*The Memory Book* Lara Avery, 2016-07-05 Perfect for fans of *Everything, Everything* and *Five Feet Apart*, a bittersweet story of love and loss, told one journal entry at a time. Sammie McCoy is a girl with a plan: graduate at the top of her class and get out of her small town as soon as possible. Nothing will stand in her way—not even the rare genetic disorder the doctors say will slowly steal her memories and then her health. So the memory book is born: a journal written to Sammie's future self. It's where she'll record every perfect detail of her first date with longtime-crush Stuart, and where she'll admit how much she's missed her childhood friend Cooper. The memory book will ensure Sammie never forgets the most important parts of her life—the people who have broken her heart, and those who have mended it. If Sammie's going to die, she's going to die living.
