers to find ways to use their own words to lift up the people God places in their paths.

Hidden in the roots of the Word Tree is a single book, so evil it can drain the life from the Librarian, and the Collector has come to steal it--so it is up to the Diamond Page to find a way to defeat him and use the power of the last word to restore the Librarian.

If there is such a thing as reason, it has to be universal. Reason must reflect objective principles whose validity is independent of our point of view--principles that anyone with enough intelligence ought to be able to recognize as correct. But this generality of reason is what relativists and subjectivists deny in ever-increasing numbers. And such subjectivism is not just an inconsequential intellectual flourish or badge of theoretical chic. It is exploited to deflect argument and to belittle the pretensions of the arguments of others. The continuing spread of this relativistic way of thinking threatens to make public discourse increasingly difficult and to exacerbate the deep divisions of our society. In *The Last Word*, Thomas Nagel, one of the most influential philosophers writing in English, presents a sustained defense of reason against the attacks of subjectivism, delivering systematic rebuttals of relativistic claims with respect to language, logic, science, and ethics. He shows that the last word in disputes about the objective validity of any form of thought must lie in some unqualified thoughts about how things are--thoughts that we cannot regard from outside as mere psychological dispositions.

In this compelling sequel to *Power Quest Book One: America's Obsession with the Paranormal*, S. Douglas Woodward reveals the hidden history of Nazi infestation of American institutions after World War II. Beginning with the 1952 flying saucer flap over the nation's capital and concluding with the CIA's clandestine mind control agenda of the 1950s-1970s, the reader is confronted with highly charged and seldom known facts. The story centers on America's erstwhile alliance with German fascism linked to the infamous personalities of Hitler's Nazi Party who escaped the war crimes trials at Nuremberg. In this second volume of *Power Quest*, *The Ascendancy of Antichrist in America*, Woodward brings to the reader the recently declassified proof our America has often shunned its most noble ideals. The author uncovers a vast record of unethical and deceptive Federal activities committed in Washington's darkened corridors of political power. Woodward condenses mountains of highly reliable research compiled by authoritative investigative journalists and insiders along with his own well-turned analysis, demonstrating that the political and spiritual evil of Nazism was often excused and encouraged by American officials as part of a blind quest to fight communism during the Cold War. Woodward makes no secret of his evangelical perspective. But *Power Quest: The Ascendancy of Antichrist in America* is not a selective proof texting of biblical assertions or a diatribe against liberal political views. His account is a factual his-

tory that most Americans have never heard. For conservative Christian readers, Woodward speaks prophetically - challenging the cherished assumption held by political conservatives that America traditionally takes the moral high ground. And he poses an alternative view to the typical eschatological position, asking "Could America be the seat of power for a literal personage the Bible calls Antichrist?"
