

## The One Page Business Plan For The Professional Consultant

The One Page Business Plan Start with a Vision, Build a Company!

The One Page Business Plan - Financial Services Edition, is specifically tailored to professionals in insurance, investment and related industries. Includes link to downloadable tools and templates. Sample plans included. Easy to complete assessments let you easily learn what's working in your business and what's not! Reviews We used the One Page Plan process to turn a four inch stack of research and surveys into a five-year strategic plan, and one-year plans for every department and committee. Every financial service company would benefit from running their business with this level of precision.--Jeff Hughes, Chief Executive Officer, GAMA International The One Page Business Plan is a must for all financial advisors and field leaders! This process helps an advisor clearly describe the practice they want to build and define the critical few objectives that need to get done and most importantly why they are doing what they do. If you want to get farther, faster, this is the tool to use!--Edward Deutschlander, CLU, CLF, Executive Vice President, North Star Resource Group This industry is becoming more complex and competitive! The most successful financial advisors will stay out front by being creative and disciplined; The One Page Business Plan does both. Don't leave your business to chance! Create a solid plan and execute it.--Dick Buxton, Managing Director, Private Capital Corporation About the Author Jim Horan regularly wows audiences across the country. His popular and practical workshops help agency owners, financial services executives and producers make their businesses more profitable. Mr. Horan is also author of the bestselling The One Page® Business Plan Series including The One Page Business Plan for the Creative Entrepreneur; The One Page Business Plan for the Professional Consultant; The One Page Business Plan for Non-Profit Organizations. Jim is president of The One Page Business Plan Company, a Berkeley, California based firm that markets, sells and delivers its products, training and consulting services through its 350 licensed senior consultants. He founded the company in 1990 after nearly two decades in senior level financial positions with Shaklee Corporation and Bayer Pharmaceuticals. Over the past 16 years, his company has assisted over 100,000 businesses, non-profits and consulting firms achieve sustainable cash flow and profitable growth by helping them create clear, concise and actionable business plans. Jim has the unique ability to take complex business situations and make them simple. Tom Peters, author of Thriving on Chaos and In Search of Excellence, calls The One Page Business Plan an out and out winner... Period! Peters has been quoted as saying 'It makes great sense to me as a so-called business thinker. The One Page Business Plan = the proverbial better mousetrap'

Now in its third edition, The Suitcase Entrepreneur teaches readers how to package and sell their skills to earn enough money to be able to work and live anywhere, build a profitable online business, and live life on their own terms. With new material pertinent to today's business world, readers will receive the blueprint to create their ideal lifestyle and become their own digital nomad. After eight years of working in the soul-crushing bureaucracy of the corporate world, Natalie Sisson quit her high-paying job and moved to Canada, started a blog, and cofounded a technology company. In just eighteen months she learned how to build an online platform from scratch, and then left to start her own business—which involved visiting Argentina to eat empanadas, play Ultimate Frisbee, and launch her first digital product. After five years, she now runs a six-figure business from her laptop, while living out of a suitcase and teaching entrepreneurs worldwide how to build a business and lifestyle they love. In The Suitcase Entrepreneur you'll learn how to establish your business online, reach a global audience, and build a virtual team to give you more free time, money, and independence. With a new introduction, as well as updated resources and information, this practical guide uncovers the three key stages of creating a self-sufficient business and how to become a successful digital nomad and live life on your own terms. Why do so many farm businesses struggle to survive, let alone thrive? It's because they don't make clear strategic choices that reward them with a competitive advantage. Instead, most entrepreneurs start with a boilerplate business plan. Why? Because they think that's what they're supposed to do. Lenders may require a plan like that but boilerplate business plans are of little help in making the strategic choices that will determine if your business thrives, or dies. Given how much there is riding on your business success you'd think there would be a better tool to guide you through the strategic choices that will determine if your business succeeds or not. Now there is! In this book, you'll discover the step-by-step 1-Page Strategic Plan template that will allow you to: - Understand why "boilerplate" business plans are virtually worthless as a tool for creating a sustainably profitable business.- Clarify a vision and mission that will drive strategic choices.- Find profitable customers when you're located in a rural market.- Understand why the concept of the ideal customer is a myth and what you should look for instead.- Analyze various go-to-market strategies and choose the best distribution channel for your business model.- Learn the Farm Product Decision Matrix, a step-by-step tool that guides you on choosing the most profitable products to offer.- The three ways you can earn higher than average profit margins and how to choose the best strategy.- Understand the five competitive forces and how you can select your competitive advantage.- Define your critical success factors and focus on the key performance goals that have the greatest impact on your business success.- Understand how profitable businesses can still go bankrupt and how you can avoid that. Whether you're a farmer, an entrepreneur, or owner of any small business, The Small Farm Nation 1-Page Strategic Plan will transform the way you think about planning how your business will not only survive in the short-term but thrive in the long-term.

ALL NEW AND UPDATED! Tens of thousands of corporations, small businesses and entrepreneurs around the world use The One Page Business Plan process to quickly and easily create highly focused and simple business plans. Rather than start with a blank piece of paper, the book and planning tool kit templates, as well as sample business plans to help get you started and produce a first draft in just a couple of hours! Business planning has finally been simplified to One Page! Bankers require them. Business educators advocate them. Consultants make their living writing them. And venture capitalists won't give you the time of day without one...but most entrepreneurs or small business owners can't or won't write a business plan; it's just too difficult. The One Page Business Plan is designed to act as a catalyst for ideas. It's a powerful tool for building and managing a business. Entrepreneurs like to think and move fast and the concept of a traditional business plan may be out of the question. This is an innovative, fresh approach to business planning which is short, concise and delivers your plan quickly and effectively. Content on CD: Sample business plans Powerful Sales Calculators One Page Budget Worksheet Sales Budgeting System One Page Performance Scorecards Bonus Tools Some reviews: Tim Clauss, Co-Author of Chicken Soup for the Soul at Work: "The One Page Business Plan is an easy-to-use process that helps you capture your vision and translate it into concrete results. Jim has truly streamlined a tiresome, complicated chore. With a return to simple values, simple truths, planning can be fun and creative. A little chicken soup for busy minds and tired souls!" Paul and Sarah Edwards, The Self Employment Experts, Authors of Working from Home, Getting Business to Come to You and Secrets of Self Employment: "Writing a business plan is something every business guru advises but few actually do. Jim Horan's book helps the reluctant change good intentions into a plan."

Turn Passionate Ideas into Profitable Enterprises Do you dream of making a living doing what you love but find the process of creating a viable business plan like trying to fit a square peg into a round hole? Jennifer Lee knows what it's like to make the entrepreneurial leap — and how to do it successfully. The key is using, rather than stifling, imagination and intuition. Lee's illustrated, colorful worksheets and step-by-step instructions are playful yet practical, transforming drudgery into joy. They'll enable you to define your vision and nail down plans for funding, marketing, networking, and long-term strategy. Discover how to: \* Develop a financial plan with fun and flair \* Select your circle of support to get the work done \* Clarify your business values and goals \* Paint a picture of your business landscape \* Understand your competition and what makes you stand out from the crowd \* Identify your perfect customers and create a marketing plan to reach them \* Map out concrete action steps to bring your Right-Brain Business Plan to life

Some companies seem to thrive naturally, attaining success after success. Others limp from one lackluster year to the next. What makes one company blossom while another wilts? In CEO Tools 2.0, CEO coach and C-Level executive Jim Canfield reveals the importance of making your business meaningful to yourself, your customers, and your employees. You'll discover how to better communicate your goals, execute your intentions, and optimize your results. The end goal is a healthy, flourishing company that maximizes profits while freeing CEOs from the humdrum routine of daily operations. Imagine having time to fully develop your personal and professional interests, confident in your team's ability to provide high-quality service, products, and results. This is what Canfield offers through a series of seven simple but profound steps: Set your company's direction Communicate with trust Track metrics for insight Anticipate (and create) the future Attract and coach winning team members Build an autonomous company Celebrate your success Filled with practical, actionable ideas and relevant case studies, CEO Tools 2.0 builds upon and updates Kraig Kramers's original CEO Tools. This powerful system enables you to make the most of your time and expertise—and become the CEO you were meant to be.

"The plan-as-you-go premise is simple - plan for your business' sake, not for planning's sake. Tim Berry invites you to block all thoughts of overwhelming, traditional, formal, cookie-cutter business plans and embrace and easier, more practical business plan."--BOOK JACKET.

As clear, concise, and concrete as its subject, Patrick Riley's The One-Page Proposal promises to be the definitive business guide to getting your best ideas fully understood in the least amount of time. Today more than ever, business decisions are made on the fly first impressions can make all the difference. Now, in the first book of its kind, successful entrepreneur Patrick Riley shows you how to boil all the elements of your business proposal into one persuasive page magnify your business potential in the process.

**BUSINESS & MANAGEMENT.** Starting a business of any size can be overwhelming. Every year, thousands of great business ideas languish because entrepreneurs don't have a solid business plan. A business plan is a formal statement of business goals and how they will be attained. The plan guides owners, investors, managers, and major suppliers in understanding what the business is about and how it will make a profit. "The Everything Business Plan Book with CD" provides straight answers and expert advice on creating the right plan for any type of business. With this valuable resource, budding entrepreneurs will find all they need to write a plan that will succeed in the dangerous world of start-ups. The accompanying CD contains 60 sample business plans created by Stephen Windhaus for a variety of popular ventures.

Bankers require them. Business educators advocate them. Consultants make their living writing them. And venture capitalists won't give you the time of day without one... but most entrepreneurs or small business owners can't or won't write a business plan;

it's just too difficult. Until now! Book jacket.

All new for 2020! Finally... a simple business planning process for very busy executives... Bankers and Boards of Directors require them. Business educators advocate them. And venture capitalists won't give you the time of day without one... yet most executives remain frustrated with their business plan process because it is too complex and too time consuming! The One Page Business Plan for the Busy Executive truly simplifies planning! This highly effective process has been used by thousands of senior executives in both public and privately held companies. The book contains thought-provoking assessments, helpful fill-in-the-blank templates, powerful examples, and downloadable spreadsheets that truly simplify the process of getting an executive's plan out of their head and onto paper!

A brilliant business needs a brilliant business plan and this is the book to help you write one. It will take you step by step through the process to help you build a business plan quickly and easily and then use it to build your business. This book introduces the basic concepts of business planning, shows you a swift and smart way to prepare a business plan and reveals how to use a business plan to run your business more effectively. This book is ideal if you need a plan to show your bank manager, small investors and employees, or to use as a chart for steering your business. It contains: - Step-by-step instructions on how to build your brilliant business plan from scratch. - A range of model plans for very different businesses to show you brilliant business planning in action. - Advice on what delights banks and investors, as well as what not to do.

This book is structured as a business plan template that can be used to write a business plan. The book also explains what should be written in each section of the business plan, and how to ultimately have a great business plan.

The #1 New York Times bestseller. Over 3 million copies sold! *Tiny Changes, Remarkable Results* No matter your goals, *Atomic Habits* offers a proven framework for improving--every day. James Clear, one of the world's leading experts on habit formation, reveals practical strategies that will teach you exactly how to form good habits, break bad ones, and master the tiny behaviors that lead to remarkable results. If you're having trouble changing your habits, the problem isn't you. The problem is your system. Bad habits repeat themselves again and again not because you don't want to change, but because you have the wrong system for change. You do not rise to the level of your goals. You fall to the level of your systems. Here, you'll get a proven system that can take you to new heights. Clear is known for his ability to distill complex topics into simple behaviors that can be easily applied to daily life and work. Here, he draws on the most proven ideas from biology, psychology, and neuroscience to create an easy-to-understand guide for making good habits inevitable and bad habits impossible. Along the way, readers will be inspired and entertained with true stories from Olympic gold medalists, award-winning artists, business leaders, life-saving physicians, and star comedians who have used the science of small habits to master their craft and vault to the top of their field. Learn how to: • make time for new habits (even when life gets crazy); • overcome a lack of motivation and willpower; • design your environment to make success easier; • get back on track when you fall off course; ...and much more. *Atomic Habits* will reshape the way you think about progress and success, and give you the tools and strategies you need to transform your habits--whether you are a team looking to win a championship, an organization hoping to redefine an industry, or simply an individual who wishes to quit smoking, lose weight, reduce stress, or achieve any other goal.

How to make realistic financial projections, develop effective marketing strategies and refine your overall business goals.

Explains the function of a business plan, and shows how to prepare a marketing plan, financial documents, and tax information

So, you have a dream. You have a great idea that will bring exciting new products or services to market. How will you make that dream a reality? While it's true that hundreds of startups succeed each year in turning the imagination of talented people into hard profit, it's also true that just as many or more startups fail right out of the gate. Just having an idea is never enough. It takes hard work, it takes effort, and it takes organization. From obtaining money for your startup to hiring the right employees to bringing your product or service to market, every company takes a little bit of sweat and a little bit of stress and a lot of hard work. You'll see why in the following pages. One thing that separates successful startups from those doomed to fail is knowing how to craft a well thought out business plan. In the following pages you'll see the reasons why you need a business plan and how to make one that works for you. You'll learn which type of business plan is best for you and how to tailor one to suit your needs. Let me show you how to plan out your entire strategy from beginning to success, from the spark of an idea to an efficient and well organized company that people will recognize and identify with. You've got the startup. I've got the blueprint to get you from your vision, to your success.

Winner of the International Book Awards for General Business Winner of the Readers' Favorite International Book Award for Non-Fiction Business It's been over a decade since Verne Harnish's best-selling book *Mastering the Rockefeller Habits* was first released. *Scaling Up (Rockefeller Habits 2.0)* is the first major revision of this business classic which details practical tools and techniques for building an industry-dominating business. This book is written so everyone -- from frontline employees to senior executives -- can get aligned in contributing to the growth of a firm. *Scaling Up* focuses on the four major decision areas every company must get right: People, Strategy, Execution, and Cash. The book includes a series of new one-page tools including the updated One-Page Strategic Plan and the Rockefeller Habits Checklist™, which more than 40,000 firms around the globe have used to scale their companies successfully -- many to \$10 million, \$100 million, and \$1 billion and beyond - while enjoying the climb!

Writing a business plan should be simple, dynamic, and straightforward. More importantly, it must be a FUNCTIONAL tool that advances you forward towards your goals -- rather than holding you back due to endless tinkering and perfecting of your plan without taking action. Enter the 24 Hour Business Plan Template, your functional tool to get you there as efficiently as possible. This is a complete guide that includes a downloadable pre-formatted business plan template and cash flow spreadsheet to help you get started. In the book, I lay out the method I personally used to plan my own business - and in doing so, leave my full-time job and start my business on a full-time basis within seven months. My plan itself was constructed in under 24 hours on January 1, 2015 as my new years resolution; the remainder of the time spent was executing this plan over time. In the book you'll learn how to do the same, or close to it at the very least - and you'll begin to understand why this efficiency in the beginning is so important. To reiterate, it's important to get to the action-taking phase as soon as possible. This cannot be overstated enough. Successful entrepreneurs and authors like Eric Ries, Gabriel Weinberg, and Justin Mares tout this very principle in their books *The Lean Startup* and *Traction* -- the simple fact is, it's much easier to make progress by taking action and adapting over time vs. trying to get everything perfect the first time around. Too much time can be spent getting stuck in your head due to information paralysis or perfectionism, only to wake up one day realizing you've actually done nothing concrete at all to advance your goals. Don't be this person! Get up out of your chair and take action to make your goals happen. Realize that it may take several iterations of creating a business plan, or cycling through various ideas, before you feel confident in moving forward with one in particular. This is okay -- and in fact, it's the exact reason why you need to be efficient during the initial planning and evaluation stage. Much better to spent one or two weeks cycling through 5-10 ideas than an entire year getting nowhere. In this book, we'll cover the following topics: -The importance of validation, and how to validate your business idea. -The key elements of designing an amazing cover page for your business plan. -How to write an executive summary, and why it must be written last after everything else. -The proper elements that make up your Company Objectives section. -The right approach to laying out your Products & Services section. -How to setup a target customer profile including the right questions to ask. -Websites and tables that will greatly simplify your industry and competitor analyses. -Several possibilities for getting started with sales and marketing, and the difference between each. -The key elements that will comprise your operational plan and any business logistics. -What roles need to be defined in your Management section. -The preferred formats and metrics to use in your business capitalization (initial funding) section. -How to lay out your financial plan, both for your business and your personal finances. Please know fat was trimmed from every section of this book to ensure you can get through it and understand the key principles quickly and move on to actually creating your own plan. Only the critical elements were left in, with additional explanation added at key junctions to ensure comprehension. Whether you're venturing out for your first time as an entrepreneur, or you're a seasoned veteran looking for a no-nonsense way to manage the planning process for your next venture, 24 Hour Business Plan Template belongs on your tool belt.

Judging by all the hoopla surrounding business plans, you'd think the only things standing between would-be entrepreneurs and spectacular success are glossy five-color charts, bundles of meticulous-looking spreadsheets, and decades of month-by-month financial projections. Yet nothing could be further from the truth. In fact, often the more elaborately crafted a business plan, the more likely the venture is to flop. Why? Most plans waste too much ink on numbers and devote too little to information that really matters to investors. The result? Investors discount them. In *How to Write a Great Business Plan*, William A. Sahlman shows how to avoid this all-too-common mistake by ensuring that your plan assesses the factors critical to every new venture: The people—the individuals launching and leading the venture and outside parties providing key services or important resources The opportunity—what the business will sell and to whom, and whether the venture can grow and how fast The context—the regulatory environment, interest rates, demographic trends, and other forces shaping the venture's fate Risk and reward—what can go wrong and right, and how the entrepreneurial team will respond Timely in this age of innovation, *How to Write a Great Business Plan* helps you give your new venture the best possible chances for success.

Here is a practical workbook that will achieve tangible results. *The One Page Business Plan: Financial Services Edition* captures the critical elements of a business plan on a single page using key words and short phrases. There is no room for fluff - every word counts. This book, with interactive CD, guides new entrepreneurs and seasoned business owners through a step-by-step process to create business plans that are incredibly focused and clear!

**WARNING: Do Not Read This Book If You Hate Money** To build a successful business, you need to stop doing random acts of marketing and start following a reliable plan for rapid business growth. Traditionally, creating a marketing plan has been a difficult and time-consuming process, which is why it often doesn't get done. In *The 1-Page Marketing Plan*, serial entrepreneur and rebellious marketer Allan Dib reveals a marketing implementation breakthrough that makes creating a marketing plan simple and fast. It's literally a single page, divided up into nine squares. With it, you'll be able to map out your own sophisticated marketing plan and go from zero to marketing hero. Whether you're just starting out or are an experienced entrepreneur, *The 1-Page Marketing Plan* is the easiest and fastest way to create a marketing plan that will propel your business growth. In this groundbreaking new book you'll discover: - How to get new customers, clients or patients and how to make more profit from existing ones. - Why "big business" style marketing could kill your business and strategies that actually work for small and medium-sized businesses. - How to close sales without being pushy, needy, or obnoxious while turning the tables and having prospects begging you to take their money. - A simple step-by-step process for creating your own personalized marketing plan that is literally one page. Simply follow along and fill in each of the nine squares that make up your own 1-Page Marketing Plan. - How to annihilate competitors and make yourself the only logical choice. - How to get amazing results on a small budget using the secrets of direct response marketing. - How to charge high prices for your products and services and have customers actually thank you for it.

"In this book, I show you a simple and easy to follow process of creating your own business plan for any business. You don't need to be a writer or a Business major to be able to draft a great business plan, it is not your proficiency [sic] in English language, instead, it is all about laying out a simple to understand plan for the future of your business and how you want to navigate your business forward to prosperity."--Back cover.

If you want to be muscular, lean, and strong as quickly as possible without steroids, good genetics, or wasting ridiculous amounts of time in the gym and money on supplements...then you want to read this book. Here's the deal: Getting into awesome shape isn't nearly as complicated as the fitness industry wants you to believe. You don't need to spend hundreds of dollars per month on the worthless supplements that steroid freaks shill in advertisements. You don't need to constantly change up your exercise routines to "confuse" your muscles. I'm pretty sure muscles lack cognitive abilities, but this approach is a good way to just confuse you instead. You don't need to burn through buckets of protein powder every month, stuffing down enough protein each day to feed a third world village. You don't need to toil away in the gym for a couple of hours per day, doing tons of sets, supersets, drop sets, giant sets, etc. (As a matter of fact, this is a great way

to stunt gains and get nowhere.) You don't need to grind out hours and hours of boring cardio to shed ugly belly fat and love handles and get a shredded six-pack. (How many flabby treadmillers have you come across over the years?) You don't need to completely abstain from "cheat" foods while getting down to single-digit body fat percentages. If you plan cheat meals correctly, you can actually speed your metabolism up and accelerate fat loss. In this book you're going to learn something most guys will never know: The exact formula of exercise and eating that makes putting on 10 to 15 pounds of quality lean mass a breeze...and it only takes 8-12 weeks. This book reveals secrets like... The 6 biggest myths and mistakes of building muscle that stunt 99% of guys' muscle gains. (These BS lies are pushed by all the big magazines and even by many trainers.) How to get a lean, cut physique that you love (and that girls drool over) by spending no more than 5 percent of your time each day. The 4 laws of muscle growth that, when applied, turn your body into an anabolic, muscle-building machine. You'll be shocked at how easy it really is to get big once you know what you're doing... How to develop a lightning-fast metabolism that burns up fat quickly and leaves you feeling full of energy all day long. The carefully-selected exercises that deliver MAXIMUM results for your efforts, helping you build a big, full chest, a wide, tapered back, and bulging biceps. A no-BS guide to supplements that will save you hundreds if not THOUSANDS of dollars each year that you would've wasted on products that are nothing more than bunk science and marketing hype. How to get shredded while still indulging in the "cheat" foods that you love every week like pasta, pizza, and ice cream. And a whole lot more! The bottom line is you CAN achieve that "Hollywood hunk" body without having your life revolve around it--no long hours in the gym, no starving yourself, no grueling cardio that turns your stomach. Imagine, just 12 weeks from now, being constantly complimented on how you look and asked what the heck you're doing to make such startling gains. Imagine enjoying the added benefits of high energy levels, no aches and pains, better spirits, and knowing that you're getting healthier every day. SPECIAL BONUS FOR READERS! With this book you'll also get a free 75-page bonus report from the author called "The Year One Challenge." In this bonus report, you'll learn exactly how to train, eat, and supplement to make maximum gains in your first year of training. By applying what you learn in the book and in this report, you can make more progress in one year than most guys make in three, four, or even five (seriously!). Scroll up, click the "Buy" button now, and begin your journey to a bigger, leaner, and stronger you!

Provides information for people founding or managing a non-profit organization on how to write a draft plan on one page.

A guide to writing a successful business plan—in just one hour A strong business plan greatly increases a business chance of success, especially in an economic environment in which more than 50 percent of businesses fail within three years. Your business plan can serve as a foundation for your successful business. The One-Hour Business Plan, written by seasoned entrepreneur and business instructor John McAdam, helps you lay that foundation. With the help of this book, aspiring entrepreneurs can write a viable business plan in just one hour. Offers step-by-step guidance on the process of writing a business plan, with field-tested instructional techniques that are simple, strong, and easy to implement Written by John McAdam, a "been there, done that" hired CEO and serial entrepreneur with decades of real-world experience, who helps ordinary people become entrepreneurs and helps entrepreneurs become successful The One-Hour Business Plan outlines a process and a framework for creating a business plan that sets you up for success. Give your business the best odds for success, in just one hour of your time.

Startup money is moving online, and this guide shows you how it works. The Art of Startup Fundraising takes a fresh look at raising money for startups, with a focus on the changing face of startup finance. New regulations are making the old go-to advice less relevant, as startup money is increasingly moving online. These new waters are all but uncharted—and founders need an accessible guide. This book helps you navigate the online world of startup fundraising with easy-to-follow explanations and expert perspective on the new digital world of finance. You'll find tips and tricks on raising money and investing in startups from early stage to growth stage, and develop a clear strategy based on the new realities surrounding today's startup landscape. The finance world is in a massive state of flux. Changes are occurring at an increasing pace in all sectors, but few more intensely than the startup sphere. When the paradigm changes, your processes must change with it. This book shows you how startup funding works, with expert coaching toward the new rules on the field. Learn how the JOBS Act impacts the fundraising model Gain insight on startups from early stage to growth stage Find the money you need to get your venture going Craft your pitch and optimize the strategy Build momentum Identify the right investors Avoid the common mistakes Don't rely on the "how we did it" tales from superstar startups, as these stories are unique and applied to exceptional scenarios. The game has changed, and playing by the old rules only gets you left behind. Whether you're founding a startup or looking to invest, The Art of Startup Fundraising provides the up-to-the-minute guidance you need.

Here is a practical workbook that will achieve tangible results. There is no room for fluff - every word counts. This book, with interactive CD, guides new entrepreneurs and seasoned business owners through a step-by-step process to create business plans that are incredibly focused and clear!

Secrets to Writing a Successful Business Plan: A Pro Shares a Step-by-Step Guide to Creating a Plan that Gets Results by Hal Shelton will open your eyes to insider tips, hints, and techniques for creating a winning business plan and attaining funding. This second edition maintains the original laser focus on writing the plan. It also adds much material on the vibrant crowdfunding platforms as well as providing a new section on issues faced by early stage companies. Nearly 50 percent of new businesses fail within five years. A well-thought-out business plan can dramatically turn the odds in your favor. With this easy-to-follow guide, you will (1) Discover why you need a business plan and the best style for you, (2) Receive step-by-step guidance for creating each section of your plan, (3) Get proven strategies for obtaining bank loans and attracting investors, (4) Spend less time writing your plan and more time setting up your business, and (5) Learn how to create a business plan for a nonprofit This book is for entrepreneurs who are thinking of starting a small business or nonprofit, and for small business owners who want to grow an existing business or solve an operating problem. This book will also help if you are looking for assurance that you are headed in the right direction, seeking help with a section of your business plan that you do not understand, feeling that a section of your business plan is not robust enough and want pointers, or wanting to learn where and how to apply for funding. Entrepreneurs should always surround themselves with mentors and advisors, so you will also find ideas on where to find these valuable resources. The Secrets to Writing a Successful Business Plan is packed with actionable advice and real-life examples from Shelton's experience as a senior executive, SCORE small business mentor, and angel investor.

Watch your business model come together, tap into your creativity and access this tool for business planning for the Creative Entrepreneur.

Business startup advice from the former president of the Ewing Marion Kaufmann Foundation and cofounder of Global Entrepreneurship Week and StartUp America, this "thoughtful study of 'how businesses really start, grow, and prosper'...dispels quite a few business myths along the way" (Publishers Weekly). Carl Schramm, the man described by The Economist as "The Evangelist of Entrepreneurship," has written a myth-busting guide packed with tools and techniques to help you get your big idea off the ground. Schramm believes that entrepreneurship has been misrepresented by the media, business books, university programs, and MBA courses. For example, despite the emphasis on the business plan in most business schools, some of the most successful companies in history—Apple, Microsoft, Google, Facebook, and hundreds of others—achieved success before they ever had a business plan. *Burn the Business Plan* punctures the myth of the cool, tech-savvy twenty-something entrepreneur with nothing to lose and venture capital to burn. In fact most people who start businesses are juggling careers and mortgages just like you. The average entrepreneur is actually thirty-nine years old, and the success rate of entrepreneurs over forty is five times higher than that of those under age thirty. Entrepreneurs who come out of the corporate world often have discovered a need for a product or service and have valuable contacts to help them get started. Filled with stories of successful entrepreneurs who drew on real-life experience rather than academic coursework, *Burn the Business Plan* is the guide to starting and running a business that will actually work for the rest of us.

The 7 Page Business Plan is a guide for new entrepreneurs and business owners who are ready to take their business idea from a concept to a reality. The 7 Page Business Plan ditches the outdated method of 100 page business plans, and takes the reader on a journey to help them start their business the right way, rather than the old-school way. The 7 Page Business Plan helps the reader to answer three basic questions: What problem does your business solve? What is the solution your business is providing to solve this problem? And how can you make this solution sustainable? By the end of this book, the reader has a 7 page plan, detailing key elements of a business' foundation in an easy-to-digest format, including a basic financial breakdown and goal sheet. What are the underlying handful of fundamentals that haven't changed for over a hundred years? From Harnish's famous "Mastering a One Page Strategic Plan" process that has been a best-selling article on the web to his concise outline of eight practical actions you can take to strengthen your culture, this book is a compilation of best practices adapted from some of the best-run firms on the planet. Included is an instructive chapter co-authored by Rich Russakoff, revealing winning tactics to get banks to finance your business. Lastly, there are case studies demonstrating the validity of Harnish's practical approaches. Imagine if you could fit your business strategy on a single sheet of paper? Imagine having your plans, action points and progress report all in one place? Imagine how easy it would be to share your plans with other people? Now you can, with this innovative 4-step strategic planning tool, known as OGSM. It will help you streamline your thinking as well as your writing and develop a one-page plan that gets you results fast. With an accompanying app! "A must-read for anyone who wants to make a strategic plan that definitely delivers results." Conny Braams, Senior VP Operations, Unilever Food Solutions
