The Persian Carpet Tradition P.R.J. Ford, 2019-06-30 Between 1400 and 1500 a design revolution in Persia swept away a 2000-year-old tradition of carpet design, replacing abstract geometric patterns with complex floral scrolls dominated by a central medallion derived from the Chinese cloud-collar shape. This revolution represents a major event in world art history, comparable to that which occurred at the same time in Renaissance Italy. It was followed over the next four centuries by a second revolution, during which the principal design elements of the first permeated carpet production at every level throughout Persia and continue to dominate it to this day. AUTHOR: Jim Ford worked for many years for the world-famous international oriental carpet import/export company OCM. In his career he followed in the illustrious footsteps of A. Cecil Edwards (author of *The Persian Carpet*, Duckworth 1953), as the company's rug-buying agent in Iran, before setting up his own business after the Iranian Revolution with his wife Barbara Lindsay Ford, designing and producing their own contemporary carpets in Nepal. He is the author of one of the best-selling oriental rug books of all time, *Oriental Carpet Design: A Guide to Traditional Motifs, Patterns and Symbols*, which has been subsequently reprinted on both sides of the Atlantic and translated into German and other languages. SELLING POINT: * Miniature paintings unlock the door to a

thorough re-examination of the ubiquitous 'classical' medallion design in Persian carpets, revealing an artistic revolution comparable to that which occurred at the same time in Renaissance Italy 380 colour and 20 b/w photographs

The Handmade Carpet Fritz Langauer, Ernst Swietly, 2019-03-18 The handmade rug industry has gone through a revolution in the last twenty-five years, and no one is better placed to explain how and why than Fritz Langauer and Ernst Swietly, who have been buying, making, collecting and writing about rugs for over fifty years. Rugs are now being made in colours and designs unimagined just a few decades ago. This new book is the only title available that shows how carpet making has changed in all traditional rug making nations as well as demonstrating through images of rugs in interior settings how the style and use of rugs has changed. Carpets carry many unspoken narratives about peoples and places - this new book reveals some of these for the first time thanks to the first-hand experience of the authors in the souks and bazars of the Middle East. AUTHORS: Ernst Anton Swietly grew up in a family that had just one single carpet. It was rolled out only once a year, during the Christmas holidays, and on each 7 January, the carpet was rolled up and hidden behind a box until next Christmas. Since then, for Ernst, carpets have been a symbol of peaceful, warm, cosy family get-togethers. Later on, Ernst A. Swietly - a journalist for fifty years - travelled the carpet-producing countries of the world discovering the secrets of handmade weaving and their design principles. This is how he met Fritz Langauer, and they realised it was time to write a book on the carpet world of the 21st century. Fritz Langauer is the son of the businessman Friedrich Langauer who, with his cousin, Adolf Böhm, founded Adil Besim OHG immediately after the Second World. As one of the sons of the two founders, Fritz Langauer joined the company in 1957. With its five branches, a carpet laundry and repair workshop, it developed over the years to become one of the largest department stores in Europe. SELLING POINTS: * For the first time, a lavishly illustrated book shows how traditional handmade rugs and carpets have become vehicles for contemporary trends and used in interior design and home decoration * The authors' work in journalism and rug production over the last fifty years equips them with the experiences of the travel writer and the specialist knowledge of leaders in the global rug market * The developments in the weaving industry in India, Iran, Turkey, China, Turkmenistan, Morocco, Pakistan and Afghanistan are reviewed as well as the historical and cultural context for change in a book that shines a light on the contemporary rug market in the 21st century 350 colour and 20 b/w photographs

The Ardabil Carpets Rexford Stead, 1974-01-01 The richness of Near Eastern art is epitomized by sixteenth- and seventeenth-century Persian carpets. Among the finest ever produced, the two Ardabil carpets are believed to have been made as offerings for the Shrine of Sheikh Safi at Ardabil during the Safavid dynasty in sixteenth-century Persia. In this text Rexford Stead, deputy director of the Los Angeles County Museum of Art, explores the intricacies of the Ardabil carpets—one formerly in the Getty Museum and now in the Los Angeles County Museum of Art, and the other in the Victoria and Albert Museum, London. A bibliography and exhibition history are included.

The Story of Carpets Essie Sakhai, 1991-01-01 A connoisseur shares his expertise on the history, identification, and purchase of fine carpets, with detailed color photographs -- Contains 160 color photos of both antique and modern carpets -- The author draws on his lifelong expertise as a dealer of fine carpets, offering advice on making a sound financial choice about investments -- Includes tips on matching rugs to home decor and how to care for and clean fine carpets Long before recorded time, ancient civilizations were weaving carpets; even five centuries before Christ, there is evidence that the practice had already been elevated to an art form. It is from this tradition that rug merchant Essie Sakhai weaves his story about the history, meaning, and value of carpets both ancient and modern. The Story of Carpets includes fascinating details about the meanings of patterns woven into rugs and how those designs, in concert with the colors of a rug, can be read to understand the cultural origin of the carpet. Chapters include: -- In a Faraway Land: The importance of weaving in nomadic society, illustrated in legend and lifestyle -- Unravelling the Tale: The weaving process, loom types, and method and origins of knotting techniques -- Reading the Pictures: Common pattern elements and their possible origins and meanings as well as prayer rugs and the role of religion in the development of design Woven into Sakhai's historical account of carpets is a detailed guide for choosing fine carpets with an eye toward value and investment. He discusses how to determine a rug's age, quality, and condition; how to find reputable dealers; and how to display, care for, and clean fine carpets.

In a Small Kingdom Tomie dePaola, 2018-04-03 This enthralling modern fairy tale from Caldecott and Newbery Honor winner Tomie dePaola and debut illustrator Doug Salati celebrates the greatest power of all: love. In a small kingdom along an ancient road, a bell rings out. The beloved king has died, leaving his magnificent and powerful Imperial Robe to his heir, the young prince. But when the prince's jealous older half-brother steals the Imperial Robe, slashing it to bits, the prince can no longer rule—and the small kingdom is in great danger. Now the young prince must find another source of power and of strength—and he finds it in a surprising place.

Persian Legends Mehry M. Reid, 2011-10-25 Persian folklore has been handed down from generation to generation for centuries in an effort to understand the past and pass on valuable lessons. Mehry M. Reid remembers sitting next to her grandmother, as she relayed captivating stories adapted to express her own feelings, hopes, and desires. These stories, which her grandmother first heard from her own mother and grandmother, began Reid's fascination with the Persian legends and folktales that she has selected and reinterpreted in *Persian Legends*. As Reid transports readers of all ages on an unforgettable journey through ancient Persia, she highlights an eclectic group of characters comprised of people, animals, and objects that trace historical events, share legends most favored in Persian culture, and offer tales that convey their meanings in simple, often humorous ways. Take a walk with Princess Mina in the rose garden; listen to the king's storyteller; travel to the mountain of the forty virgins; discover the charm of the red diamond; and go to the crystal cave and drink from the wish fountain. *Persian Legends: A Book of 101 Stories* shares a memorable collection of legends and tales that provides a

glimpse into Persian history, helps others appreciate ancient tales, and most importantly, preserves the legacy of folk literature for future generations.

THE PHOENIX AND THE CARPET E. NESBIT, GRANDMA'S TREASURES, 2019-03-28 The sequel to *Five Children and It* follows the wondrous adventures of Robert, Jane, Cyril, Anthea, and The Lamb as they discover a clever phoenix and a magic carpet. The children find an egg in the carpet, which hatches into a talking Phoenix. The Phoenix explains that the carpet is a magic one that will grant them three wishes a day. The children are on a fantastic ride with the hopelessly vain but good-hearted phoenix and his flying carpet. They travel to a French castle, to a tropical island, foil a burglar, arrange a marriage, change people's disposition, and have to figure out how to get 199 Persian cats, 398 muskrats, a cow, and a policeman out of their house. Their charming adventures not only entertain but teach them, and the reader, a few gentle lessons. *The Phoenix and the Carpet* is a wonderful book for the young and the young at heart. The adventures are continued and concluded in the third book of the trilogy, *The Story of the Amulet*

It is a powerfully layered novel that poses the questions: Who owns the truth? Who speaks it? Who believes it? A patchwork story is the shame of the refugee, Nayeri writes early in the novel. In an Oklahoman middle school, Khosrou (whom everyone calls Daniel) stands in front of a skeptical audience of classmates, telling the tales of his family's history, stretching back years, decades, and centuries. At the core is Daniel's story of how they became refugees—starting with his mother's vocal embrace of Christianity in a country that made such a thing a capital offense, and continuing through their

midnight flight from the secret police, bribing their way onto a plane-to-anywhere. Anywhere becomes the sad, cement refugee camps of Italy, and then finally asylum in the U.S. Implementing a distinct literary style and challenging western narrative structures, Nayeri deftly weaves through stories of the long and beautiful history of his family in Iran, adding a richness of ancient tales and Persian folklore. Like Scheherazade of One Thousand and One Nights in a hostile classroom, Daniel spins a tale to save his own life: to stake his claim to the truth. EVERYTHING SAD IS UNTRUE (a true story) is a tale of heartbreak and resilience and urges readers to speak their truth and be heard.
