

The Lost Honor Of Katharina Blum Heinrich Boll

Four men who are related to each other but became estranged during World War II are reunited in Rome after the war.

"These twenty-six stories illustrate Heinrich Boll's finely nuanced storytelling at its best. In stunning portraits of ordinary people, Boll creates a rich tapestry of the dark years in postwar Germany. There are tales of soldiers on leave, listlessly visiting bars and brothels; stories of children rendered with a simplicity that belies their emotional impact; and stark vignettes of people struggling to re-make their lives against the ruined landscape of war-devastated towns and villages. Representing Boll's youthful beginnings, this collection introduces the themes that inform his life-long literary accomplishments and the wit, intelligence, and lyricism that made Boll one of contemporary Europe's most acclaimed writers."--BOOK JACKET. Cited by the Nobel Prize committee as the "crown" of Heinrich Böll's work, the gripping story of *Group Portrait With Lady* unspools like a suspenseful documentary. Via a series of tense interviews, an unnamed narrator uncovers the story—past and present—of one of Böll's most intriguing characters, the enigmatic Leni Pfeiffer, a struggling war widow. At the center of her struggle is her effort to prevent the demolition of her Cologne apartment building, a fight in which she is joined by a motley group of neighbors. Along with her illegitimate son, Lev, she becomes the nexus of a countercultural group rebelling against Germany's dehumanizing past under the Nazis ... and what looks to be an equally dehumanizing future under capitalism.

A radical combination of emerging and established Mexican authors of original tales of the fantastic.

This is a chilling and unforgettable novel from a Nobel Prize-winning writer.

Screening the Red Army Faction: Historical and Cultural Memory explores representations of the Red Army Faction (RAF) in print media, film and art, locating an analysis of these texts in the historical and political context of unfolding events. In this way, the book contributes both a new history and a new cultural history of post-fascist era West Germany that grapples with the fledgling republic's most pivotal debates about the nature of democracy and authority; about violence, its motivations and regulation; and about its cultural afterlife. Looking back at the history of representations of the RAF in various media, this book considers how our understanding of the Cold War era, of the long sixties and of the RAF is created and re-created through cultural texts.

From the winner of the Nobel Prize for Literature 2009 'Just as the father in the house in which we live is our father, so Comrade Nicolae Ceausescu is the father of our country. And just as the mother in the house in which we live is our mother, so Comrade Elena Ceausescu is the mother of our country. Comrade Nicolae Ceausescu is the father of our children. All the children love comrade Nicolae and comrade Elena, because they are their parents.' The Passport is a beautiful, haunting novel whose subject is a German village in Romania caught between the stifling hopelessness of Ceausescu's dictatorship and the glittering temptations

of the West. Stories from the past are woven together with the problems Windisch, the village miller, faces after he applies for permission to migrate to West Germany. Herta Miller describes with poetic attention the dreams and superstitions, conflicts and oppression of a forgotten region, the Banat, in the Danube Plain. In sparse, lyrical language, Herta Miller captures the forlorn plight of a trapped people. This edition is translated by Martin Chalmers, with a new foreword by Paul Bailey. Also by Herta Miller: *Nadirs*, *The Land of Green Plums*, *The Appointment*, and *The Hunger Angel*.

How do we choose what movies to go see? How do we process the sounds and images of those films? How do they influence our behaviors, attitudes and beliefs after we leave the theater? Using psychology theory, this book answers these questions while considering the effects of relatively permanent personality variables, our changeable moods and the people we are with in such scenarios. It also points out areas of the study in which further work is necessary and where new concepts, such as awe and aesthetic pleasure, may further understanding.

Yet well into middle age, living in the Austrian village of her birth, she still remains haunted by her dreams.

Acclaimed entertainer Hans Schneir collapses when his beloved Marie leaves him because he won't marry her within the Catholic Church. The desertion triggers a searing re-examination of his life—the loss of his sister during the war, the demands of his millionaire father and the hypocrisies of his mother, who first fought to “save” Germany from the Jews, then worked for “reconciliation” afterwards. Heinrich Böll's gripping consideration of how to overcome guilt and live up to idealism—how to find something to believe in—gives stirring evidence of why he was such an unwelcome presence in post-War German consciousness . . . and why he was such a necessary one.

A "powerful image of innocence betrayed, of measureless evil oozing quietly from regulated, unimpeachable convention" - LJ.

In English translation. One of the most talked-about works ever published in the German Democratic Republic! This innovative novel by an East German writer is a worthy companion to the classic it parodies and parallels: Goethe's The Sufferings of Young Werther. Goethe and J. D. Salinger were the two greatest influences on Edgar Wibeau, Young W. Edgar is a 17-year-old with the frustrations of teenagers all over the world, living with the added pressures of an East-bloc state. A model all-GDR boy, the son of a factory director, he suddenly drops out. But not from socialism per se just from conformity, picky regulations, and official disapproval of jeans, the blues, and girls. Hiding out, he finds and devours an old copy of The Sufferings of Young Werther. From then on he wards off reality with Goethe texts, and young Wibeau's fate is superimposed on that of Werther like a transparent overlay. It is an ironic and revealing linkage.
