

The Nemesis File The True Story Of An Sas Execution Squad The True Story Of An Execution Squad

In the heart-pounding conclusion to the New York Times bestselling Diabolic series, the Empire teeters on the edge of destruction as rumors spread that Nemesis is still alive. Three years ago, Tyrus Domitrian shocked the galaxy by killing the woman he swore to love forever. The woman for whom he upended the Empire. The woman with whom he wanted to build a new and brighter future. Now, the once-idealistic heir apparent has become the cruel Emperor Tyrus, wielding his authority with an iron fist, capable of destroying planets with a single word, controlling all technology with a simple thought. He has bent the Grandiloquy to their knees, and none has the power to stand against him. But there is a muttering among the Excess. They say that Nemesis is not truly gone. They whisper of her shadow spotted in distant star systems. They say that Nemesis lives. That she will rise, and rally the people to topple the man who was once her truest love—and is now her fiercest enemy.

Shortlisted for the 2021 Booker Prize Longlisted for the 2021 National Book Award for Fiction A heartrending new novel from the Pulitzer Prize-winning and #1 New York Times best-selling author of The Overstory. Named one of the Most Anticipated Books of 2021 by Newsweek, Los Angeles Times, New York Magazine, Chicago Tribune, BuzzFeed, BookPage, Goodreads, Literary Hub, The Millions, New Statesman, and Times of London The astrobiologist Theo Byrne searches for life throughout the cosmos while single-handedly raising his unusual nine-year-old, Robin, following the death of his wife. Robin is a warm, kind boy who spends hours painting elaborate pictures of endangered animals. He's also about to be expelled from third grade for smashing his friend in the face. As his son grows more troubled, Theo hopes to keep him off psychoactive drugs. He learns of an experimental neurofeedback treatment to bolster Robin's emotional control, one that involves training the boy on the recorded patterns of his mother's brain... With its soaring descriptions of the natural world, its tantalizing vision of life beyond, and its account of a father and son's ferocious love, Bewilderment marks Richard Powers's most intimate and moving novel. At its heart lies the question: How can we tell our children the truth about this beautiful, imperiled planet?

When a small-town family is pushed to the brink, how far will they go to protect one of their own? An edgy, propulsive read about what we will do in the name of love and blood Tony has always looked out for his younger brother, Nick. So when he's called to a hospital bed where Nick is lying battered and bruised after a violent sexual assault, his protective instincts flare, and a white-hot rage begins to build. As a small-town New England lawyer, Tony's wife, Julia, has cases involving kids all the time. When Detective Rice gets assigned to this one, Julia feels they're in good hands. Especially because she senses that Rice, too, understands how things can quickly get complicated. Very complicated. After all, one moment Nick was having a drink with a handsome stranger; the next, he was at the center of an investigation threatening to tear not only him, but his entire family, apart. And now his attacker, out on bail, is disputing Nick's version of what happened. As Julia tries to help her brother-in-law, she sees Tony's desire for revenge, to fix things for Nick, getting out of control. Tony is starting to scare her. And before long, she finds herself asking: does she really know what her husband is capable of? Or of what she herself is? Exploring elements of doubt, tragedy, suspense, and justice, The Damage is an all-consuming read that marks the explosive debut of an extraordinary new writer.

The author describes his relationship with Mairead Farrell, whose membership in the IRA led to her imprisonment and eventual death

#1 NEW YORK TIMES BESTSELLER • Meghan, The Duchess of Sussex's first children's book, The Bench, beautifully captures the special relationship between father and son, as seen through a mother's eyes. The book's storytelling and illustration give us snapshots of shared moments that evoke a deep sense of warmth, connection, and compassion. This is your bench Where you'll witness great joy. From here you will rest See the growth of our boy. In The Bench, Meghan, The Duchess of Sussex, touchingly captures the evolving and expanding relationship between father and son and reminds us of the many ways that love can take shape and be expressed in a modern family. Evoking a deep sense of warmth, connection, and compassion, The Bench gives readers a window into shared and enduring moments between a diverse group of fathers and sons—moments of peace and reflection, trust and belief, discovery and learning, and lasting comfort. Working in watercolor for the first time, Caldecott-winning, bestselling illustrator Christian Robinson expands on his signature style to bring joy and softness to the pages, reflecting the beauty of a father's love through a mother's eyes. With a universal message, this thoughtful and heartwarming read-aloud is destined to be treasured by families for generations to come.

Do you have a real relationship with God, or do you just have a religion? Do you know God, or do you just know about God? In How Big Is Your God? Paul Coutinho, SJ, challenges us to grow stronger and deeper in our faith and in our relationship with God—a God whose love knows no bounds. To help us on our way, Coutinho introduces us to people in various world religions—from Hindu friends to Buddhist teachers to St. Ignatius of Loyola—who have shaped his spiritual life and made possible his deep, personal relationship with God.

In 2004, the murder of a middle-aged couple in their village bungalow lifted the lid on the great untold story of British organised crime. The slaughter of Joan and John Stirland revealed an evil empire of powerful ganglords, contract killings and police corruption. At its dark heart was the East Midlands city of Nottingham. A prosperous centre of business, education and leisure, Nottingham had fallen under the shadow of vicious gangsters. Eventually its police were investigating so many murders that their boss had to appeal to other forces for help, and the influx of drugs and weapons saw the city labelled "Gun Capital UK". HOODS traces the roots of the gangs, revealing how economic dislocation and the clash of cultures between working-class white residents and black immigrants from the 1950s onwards created an alienated underclass. In the 1990s, a more malignant breed of organised criminal emerged. Crime families who had been involved in armed robbery, protection rackets and extortion now sought to control the recreational drugs trade and forged links across Europe to import wholesale quantities of cocaine, ecstasy and amphetamines. By 2002, shootings were running at one a week. HOODS uncovers how outlaw Yardies pioneered the sale of crack cocaine and imported the ruthless violence of the Jamaican ghettos; how young black gangs from the so-called NG Triangle of the Meadows, St Ann's and Radford areas clashed in a series of turf wars; how the shadowy Dawes Cartel built a lucrative international drugs empire; and how the Bestwood Cartel and its terrifying leader, Colin Gunn, corrupted police officers and left dead and maimed in its wake. As local police struggled to cope with the mayhem, MI5 and the National Crime Squad launched a massive undercover investigation into the Nottingham 'untouchables'. It led ultimately to the dismantling of some of the UK's most powerful crime networks. HOODS is a stark account of what happens when the rule of the gun supplants the rule of law and fear stalks the streets.

Wildly original, funny and moving, The First Fifteen Lives of Harry August is an extraordinary story of a life lived again and again from World Fantasy Award-winning author Claire North. Harry August is on his deathbed. Again. No matter what he does or the decisions he makes, when death comes, Harry always returns to where he began, a child with all the knowledge of a life he has already lived a dozen times before. Nothing ever changes. Until now. As Harry nears the end of his eleventh life, a little girl appears at his bedside. "I nearly missed you, Doctor August," she says. "I need to send a message." This is the story of what Harry does next, and what he did before, and how he tries to save a past he cannot change and a future he cannot allow.

The SAS describes its attitude to the use of lethal force as 'Big boys' games, big boys' rules'. Anyone caught with a gun or bomb can expect to be shot. In Big Boys' Rules: The SAS and the Secret Struggle Against the IRA Mark Urban meticulously explores the security forces' covert operations in Northern Ireland: from the mid-1970s, when they were stepped up, to the Loughall ambush in 1987, in which eight IRA Provisionals were killed. While charting the successes and failures of special operations during the troubles, Urban reveals the unenviable dilemmas faced by intelligence chiefs engaged in a daily

struggle against one of the world's most sophisticated terrorist organisations. 'This is a book that needed to be written and which fulfils the essentials of any Ulster story; it expands understanding beyond fragmented jingoism and newspaper headlines.' John Stalker, Sunday Times

Afghan Heat is a fast paced story of an SAS operative on operations from SAS selection through to a tour on the battlefields of Afghanistan. The book follows individual operations where special forces, aircraft, and the latest surveillance technology are fused together - in order to capture key figures or simply take out an enemy stronghold. The books account is both gritty and graphical as it follows the SAS, battling at times against overwhelming odds in a hostile country. Fighting a war hardened enemy with years of experience fighting occupying forces. Even these elite soldiers with advanced weaponry and immense fire support at their disposal are put to the ultimate test of skill and courage fighting in the 'Stan.'

Bizarre military history: In 1979, a crack commando unit was established by the most gifted minds within the U.S. Army. Defying all known laws of physics and accepted military practice, they believed that a soldier could adopt the cloak of invisibility, pass cleanly through walls, and—perhaps most chillingly—kill goats just by staring at them. They were the First Earth Battalion, entrusted with defending America from all known adversaries. And they really weren't joking. What's more, they're back—and they're fighting the War on Terror. An uproarious exploration of American military paranoia: With investigations ranging from the mysterious "Goat Lab," to Uri Geller's covert psychic work with the CIA, to the increasingly bizarre role played by a succession of U.S. presidents, this might just be the funniest, most unsettling book you will ever read—if only because it is all true and is still happening today.

Bestselling author Sherman Alexie tells the story of Junior, a budding cartoonist growing up on the Spokane Indian Reservation. Determined to take his future into his own hands, Junior leaves his troubled school on the rez to attend an all-white farm town high school where the only other Indian is the school mascot. Heartbreaking, funny, and beautifully written, The Absolutely True Diary of a Part-Time Indian, which is based on the author's own experiences, coupled with poignant drawings by Ellen Forney that reflect the character's art, chronicles the contemporary adolescence of one Native American boy as he attempts to break away from the life he was destined to live. With a forward by Markus Zusak, interviews with Sherman Alexie and Ellen Forney, and four-color interior art throughout, this edition is perfect for fans and collectors alike.

NEW YORK TIMES BEST SELLER • A TODAY SHOW #READWITHJENNA BOOK CLUB PICK! An incandescent memoir from an astonishing new talent, Beautiful Country puts readers in the shoes of an undocumented child living in poverty in the richest country in the world. "Extraordinary...Consider this remarkable memoir a new classic."—Publishers Weekly, *Starred Review* In Chinese, the word for America, Mei Guo, translates directly to "beautiful country." Yet when seven-year-old Qian arrives in New York City in 1994 full of curiosity, she is overwhelmed by crushing fear and scarcity. In China, Qian's parents were professors; in America, her family is "illegal" and it will require all the determination and small joys they can muster to survive. In Chinatown, Qian's parents labor in sweatshops. Instead of laughing at her jokes, they fight constantly, taking out the stress of their new life on one another. Shunned by her classmates and teachers for her limited English, Qian takes refuge in the library and masters the language through books, coming to think of The Berenstain Bears as her first American friends. And where there is delight to be found, Qian relishes it: her first bite of gloriously greasy pizza, weekly "shopping days," when Qian finds small treasures in the trash lining Brooklyn's streets, and a magical Christmas visit to Rockefeller Center—confirmation that the New York City she saw in movies does exist after all. But then Qian's headstrong Ma Ma collapses, revealing an illness that she has kept secret for months for fear of the cost and scrutiny of a doctor's visit. As Ba Ba retreats further inward, Qian has little to hold onto beyond his constant refrain: Whatever happens, say that you were born here, that you've always lived here. Inhabiting her childhood perspective with exquisite lyric clarity and unforgettable charm and strength, Qian Julie Wang has penned an essential American story about a family fracturing under the weight of invisibility, and a girl coming of age in the shadows, who never stops seeking the light.

After twenty years of SAS operations Bob Shepherd retired to work as an advisor on the international commercial security circuit. Then 9/11 happened and Bob found himself back in war zones on assignments far more perilous than anything he had encountered in the SAS: from ferrying journalists across firing lines in the West Bank and Gaza to travelling to the heart of Osama bin Laden's Afghan lair. As the war on terror escalated, Bob contended with increasingly sophisticated insurgents. But the most disturbing development he witnessed was much closer to home; namely The Circuit's rise from a niche business staffed by top veterans into an unregulated, billion dollar industry that too often places profits above lives...

Winner of the Man Booker International Prize 2011 In the "stifling heat of equatorial Newark," a terrifying epidemic is raging, threatening the children of the New Jersey city with maiming, paralysis, lifelong disability, and even death. This is the startling theme of Philip Roth's wrenching new book: a wartime polio epidemic in the summer of 1944 and the effect it has on a closely knit, family-oriented Newark community and its children. At the center of Nemesis is a vigorous, dutiful twenty-three-year-old playground director, Bucky Cantor, a javelin thrower and weightlifter, who is devoted to his charges and disappointed with himself because his weak eyes have excluded him from serving in the war alongside his contemporaries. Focusing on Cantor's dilemmas as polio begins to ravage his playground—and on the everyday realities he faces—Roth leads us through every inch of emotion such a pestilence can breed: the fear, the panic, the anger, the bewilderment, the suffering, and the pain. Moving between the smoldering, malodorous streets of besieged Newark and Indian Hill, a pristine children's summer camp high in the Poconos—whose "mountain air was purified of all contaminants"—Roth depicts a decent, energetic man with the best intentions struggling in his own private war against the epidemic. Roth is tenderly exact at every point about Cantor's passage into personal disaster, and no less exact about the condition of childhood. Through this story runs the dark questions that haunt all four of Roth's late short novels, Everyman, Indignation, The Humbling, and now Nemesis: What kind of accidental choices fatally shape a life? How does the individual withstand the onslaught of circumstance?

* AVAILABLE FOR PRE-ORDER NOW * With the outbreak of Gulf War hostilities a unit from 22 SAS slipped quietly over the border and into the enemy's backyard. It would be six weeks before any of the patrol again reached safety. Sabre Squadron recounts in graphic detail their scud-busting operations deep inside Iraq. They were operating alone and out of reach of reinforcements, with the threat of detection and its fatal consequences ever present. Yet their determination to wreak havoc behind enemy lines remained undimmed, culminating in an attack that decisively reconfirmed the regiment's awesome reputation. Cameron Spence, a senior NCO on the operation, takes you as close to the fighting SAS as you are ever likely to get, conveying the relentless tension, black humour and camaraderie punctuated by explosive, nerve-shredding action that characterized the mission. This is the true story of an SAS operation of breathtaking audacity and flair, carried out under unimaginable pressure, in the face of impossible odds. 'A brilliantly authentic account of war with an SAS patrol, it's a fantastic read' - ANDY MCNAB, bestselling author of Bravo Two Zero 'Tense and at times terrifying... a well told action story' - SUNDAY TELEGRAPH 'A terrific read' - THE TIMES 'Blood, guts and military macho - as authentic as anything you are likely to read' - MAIL ON SUNDAY

In the Land of the Blind, the one-eyed man is king. Meet the blind, like you've never seen them before: In the year 2020, a nuclear war, perpetrated by a ruling entity known as 'The ARK,' devastated Earth, laying over half the planet to waste. Today, the 'future' is dark. Every 6 to 18 months, a mushroom cloud envelopes one of the world's once-great

cities as The ARK seeks to wipe out a newly discovered resistance movement. Its ruler, The Anchor, and his Superiors, are ruthless and rule the world with an iron fist. Until the 'All-Seeing Army,' committed to a Blind War, rises against them. These soldiers literally can't see and this handicap has become their greatest strength. Not only are their other senses heightened to the point of giving them superior fighting skills, but they also represent the only hope for a human race with a peaceful, true and just vision for the future. Into this clash of titans, a sightless, orphaned boy is thrust. Iori, the eventual One-Eyed King, is kidnapped by this All-Seeing Army and trained for many years as The ARK gets closer to discovering their whereabouts. As commander of the last capable resistance movement on Earth, Iori cannot fail or the entire planet is doomed.

Few outside the security services have heard of 14 Company. As deadly as the SAS yet more secret, the Operators of 14 Company are Britain's most effective weapon against international terrorism. For every bomb that goes off 14 Company prevent twelve. The selection process is the most physically, intellectually and emotionally demanding anywhere in the world. Trained to operate under cover, Operators have at their disposal an arsenal of techniques and weapons unmatched by any other UK government or military agency. This is the true story of one Operator and of some of the most hair-raising military operations ever conducted on the streets of Britain.

The Pulitzer Prize-winning columnist's "astonishing" and "enthraling" New York Times bestseller and Notable Book about how the Founders' belief in natural rights created a great American political tradition (Booklist) -- "easily one of the best books on American Conservatism ever written" (Jonah Goldberg). For more than four decades, George F. Will has attempted to discern the principles of the Western political tradition and apply them to America's civic life. Today, the stakes could hardly be higher. Vital questions about the nature of man, of rights, of equality, of majority rule are bubbling just beneath the surface of daily events in America. The Founders' vision, articulated first in the Declaration of Independence and carried out in the Constitution, gave the new republic a framework for government unique in world history. Their beliefs in natural rights, limited government, religious freedom, and in human virtue and dignity ushered in two centuries of American prosperity. Now, as Will shows, conservatism is under threat -- both from progressives and elements inside the Republican Party. America has become an administrative state, while destructive trends have overtaken family life and higher education. Semi-autonomous executive agencies wield essentially unaccountable power. Congress has failed in its duty to exercise its legislative powers. And the executive branch has slipped the Constitution's leash. In the intellectual battle between the vision of Founding Fathers like James Madison, who advanced the notion of natural rights that pre-exist government, and the progressivism advanced by Woodrow Wilson, the Founders have been losing. It's time to reverse America's political fortunes. Expansive, intellectually thrilling, and written with the erudite wit that has made Will beloved by millions of readers, *The Conservative Sensibility* is an extraordinary new book from one of America's most celebrated political writers.

Considered by many to be mentally retarded, a brilliant, impatient fifth-grader with cerebral palsy discovers a technological device that will allow her to speak for the first time. "Fans of Lee Child and Patrick Lee won't be disappointed"* in this high-octane FBI Thriller featuring Dillon Savich and Lacey Sherlock from the #1 New York Times bestselling author. In New York, Special Agent Lacey Sherlock foils a terrorist attack at JFK airport, but stopping the grenade-carrying crazy was only the beginning. Another plot unfolds nearly simultaneously with a bomb at St. Patrick's Cathedral... Meanwhile, Savich—with the help of Agent Griffin Hammersmith—has his hands full trying to track an elusive murderer who is able to control those under his thrall. When an attempt on Savich's life collides with Sherlock's terrorist case, they must race against the clock, as more lives are in danger with every passing minute. *Library Journal

Ultimate soldier. Ultimate mission. But will the SAS be able to find an IRA sniper, before he finds them...?

Analyzes how negotiations between Dutch consuls and North African rulers over the liberation of Dutch sailors helped create a new diplomatic order in the western Mediterranean.

This Whitbread Award-winning biography and basis for the film *Mary Queen of Scots* starring Saoirse Ronan and Margot Robbie "reads like Shakespearean drama" (The Atlanta Journal-Constitution). "A triumph . . . A masterpiece full of fire and tragedy." —Amanda Foreman, author of *Georgiana* In the first full-scale biography of Mary Stuart in more than thirty years, John Guy creates an intimate and absorbing portrait of one of history's greatest women, depicting her world and her place in the sweep of history with stunning immediacy. Bringing together all surviving documents and uncovering a trove of new sources for the first time, Guy dispels the popular image of Mary Queen of Scots as a romantic leading lady—achieving her ends through feminine wiles—and establishes her as the intellectual and political equal of Elizabeth I. Through Guy's pioneering research and superbly readable prose, we come to see Mary as a skillful diplomat, maneuvering ingeniously among a dizzying array of factions that sought to control or dethrone her. *Queen of Scots* is an enthralling, myth-shattering look at a complex woman and ruler and her time. "The definitive biography . . . Gripping . . . A pure pleasure to read." —The Washington Post Book World "Reads like Shakespearean drama, with all the delicious plotting and fresh writing to go with it." —The Atlanta Journal-Constitution

BESTSELLER An explosive exposé of how British military intelligence really works, from the inside. The stories of two undercover agents -- Brian Nelson, who worked for the Force Research Unit (FRU), aiding loyalist terrorists and murderers in their bloody work; and the man known as Stakeknife, deputy head of the IRA's infamous 'Nutting Squad', the internal security force which tortured and killed suspected informers.

This is a true account of secret operations carried out by the British Army's most clandestine unit- the Force Research Unit. Through the author's own experiences, the story of an essential instrument in the fight against terrorism, that of covert intelligence gathering, is told.

Orphan Black meets Lord of the Flies in this riveting new thriller from the co-author of the Virals series. It's been happening since Min was eight. Every two years, on her birthday, a strange man finds her and murders her in cold blood. But hours later, she wakes up in a clearing just outside her tiny Idaho hometown—alone, unhurt, and with all evidence of the horrifying crime erased. Across the valley, Noah just wants to be like everyone else. But he's not. Nightmares of murder and death plague him, though he does his best to hide the signs. But when the world around him begins to spiral toward panic and destruction, Noah discovers that people have been lying to him his whole life. Everything changes in an eye blink. For the planet has a bigger problem. The Anvil, an enormous asteroid threatening all life on Earth, leaves little room for two troubled teens. Yet on her sixteenth birthday, as she cowers in her bedroom, hoping not to die for the fifth time, Min has had enough. She vows to discover what is happening in Fire Lake and uncovers a lifetime of lies: a vast conspiracy involving the sixty-four students of her sophomore class, one that may be even more sinister than the murders.

"I am a British soldier," I told my reflection. "I am a British soldier and I'm saving lives. I'm saving lives. I'm a British soldier and I'm saving lives..." Kevin Fulton was one of the British Army's most successful intelligence agents. Having been recruited to infiltrate the Provisional IRA at the height of The Troubles, he rose its ranks to an unprecedented level. Living and working undercover, he had no option other than to take part in heinous criminal activities, including the production of bombs which he knew would later kill. So highly was he valued by IRA leaders that he was promoted to serve in its infamous internal police - ironically, his job was now to root out and kill informers. Until one day in 1994, when it all went wrong. . . Fleeing Northern Ireland, Kevin was abandoned by the security services he had served so courageously and left to live as a fugitive. The life of a double agent requires constant vigilance, for danger is always just a heartbeat away. For a double agent within the highest ranks of the IRA, that danger was doubled. In this remarkable account, Kevin Fulton - former intelligence agent, ex-member of the IRA - tells a truth that is as uncomfortable as it is gripping.

Peter Evans's biography of Aristotle Onassis, Ari, met with great acclaim when it was published in 1986. It provided the world with an unprecedented glimpse of the Greek shipping magnate's orbit of dizzying wealth, twisted intrigues, and questionable mores. Not long after the book appeared, however, Onassis's daughter Christina and his longtime business partner Yannis Georgakis hinted to Evans that he had missed the "real story" -- one that proved Onassis's intrigues had deadly results. "I must begin," Georgakis said, "with the premise that, for Onassis, Bobby Kennedy was unfinished business from way back..." His words launched Evans into the heart of a story that tightly bound Onassis not to Jackie's first husband, but to his ambitious younger brother Bobby. A bitter rivalry emerged between Bobby and Ari long before Onassis and Jackie had even met. Nemesis reveals the tangled thread of events that linked two of the world's most powerful men in their intense hatred for one another and uncovers the surprising role played by the woman they both loved. Their power struggle unfolds against a heady backdrop of international intrigue: Bobby Kennedy's discovery of the Greek shipping magnate's shady dealings, which led him to bar Onassis from trade with the United States; Onassis's attempt to control much of Saudi Arabia's oil; Onassis's untimely love affair with Jackie's married sister Lee Radziwill; and his bold invitation to First Lady Jackie to join him on his yacht -- without the president. Just as the self-made Greek tycoon gloried in the chance to stir the wrath of the Kennedys, they struggled unsuccessfully to break his spell over the woman who held the key to all of their futures. After Jack's death, Bobby became ever closer to Camelot's holy widow, and fought to keep her from marrying his sworn rival. But Onassis rarely failed to get what he wanted, and Jackie became his wife shortly after Bobby was killed. Through extensive interviews with the closest friends, lovers, and relatives of Onassis and the Kennedys, longtime journalist Evans has uncovered the shocking culmination of the Kennedy-Onassis-Kennedy love triangle: Aristotle Onassis was at the heart of the plot to kill Bobby Kennedy. Meticulously tracing Onassis's connections in the world of terrorism, Nemesis presents compelling evidence that he financed the assassination -- including a startling confession that has gone unreported for nearly three decades. Along the way, this groundbreaking work also daringly paints these international icons in all of their true colors. From Evans's deeply nuanced portraits of the charismatic Greek shipping magnate and his acquisitive iconic bride to his probing and revelatory look into the events that shaped an era, Nemesis is a work that will not be soon forgotten.

Selected by The New York Times Book Review as a Notable Book of the Year A revelatory tale of science, adventure, and modern myth. When the writer Donovan Hohn heard of the mysterious loss of thousands of bath toys at sea, he figured he would interview a few oceanographers, talk to a few beachcombers, and read up on Arctic science and geography. But questions can be like ocean currents: wade in too far, and they carry you away. Hohn's accidental odyssey pulls him into the secretive world of shipping conglomerates, the daring work of Arctic researchers, the lunatic risks of maverick sailors, and the shadowy world of Chinese toy factories. Moby-Duck is a journey into the heart of the sea and an adventure through science, myth, the global economy, and some of the worst weather imaginable. With each new discovery, Hohn learns of another loose thread, and with each successive chase, he comes closer to understanding where his castaway quarry comes from and where it goes. In the grand tradition of Tony Horwitz and David Quammen, Moby-Duck is a compulsively readable narrative of whimsy and curiosity.

Early one morning in March 1985, as he climbed the six steps of Margaret Thatcher's prime-ministerial jet on the runway of RAF Aldergrove, little did Willie Carlin know the role Freddie Scappaticci played in saving his life. So began the dramatic extraction of Margaret Thatcher's key undercover agent in Sinn Féin – Willie Carlin, aka Agent 3007. For 11 years the former British soldier worked alongside former IRA commander Martin McGuinness in the republican movement's political wing in Derry. He was MI5's man at McGuinness' side and gave the British State unprecedented insight into the IRA leader's strategic thinking. Carlin worked with McGuinness to develop Sinn Féin's election strategy after the 1981 hunger strike, and the MI5 and later FRU agent's reports on McGuinness, Adams and other republicans were read by the British Cabinet, including Margaret Thatcher herself. When Carlin's cover was blown in mid-1985 thanks to one of his old MI5 handlers being jailed as a Soviet spy, Thatcher authorised the use of her jet to whisk him to safety. Incredibly, it was another British 'super spy' inside the IRA's secretive counter-intelligence unit, the 'nuttin' squad', who saved Carlin's life. The Derry man is perhaps the only person alive thanks to the information provided by the 'jewel in the crown' of British military intelligence – Freddie Scappaticci, aka Stakeknife. In Thatcher's Spy, the Cold War meets Northern Ireland's Dirty War in the remarkable real-life story of a deep under-cover British intelligence agent, a man now doomed forever to look over his shoulder. . .

'I salute Paul Bruce. His decision to reveal the brutal truth is the act of a truly brave man.' - Captain Fred J. Holyrod, former MI6 Officer, Northern Ireland Paul Bruce was a tough, idealistic

young trooper in the SAS when he was dispatched to Northern Ireland. His top-secret mission: to execute IRA suspects in cold blood. Bruce and three SAS comrades shot down one terrified victim after another, leaving the bodies to be buried in deep, unmarked woodland graves. The soldiers grew their hair long and drove ordinary looking cars. But they always carried pistols and sub-machine guns. In this historic book the author produces maps to show where his victims lie secretly buried. He also chronicles the mental breakdown of crack SAS troops, ordered to carry out the dirtiest job in a secret war. 'A tale of mass murder and random street assassinations that would strain credibility in a South American dictatorship!' - Sunday Times 'A fascinating, hugely readable story!' - Daily Mirror 'A startling confession!' - Daily Mail Show Less

Winner of the 2019 Newbery Medal Thoughtful, strong-willed sixth-grader Merci Suarez navigates difficult changes with friends, family, and everyone in between in a resonant new novel from Meg Medina. Merci Suarez knew that sixth grade would be different, but she had no idea just how different. For starters, Merci has never been like the other kids at her private school in Florida, because she and her older brother, Roli, are scholarship students. They don't have a big house or a fancy boat, and they have to do extra community service to make up for their free tuition. So when bossy Edna Santos sets her sights on the new boy who happens to be Merci's school-assigned Sunshine Buddy, Merci becomes the target of Edna's jealousy. Things aren't going well at home, either: Merci's grandfather and most trusted ally, Lolo, has been acting strangely lately — forgetting important things, falling from his bike, and getting angry over nothing. No one in her family will tell Merci what's going on, so she's left to her own worries, while also feeling all on her own at school. In a coming-of-age tale full of humor and wisdom, award-winning author Meg Medina gets to the heart of the confusion and constant change that defines middle school — and the steadfast connection that defines family.

Nemesis File The Nemesis File Blake Pub

What happens when an attorney decides to rob banks? He gets sent to Con College where he finds out what it's like INSIDE of prison. Read the amazing story of how an attorney survived three years in federal prison, and emerged the better for it.

For more than four years, Martin McGartland lived a double-life. To the IRA, he was a trusted intelligence officer and an integral member of an active-service unit. To the British Government, however, he was known only as 'Agent Carol'. McGartland is credited by British Intelligence with having saved the lives of at least fifty people. Working within the ruthless network of the IRA, every time he tipped off the authorities, he saved a life, but with each success came a higher risk of detection. He continued to pass on life-saving information until, one day, his cover was blown. . .

A former SAS sergeant reveals the devastating and extraordinary details of the most horrifying assignment ever undertaken by the regiment.

"A ... story about a woman caught between many truths. An interpreter has come to The Hague to escape New York and work at the International Court. A woman of many languages and identities, she is looking for a place to finally call home. She's drawn into simmering personal dramas: her lover, Adriaan, is separated from his wife but still entangled in his marriage. Her friend Jana witnesses a seemingly random act of violence, a crime the interpreter becomes increasingly obsessed with as she befriends the victim's sister. And she's pulled into explosive political fires: her work interpreting for a former president accused of war crimes becomes precarious as their relationship is unbound by shifting language and meaning. This woman is the voice in the ear of many, but what command does that give her, and how vulnerable does that leave her? Her coolly impassioned views on power, love, and violence, are tested, both in her personal intimacies and in her role at the Court. She is soon pushed to the precipice, where betrayal and heartbreak threaten to overwhelm her; it is her drive towards truth, and love, that throws into stark relief what she wants from her life"--

For more than four years Martin McGartland risked his life working undercover as a British agent inside the Provisional IRA. His first book FIFTY DEAD MEN WALKING describes how he was kidnapped by the Provos and taken to a flat to face interrogation and torture, knowing that execution would follow. So, in a desperate bid to save his life, he threw himself from a second-floor window of a block of flats and somehow, miraculously, survived. DEAD MAN RUNNING follows the extraordinary life of Martin McGartland after he re-settles on the mainland and assumes a new identity. It tells of the discovery that his abduction by the IRA was not as a result of Provo intelligence. He had been deliberately sacrificed by MI5. During his years in hiding in the north-east he was stopped, arrested and taken to court on scores of occasions, mostly on trumped-up offences. Poice lied in court in an effort to win convictions. Eventually, the Crown Prosecution Service, advised by MI5, ordered his trial for attempting to pervert the course of justice. McGartland was found not guilty by the jury in just ten minutes. Unbelievably, during the trial, Northumbria Police revealed McGartland's real name and his new identity.

The thrilling, edge-of-your-seat true story of one soldier's Special Forces operations in the Falklands War 'BRILLIANT. A ROLLERCOASTER OF BLISTERING ACTION, SURVIVAL AND BEHIND-THE-LINES DARING' DAMIEN LEWIS _____ After passing the world's toughest Special Forces selection and joining the elite ranks of D Squadron, 22 SAS in 1979, Mark 'Splash' Aston thought the hard part was over. Then on April 2 1982 Argentina invaded the Falkland Islands. Days later D Squadron joined the cutting edge of Britain's campaign to retake the islands. Facing extreme weather and a determined enemy, Splash and the men of D Squadron fought in one extraordinary contact after another. The action never let up. When tragedy struck their Sea King helicopter and it crashed in the freezing South Atlantic, Splash was one of just nine survivors. Evacuated to a hospital ship, Splash defied orders and a suspected broken neck to re-join his unit until the fight was won. An unputdownable, edge-of-the-seat insight into still classified Special Forces operations during the Falklands War, SAS: Sea King Down will take its place alongside classics like Bravo Two Zero as military adventure writing of the highest order. _____ 'Gripping, fast moving and completely authentic. A brilliant piece of work. Better than Bravo Two Zero' Mike Rose, former Commanding Officer of the SAS
