

The Little Book Of Quitting Penguin Health Care Fitness

"The Quit Smoking Answer" is structured in such a way that all readers follow a process of "cold turkey" cessation through a step-by-step system to become nicotine free. The system shared is quick, easy, and proven, regardless of a person's dependency on nicotine. If you have ever thought, "wouldn't it be nice to quit smoking" than you've set the mood and you're ready to begin. It's easier to quit nicotine than you think! JW Smith, a smoker for 40 years, wrote this book after ending his vicious cycle of numerous failed attempts to quit. His system for nicotine cessation evolved over a subsequent six-week period of preparation to quit. He shares his story about a conversation with his nine year-old granddaughter that finally set the wheels in motion to find a better way - one that works. JW researched smoking cessation methods and used his own experience to forge a new path. This book may very well be destined to be in a category by itself in the nicotine cessation world of recommendations and advice. Why? Because it works! JW makes the case that smoking cessation is not an event, but rather a process. His book will teach you the key cognitive techniques he used to end both the physical and psychological addictions to nicotine. It debunks myths about nicotine replacement therapy products and instead lays out a natural progression of steps for becoming a nonsmoker. The premise of the book is based on this famous quote; "When you change the way you look at things, the things you look at change." In the beginning of the book it is recommended to establish an environment and path of least resistance. Less resistance to quit is the first key step to becoming nicotine free. It is recommended that readers continue the use tobacco products including e-cigarettes while reading the book over a two or three day period of time- helping again to establish less resistance to quit. He additionally recommends as a first step that you tell no one of your desire to quit - preventing anyone including yourself of sabotaging your intention. As you apply the techniques and methods written about it becomes a natural procession leading up to your very last cigarette or use of chewing tobacco. A transformation of your thinking takes place and ending your addiction will seem like an "almost non-event" - as something just happens to you as you read this book. You will be physically and mentally prepared to end your addiction after reading this one of a kind book. Free from nicotine for life - and all the great rewards that come with it!

Allen Carr's The Little Book of Quitting Arcturus Publishing

Presents the Easyway method for quitting smoking, based on a factual understanding of the harm of cigarette addiction and practical advice on how to successfully break the habit.

'If you follow my instructions you will be a happy non-smoker for the rest of your life.' That's a strong claim from Allen Carr, but as the world's leading quit smoking expert, Allen was right to boast! This classic guide to the world's most

successful stop smoking method is all you need to give up smoking. You can even smoke while you read....

'A great guide to the many things you can do to reduce your plastic footprint.' - Craig Reucassel, ABC TV's War on Waste
Where do you start if you want to reduce the plastic in your life? Especially when most of us are wearing it, eating and drinking from it, sitting on it, walking on it, and probably even ingesting it. Anywhere you go, plastic is within easy reach - even in Antarctica and the North Pole. We didn't quit plastic overnight. In fact, it's still a work in progress. But along the way, we have learnt a lot by researching the issue from the grass roots up, speaking to people, and finding out what works and what doesn't. We answer the tricky questions, like 'How will I wash my hair?', 'Do I have to give up crackers?', 'What about my bin liner?' and 'Is this going to be expensive?' As we continue to remove throw-away plastics from our daily lives, we've discovered we're friendlier with our local communities, we're eating healthier food, and de-cluttering happens by itself. It feels great! 'The simple, practical tips in this inspiring guide will help you reduce plastic in your daily life and help the planet too - every little bit counts!' - Rebecca Prince-Ruiz, Plastic Free July Foundation

A New York Times, USA Today, and Wall Street Journal bestseller In this iconic bestseller, popular business blogger and bestselling author Seth Godin proves that winners are really just the best quitters. Godin shows that winners quit fast, quit often, and quit without guilt—until they commit to beating the right Dip. Every new project (or job, or hobby, or company) starts out fun...then gets really hard, and not much fun at all. You might be in a Dip—a temporary setback that will get better if you keep pushing. But maybe it's really a Cul-de-Sac—a total dead end. What really sets superstars apart is the ability to tell the two apart. Winners seek out the Dip. They realize that the bigger the barrier, the bigger the reward for getting past it. If you can beat the Dip to be the best, you'll earn profits, glory, and long-term security. Whether you're an intern or a CEO, this fun little book will help you figure out if you're in a Dip that's worthy of your time, effort, and talents. The old saying is wrong—winners do quit, and quitters do win.

As Human Beings we are great story tellers. We tell stories about who we are, what we're doing and why we are doing it. The problem is sometimes those stories are fictions; created by our own blindness to reality. We are such good story tellers that we often don't know we are deceiving ourselves. The brain has evolved to make information processing simplified and with this has created a need to simplify the world. The problem is sometimes rational thinking becomes sacrificed for this simplicity In The Little Book of Stupidity, Sia Mohajer draws on extensive research and makes surprising connections among ten of life's most pervasive cognitive biases. It is a story about how stupid we can all be and also how we can become more compassionate as a result.

Do you eat when you're not hungry? Or when you're angry and upset? Do you eat to control your feelings? Allen Carr's Easyway is the most successful self-help stop-smoking method of all time. It has helped millions of smokers all over the

world to quit, and has since been used to treat other addictions such as drinking and gambling. Allen Carr's Easyway method works by unravelling the brainwashing that leads us to desire the very thing that is harming us, meaning that we are freed from the addiction rather than merely restricting our behavior. The Easyway method has now been applied to the problem of emotional eating. With Allen Carr's Easyway method, you can eat as much of your favorite foods as you want, whenever you want, as often as you want, and be the exact weight you want to be, without dieting, special exercise, using willpower or feeling deprived. Do you find that difficult to believe? Read this book. What people say about Allen Carr's Easyway method: "The Allen Carr program was nothing short of a miracle." Anjelica Huston "His skill is in removing the psychological dependence." The Sunday Times "I know so many people who turned their lives around after reading Allen Carr's books." Sir Richard Branson

"David Sedaris's ability to transform the mortification of everyday life into wildly entertaining art," (The Christian Science Monitor) is elevated to wilder and more entertaining heights than ever in this remarkable new book. Trying to make coffee when the water is shut off, David considers using the water in a vase of flowers and his chain of associations takes him from the French countryside to a hilariously uncomfortable memory of buying drugs in a mobile home in rural North Carolina. In essay after essay, Sedaris proceeds from bizarre conundrums of daily life—having a lozenge fall from your mouth into the lap of a fellow passenger on a plane or armoring the windows with LP covers to protect the house from neurotic songbirds—to the most deeply resonant human truths. Culminating in a brilliant account of his venture to Tokyo in order to quit smoking, David Sedaris's sixth essay collection is a new masterpiece of comic writing from "a writer worth treasuring" (Seattle Times). Praise for *When You Are Engulfed in Flames*: "Older, wiser, smarter and meaner, Sedaris...defies the odds once again by delivering an intelligent take on the banalities of an absurd life." --Kirkus Reviews This latest collection proves that not only does Sedaris still have it, but he's also getting better....Sedaris's best stuff will still--after all this time--move, surprise, and entertain." --Booklist

Find out why the happiest, most successful people have the ability both to persist and to quit Do you believe that "winners never quit and quitters never win"? Do you tend to hang in longer than you should, even when you're unhappy? Our culture usually defines quitting as admitting defeat, but persistence isn't always the answer: When a goal is no longer useful, we need to be able to quit to get the most out of life. In *Quitting*, bestselling author Peg Streep and

psychotherapist Alan Bernstein reveal simple truths that apply to goal setting and achievement in all areas of life, including work, love, and relationships: Without the ability to give up, most people will end up in a discouraging loop. Quitting is a healthy, adaptive response when a goal can't be reached. Quitting permits growth and learning, as well as the ability to frame new goals. Featuring compelling stories of people who successfully quit, along with helpful questionnaires and goal maps to guide you on the right path, Quitting will help you evaluate whether your goals are working for or against you, and whether you need to let go in order to start anew.

Little changes can make a big, big difference! In *The Little Book of Big Change*, psychologist Amy Johnson shows you how to rewire your brain and overcome your bad habits—once and for all. No matter what your bad habit is, you have the power to change it. Drawing on a powerful combination of neuroscience and spirituality, this book will show you that you are not your habits. Rather, your habits and addictions are the result of simple brain wiring that is easily reversed. By learning to stop bad habits at the source, you will take charge of your habits and addictions for good. Anything done repeatedly has the potential to form neural circuitry in the brain. In this light, habits and addictions are impersonal brain wiring problems that result from taking your habitual thinking as truth, and acting on that thinking in the form of doing your habit—over and over. This book offers a number of small changes you can make in your everyday life that will help you stop your bad habit in its tracks. If you want to understand the science behind your habit, make the decision to end it, and commit to real, lasting change, this book will help you to finally take charge of your life—once and for all.

For those times when hard work and persistence just aren't enough, Terri Sjodin offers an inspiring guide to getting scrappy and beating the odds. Terri Sjodin loves scrappy people -- those who beat the odds with a blend of cleverness and fighting spirit. People who see big problems and come up with big solutions. People like the clever Girl Scout who sold 117 boxes of cookies in two hours outside a medical marijuana dispensary, or the entrepreneur who turned his home into an indoor jungle to sell investors on the Rainforest Cafe Restaurant chain. It can seem like these successes are just one-off acts of ingenuity or isolated flashes of brilliance. But today it takes more than just creativity, more than just persistence, more than just a dream to reach big goals -- it takes a mindset and a strategy. Sjodin explains the common elements behind every successful scrappy effort.

How do you relate to marijuana? Are you happy with your life and with your use of cannabis? This book offers a thorough exploration, allowing the reader to look into their life without judgment or blame. Part memoir, part 'how to', *The Little Green Book* will assist marijuana users, their loved ones and those working with them in considering change. Michael Stratton is a therapist who fell in love with marijuana. Gradually it began to eclipse his goals that he'd set for himself. Eventually he found it necessary to break up with marijuana. He began working with others who had faced the same

dilemma, and then became trained by SAMHSA (Substance Abuse and Mental Health Services Administration) in the latest evidence based practices in helping people change. Borrowing from practices as varied as several recent scientific studies, philosophy and the Buddhist metaphor of The Hungry Ghost, the author weaves a rich tapestry for self exploration and the possibility of change. Taking the middle path, not being anti-marijuana and in fact advocating for the legalization of cannabis, The Little Green Book avoids the controversies swirling around the politics of pot. This book is for the dissatisfied or curious user who wonders if their use of marijuana may have come in the way of their satisfaction with what life can offer. It will also assist those who care about cannabis users in their life. And it is an essential tool for therapists, counselors, teachers, doctors and anyone in the helping professions who encounter marijuana users in their work.

When Duncan arrives at school one morning, he finds a stack of letters, one from each of his crayons, complaining about how he uses them. Kids can imagine their own conversations with crayons with this picture book by Daywalt and "New York Times"-bestselling illustrator Jeffers. Full color.

The revolutionary international bestseller that will stop you smoking - for good. 'If you follow my instructions you will be a happy non-smoker for the rest of your life.' That's a strong claim from Allen Carr, but as the world's leading and most successful quit smoking expert, Allen was right to boast! Reading this book is all you need to give up smoking. You can even smoke while you read. There are no scare tactics, you will not gain weight and stopping will not feel like deprivation. If you want to kick the habit then go for it. Allen Carr has helped millions of people become happy non-smokers. His unique method removes your psychological dependence on cigarettes and literally sets you free. Accept no substitute. Five million people can't be wrong.

Over 80 per cent of adults in the UK use caffeine every day. But at what point, did they consciously decide to consume it daily and begin to feel uneasy if they didn't? Caffeine is a bitter addictive drug which acts as a natural insecticide. It attacks the central nervous system and makes people jittery. It fools you into thinking you are more alert. Quite simply, it's bad for you with no actual benefits. In The Easy Way to Quit Caffeine, Allen Carr addresses the difficulties coffee-drinkers - and fizzy drink consumers - face in trying to quit caffeine. By explaining why you feel the need for caffeine and with simple step-by-step instructions to set you free from your addiction, Carr shows you how to lead a happier, healthier, more chilled life.

Detailed summary and analysis of The Power of Habit.

Allen Carr's international bestseller, The Easy Way to Stop Smoking, has sold more than eleven million copies worldwide and helped to turn countless smokers into non-smokers. The Little Book of Quitting crystallizes 120 key points of the

Easyway method in a concise and readily accessible format. Carr's method can enable any smoker to quit eas...

Offers more than thirty real-life stories of people who have quit smoking, detailing how they got started, and what spurred them on the road to recovery

"A spunky young girl tries out different endeavors--from ballet to karate--and feels like she fails at each one. Finally her mother sits her down and gives her the encouragement she needs to persevere and succeed--and most importantly to not give up"--

Short of time? Or have you stopped smoking and found it difficult or even impossible to stay stopped? If your answer to these questions is yes, then this is the book for you (even if you've tried and failed using Allen Carr's method in the past). Quit Smoking Boot Camp is a revolutionary and concise version of the world-famous Easyway method, delivered in short, punchy segments to help you quit with the minimum of fuss, with minimal effort, in a reassuringly regimented and speedy way. Four days is all it takes to transform your life. We recommend that you read this book over just four days (though you might choose to do it in less or even to take a little longer). Choose your start date and four days later you can be free. It's as simple as that. The Easyway Boot Camp will help you change your mindset and quit smoking, vaping, or using nicotine in any form easily and immediately. What people say about Allen Carr's Easyway method: "The Allen Carr program was nothing short of a miracle." Anjelica Huston "It was such a revelation that instantly I was freed from my addiction." Sir Anthony Hopkins "His skill is in removing the psychological dependence." The Sunday Times

AWARDS: Independent Publisher Book Award 2015 (Silver) and National Mature Media Award 2015 (Bronze) Step-by-step tips for revitalizing your career Yes, it is possible to have a job you love, and it doesn't require starting from scratch. Love Your Job is a guide to making work fulfilling and fun — again, or even for the first time. Why count down the hours of the day or the days to retirement when you could reinvigorate your workday, transforming the daily doldrums into a daily dose of enjoyable activity? Kerry Hannon, The New York Times columnist and AARP's Jobs Expert, focuses on the little things that can make a big difference in how we feel about work. Love Your Job is all about the routines, habits, and thought patterns that, over the years, may have turned a dream job into a drudge or, worse, a nightmare. Changing these habits and attitudes is simple, and this book shows you how to identify the little things that make work enjoyable and engaging. Using these simple techniques, you can adopt the attitude that will keep you happy and that might just lead to bigger and better things, no matter what stage of your career you are in. In this book, you will learn to: Develop new habits that bring more purpose into every single workday Rekindle your hope and motivation by celebrating small successes Recognize negative patterns that keep you from enjoying your job Craft an entrepreneurial attitude that will get you noticed and enrich your work life We all deserve to experience happiness and satisfaction every day, at every

stage of our careers. Kerry Hannon explains that you don't have to make a huge career transition to love work again. But if you reinvent the way you see work, who knows where your new outlook will lead? Wake up to the countless possibilities that await you with Love Your Job.

Discover How To Break Free From Marijuana Addiction For Life Today only, get this Amazon bestseller for just \$2.69. Regularly priced at \$4.99. Read on your PC, Mac, smart phone, tablet or kindle device. You're about to discover that our habits, whether good or bad, influence our lives very significantly. Unhealthy (bad) habits, especially those related to addictions, take a toll on our body, mind, wellbeing, and our quality of life. Addiction to cannabis is one of the most adverse habits. According to the latest UN report, across the globe, approximately 158.8 million use marijuana. That means over 3.8% of the earth's population consumes the drug. In the U.S. alone, more than 94 million people have used 'weed' at least once in their lifetime. Around 24 million people in the country actively use marijuana, and according to data from drugrehab.com, in 2016, about 4 million were battling cannabis addiction or related disorders. These statistics are alarming and very telling: cannabis abuse is on the rise! As alarming as these statistics may be, the good news is that no matter how long you've been using cannabis, you can quit it and save yourself from its harms for good. If you are struggling with cannabis addiction, are determined to break free from the addiction for good this time, but are unsure of how to go about the undertaking or where to look for guidance or support, continue reading. Like 75% of American women, Ronnie Citron-Fink colored her hair. Yet as an environmental journalist, she knew all those unpronounceable chemical names on the back of the hair dye box were far from safe. So Ronnie decided to ditch the dye and go in search of answers. What are the risks of hair dye? Are there safer alternatives? Will I still feel like me when I have gray hair? True Roots follows her journey from dark dyes to a silver crown of glory, from fear of aging to embracing natural beauty. Along the way, women of all ages can learn to protect themselves from dangerous products and discover a new hair story--one built on individuality, health, and truth.

NEW YORK TIMES BESTSELLER • The founder of the first female-focused recovery program offers a groundbreaking look at alcohol and a radical new path to sobriety. "You don't know how much you need this book, or maybe you do. Either way, it will save your life."—Melissa Hartwig Urban, Whole30 co-founder and CEO We live in a world obsessed with drinking. We drink at baby showers and work events, brunch and book club, graduations and funerals. Yet no one ever questions alcohol's ubiquity—in fact, the only thing ever questioned is why someone doesn't drink. It is a qualifier for belonging and if you don't imbibe, you are

considered an anomaly. As a society, we are obsessed with health and wellness, yet we uphold alcohol as some kind of magic elixir, though it is anything but. When Holly Whitaker decided to seek help after one too many benders, she embarked on a journey that led not only to her own sobriety, but revealed the insidious role alcohol plays in our society and in the lives of women in particular. What's more, she could not ignore the ways that alcohol companies were targeting women, just as the tobacco industry had successfully done generations before. Fueled by her own emerging feminism, she also realized that the predominant systems of recovery are archaic, patriarchal, and ineffective for the unique needs of women and other historically oppressed people—who don't need to lose their egos and surrender to a male concept of God, as the tenets of Alcoholics Anonymous state, but who need to cultivate a deeper understanding of their own identities and take control of their lives. When Holly found an alternate way out of her own addiction, she felt a calling to create a sober community with resources for anyone questioning their relationship with drinking, so that they might find their way as well. Her resultant feminine-centric recovery program focuses on getting at the root causes that lead people to overindulge and provides the tools necessary to break the cycle of addiction, showing us what is possible when we remove alcohol and destroy our belief system around it. Written in a relatable voice that is honest and witty, *Quit Like a Woman* is at once a groundbreaking look at drinking culture and a road map to cutting out alcohol in order to live our best lives without the crutch of intoxication. You will never look at drinking the same way again.

Allen Carr's international bestseller, *The Easy Way to Stop Smoking*, has sold more than six million copies worldwide and helped to turn countless smokers into nonsmokers. *The Little Book of Quitting* crystallizes 120 key points of the Easyway™ method in a concise and readily accessible format. Carr's method can enable any smoker to quit easily, painlessly, and permanently without needing willpower, suffering withdrawal pangs, feeling deprived, or gaining weight. This is the perfect pocket refresher for those already applying Allen Carr's method, and a great starting point for all those who want to quit the Easyway™. Allen Carr discovered the Easyway™ to stop smoking in 1983—after his three-decade-long, 100-cigarette-a-day addiction had driven him to despair. First published in 1985, *The Easy Way to Stop Smoking* has sold over six million copies worldwide and has been translated into more than twenty languages. In addition to his books, Allen has established the Allen Carr clinics, now operating in countries around the world.

Find out why the happiest, most successful people have the ability both to persist and to quit. In a culture that perceives quitting as a last resort and urges us to hang in, *Mastering the Art of Quitting* tackles our tendencies to overanalyze, ruminate, and put a positive spin on goals that have outlived their usefulness. Bestselling author Peg Streep and psychotherapist Alan Bernstein demonstrate that persistence alone isn't always the answer. We also need to be able to quit to get the most out of life. They reveal simple truths that apply to goal setting and achievement in all areas of life, including love, relationships, and work: Quitting promotes growth and learning, as well as the ability to frame new goals. Without the ability to give up, most people will end up in a discouraging loop. The most satisfied people know when it's time to stop persisting and start quitting. Quitting is a healthy, adaptive response when a goal can't be reached. Featuring compelling stories of people who successfully quit, along with helpful

questionnaires and goal maps to guide you on the right path, Mastering the Art of Quitting allows you to evaluate whether your goals are working for or against you, and whether you need to rechart certain aspects of your life. When is it time to stop persisting and start quitting? Take a moment and answer the following questions. Just thinking about the answers will give you insight into your ability to quit artfully and restart your life. Do you believe that "winners never quit and quitters never win"? How realistic are you when it comes to setting goals? What matters more: staying the course or exploring new possibilities in life? How much of your sense of self relies on other people's judgments? Do you tend to hang in longer than you should, even when you're unhappy? When you try something new, do you focus on the effort you have to put in or the possibility of failure? Are you a procrastinator or a delayer when it comes to getting things done? How much do you worry about making a mistake? Do you second-guess yourself? How hard is it for you to get over a setback?

Begin your new life as a non-smoker today. This book will help you: Find the right frame of mind to quit Avoid weight gain Simply and easily stop smoking Enjoy the freedom and choices of all non-smokers From Allen Carr, the worldwide bestselling author of Easy Way to Stop Smoking. The multi-million copy bestseller and Book of the Year at The National Book Awards. 'Painfully funny. The pain and the funniness somehow add up to something entirely good, entirely noble and entirely loveable.' - Stephen Fry Welcome to the life of a junior doctor: 97-hour weeks, life and death decisions, a constant tsunami of bodily fluids, and the hospital parking meter earns more than you. Scribbled in secret after endless days, sleepless nights and missed weekends, Adam Kay's *This is Going to Hurt* provides a no-holds-barred account of his time on the NHS front line. Hilarious, horrifying and heartbreaking, this diary is everything you wanted to know – and more than a few things you didn't – about life on and off the hospital ward. Sunday Times Number One Bestseller for over eight months and winner of a record FOUR National Book Awards: Book of the Year, Non-Fiction Book of the Year, New Writer of the Year and Zoe Ball Book Club Book of the Year. This edition includes extra diary entries and an afterword by the author.

**** A New York Times Bestseller ** NAMED ONE OF THE BEST BOOKS OF THE YEAR BY:** Time • The New Yorker • NPR • GQ • Elle • Vulture • Fortune • Boing Boing • The Irish Times • The New York Public Library • The Brooklyn Public Library "A complex, smart and ambitious book that at first reads like a self-help manual, then blossoms into a wide-ranging political manifesto."—Jonah Engel Bromwich, *The New York Times Book Review* One of President Barack Obama's "Favorite Books of 2019" Porchlight's Personal Development & Human Behavior Book of the Year In a world where addictive technology is designed to buy and sell our attention, and our value is determined by our 24/7 data productivity, it can seem impossible to escape. But in this inspiring field guide to dropping out of the attention economy, artist and critic Jenny Odell shows us how we can still win back our lives. Odell sees our attention as the most precious—and overdrawn—resource we have. And we must actively and continuously choose how we use it. We might not spend it on things that capitalism has deemed important ... but once we can start paying a new kind of attention, she writes, we can undertake bolder forms of political action, reimagine humankind's role in the environment, and arrive at more meaningful understandings of happiness and progress. Far from the simple anti-technology screed, or the back-to-nature meditation we read so often, *How to do Nothing* is an action plan for thinking outside of capitalist narratives of efficiency and techno-determinism. Provocative, timely, and utterly persuasive, this book will change how you see your place in our world. The #1 New York Times bestseller that has all America talking: as seen/heard on CNN's Fareed Zakaria GPS, Morning Joe, CBS This Morning, The Bill Simmons Podcast, Rich Roll, and more. "The most important business—and parenting—book of the year." —Forbes "Urgent and important. . . an essential read for bosses, parents, coaches, and anyone who cares about improving performance." —Daniel H. Pink Shortlisted for the Financial Times/McKinsey Business Book of the Year Award Plenty of experts argue that anyone who wants to develop a skill, play an instrument, or lead their field should start early, focus intensely, and rack up as many hours of deliberate practice as possible. If you dabble or delay, you'll never catch up to the people who got a head start. But a closer look at research on the world's top performers, from professional athletes to Nobel laureates, shows that early specialization is the exception, not the rule. David Epstein examined the world's most successful athletes, artists, musicians, inventors, forecasters and scientists. He discovered that in most fields—especially those that are complex and unpredictable—generalists, not specialists, are primed to excel. Generalists often find their path late, and they juggle many interests rather than focusing on one. They're also more creative, more agile, and able to make connections their more specialized

peers can't see. Provocative, rigorous, and engrossing, Range makes a compelling case for actively cultivating inefficiency. Failing a test is the best way to learn. Frequent quitters end up with the most fulfilling careers. The most impactful inventors cross domains rather than deepening their knowledge in a single area. As experts silo themselves further while computers master more of the skills once reserved for highly focused humans, people who think broadly and embrace diverse experiences and perspectives will increasingly thrive.

Just as there are responsible drinkers and alcoholics, there are those who can moderate their cannabis use and those who cannot. If you are struggling to quit and you want to learn how to quit successfully, this book is for you - you'll never look at cannabis the same way again. Learn about the science and psychology of cannabis addiction - understand what drives your addiction Understand cannabis withdrawal symptoms and how to best treat them Know what to expect during the quitting process - relapses, self-doubt, emotional ups and downs Understand how to overcome the obstacles to sobriety - mental gymnastics, social pressure, boredom, nostalgia Embrace the Quitting Mindset - discover the knowledge and approaches necessary for maintaining long-term sobriety Life is too short to be a slave to a plant. Begin your recovery journey today. Quitting Weed: The Complete Guide is the definitive book on overcoming cannabis addiction. A former addict himself, Matthew Clarke provides an easy-to-follow, comprehensive guide for understanding how cannabis addiction works, and most importantly, detailed advice on how to conquer addiction - permanently.

If you want to learn how to quit smoking marijuana, then get this book. It's created by a real person who has real life experiencing quitting smoking marijuana. The book is a workbook on how to quit smoking marijuana. It provides a well detailed structure containing the steps towards recovery. Starting from the introductory part, we are made familiar with the general knowledge on marijuana and its abuse. How it causes dependence on the user and in no time they feel an addiction that could be problematic if they are not careful. We have tried as much as possible to relate with all the kinds of situations that could arise. In the book, we want to relate with the readers so that they are aware there have been people down that road. That recovery is real. That they can also get out of their addiction if they are really determined to. This book is user friendly and takes you through the steps towards recovery. We have explained in detail the importance of acceptance first. You will find what you need to have alongside the virtues you need to go by. The journey to recovery won't be an easy. It is a well laid-out procedure that if followed properly will yield the best of results. The lists of options provided are easy to follow and work on. We take you through the steps of personal transformation. The variety of options in this book is to help you try other methods if one doesn't work for you somehow. Inside you will find good insight on it. We hope you have a good read and quick recovery. About the Expert Michaela Wallace is a Maryland based writer who has watched her friends and family members get messed up by drugs, specifically marijuana. She has grown up living with them and therefore knows much about how it feels being an addict and not being able to quit. The experience she has written is personal and will take you through real life examples. The book will be of great help to users who are out to reform their lives and serious about it. Michaela has also watched her brothers get over their addictions in triumph and this is why she has written this to tell the affected out there that it is possible to quit your addiction. It doesn't matter how deep you are into it, because it is possible to recover from it. HowExpert publishes quick 'how to' guides on all topics from A to Z by everyday experts.

Mother and daughter vow to help each other give up respective habits--smoking and thumb-sucking.
