

# The Orion Mystery Unlocking The Secrets Of The Pyramids

Presents proof that an advanced black African civilization inhabited the Sahara long before Pharaonic Egypt • Reveals black Africa to be at the genesis of ancient civilization and the human story • Examines extensive studies into the lost civilization of the “Star People” by renowned anthropologists, archaeologists, genetic scientists, and cultural historians as well as the authors’ archaeoastronomy and hieroglyphics research • Deciphers the history behind the mysterious Nabta Playa ceremonial area and its stone calendar circle and megaliths Relegated to the realm of archaeological heresy, despite a wealth of hard scientific evidence, the theory that an advanced civilization of black Africans settled in the Sahara long before Pharaonic Egypt existed has been dismissed and even condemned by conventional Egyptologists, archaeologists, and the Egyptian government. Uncovering compelling new evidence, Egyptologist Robert Bauval and astrophysicist Thomas Brophy present the anthropological, climatological, archaeological, geological, and genetic research supporting this hugely debated theory of the black African origin of Egyptian civilization. Building upon extensive studies from the past four decades and their own archaeoastronomical and hieroglyphic research, the authors show how the early black culture known as the Cattle People not only domesticated cattle but also had a sophisticated grasp of astronomy; created plentiful rock art at Gilf Kebir and Gebel Uwainat; had trade routes to the Mediterranean coast, central Africa, and the Sinai; held spiritual and occult ceremonies; and constructed a stone calendar circle and megaliths at the ceremonial site of Nabta Playa reminiscent of Stonehenge, yet much older. Revealing these “Star People”

# Acces PDF The Orion Mystery Unlocking The Secrets Of The Pyramids

as the true founders of ancient Egyptian civilization, this book completely rewrites the history of world civilization, placing black Africa back in its rightful place at the center of mankind's origins.

According to the ancient Maya, the world as we know it will end on 22nd December, 2012. On that date, their calendar will click round to zero for the first time in over 5,000 years. They prophesised that this destruction will be preceded by a series of natural disasters, including earthquakes and floods. Does this sound familiar? What will this mean for us? Should we take seriously their claims that this will be a time of apocalyptic cataclysm? And, just how did the Maya, a clever but nonetheless Stone Age people, calculate the date of an astronomical event that would take place many millennia in the future? These are just some of the questions posed by Adrian Gilbert, co-author of the international bestseller "The Mayan Prophecies." In "The End of Time," he revisits the ancient archaeological sites of the Maya and makes astonishing new discoveries about their cosmology. He also makes use of modern computer technology to 'backtrack' the skies to the way they would have appeared in previous ages, which has resulted in some major findings concerning the astronomical significance of the Mayan calendar. This absorbing, thought-provoking book is enhanced by a number of illustrations and photographs to help explain the many theories and ideas conveyed in the text. And, in case, an apocalyptic event really is upon us, the author offers tips for survival.

- Analyzes ancient Coptic-Egyptian texts and evidence from astronomy and archaeology to show how the Big Void may be a grand "Hall of Ancestors"
- Explores the controversy surrounding the discovery of the Big Void and debunks many of the theories regarding the purpose of this massive new "chamber"
- Reveals how the Great Pyramid was built by

# Acces PDF The Orion Mystery Unlocking The Secrets Of The Pyramids

Khufu as an indestructible “recovery vault” to help Egyptian civilization rebuild after an anticipated cataclysm In November 2017, an international team of more than 30 scientists published the results of their two-year-long Great Pyramid research project in the journal Nature. Using an advanced imaging technique known as muon radiography, three groups working independently from each other discovered a massive, previously unknown space within the Great Pyramid of Giza. Mainstream Egyptologists suggest that the “Big Void” is simply a stress-relieving device for the Grand Gallery. But, as Scott Creighton reveals, ancient Coptic-Egyptian texts describe exactly what the Big Void is. Exploring the controversy surrounding the Big Void, Creighton artfully debunks many of the theories about the purpose of this massive chamber as well as other long-held Egyptology beliefs. Analyzing the Coptic-Egyptian texts and evidence from astronomy, archaeology, and other sources, the author reveals how the Great Pyramid was built by Khufu as an indestructible recovery vault to help Egyptian civilization rebuild after a cataclysmic natural disaster--a rapid pole shift and subsequent deluge--predicted by his astronomer-priests. And the key component of the recovery vault would have been the Hall of the Ancestors, a sealed safe haven containing the mummified remains of the Osiris Kings, deceased pharaohs who would seek the benevolence of the gods to ensure Egypt’s recovery from the disaster. Did a highly advanced civilization exist in prehistory? Is the Giza Pyramid a remnant of their technology? Then, what was the power source that fueled such a civilization? The technology of harmonic resonance, claims renowned master craftsman and engineer Christopher Dunn. In a brilliant piece of reverse engineering based on twenty years of research, Dunn reveals that the Great Pyramid of Giza was actually a large acoustical device! By its size and dimensions, this

## Acces PDF The Orion Mystery Unlocking The Secrets Of The Pyramids

crystal edifice created a harmonic resonance with the Earth and converted Earth's vibrational energies to microwave radiation. The author shows how the pyramid's numerous chambers and passageways were positioned with the deliberate precision to maximize its acoustical qualities. This may be the same technology discovered by Nikola Tesla and the solution to our own clean energy needs.

John Anthony West's revolutionary reinterpretation of the civilization of Egypt challenges all that has been accepted as dogma concerning Ancient Egypt. In this pioneering study West documents that: Hieroglyphs carry hermetic messages that convey the subtler realities of the Sacred Science of the Pharaohs. Egyptian science, medicine, mathematics, and astronomy were more sophisticated than most modern Egyptologists acknowledge. Egyptian knowledge of the universe was a legacy from a highly sophisticated civilization that flourished thousands of years ago. The great Sphinx represents geological proof that such a civilization existed. This revised edition includes a new introduction linking Egyptian spiritual science with the perennial wisdom tradition and an appendix updating West's work in redating the Sphinx. Illustrated with over 140 photographs and line drawings.

Many Christians talk about the Holy Spirit, but do they really know who He is? He is the Spirit of God and dwells inside of each of us. In this new book by Dr. Larry Ollison, he answers many questions regarding the Holy Spirit and His purpose in our lives. Dr. Ollison teaches of the "second experience" after salvation, which is being filled with the Holy Spirit. He also explores how you can be led by the Holy Spirit and the history of the Holy Spirit's purpose starting from the beginning. He teaches the reader how to really know the Holy Spirit as a person and experience the fruits and gifts that only the Holy Spirit can bring.

The Egyptologist acclaimed for re-dating the Great Sphinx at

## Acces PDF The Orion Mystery Unlocking The Secrets Of The Pyramids

Giza sets his sights on one of the true mysteries of antiquity: the Great Pyramid of Giza. What is the Great Pyramid of Giza? Ask that basic question of a traditional Egyptologist, and you get the basic, traditional answer: a fancy tombstone for a self-important pharaoh of the Old Kingdom. This, Egyptologists argue, is the sole finding based on the data, and the only deduction supported by science. By implication, anyone who dissents from this point of view is unscientific and woolly-minded-a believer in magic and ghosts. Indeed, some of the unconventional ideas about the Great Pyramid do have a spectacularly fabulous ring to them. Yet from beneath the obvious terms of this controversy, a deeper, more significant question arises: how is it that the Great Pyramid exercises such a gripping hold on the human psyche- adding cryptic grace to the back of the one-dollar bill and framing myriad claims of New Age "pyramid power"? In *Pyramid Quest*, Robert M. Schoch and Robert Aquinas McNally use the rigorous intellectual analysis of scientific inquiry to investigate what we know about the Great Pyramid, and develop a stunning hypothesis: This ancient monument is the strongest proof yet that civilization began thousands of years earlier than is generally thought, extending far back into a little-known time. In tracing that story, we come to understand not only the Great Pyramid but also our own origins as civilized beings.

Drawing on more than a decade of research, this eye-opening account of one of the great mysteries of the ancient world links the construction of the pyramids and Egyptian religion to precise astronomical study. TV tie-in. 20,000 first printing.

The suggestion that the Giza pyramids were laid out to represent the stars of Orion's belt, with the position of the River Nile reflecting the Milky Way, was first put forward by the renowned author Robert Bauval in his bestselling book

# Acces PDF The Orion Mystery Unlocking The Secrets Of The Pyramids

The Orion Mystery. In *Before the Pyramids*, Knight and Butler reveal that the British henges were arranged in the same formation—but much earlier. They also present irrefutable evidence that the astronomical calculations determining the layout of the pyramids could only have been made from the site of the henges in North Yorkshire. From this they can conclude that the pyramids of the pharaohs were conceived and planned in Britain! Their next stunning discovery takes us to modern times. They have found evidence that the whole Megalithic measuring system has survived into the 20th century. There are examples in Washington, DC—even in the positioning and construction of the Pentagon, which was only commenced in 1942 and is an exact copy of the dimensions of Stonehenge, dating to 3,000 BC.

In the last three years a covert archaeological search has taken place at Giza to locate the Hall of Records under the Sphinx and also find a reputed secret room inside the Great Pyramid.

The phrase "As above, so below" is attributed to the Egyptian god of wisdom named Thoth. This echoes the biblical expression "on earth as it is in heaven." Many diverse ancient cultures have erected sacred cities, pyramids, standing stones, or temples in order to mirror the stars. In particular the constellation Orion has been repeatedly projected as a talismanic pattern on numerous landscapes around the world. This book describes the sky-ground templates of Egypt, the American Southwest, Mexico, Nazca, the UK, Europe, Syria, Zimbabwe, Nigeria, and other regions. It also discusses the celestial rituals of the Mithras cult, the Age of Taurus, the Sirius cosmology of the Dogon, and South African rock art. This essential archaeo-astronomy primer expands the star correlation theory to encompass the entire globe. Packed with nearly 225 photos, drawings, diagrams, maps, and star charts. "As above, so below. The parallels

## Acces PDF The Orion Mystery Unlocking The Secrets Of The Pyramids

Gary David has found between the ancient Egyptian sky-ground system involving the pyramids of Giza and the constellation of Orion, and a similar project to build heaven on earth by the Hopi of Arizona, are eerie, compelling and deeply thought-provoking.” –Graham Hancock, author of Fingerprints of the Gods“Gary David's work is a treasure of enormous importance.” –William Henry, author of Lost Secrets of the Watchers “The correlation Mr. David makes between the Hopi and Egyptian 'sky-view' is most interesting.” –Robert Bauval, author of The Orion Mystery“...a must-read for pre-Columbian aficionados and aspiring anthropologists alike.” –Ross Hamilton, author of Star Mounds

From the INTRODUCTION: This book is a survey of the archaeo-astronomy of various cultures around the globe. How did ancient people conceptualize the heavens? What was their notion of the cosmos? How did their sacred ceremonies or ritual enactments bring them closer to the omnipotent or at least very powerful celestial beings? What structures, temples, or standing stones did they erect to create models of the sky realm? By its very nature this book is extensive rather than intensive, allowing the reader to pursue further areas of special cultural interest. In essence, it is a primer for the concept of sky-ground mirrors—the terra firmament, so to speak. Well-known constellation correlations, such as the Orion-Giza schema, join newly discovered sidereal correspondences, such as those in Syria and Nigeria. Ancient people comprehended the language of the stars much better than we do today, despite our Hubble Space Telescope and Very Large Array. If we can translate the encoded messages from the celestial dimension to understand what these time-traveling pinpoints of light are endeavoring to tell us, then we will realize the complexity and depths of our past knowledge of a truly living cosmos. We will ultimately find that spirit and matter are a single continuum

## Acces PDF The Orion Mystery Unlocking The Secrets Of The Pyramids

extending far into our future—mirror reflecting mirror down the sacred portal that leads to Orion.

An asteroid transformed Mars from a lush planet with rivers and oceans into a bleak and icy hell. Is Earth condemned to the same fate, or can we protect ourselves and our planet from extinction? In his most riveting and revealing book yet, Graham Hancock examines the evidence that the barren Red Planet was once home to a lush environment of flowing rivers, lakes, and oceans. Could Mars have sustained life and civilization? Megaliths found on the parched shores of Cydonia, a former Martian ocean, mirror the geometrical conventions of the pyramids at Egypt's Giza necropolis. Especially startling is a Sphinx-like structure depicting a face with distinguishable diadem, teeth, mouth and an Egyptian-style headdress. Might there be a connection between the structures of Egypt and those of Mars? Why does NASA continue to dismiss these remarkable anomalies as "a trick of light"? Hancock points to the intriguing possibility that ancient Martian civilization is communicating with us through the remarkable structures it left behind. In exploring the possible traces left by the Martian civilization and the cosmic cataclysm that may have ended it, *The Mars Mystery* is both an illumination of our ancient past and a warning--that we still have time to heed--about our ultimate fate.

Explores the role of ETs in the military, government, technology, history, and the coming new age • Surveys contact with ETs, abductions, alien technology and exopolitics, genetic tampering by ETs, and the history behind the Nazis and UFOs • Contains interviews with Jesse Marcel, Michael Salla, Paul LaViolette, Robert Bauval, Helen Wambach, and others at the forefront of the ET-derived New Science movement The extraterrestrial presence on Earth is widening and, as we enter the Aquarian Age, will be admitted officially, causing shock and an urgent universal need to

# Acces PDF The Orion Mystery Unlocking The Secrets Of The Pyramids

understand the social and technological changes derived from our space brothers. A primer for the explosive advances humanity will experience scientifically and spiritually in the coming years, this compendium explores the ET phenomenon and its influence on humanity past and present. The book surveys contact with ETs and abduction accounts, unexplained public and undisclosed military technology from aliens including anti-gravity devices, exopolitics (the influence of ETs in human affairs), the Iraqi Stargate, the Hybrid Project of alien interbreeding by abduction, Nazi ties to UFOS and their secret underground base in Antarctica, government cover-ups of alien interactions including Roswell, and the transformation triggered by the Hale-Bopp comet. Based on interviews with people who are witnessing the coming changes as well as those visionaries who are actually bringing them about--including John Mack, Major Jesse Marcel, Paul LaViolette, Robert Bauval, Michael Salla, and Helen Wambach--this book sketches out a breathtaking vision of the planetary revolution just around the corner.

An exploration of the influence of secret societies on the formative documents and symbols of the United States • Reveals the Founding Fathers' spiritual vision for America as encoded in the Great Seal • Traces the influence of the Iroquois League of Nations upon the Constitution • Exposes the deep connections the Founding Fathers had with the Freemasons and other secret societies All children growing up in America learn who the Founding Fathers were. Most, however, never learn of the founders' connections to the Freemasons, the Rosicrucians, and other esoteric orders. In *Founding Fathers, Secret Societies* Robert Hieronimus investigates these important connections and how their influence can be traced throughout our most significant national documents and symbols, especially the Great Seal. He reveals in detail how the reverse of the Great Seal--which

## Acces PDF The Orion Mystery Unlocking The Secrets Of The Pyramids

appears on the back of the one-dollar bill--is a blueprint that conveys the secret destiny of America. By understanding the kabbalistic meaning of the Great Seal's reverse, he shows how our current era presents unique opportunities for the fulfillment of our Founding Fathers' spiritual vision.

In this compelling book, Colin Wilson argues that thousands of years before ancient Egypt and Greece held sway, there was a great civilization whose ships traveled the world from China to Antarctica. Their advanced knowledge of science, mathematics, and astronomy was passed on to descendants who escaped to Egypt and South America. From Atlantis to the Sphinx bases this assertion on a true fact: that archaeologists and geologists are at odds over the age of the Sphinx. Archaeologists claim that the Sphinx dates to classical dynastic Egypt, around 2,400 b.c. But some geologists claim that it could have been built as early as 7,000 to 10,500 b.c. The geologists' claim is based on the curious fact that the erosion of the Sphinx is more characteristic of water erosion than that of wind and sand. Starting from the assumption that there was an advanced civilization in existence much earlier than previously thought, Wilson goes on to claim that it could very well be Atlantis--not a literal island that sank, but more of a great civilization that either declined naturally or experienced a great catastrophe, passing on only a fraction of its knowledge to other peoples. From Atlantis to the Sphinx delves into what might have been a completely different knowledge system from that of modern man--one as alien to us as that of the Martians. The book sets out to reconstruct that ancient knowledge in a fascinating exploration of the remote depths of history, a ground-breaking attempt to understand how these long-forgotten peoples thought, felt, and communicated with the universe.

Homeland. Most days, Masha Maximow was sure she'd chosen the winning side. In her day job as a counterterrorism wizard for an transnational cybersecurity firm, she made the hacks that allowed repressive regimes to spy on dissidents, and manipulate their every move. The perks were fantastic, and the pay was obscene. Just for fun, and to piss off her masters, Masha sometimes used her mad skills to help those same troublemakers evade detection, if their cause was just. It was a dangerous game and a hell of a rush. But seriously self-destructive. And unsustainable. When her targets were strangers in faraway police states, it was easy to compartmentalize, to ignore the collateral damage of murder, rape, and torture. But when it hits close to home, and the hacks and exploits she's devised are directed at her friends and family--including boy wonder Marcus Yallow, her old crush and archrival, and his entourage of naïve idealists--Masha realizes she has to choose. And whatever choice she makes, someone is going to get hurt. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

The Cygnus Constellation holds the key to proving that life originated in the heavens—and will ultimately return there. Best-selling author Andrew Collins has uncovered an astronomy that is about 17,000 years old, with standing stones, temples, and monuments across the globe oriented towards Cygnus's stars. He also found that the use of deep caves by Palaeolithic man led to the rise of religious thought and the belief in life's stellar origins. Now modern-day technology has confirmed that high-energy particles come from a binary star known as Cygnus X3. Ancient people knew what science is finally verifying: that the DNA of life came originally from deep

# Acces PDF The Orion Mystery Unlocking The Secrets Of The Pyramids

space.

Reveals how the largest Sun Temple in the world, built according to Hermetic principles, is located at one of Christianity's holiest sites: the Vatican • Shows how famous Renaissance philosophers and scientists called for a Hermetic reformation of Christianity by building a magical Temple of the Sun in Rome • Explains how the Vatican architect Bernini designed St. Peter's Square to reflect heliocentric and Hermetic principles • Reveals how the design was masterminded by Bernini, Jesuit scholars, the mystical Queen Christine of Sweden, and several popes In 16th century Italy, in the midst of the Renaissance, two powerful movements took hold. The first, the Hermetic Movement, was inspired by an ancient set of books housed in the library of Cosimo de' Medici and written by the Egyptian sage Hermes Trismegistus. The movement expounded the return of the "true religion of the world" based on a form of natural magic that could draw down the powers of the heavens and incorporate them into statues and physical structures. The other movement, the Heliocentric Movement launched by Copernicus, was a direct challenge to the Vatican's biblical interpretation of a geocentric world system. Declared a heresy by the Pope, those who promoted it risked the full force of the Inquisition. Exploring the meeting point of these two movements, authors Robert Bauval and Chiara Hohenzollern reveal how the most outspoken and famous philosophers, alchemists, and scientists of the Renaissance, such as Giordano Bruno and Marsilio Ficino, called for a Hermetic reformation of the Christian religion by building a magical utopic city, an

## Acces PDF The Orion Mystery Unlocking The Secrets Of The Pyramids

architectural version of the heliocentric system. Using contemporary documents and the latest cutting-edge theses, the authors show that this Temple of the Sun was built in Rome, directly in front of the Vatican's Basilica of St. Peter. They explain how the Vatican architect Bernini designed St. Peter's Square to reflect the esoteric principles of the Hermetica and how the square is a detailed representation of the heliocentric system. Revealing the magical architectural plan masterminded by the Renaissance's greatest minds, including Bernini, Jesuit scholars, Queen Christine of Sweden, and several popes, the authors expose the ultimate heresy of all time blessed by the Vatican itself. A book that verifies the existence of secret underground chambers beneath the Sphinx and demonstrates its origins as the Egyptian god of the dead, Anubis • Includes an anthology of eyewitness accounts from early travelers who explored the secret chambers before they were sealed in 1926 • Reveals that the Sphinx was originally carved as a monumental crouching Anubis, the Egyptian jackal god of the necropolis Shrouded in mystery for centuries, the Sphinx of Giza has frustrated many who have attempted to discover its original purpose. Accounts exist of the Sphinx as an oracle, as a king's burial chamber, and as a temple for initiation into the Hermetic Mysteries. Egyptologists have argued for decades about whether there are secret chambers underneath the Sphinx, why the head-to-body ratio is out of proportion, and whose face adorns it. In *The Sphinx Mystery*, Robert Temple addresses the many mysteries of the Sphinx. He presents eyewitness accounts,

## Acces PDF The Orion Mystery Unlocking The Secrets Of The Pyramids

published over a period of 281 years, of people who saw the secret chambers and even went inside them before they were sealed in 1926--accounts that had been forgotten until the author rediscovered them. He also describes his own exploration of a tunnel at the rear of the Sphinx, perhaps used for obtaining sacred divinatory dreams. Robert Temple reveals that the Sphinx was originally a monumental Anubis, the Egyptian jackal god, and that its face is that of a Middle Kingdom Pharaoh, Amenemhet II, which was a later re-carving. In addition, he provides photographic evidence of ancient sluice gate traces to demonstrate that, during the Old Kingdom, the Sphinx as Anubis sat surrounded by a moat filled with water--called Jackal Lake in the ancient Pyramid Texts--where religious ceremonies were held. He also provides evidence that the exact size and position of the Sphinx were geometrically determined in relation to the pyramids of Cheops and Chephren and that it was part of a pharaonic resurrection cult.

An Exploration of Imhotep—Architect of the Step Pyramid at Saqqara, High Priest of Ra, and Royal Astronomer—as Well as His Influence as the True Father of African Civilization. In this groundbreaking book, Egyptologist Robert Bauval and astrophysicist Thomas Brophy uncover the mystery of Imhotep, an ancient Egyptian superstar, pharaonic Da Vinci, Michelangelo, Galileo, and Newton all rolled into one. Based on their research at the Step Pyramid Complex at Saqqara, Bauval and Brophy delve into observational astronomy to "decode" the alignments and other design features of the Step Pyramid Complex, to uncover the true origins and genius

## Acces PDF The Orion Mystery Unlocking The Secrets Of The Pyramids

of Imhotep. Like a whodunit detective story they follow the clues that take them on an exhilarating magical mystery tour starting at Saqqara, leading them to temples in Upper Egypt and to the stones of Nabta Playa and the black African stargazers who placed them there. Imhotep the African describes how Imhotep was the ancient link to the birth of modern civilization, restoring him to his proper place at the center of the birthing of Egyptian, and world, civilization.

**NATIONAL BESTSELLER •** Two Egypt experts posit a revolutionary theory: The Sphinx and other great Egyptian monuments are older than common history books tell us and are arranged in such a way as to send us a message from the silent past. Guardian of the ancient mysteries, the keeper of secrets . . . For thousands of years the Great Sphinx of Egypt has gazed toward the east, its eyes focused on eternity, reading a message in the stars that mankind has long forgotten. And today as our civilization stands poised at the end of a great cycle, it is a message that beckons insistently to be understood. All the clues are in place. Geology and archeo-astronomy have already indicated that the lion-bodied Sphinx may be vastly older than Egyptologists currently believe, dating not from 2500 B.C., but from 10,500 B.C.—the beginning of the astrological Age of Leo. And we now know that the three pyramids of Giza, standing on high ground half a mile to the west of the Sphinx, are in fact a precise map of the three stars of Orion's belt, formed in fifteen million tons of solid stone. Are these monuments trying to tell us something? And, if so, what? In *The Message of the Sphinx*, Robert Bauval

## Acces PDF The Orion Mystery Unlocking The Secrets Of The Pyramids

and Graham Hancock present a tour de force of historical and scientific detective work that unravels the millennial code embodied in these structures. Using sophisticated computer simulations of ancient skies, they unravel the riddle of the Sphinx, and they present a startling new theory concerning the enigmatic Pyramid Texts and other archaic Egyptian scriptures. Their discoveries lead the authors to this question: Does mankind have a rendezvous with destiny—a rendezvous not in the future, but in the distant past, at a precise place and time? The secrets can be kept no longer. The Message of the Sphinx brings them to light.

This book addresses some of the main themes of the study of Egypt during the nineteenth and twentieth centuries. In a combination of case studies and discursive chapters, the status of Egypt as an important example of traditional Asian scholarship, and as an ancient model of imperialism itself, is examined. Contributions range from studies of nineteenth century antiquarianism, and the collecting of Egyptian antiquities as an extension of the territorial ambitions and rivalries of the European powers, to explorations of how Egypt is understood and interpreted in contemporary societies. Views of Ancient Egypt also considers the way in which Ancient Egypt has been adopted by less privileged members of some societies as a cultural icon of past greatness.

Why did the ancients align their monuments so precisely with the stars? What were the practical and symbolic reasons behind these mysterious configurations? From the author of *The Orion Mystery*, the best-selling book

## Access PDF The Orion Mystery Unlocking The Secrets Of The Pyramids

that introduced the revolutionary star-correlation theory about the Giza pyramids, The Egypt Code reveals an amazing Grand Unified Plan behind the legendary temples of upper Egypt. Robert Bauval, one of the world's most prominent and controversial Egyptologists, completes his groundbreaking investigation of astronomy as related to Egyptian monuments and related religious texts. The Egypt Code revisits the Pyramid Age and the Old Kingdom, proposing a vast sky-ground correlation for the Memphite-Heliopolis region, and presenting the possibility of a grand plan spanning three thousand years of Pharaonic civilization and involving pyramids and major temple sites along the Nile. The central idea of the book is that the cosmic order, which the ancients referred to as "Maat," was comprised of the observable cycles of the sun and stars, in particular the star Sirius, and that the changes that took place due to the precession of the equinoxes and the so-called Sothic Cycle are reflected in the orientation and location of religious sites.

New research and evidence that the Sphinx is thousands of years older than previously thought • Contrasts what Egyptologists claim about the Sphinx with historical accounts and new research including reanalysis of seismic studies and updates to Schoch's water weathering research and Bauval's Orion Correlation Theory • Examines how the Sphinx is contemporaneous with Göbekli Tepe, aligned with the constellation Leo, and was recarved during the Old Kingdom era of Egypt • Reveals that the Sphinx was built during the actual historical Golden Age of ancient Egypt, the period known

## Acces PDF The Orion Mystery Unlocking The Secrets Of The Pyramids

in legend as Zep Tepi No other monument in the world evokes mystery like the Great Sphinx of Giza. It has survived the harsh climate of Egypt for thousands of years and will remain long after our own civilization is gone. According to orthodox Egyptology, the Sphinx was built around 2500 BCE as a memorial to the pharaoh Khafre. Yet this “fact” has scant to no supportive evidence. When was the Sphinx really built and, most importantly, why? In this provocative collaboration from two Egyptology outsiders, Robert M. Schoch, Ph.D., and Robert Bauval combine their decades of research to show how the Sphinx is thousands of years older than the conventional Egyptological timeline and was built by a long forgotten pre-Pharaonic civilization. They examine the known history of the Sphinx, contrasting what Egyptologists claim with prominent historical accounts and new research, including updates to Schoch’s geological water weathering research and reanalysis of seismic studies. Building on Bauval’s Orion Correlation Theory, they investigate the archaeoastronomical alignments of the monuments of the Giza Plateau and reveal how the pyramids and Sphinx were built to align with the constellations of Orion and Leo. Analyzing the evidence for a significantly older construction phase at Giza and the restoration and recarving of the Sphinx during the Old Kingdom era, they assert that the Sphinx was first built by an advanced pre-Pharaonic civilization that existed circa 12,000 years ago on the Giza Plateau, contemporaneous with the sophisticated Göbekli Tepe complex. The authors examine how the monuments at Giza memorialize Zep Tepi, the Golden Age of legend

## Acces PDF The Orion Mystery Unlocking The Secrets Of The Pyramids

shown here to be an actual historical time period from roughly 10,500 BCE through 9700 BCE. Moving us closer to an understanding of the true age and purpose of the Great Sphinx, Schoch and Bauval provide evidence of an early high civilization witnessed by the Great Sphinx before the end of the last ice age.

A detailed study of the proportions of the Giza pyramids and how they reveal shifts in the Earth's axis in the remote past—and near future • Debunks the “pyramids as tombs” theory and shows how they are “recovery vaults” to ensure the rebirth of civilization after a global disaster • Explains in detail how the angles and geometry of the Great Pyramid record a shift of the world's axis in 3980 BCE and predict more to come • Uncovers the location of an additional as-yet-undiscovered “recovery vault” on the Giza plateau, as revealed in the myth of Osiris Offering a radical new perspective on the Great Pyramid of Giza and all the structures surrounding it, including the Sphinx, Scott Creighton and Gary Osborn show how the designers of Giza intentionally arranged these massive structures to create an astronomical timeline recording catastrophic events in the past as well as warning later generations of the precise times of future catastrophes. They reveal how the Old Kingdom pyramids of Giza were created, not as tombs for the pharaohs and their queens, but as “recovery vaults” to ensure the rebirth of the Kingdom of Egypt after a global disaster by acting as storehouses for ancient Egyptian culture--its tools, seeds, art, and sacred texts. Through the use of photos, maps, and diagrams of the Giza plateau, the authors explain in detail how the angles and geometry of the Great Pyramid align with the stars of Orion's Belt to encode an important message: that changes in the tilt of the world's axis have occurred in the remote past, most recently in 3980 BCE, and

# Acces PDF The Orion Mystery Unlocking The Secrets Of The Pyramids

will occur again in the near future. Highlighting the ubiquitous appearance of 23.5-degree angles--the most important of the precessional angles encoded in the Giza pyramids--in classic works of art, including the work of Leonardo da Vinci and portraits of John the Baptist and George Washington, the authors reveal how this angle, the Great Pyramid, and its fateful message are tied to Freemasonry and other secret societies. Concluding with the remarkable revelation triggered by the myth of Osiris that there may be an as-yet-undiscovered 14th "recovery vault" on the Giza plateau, Creighton and Osborn show that the prophecy of Giza is a message of first importance to our own civilization.

Despite being enmeshed in a culture steeped in technology and science, the magic and mysteries of the ancient world still haunt our imagination. Through their architecture, artifacts, and deeds, ancient cultures speak to us across thousands of dusty years--from the labyrinthine palace of Knossos on Crete and the lofty pyramids of Egypt to the remotest jungle temples of Peru and the megalithic mystery of Stonehenge. **HIDDEN HISTORY** brings together a fascinating selection of these ancient enigmas. arranging them into three sections: Mysterious Places, Unexplained Artifacts, and Enigmatic People.

Consuming Ancient Egypt examines the influence of Ancient Egypt on the everyday lives of contemporary people, of all ages, throughout the world. It looks at the Egypt tourist sees, Egypt in film and Egypt as the inspiration for opera. It asks why so many books are published each year on Egyptological subjects at all levels, from the austere academic to the riotous celebrations of Egypt as a land of mystery, enchantment and fantasy. It then considers the ways in which Ancient Egypt interacts with the living world, in architecture, museum going, the acquisition of souvenirs and reproductions, design, and the perpetual appeal of the

# Acces PDF The Orion Mystery Unlocking The Secrets Of The Pyramids

mummy. The significance of Egypt as an adjunct to (and frequently the subject of) marketing in the consumer society is examined. It reveals much about Egypt's immemorial appeal and the psychology of those who succumb to its magic. The Curse of the Pharaohs Tombs is the definitive book on Ancient Egyptian tomb curses, providing new information and data never before published whilst exploring the many incidents and deaths associated with tomb curses. The book puts the record straight on matters which have been wrongly recorded by others, such as the legend of Tutankhamun, as well as presenting new data never before published associated with matters such as the torment Howard Carter suffered before his death. It also contains exclusive information and interviews with the family members and archaeologists associated with the curses, including experts at the British Museum and Cairo Museum. Paul Harrison also covers the history of Egyptian tomb curses, why they were placed at the entrance to some tombs and not others, as well as the frightening reality of mummification after death in Ancient Egypt. Closer to home, the hundreds of deaths and haunted tube station (Museum) which are associated with the curse of Amen-Ra (housed in the British Museum) is covered along with the mysterious deaths and tragedy associated with Cleopatras needle on the Embankment of the River Thames. Eleven papers extend discussion of the role and importance of the landscape and the wider environment to past societies, and to the understanding and interpretation of their material remains, into consideration of the significance of the celestial environment: the skyscape. The role of the sky for past societies has been relegated to the fringes of archaeological discourse. Nevertheless archaeoastronomy has developed a new rigour in the last few decades and the evidence suggests that it can provide insights into the beliefs, practices and cosmologies of past societies. Skyscapes explores the

# Acces PDF The Orion Mystery Unlocking The Secrets Of The Pyramids

current role of archaeoastronomical knowledge in archaeological discourse and how to integrate the two. It shows how it is not only possible but even desirable to look at the skyscape to shed further light on human societies. This is achieved by first exploring the historical relationship between archaeoastronomy and academia in general, and with archaeology in particular. The volume continues by presenting case-studies that either demonstrate how archaeoastronomical methodologies can add to our current understanding of past societies, their structures and beliefs, or how integrated approaches can raise new questions and even revolutionise current views of the past.

Amazing discoveries about ancient knowledge bring a fresh view of human history and our place in the universe.

Thousands of years ago, the Druids already measured the exact dimensions and rotations of our Earth, Sun and Moon, and how they rotate. Stonehenge and the Pyramids are based on a precise, prehistoric, 366-degree time and space geometry.

The Master Game is a rollercoaster intellectual journey through the back streets and rat runs of history to uncover the traces in architecture and monuments of a secret religion that has shaped the world. Pivotal historical events and processes, not least the Renaissance, the birth of scientific rationalism, and the French and American revolutions, are radically reevaluated in the light of new investigative evidence presented in The Master Game. Even the belief that the United States has a "global mission," so obvious today, may ultimately prove to be less the result of a shortterm reaction to terrorism than the inevitable working out of a covert plan originally set in motion almost two thousand years ago. The Master Game refers to a scheme or "game" played on the world stage to bring about a world order governed by a lofty goal which, today, we term the "Masonic Ideal." The Master

Game traces the origins of this game of symbols and words and talismans from ancient Egypt all the way to modern times, and places it squarely on the elitist Scottish Rite Freemasonry, headquartered in Washington, DC, and ruled by a secretive and powerful brotherhood of men who have attained the thirtythird degree. The Master Game exposes this world order's true purpose and, more importantly, shows how it has affected the United States of America and badly backfired on 9/11. The book is adapted and expanded from the authors' earlier, outofprint book Talisman.

The land of pyramids and sphinxes, pharaohs and goddesses, Egypt has been a source of awe and fascination from the time of the ancient Greeks to the twenty-first century. In Egyptomania, Ronald H. Fritze takes us on a historical journey to unearth the Egypt of the past, a place inhabited by strange gods, powerful magic, spell-binding hieroglyphs, and the uncanny, mummified remains of ancient people. Walking among monumental obelisks and through the dark corridors of long-sealed tombs, he reveals a long-standing fascination with an Egypt of incredible wonder and mystery. As Fritze shows, Egypt has exerted a powerful force on our imagination. Medieval Christians considered it a holy land with many connections to biblical lore, while medieval Muslims were intrigued by its towering monuments, esoteric sciences, and hidden treasures. People of the Renaissance sought Hermes Trismegistus as the

ancient originator of astrology, alchemy, and magic, and those of the Baroque pondered the ciphers of the hieroglyphs. Even the ever-practical Napoleon was enchanted by it, setting out in a costly campaign to walk in the footsteps of Alexander the Great through its valleys, by then considered the cradle of Western civilization. And of course the modern era is one still susceptible to the lure of undiscovered tombs and the curses of pharaohs cast on covetous archeologists. Raising ancient Egyptian art and architecture into the light of succeeding history, Fritze offers a portrait of an ancient place and culture that has remained alive through millennia, influencing everything from religion to philosophy to literature to science to popular culture.

The present world will end on 22nd December 2012, so prophesized the Maya 5000 years ago in their inscriptions deep within the Central American rainforests. Who were the Maya? Where did they come from and why did they suddenly disappear? Will we suffer floods, volcanic eruptions and choas in 2012?

A decade ago, French architect Jean-Pierre Houdin became obsessed by the centuriesold question: How was the Great Pyramid built? How, in a nation of farmers only recently emerged from the Stone Age, could such a massive, complex, and enduring structure have been envisioned and constructed? Laboring at his computer ten hours a day for five

years—creating exquisitely detailed 3-D models of the Pyramid's interior—Houdin finally had his answer. It was a startling revelation that cast a fresh light on the minds that conceived one of the wonders of the ancient world. Written by world-renowned Egyptologist Bob Brier in collaboration with Houdin, *The Secret of the Great Pyramid* moves deftly between the ancient and the modern, chronicling two equally fascinating interrelated histories. It is a remarkable account of the step-by-step planning and assembling of the magnificent edifice—the brainchild of an innovative genius, the Egyptian architect Hemenu, who imagined, organized, and oversaw a monumental construction project that took more than two decades to complete and that employed the services of hundreds of architects, mathematicians, boatbuilders, stonemasons, and metallurgists. Here also is the riveting story of Jean-Pierre Houdin's single-minded search for solutions to the mysteries that have bedeviled Egyptologists for centuries, such as the purpose of the enigmatic Grand Gallery and the Pyramid's crack.

"The study of prophecy inspires elaborate timelines and speculation about which world leader might rise to power in the last days. But meanwhile, it's far too easy to miss the significant prophetic signs contained in stories of biblical characters, in God's creation, and in the lives and actions of today's Israelis and Palestinians. *The Holy Land Key* opens

Napoleon to modern Egyptologists the world over. Yet, despite this preeminence in the collective mind, Egypt has suffered considerable destruction over the centuries. Even before the burning of the Great Library at Alexandria, the land of the pharaohs was pillaged by its own people. With the arrival of foreign rulers, both Arabic and European, the destruction and thievery continued along with suppression of ancient knowledge as some rulers sought to cleanse Egypt of its “pagan” past. Exploring the many cycles of destruction and suppression in Egypt as well as moments of salvation, such as the first registered excavations by Auguste Mariette, Robert Bauval and Ahmed Osman investigate the many conquerors of Egypt through the millennia as well as what has happened to famous artifacts such as the Rosetta Stone. They show how Napoleon, through his invasion, wanted to revive ancient Egyptian wisdom and art because of its many connections to Freemasonry. They reveal how the degradation of monuments, theft of relics, and censorship of ancient teachings continue to this day. Exposing recent cover-ups during the tenure of Antiquities Minister Zahi Hawass, they explain how new discoveries at Giza were closed to further research. Clearing cultural and historical distortions, the authors reveal the long-hidden and persecuted voice of ancient Egypt and call for the return of Egypt to its rightful place as “the Mother of Nations” and “the Mirror of
