Liverpool FC Scrapbook provides an insight into the unique journey of one of the most famous football clubs in the world: Liverpool FC.

Featuring a wide variety of superb photographs and rare memorabilia including rare match tickets, unique match programs, team sheets and much more. Follow the Liverpool story from the club's origins to the mighty team that has dominated English and European Football throughout the 1970's and 1980's and has now returned to greatness in the last two seasons.

An Epic Swindle is the inside story of how Liverpool FC came within hours of being re-possessed by the banks after the shambolic 44-month reign of American owners Tom Hicks and George Gillett. It is the tale of a civil war that dragged Britain's most successful football club to its knees, through the High Court and almost into administration. Players Steven Gerrard and Jamie Carragher tell of their anger at the broken promises, as well as their pain at watching loyal fans in open revolt. Manager, chief executive, board members, leading fans and journalists reveal the turmoil at a revered sporting institution run by two men at war with each other, who trampled Liverpool's cherished traditions into the gutter. No story sums up the naked greed at the heart of modern football quite like Hicks' and Gillett's attempt to turn a buck at Liverpool. No-one has had as much access to the truth, or tells it with as much passion, wit and insight as Brian Reade. An Epic Swindle is the riveting story of how close one of the great football clubs came to financial implosion.

The inside story of Jürgen Klopp's astonishing revival of Liverpool Football Club, culminating in the club's first domestic league trophy in thirty years. Featuring incisive and insightful reporting, and exclusive interviews with players, management and club hierarchy, Believe Us paints a vivid picture of this titanic sporting success. "Now you're gonna believe us, we're gonna win the league." Liverpool Football Club's stunning 2020 Premier League title victory deserves a place in the official record of great sporting achievements. The Reds became the first team in British history to hold the European Cup, Super Cup, World Club Cup and domestic league title simultaneously in a masterclass of free-scoring, full throttle footballing prowess. Journalist Melissa Reddy reveals the inside story of Jürgen Klopp's astonishing revival of Liverpool, culminating in the club's first domestic league trophy in thirty years. Featuring incisive and insightful reporting, and the thoughts of players, management and club hierarchy, Believe Us paints a vivid picture of this titanic sporting success. Reddy's unparalleled access to the club brings interviews with everyone from fans and key backroom staff to players including talismanic captain Jordan Henderson, and of course Klopp himself. The perfect gift for any fan of the club or its inimitable leader, this is heavy metal football writing at its best.

In Red Men, a unique and exhaustively researched history of Liverpool Football Club, John Williams explores the origins and divisive politics of football in the city of Liverpool, and profiles the key men behind the emergence of the club and its early successes. The first great Liverpool manager, Tom Watson, piloted the club to its first league championships in 1901 and 1906 before taking the club to the FA Cup final in 1914. Watson and the key members of those early Liverpool teams are analysed in depth, as is the role of the club and its fans in the city as Merseyside balanced self-improvement and cosmopolitanism with almost unimaginable problems of poverty. Liverpool secured consecutive league titles in 1922 and 1923 with the incomparable goalkeeper Elisha Scott as its totemic star and the darling of the Kop. In the '20s, Liverpool was also the first British club to internationalise its playing staff. The club's next league title came in 1947, but, in the bleak '50s, the Liverpool board ruled with an iron fist and controlled the purse strings - until Bill Shankly arrived and won that elusive first FA Cup in 1965. The recent tragedies that have shaped the club's contemporary identity are also covered here, as are the new Continental influences at Liverpool and, of course, the glory of Istanbul in 2005. Red Men is the definitive history of a remarkable football club from its formation in 1892 to the present day, told in the wider context of the social and cultural development of the city of Liverpool and its people.

Jürgen Klopp's coaching career began in the German second tier at the unfashionable club of FSV Mainz 05, whom he steered to the Bundesliga for the first time in forty-one years. In 2008, he joined Borussia Dortmund, where he achieved back-to-back league titles and took the club to the UEFA Champions League final. He left Germany for one of the England's most challenging jobs: to manage Liverpool, a once-mighty club that had not managed sustained success since the 1980s. It was not a task for the fainthearted. Anfield, Liverpool's home, is a temple to flamboyant attacking soccer powered by passion. In Klopp, Liverpool finally found a manager who embodied the essence of the club. Klopp is dynamic, expressive, restless, driven-he feels every move and play, every tactical shift, every contact on the field. His eyes betray a wild ecstasy and agony as his team thrives or falls. His game plan demands relentless commitment-the famous gegenpress-and he is one of the great personal motivators in all sport. Raphael Honigstein, author of Das Reboot and Bundesliga correspondent for the Guardian, has interviewed Klopp and followed his career since his early years, and better than anyone knows how to "bring the noise" to his subject.

2019 will forever be remembered as the year Liverpool Football Club firmly cemented itself as part of European royalty. For the sixth time in the Club's history they were crowned the undisputed Kings of the continent. Victory over Tottenham Hotspur on an unforgettable night in Madrid secured the most coveted prize in club football - the Champions League trophy. It was a momentous triumph - one that reverberated across the globe. This is the story of how it was achieved.... As Liverpool ended their 30-year wait to be crowned champions of England, they were followed by their equivalent from the world of sports writing: a team of elite talents, assembled to leave all competition trailing in their wake. This is the story of Liverpool's title win in the longest season, as told by the writers of The Athletic. Never in the history of football writing has a league race been covered in such depth by such a talented pool of writers as the newly-assembled staff of The Athletic. The result is an alchemical blend of inside access and expert analysis; great ideas and beautiful writing. Liverpool's title win is relived in real time, in 360 degrees. Articles include profiles of each of Liverpool's title winners by their former youth team coaches; on-the-road features from the hometowns of some of their international superstars, including Oliver Kay watching Sadio Mane score against Manchester City in the company of the striker's family, in Senegal; Daniel Taylor watches Liverpool-Man City in the company of Kevin Keegan and James Pearce spends 90 minutes analysing Virgil van Dijk; plus there's exclusive interviews with Jurgen Klopp, and the club's US owners. Kieran Maguire looks at the different ways in which professional football operates as a business--how clubs make their money or, more commonly, lose it. In particular he analyzes how success is measured by the different and often competing stakeholders in football clubs--owners, managers, fans, players, commercial partners, and the media.

Essentials of Financial Management is a paperback edition of an Open Access e-textbook suitable for students with limited knowledge of finance and financial markets. It answers the main questions of a corporate entity, such as how businesses finance their activities, how they select projects to invest in, the distribution of net cash flow and, of increasing importance, how businesses manage price risk relating to cost of goods sold or a decline in revenue. In providing invaluable guidance to finance, management and business students, Essentials of Financial Management employs two main philosophies: that finance is a real-life subject and that finance is a numerical subject, which is why this brilliant e-textbook contains real world examples as well as numerous Excel spreadsheet solutions for students to download and use.

"... a curriculum geared toward helping students gain skills in consciously regulating their actions, which in turn leads to increased control and problem solving abilities. Using a cognitive behavior approach, the curriculum's learning activities are designed to help students recognize when they are in different states called "zones," with each of four zones represented by a different color. In the activities, students also learn how to use strategies or tools to stay in a zone or move from one to another. Students explore calming techniques, cognitive strategies, and sensory supports so they will have a toolbox of methods to use to move between zones. To deepen students' understanding of how to self-regulate, the lessons set out to teach students these skills: how to read others' facial expressions and recognize a broader range of emotions, perspective about how others see and react to their behavior, insight into events that trigger their less regulated states, and when and how to use tools and problem solving skills. The curriculum's learning activities are presented in 18 lessons. To reinforce the concepts being taught, each lesson includes probing questions to discuss and instructions for one or more learning activities. Many lessons offer extension activities and ways to adapt the activity for individual student needs. The curriculum also includes worksheets, other handouts, and visuals to display and share. These can be photocopied from this book or printed from the accompanying CD."--Publisher's website.
