

## The Lydgate Widow A Heartrending Saga Of Tragedy Family And Love

Most scholarly attention on Shakespeare's vocabulary has been directed towards his enrichment of the language through borrowing words from other languages and has thus concentrated on the more learned aspects of his vocabulary. However, the bulk of Shakespeare's output consists of plays and to make these appear lifelike he needed to employ a colloquial and informal style. This aspect of his work has been largely disregarded apart from his bawdy language. This dictionary includes all types of non-standard and informal language and lists all examples found in Shakespeare's works. These include dialect forms, colloquial forms, non-standard and variant forms, fashionable words and puns. >

Lady Molly is a Victorian-era sleuth featured in 12 linked cases. She doesn't always catch the criminal, but her adventures are amusingly written and showcase the era marvelously.

Middlemarch in the Twenty-First Century fills a long overdue need for a re-evaluation of this classic text. In this collection of new essays prominent scholars address the timely questions which Middlemarch poses today, and they prepare the ground for the ongoing reconsideration of a great novel.

A completely updated, revised edition of the classic, outfitted with a whole new arsenal of indispensable knowledge on global affairs, popular culture, economic trends, scientific principles, and modern arts. Here's your chance to brush up on all those subjects you slept through in school, reacquaint yourself with all the facts you once knew (then promptly forgot), catch up on major developments in the world today, and become the Renaissance man or woman you always knew you could be! How do you tell the Balkans from the Caucasus? What's the difference between fission and fusion? Whigs and Tories? Shiites and Sunnis? Deduction and induction? Why aren't all Shakespearean comedies necessarily thigh-slappers? What are transcendental numbers and what are they good for? What really happened in Plato's cave? Is postmodernism dead or just having a bad hair day? And for extra credit, when should you use the adjective continual and when should you use continuous? An Incomplete Education answers these and thousands of other questions with incomparable wit, style, and clarity.

American Studies, Art History, Economics, Film, Literature, Music, Philosophy, Political Science, Psychology, Religion, Science, and World History: Here's the bottom line on each of these major disciplines, distilled to its essence and served up with consummate flair. In this revised edition you'll find a vitally expanded treatment of international issues, reflecting the seismic geopolitical upheavals of the past decade, from economic free-fall in South America to Central Africa's world war, and from violent radicalization in the Muslim world to the crucial trade agreements that are defining globalization for the twenty-first century. And don't forget to read the section "A Nervous American's Guide to Living and Loving on Five Continents" before you answer a personal ad in the International Herald Tribune. As delightful as it is illuminating, An Incomplete Education packs ten thousand years of culture into a single superbly readable volume. This is a book to celebrate, to share, to give and receive, to pore over and browse through, and to return to again and again.

A compelling and dramatic new saga of the north west Emma Coles? life is shattered when her widowed father Frederick is

imprisoned for theft. She never believes that he is guilty ? but her intimidating uncle, David Hawksworth, thinks otherwise. Reluctantly giving Emma a home over his jewellery shop, he forbids all contact with the convicted man. But Emma secretly visits her father in prison. As time progresses, Emma's relationship with friend Ricky, who works at the prison, deepens and for a while it seems that the future might not be as difficult as she feared. Then tragedy strikes. Caught in a welter of family politics and feuds, Emma remains determined to prove her father's innocence. Yet when the identity of the real culprit is uncovered, the revelations are shattering. Only by facing the truth about the past can Emma find happiness ? and see justice finally done.

### The Lydgate Widow

With wit, wisdom, and a sharp scalpel, Jack Hartnell dissects the medieval body and offers a remedy to our preconceptions. Just like us, medieval men and women worried about growing old, got blisters and indigestion, fell in love, and had children. And yet their lives were full of miraculous and richly metaphorical experiences radically different from our own, unfolding in a world where deadly wounds might be healed overnight by divine intervention, or where the heart of a king, plucked from his corpse, could be held aloft as a powerful symbol of political rule. In this richly illustrated and unusual history, Jack Hartnell uncovers the fascinating ways in which people thought about, explored, and experienced their physical selves in the Middle Ages, from Constantinople to Cairo and Canterbury. Unfolding like a medieval pageant, and filled with saints, soldiers, caliphs, queens, monks and monstrous beasts, this book throws light on the medieval body from head to toe—revealing the surprisingly sophisticated medical knowledge of the time. Bringing together medicine, art, music, politics, philosophy, religion, and social history, Hartnell's work is an excellent guide to what life was really like for the men and women who lived and died in the Middle Ages. Perfumed and decorated with gold, fetishized or tortured, powerful even beyond death, these medieval bodies are not passive and buried away; they can still teach us what it means to be human. "The plan of this work [is] ... to illustrate the life of Sir John Falstaff exclusively from the most striking passages in his career, as invented by Shakespeare"--Preface

There is a widespread perception that even when lawyers are acting squarely within their roles, being good lawyers, they display the vices of dishonesty and deviousness. At the heart of the perception is the so called standard conception of the lawyer's role according to which lawyers owe special duties to their clients which render permissible, or even mandatory, acts that would otherwise count as morally impermissible. Many have concluded that the standard conception should be set aside. This book suggests that the moral implications of the standard conception are often mischaracterised. Critics suggest that the conception requires lawyers to secure any advantage the law can be made to give. But Dare offers a moral argument for the conception, according to which it justifies a more limited and moderate sphere of professional conduct than is normally supposed, allowing lawyers to preserve their integrity while giving proper weight to the role-differentiated permissions and obligations of their roles. The Canterbury Tales is a collection of stories written in Middle English by Geoffrey Chaucer at the end of the 14th century. Apart from the Canterbury Tales, there is also a collection of 21 short poems, The Romaunt Of The Rose, A

Treatise On The Astrolabe, The Legend Of Good Women, Troilus And Criseyde, Boece, The Parliament Of Fowls, Anelida And Arcite, The House Of Fame, and The Book Of The Duchess.

Contributing Authors Include Otto Ege, Lancelot Hogben, Aldous Huxley, And Many Others.

Tracing the material and metaphoric waste through the western canon, Morrison disrupts traditional perceptions to understand how we theorize, manage, and are implicated in waste. A major contribution to the growing field of Waste Studies, this book urges the reader to see disposal as the creation of waste literature itself.

"Addressing the history of the production and reception of the great medieval poem, Piers Plowman, Lawrence Warner reveals the many ways in which scholars, editors and critics over the centuries created their own speculative narratives about the poem, which gradually came to be regarded as factually true. Warner begins by considering the possibility that Langland wrote a romance about a werewolf and bear-suited lovers, and he goes on to explore the methods of the poem's localization, and medieval readers' particular interest in its Latinity. Warner shows that the 'Protestant Piers' was a reaction against the poem's oral mode of transmission, reveals the extensive eighteenth-century textual scholarship on the poem by figures including the maligned Chaucereditor John Urry, and contextualizes its first modernization by a literary forger inspired by the 1790s Shakespeare controversies. This lively account of Piers Plowman challenges the way the poem has traditionally been read and understood"--

A comprehensive practical guide that walks you through the multiple stages of data management in enterprise and gives you numerous design patterns with appropriate code examples to solve frequent problems in each of these stages. The chapters are organized to mimic the sequential data flow evidenced in Analytics platforms, but they can also be read independently to solve a particular group of problems in the Big Data life cycle. If you are an experienced developer who is already familiar with Pig and is looking for a use case standpoint where they can relate to the problems of data ingestion, profiling, cleansing, transforming, and egressing data encountered in the enterprises. Knowledge of Hadoop and Pig is necessary for readers to grasp the intricacies of Pig design patterns better.

Magic, Simon During suggests, has helped shape modern culture. Devoted to this deceptively simple proposition, During's superlative work, written over the course of a decade, gets at the aesthetic questions at the very heart of the study of culture. How can the most ordinary arts--and by magic, During means not the supernatural, but the special effects and conjurings of magic shows--affect people? Modern Enchantments takes us deeply into the history and workings of modern secular magic, from the legerdemain of Isaac Fawkes in 1720, to the return of real magic in nineteenth-century spiritualism, to the role of magic in the emergence of the cinema. Through the course of this history, During shows how magic performances have drawn together heterogeneous audiences, contributed to the molding of

cultural hierarchies, and extended cultural technologies and media at key moments, sometimes introducing spectators into rationality and helping to disseminate skepticism and publicize scientific innovation. In a more revealing argument still, *Modern Enchantments* shows that magic entertainments have increased the sway of fictions in our culture and helped define modern society's image of itself.

The dominant form of the nineteenth-century novel was the Bildungsroman, a story of an individual's development that came to speak more widely of the aspirations of nineteenth-century British society. Some of the most famous examples—David Copperfield, *Great Expectations*, *Jane Eyre*—validated the world from which they sprang, in which even orphans could successfully make their way. *Empire Girls: the colonial heroine comes of age* is a critical examination of three novels by writers from different regions of the British Empire: Olive Schreiner's *The Story of An African Farm* (South Africa), Sara Jeannette Duncan's *A Daughter of Today* (Canada) and Henry Handel Richardson's *The Getting of Wisdom* (Australia). All three novels commence as conventional Bildungsromane, yet the plots of all diverge from the usual narrative structure, as a result of both their colonial origins and the clash between their aspirational heroines and the plots available to them. In an analysis including gender, empire, nation and race, *Empire Girls* provides new critical perspectives on the ways in which this dominant narrative form performs very differently when taken out of its metropolitan setting.

*Democracy: An American Novel* (1880) is a novel by Henry Adams. Published anonymously, *Democracy: An American Novel* draws on Adams' experience as a political journalist in Washington, DC who worked to expose corruption in American government. Although fictional, the novel is viewed as a commentary on the presidential administrations of the 1870s and political atmospheres surrounding each. "For reasons which many persons thought ridiculous, Mrs. Lightfoot Lee decided to pass the winter in Washington. She was in excellent health, but she said that the climate would do her good. In New York she had troops of friends, but she suddenly became eager to see again the very small number of those who lived on the Potomac. It was only to her closest intimates that she honestly acknowledged herself to be tortured by ennui." Madeleine Lee, a young widow from a prominent clerical family, moves from New York to Washington, DC in search of a better life. There, she hosts a popular salon and draws the attention of several suitors. While John Carrington, an honest man from a working-class background, shows true romantic feelings, Silas P. Ratcliffe, an aspiring politician, proves dangerously attractive. As their competition grows heated, Madeleine begins losing interest in the life of fame and fortune she has pursued for herself. With a beautifully designed cover and professionally typeset manuscript, this edition of Henry Adams' *Democracy: An American Novel* is a classic of American literature reimagined for modern readers.

A powerful and epic saga of the north-west, set against the backdrop of World War II. Growing up in Preston's poorest area, Kate Shaw knows just how harsh life can be. A compelling and dramatic new saga of the north west. When Faith Granger's husband Samuel comes back from the First World War he is a changed man. Although still loving to his wife and daughter, Samuel struggles to settle down to normal, civilian life, and Faith seems unable to reignite their old passion. Then Leonie Bonnard, a shy young Frenchwoman arrives, telling Faith she is a war widow looking for a room to rent for herself and her young child. Faith takes her in, but when Samuel comes face to face with the 'lodger' he realises that his past has caught up with him: he is the father of her child. Leonie threatens to tell Faith everything, and insists that Samuel leave his family for her. How will Faith react when she realises her life has been wrecked by a trusted interloper?
