This volume is the final output of a project started in 2013 on the occasion of the fortieth anniversary of the Scandinavian Section of the University of Milan. A group of scholars working on different European and non-European cultural and literary traditions come together here to discuss the relationships between their areas of study and the Nordic countries. The range of the contributions expands over time and space, from the Middle Ages to the present day, from Poland in the east to the United States in the west, across various European countries. Through various kinds of expertise and different perspectives, this intercultural discourse deals with diverse themes, including the perception of Nordic culture(s) by foreign writers as well as the image of other cultures in Scandinavian works. In particular, the literary and cultural interchange of models and ideas between the North and other areas is investigated in a number of essays devoted to numerous authors, including, among others, Klaus Bödl, Carmen de Burgos, Carlo Emilio Gadda, Gerhart Hauptmann, Henrik Ibsen, Stieg Larsson, Carl von Linné, Rainer Maria Rilke, J.D. Salinger, Henryk Sienkiewicz, Mme de Staël, August Strindberg, and Tomas Tranströmer.

The bestselling author of *The Miracle Morning* shares the secret to unlocking your full potential--all day, every day. "A simple, proven formula for creating extraordinary results in your life."--Lewis Howes, New York Times bestselling author of *The School of Greatness* Even after the incredible success of his book *The Miracle Morning*, Hal Elrod realized that he still had more to share with the world. What he had discovered was a timeless but overlooked formula for success. The world's top achievers have used it for centuries. He used it to thrive against seemingly insurmountable odds, from overcoming life-threatening health challenges to near financial collapse. That formula is *The Miracle Equation*, and it couldn't be any simpler:  $\text{Unwavering Faith} + \text{Extraordinary Effort} = \text{Miracles}$  By establishing and maintaining Unwavering Faith that you can achieve anything you desire, and then putting forth Extraordinary Effort until you do, you'll create results beyond what you believe to be possible. In *The Miracle Equation*, you'll learn how to \* Replace fear with faith \* Move from resistance to acceptance \* Let go of negative emotions \* Turn off your stress response \* Overcome your limitations to unlock your limitless potential \* Develop emotional invincibility \* Grow from happiness, which is fleeting, to inner peace, which is lasting And with the *Miracle Equation 30-Day Challenge* to guide your way, you'll create a step-by-step plan to actualize your miracles and become the person you need to be in order to succeed. No goal is out of reach! Praise for *The Miracle Equation* "The *Miracle Equation* isn't just a book, it's the formula that I myself have used to achieve greatness beyond what I ever believed was possible. Hal Elrod has taken the mystery out of miracles and gives you a simple, proven formula for creating extraordinary results in your life. Highly recommended."--Lewis Howes, New York Times bestselling author of *The School of Greatness* "You're only two decisions away from achieving everything you want. And my friend, Hal Elrod, has simplified these two decisions into a simple equation for achieving results. Follow it, and your success is virtually guaranteed. If you want your biggest goals to move from possible, to probable, to inevitable, you better read *The Miracle Equation*."--Mel Robbins, bestselling author of *The 5-Second Rule*

"He opened his suitcase and a ray of sunshine came out. -It's for when I'm afraid of the dark in the new house where I will live.-" Five little refugees traveling on a raft, in the middle of the sea, hold on to their hopes for a brighter future. It ends on a positive note. \*\*\*\*\* 40 million refugees in the world are forced to flee their homeland under threat of persecution, conflict and violence. Children constitute about 40 percent of the world's refugees.

La maggior parte delle persone, nel mondo occidentale, passa due terzi delle proprie ore di veglia in ufficio. E molte di esse sono infelici per la maggior parte di quel tempo. Questo perché siamo esseri spirituali, dotati di un'anima, ma quasi sempre ci scordiamo di portarla nel nostro lavoro. L'idea che per avere successo si possa solo lavorare fino allo stremo e affaccendarsi senza sosta è un mito moderno e deleterio. Secondo Vishen Lakhiani, fondatore di Mindvalley (un piccolo impero nel settore della formazione e della crescita personale), il modo migliore per cambiare il nostro rapporto con il lavoro è incarnare le qualità del Buddha e dello sfrontato, due archetipi che rappresentano le personalità del saggio illuminato e dell'innovatore che sovverte le regole. Risvegliandoli dentro di noi e impadronendoci delle abilità caratteristiche di entrambi percepiremo le cose a un livello differente e ci sembrerà più facile raggiungere i nostri obiettivi, mentre siamo ispirati e sostenuti da un senso di consapevolezza e di abbondanza. "Il Buddha e lo sfrontato" è un condensato di consigli, strategie ed esperienza in grado di cambiare per sempre il modo in cui gestiamo il nostro lavoro e la nostra vita.

Reveals the underlying story form of all great presentations that will not only create impact, but will move people to action Presentations are meant to inform, inspire, and persuade audiences. So why then do so many audiences leave feeling like they've wasted their time? All too often, presentations don't resonate with the audience and move them to transformative action. Just as the author's first book helped presenters become visual communicators, *Resonate* helps you make a strong connection with your audience and lead them to purposeful action. The author's approach is simple: building a presentation today is a bit like writing a documentary. Using this approach, you'll convey your content with passion, persuasion, and impact. Author has a proven track record, including having created the slides in Al Gore's Oscar-winning *An Inconvenient Truth* Focuses on content development methodologies that are not only fundamental but will move people to action Upends the usual paradigm by making the audience the hero and the presenter the mentor Shows how to use story techniques of conflict and resolution Presentations don't have to be boring ordeals. You can make them fun, exciting, and full of meaning. Leave your audiences energized and ready to take action with *Resonate*. Luca Del Baldo's *Visionary Academy of Ocular Mentality* is an extraordinary testament in the recent history of visual studies. It brings together a group of outstanding scholars who have devoted their lives to art history, philosophy, history,

ethnology, focussing predominantly on questions of human perception and imagination. Working from photographs provided by the scholars, Luca del Baldo painted his series of 96 portraits reproduced in this book. The portraits are accompanied by texts written by the persons portrayed, in response to their portrayal, and as an exchange: the artist gifted the original painting to the portrayed person, and the portrayed gifted her or his response. "The result is a unique and profound conversation between image and text focussed on the enigma of the human face in all its mediations." (W.J.T. Mitchell)

The first volume of the new series "European Avant-Garde and Modernism Studies" focuses on the relation between the avant-garde, modernism and Europe. It combines interdisciplinary and intermedial research on experimental aesthetics and poetics. The essays, written by experts from more than fifteen countries, seek to bring out the complexity of the European avant-garde and modernism by relating it to Europe's intricate history, multiculturalism and multilingualism. They aim to inquire into the divergent cultural views on Europe taking shape in avant-garde and modernist practices and to chart a composite image of the "other Europe(s)" that have emerged from the (contemporary) avant-garde and experimental modernism. How did the avant-garde and modernism in (and outside) Europe give shape to local, national and pan-European forms of identity and community? To what extent does the transnational exchange and cross-fertilisation of aesthetic tendencies illustrate the well-rehearsed claim that the avant-gardes form a typically European phenomenon? Dealing with canonised as well as lesser known exponents of modernism and the avant-garde throughout Europe, this book will appeal to all those interested in European cultural, literary and art history.

An extreme experience. A heartbreaking autobiographical novel. The author testifies to bewildering crimes, occurring in Italy, just three decades ago, inside an adoptive family and in a mental hospital. Unimaginable crimes almost too absurd to believe possible, that no one has ever before dared to expose to public scrutiny. Actual events chronicled from a reality so bizarre, so nightmarish, where demented and criminal madmen continued to segregate, abuse, and torture a sane and innocent young woman almost to the point of no return. A story of illness and despair, lovingkindness and hatred, healing and romance, friendship and superstition, loneliness and loss, envy and revenge, electroshock and the worst psychical and physical abuses in an asylum turned house of horrors. Yet, on a distant horizon, the only hope: A deliverance through the miraculous devotion of love. First edition worldwidel read Chamed's book in one day last summer. I can say that I devoured it. It was still in draft, but I could not stop reading it. It really stopped my heart. A strong, direct, fascinating story: it strikes and leaves its mark. Edmondo Rho, special correspondent for Panorama "No person who reads this book could fail to be profoundly moved to reflect first of all on the very serious danger to innocent people of institutions which fail to maintain proper oversight against abuses to patients in mental health institutions. Secondly it shows how justice can fail to be served in modern society, where adequate protection for the interests of minor surviving orphans may be lacking or nonexistent.[...] Finally no reader can read this without great inspiration to the courage of the human spirit and the power of human love to defeat evil. Reading this book, as well as having a role in disseminating its message to the public, is a great privilege, that every reader will probably experience gratitude for." Ed Carl, Editor "A deeply moving story, incredible in its lucidity." Carlo Castelli, author of Nervi d'acciaio "Full of emotion!" Aurora Magnin-Roncada, Translator of the French edition

The Years of Alienation in Italy offers an interdisciplinary overview of the socio-political, psychological, philosophical, and cultural meanings that the notion of alienation took on in Italy between the 1960s and the 1970s. It addresses alienation as a social condition of estrangement caused by the capitalist system, a pathological state of the mind and an ontological condition of subjectivity. Contributors to the edited volume explore the pervasive influence this multifarious concept had on literature, cinema, architecture, and photography in Italy. The collection also theoretically reassesses the notion of alienation from a novel perspective, employing Italy as a paradigmatic case study in its pioneering role in the revolution of mental health care and factory work during these two decades.
