

## The Presidency True Books

Investigative journalist Lee Smith uses his unprecedented access to Congressman Devin Nunes, former head of the House Intelligence Committee, to expose the deep state operation against the president -- and the American people. Investigative journalist Lee Smith's *The Plot Against the President* tells the story of how Congressman Devin Nunes uncovered the operation to bring down the commander-in-chief. While popular opinion holds that Russia subverted democratic processes during the 2016 elections, the real damage was done not by Moscow or any other foreign actor. Rather, this was a slow-moving coup engineered by a coterie of the American elite, the "deep state," targeting not only the president, but also the rest of the country. The plot officially began July 31, 2016 with the counterintelligence investigation that the FBI opened to probe Russian infiltration of Donald Trump's presidential campaign. But the bureau never followed any Russians. In fact, it was an operation to sabotage Trump, the candidate, then president-elect, and finally the presidency. The conspirators included political operatives, law enforcement and intelligence officials, and the press. The plot was uncovered by Nunes, chairman of the House Intelligence Committee, and his investigative team. They understood that the target of the operation wasn't just Trump, but rather the institutions that sustain our republic. A country where operatives use the intelligence and security services to protect their privileges by spying on Americans, coordinating with the press, and using extra-constitutional means to undermine an election then undo a presidency is more like the third world than the republic envisioned by the founding fathers. Without Nunes and his team, the plot against the president -- and against the country -- never would have been revealed. Told from the perspective of Nunes and his crack investigators -- men and women who banded together to do the right thing at a crucial moment for our democracy -- the story of the biggest political scandal in a generation reads like a great detective novel, feels like a classic cowboy movie. The congressman from the cattle capital of California really did fight corruption in Washington. Devin Nunes took on the "deep state." The instant #1 bestseller. "This taut and terrifying book is among the most closely observed accounts of Donald J. Trump's shambolic tenure in office to date." - Dwight Garner, *The New York Times* Washington Post national investigative reporter Carol Leonnig and White House bureau chief Philip Rucker, both Pulitzer Prize winners, provide the definitive insider narrative of Donald Trump's presidency "I alone can fix it." So proclaimed Donald J. Trump on July 21, 2016, accepting the Republican presidential nomination and promising to restore what he described as a fallen nation. Yet as he undertook the actual work of the commander in chief, it became nearly impossible to see beyond the daily chaos of scandal, investigation, and constant bluster. In fact, there were patterns to his behavior and that of his associates. The universal value of the Trump administration was loyalty—not to the country, but to the president himself—and Trump's North Star was always the perpetuation of his own power. With deep and unmatched sources throughout Washington, D.C., Carol Leonnig and Philip Rucker reveal the forty-fifth president up close. Here, for the first time, certain officials who felt honor-bound not to divulge what they witnessed in positions of trust tell the truth for the benefit of history. A peerless and gripping narrative, *A Very Stable Genius* not only reveals President Trump at his most unvarnished but shows how he tested the strength of America's democracy and its common heart as a nation.

Which president holds the record for the most vetoes? Which president had the largest shoe size? Who was the only president to serve in both World War I and World War II? Who was the tallest president? These questions and many, many more are answered in *The Smithsonian Book of Presidential Trivia*, which has been fully updated to 2021 to include trivia question and answers about every US president to date. Divided into 11 chapters, *The Smithsonian Book of Presidential Trivia* looks at every aspect of our heads of state and presidential history: Citizens, Officers, Heroes, and Saviors; Stumping: From Front Porch to Facebook; The Pledge and the Parties; Inside the Oval Office; The Perpetual Podium; Home, Hotel, Parlor, Playground; First Families; Impeachment, Controversy, Shame; Assassination; Death, and National Mourning; Presidents in the Popular Imagination; and The Quotable President. Many of the questions are accompanied with photographs of artifacts from the Smithsonian's collections. *The Smithsonian Book of Presidential Trivia* is sure to puzzle the trivia buff and presidential expert alike!

From CNN chief legal analyst and bestselling author Jeffrey Toobin, a real-life legal thriller about the prosecutors and congressional investigators pursuing the truth about Donald Trump's complicity in several crimes--and why they failed. Donald Trump's campaign chairman went to jail. So did his personal lawyer. His long-time political consigliere was convicted of serious federal crimes, and his national security advisor pled guilty to others. Several Russian spies were indicted in absentia. Career intelligence agents and military officers were alarmed enough by the president's actions that they alerted senior government officials and ignited the impeachment process. Yet despite all this, a years-long inquiry led by special counsel Robert Mueller, and the third impeachment of a president in American history, Donald Trump survived to run for re-election. Why? Jeffrey Toobin's highly entertaining definitive account of the Mueller investigation and the impeachment of the president takes readers behind the scenes of the epic legal and political struggle to call Trump to account for his misdeeds. With his superb storytelling and analytic skills Toobin recounts all the mind-boggling twists and turns in the case--Trump's son met with a Russian operative promising Kremlin support! Trump paid a porn star \$130,000 to hush up an affair! Rudy Giuliani and a pair of shady Ukrainian-American businessmen got the Justice Department to look at Russian-created conspiracy theories! Toobin shows how Trump's canny lawyers used Mueller's famous integrity against him, and how Trump's bullying and bluster cowed Republican legislators into ignoring the clear evidence of the impeachment hearings. Based on dozens of interviews with prosecutors in Mueller's office, Trump's legal team, Congressional investigators, White House staffers, and several of the key players, including some who are now in prison, *True Crimes and Misdemeanors* is a revelatory narrative that makes sense of the seemingly endless chaos of the Trump years. Filled with never-before-reported details of the high-stakes legal battles and political machinations, the book weaves a tale of a rogue president guilty of historic misconduct, and how he got away with it.

Chronicles the true accounts of the ten American presidents who have been shot at, including the bizarre story of Ronald Reagan's attempted assassination, the puzzle surrounding the death of John F. Kennedy, and other stories. Original.

*The President's Book of Secrets* The Untold Story of Intelligence Briefings to America's Presidents Public Affairs

Take a close look at the lives of remarkable people with this fascinating A True Book subset. From U.S. presidents to legendary athletes, the subjects of these books are sure to inspire and enlighten young readers. Fascinating Facts: Trump was born on June 14, 1946 in Jamaica, Queens. Trump owns 13 buildings in New York City and has run the Trump Organization for more than 45 years. Trump has been married 3 times and has 5 children.

Do you love American history? Do you enjoy learning about the US Presidents? If so, then this President Trivia book is for you. *The Great Book of Crazy President Trivia* is filled with many lesser-known facts about the American Presidents. It is filled with great stories of the US Presidents that you will not find in any US history books. This President Trivia book is going to let you see the Presidents of the past in a whole new light. Learn about their personal lives, the challenges they faced, and their great accomplishments. When you read this trivia book, you are going to learn not only about the Presidents of the US but about the history of the US as well. When we learn about the Presidents, most often we learn about a few of their accomplishments that they had while in office, however, this book is going to show you the good, the bad, and the ugly when it comes to the lives of these men. At the end of each chapter you will find trivia questions and answers that are going to allow you to learn even more about the men that have been in charge of The United States of America. You are going to learn how war not only challenged these men but how it affected who they were. You will see how great decisions were made as well

as some that were not so great. In the end, you are going to find that these men were in fact just men who took on a huge responsibility. Some of them were successful some of them failed miserably but each of them with their own hands, molded the US into what it is today.

Don't miss the #1 New York Times bestselling thriller from the world's bestselling author, James Patterson: an "undeniably gripping ride through the hidden passageways of power and politics" that "moves like Air Force One" (Michael Connelly). The President Is Missing confronts a threat so huge that it jeopardizes not just Pennsylvania Avenue and Wall Street, but all of America. Uncertainty and fear grip the nation. There are whispers of cyberterror and espionage and a traitor in the Cabinet. Even the President himself becomes a suspect, and then he disappears from public view . . . Set over the course of three days, The President Is Missing sheds a stunning light upon the inner workings and vulnerabilities of our nation. Filled with information that only a former commander in chief could know, this is the most authentic, terrifying novel to come along in many years. #1 New York Times bestseller#1 USA Today bestseller#1 Wall Street Journal bestseller#1 Indie bestseller "President Duncan for a second term!" -- USA Today"This book's a big one." -- New York Times"Towers above most political thrillers." -- Pittsburgh Post-Gazette"The plotting is immaculate . . . the writing is taut." -- Sunday Times (London)"Ambitious and wildly readable." -- New York Times Book Review

"A personal look behind the scenes" (Publishers Weekly) of the presidency of Gerald Ford as seen through the eyes of Donald Rumsfeld—New York Times bestselling author and Ford's former Secretary of Defense, Chief of Staff, and longtime personal confidant. In the wake of Richard Nixon's Watergate scandal, it seemed the United States was coming apart. America had experienced a decade of horrifying assassinations; the unprecedented resignation of first a vice president and then a president of the United States; intense cultural and social change; and a new mood of cynicism sweeping the country—a mood that, in some ways, lingers today. Into that divided atmosphere stepped an unexpected, unelected, and largely unknown American—Gerald R. Ford. In contrast to every other individual who had ever occupied the Oval Office, he had never appeared on any ballot either for the presidency or the vice presidency. Ford simply and humbly performed his duty to the best of his considerable ability. By the end of his 895 days as president, he would in fact have restored balance to our country, steadied the ship of state, and led his fellow Americans out of the national trauma of Watergate. And yet, Gerald Ford remains one of the least studied and least understood individuals to have held the office of the President of the United States. In turn, his legacy also remains severely underappreciated. In When the Center Held, Ford's Secretary of Defense Donald Rumsfeld candidly shares his personal observations of the man himself, providing a sweeping examination of his crucial years in office. It is a rare and fascinating look behind the closed doors of the Oval Office, including never-before-seen photos, memos, and anecdotes, from a unique insider's perspective—"engrossing and informative" (Kirkus Reviews) reading for any fan of presidential history. One of the most important voices in contemporary American journalism - Independent Matt Taibbi is one of the few journalists in America who speaks truth to power - Bernie Sanders Matt Taibbi is the best polemic journalist in America - Felix Salmon NEW YORK TIMES BESTSELLER "The thing is, when you actually think about it, it's not funny. Given what's at stake, it's more like the opposite, like the first sign of the collapse of the United States as a global superpower. Twenty years from now, when we're all living like prehistory hominids and hunting rats with sticks, we'll probably look back at this moment as the beginning of the end." In this groundbreaking battery of dispatches from the heartland of America, Matt Taibbi tells the full story of the Trump phenomenon, from its tragi-comic beginnings to the apocalyptic election. Full of sharp, on-the-ground reporting and gallows humour, his incisive analysis goes beyond the bizarre and disturbing election to tell a wider story of the apparent collapse of American democracy. Taibbi saw the essential themes right from the start: the power of spectacle over truth; the end of a shared reality on the left and right; the nihilistic rebellion of the white working class; the death of the political establishment; and the emergence of a new, explicit form of white nationalism. From the thwarted Bernie Sanders insurgency to the aimless Hillary Clinton campaign, across the flailing media coverage and the trampled legacy of Obama, this is the story of ordinary voters forced to bear witness to the whole charade. At the centre of it all, "a bumbling train wreck of a candidate who belched and preened his way past a historically weak field" who, improbably, has taken control of the world's most powerful nation. This is essential and hilarious reading that explores how the new America understands itself, and about the future of the world just beyond the horizon.

An irreverent look at Presidential foibles, follies, fibs, and moral failures Were past presidents smarter, more honest, and better behaved than those we elect today? Don't bet on it! White House Confidential shows that commanders-in-chief have been lying, cheating, stealing, and womanizing from the days of the Founding Fathers. Focusing on the qualities that never made it into White House press releases, the authors look at their sexual misdeeds and strange family relationships, scandals that engulfed administrations, fights with enemies, and questionable money matters. Dip into these pages to find out: Which president was famous for being the richest man alive because of all his brilliant real estate deals? Which president was born in Canada, and was ineligible to hold the office of president? Which president caused some problems by trying to grow "strange herbs" in the White House garden? Which president often ordered White House staff to rub Vaseline into his scalp while he ate breakfast in bed? Which president often called his deputy chief of staff "Turd Blossom"? Updated with new material about many presidents including George W. Bush and Barack Obama, White House Confidential will have you laughing (and sometimes cursing!) as you take a second look at the next occupant of the Oval Office.

How the 2016 news media environment allowed Trump to win the presidency The 2016 presidential election campaign might have seemed to be all about one man. He certainly did everything possible to reinforce that impression. But to an unprecedented degree the campaign also was about the news media and its relationships with the man who won and the woman he defeated. Words that Matter assesses how the news media covered the extraordinary 2016 election and, more important, what information—true, false, or somewhere in between—actually helped voters make up their minds. Using journalists' real-time tweets and published news coverage of campaign events, along with Gallup polling data measuring how voters perceived that reporting, the book traces the flow of information from candidates and their campaigns to journalists and to the public. The evidence uncovered shows how Donald Trump's victory, and Hillary Clinton's loss, resulted in large part from how the news media responded to these two unique candidates. Both candidates were unusual in their own ways, and thus presented a long list of possible issues for the media to focus on. Which of these many topics got communicated to voters made a big difference outcome. What people heard about these two candidates during the campaign was quite different. Coverage of Trump was scattered among many different issues, and while many of those issues were negative, no single negative narrative came to dominate the coverage of the man who would be elected the 45th president of the United States. Clinton, by contrast, faced an almost unrelenting news media focus on one negative issue—her alleged misuse of e-

mails—that captured public attention in a way that the more numerous questions about Trump did not. Some news media coverage of the campaign was insightful and helpful to voters who really wanted serious information to help them make the most important decision a democracy offers. But this book also demonstrates how the modern media environment can exacerbate the kind of pack journalism that leads some issues to dominate the news while others of equal or greater importance get almost no attention, making it hard for voters to make informed choices. Discusses the lives, achievements, and times of each president from George Washington to Barack Obama.

The Presidents Fact Book is a compendium of all things presidential and a sweeping survey of American history through the biography of every president from George Washington to Donald Trump. Organized chronologically by president, each entry covers the major accomplishments and events of the presidential term; cabinet members, election results, groundbreaking legislation, and Supreme Court appointments; personality and personal habits; career before the presidency; a behind-the-scenes look at the wives, families, friends, and foes; and much more, including hobbies, odd behaviors, and outlandish penchants. Major primary documents from each administration -- from the Bill of Rights to Barack Obama's speech on race in America -- provide a glimpse into the crucial moments of America's storied past in the words of those who led the nation. Perfect for students, history buffs, and political junkies, The President's Fact Book is at once an expansive collage of our nation's 45 individual presidents and a comprehensive view of American history.

In Polk, Walter R. Borneman gives us the first complete and authoritative biography of a president often overshadowed in image but seldom outdone in accomplishment. James K. Polk occupied the White House for only four years, from 1845 to 1849, but he plotted and attained a formidable agenda: He fought for and won tariff reductions, reestablished an independent Treasury, and, most notably, brought Texas into the Union, bluffed Great Britain out of the lion's share of Oregon, and wrested California and much of the Southwest from Mexico. On reflection, these successes seem even more impressive, given the contentious political environment of the time. In this unprecedented, long-overdue warts-and-all look at Polk's life and career, we have a portrait of an expansionist president and decisive statesman who redefined the country he led, and we are reminded anew of the true meaning of presidential accomplishment and resolve.

An instant #1 New York Times bestseller. The definitive behind-the-scenes story of Trump's final year in office, by Phil Rucker and Carol Leonnig, the Pulitzer-Prize winning reporters and authors of A Very Stable Genius. "Chilling." – Anderson Cooper "Jaw-dropping." – John Berman "Shocking." – John Heilemann "Explosive." – Hallie Jackson "Blockbuster new reporting." – Nicolle Wallace "Bracing new revelations." – Brian Williams "Bombshell reporting." – David Muir The true story of what took place in Donald Trump's White House during a disastrous 2020 has never before been told in full. What was really going on around the president, as the government failed to contain the coronavirus and over half a million Americans perished? Who was influencing Trump after he refused to concede an election he had clearly lost and spread lies about election fraud? To answer these questions, Phil Rucker and Carol Leonnig reveal a dysfunctional and bumbling presidency's inner workings in unprecedented, stunning detail. Focused on Trump and the key players around him—the doctors, generals, senior advisers, and Trump family members— Rucker and Leonnig provide a forensic account of the most devastating year in a presidency like no other. Their sources were in the room as time and time again Trump put his personal gain ahead of the good of the country. These witnesses to history tell the story of him longing to deploy the military to the streets of American cities to crush the protest movement in the wake of the killing of George Floyd, all to bolster his image of strength ahead of the election. These sources saw firsthand his refusal to take the threat of the coronavirus seriously—even to the point of allowing himself and those around him to be infected. This is a story of a nation sabotaged—economically, medically, and politically—by its own leader, culminating with a groundbreaking, minute-by-minute account of exactly what went on in the Capitol building on January 6, as Trump's supporters so easily breached the most sacred halls of American democracy, and how the president reacted. With unparalleled access, Rucker and Leonnig explain and expose exactly who enabled—and who foiled—Trump as he sought desperately to cling to power. A classic and heart-racing work of investigative reporting, this book is destined to be read and studied by citizens and historians alike for decades to come.

An inspiring and informative book for kids about the past and future of America's presidents. Who will be the NEXT president? Could it be you? When George Washington became the first president of the United States, there were nine future presidents already alive in America, doing things like practicing law or studying medicine. When JFK became the thirty-fifth president, there were 10 future presidents already alive in America, doing things like hosting TV shows and learning the saxophone. And right now—today!—there are at least 10 future presidents alive in America. They could be playing basketball, like Barack Obama, or helping in the garden, like Dwight D. Eisenhower. They could be solving math problems or reading books. They could be making art—or already making change. • A breezy, kid-friendly survey of American history and American presidents • Great for teachers, librarians, and other educators • Kate Messner's nonfiction picture books have been lauded by critics and received a variety of awards. For young readers and students who loved The New Big Book of Presidents, Lincoln and Kennedy: A Pair to Compare, and Kid Presidents: True Tales of Childhood from America's Presidents. A helpful addition to curriculums of 5th- to 8th-grade students studying U.S. History and civics and the federal government. • For readers ages 8–12 • S. history for kids • Students, librarians, teachers • 5th–8th-grade kids From award-winning author Kate Messner and New York Times bestselling artist Adam Rex comes a timely and compelling compendium about the U.S. presidents—before they were presidents. Kate Messner is an award-winning author whose many books for kids have been selected as Best Books by the New York Times, Junior Library Guild, IndieBound, and Bank Street College of Education. She lives on Lake Champlain with her family. Adam Rex is the author and illustrator of many beloved picture books and novels, including Nothing Rhymes with Orange and the New York Times bestseller Frankenstein Makes a Sandwich. He has worked with the likes of Jon Scieszka, Mac Barnett, Jeff Kinney, and Neil Gaiman. He lives in Tucson, Arizona.

"One of the best books on the American presidency to appear in recent years" (The Wall Street Journal) and based on a decade of research and reporting—a delightful new window into the public and private lives America's presidents as authors. Most Americans are familiar with Abraham Lincoln's famous words in the Gettysburg Address and the Emancipation Proclamation. Yet few can name the work that helped him win the presidency: his published collection of speeches entitled Political Debates between Hon. Abraham Lincoln and Hon. Stephen A. Douglas. Lincoln labored in secret to get his book ready for the 1860 election, tracking down newspaper transcripts, editing them carefully for fairness, and hunting for a printer who would meet his specifications. Political Debates sold fifty thousand copies—the rough equivalent of half a million books in today's

market—and it reveals something about Lincoln’s presidential ambitions. But it also reveals something about his heart and mind. When voters asked about his beliefs, Lincoln liked to point them to his book. In Craig Fehrman’s “original, illuminating, and entertaining” (Jon Meacham) work of history, the story of America’s presidents and their books opens a rich new window into presidential biography. From volumes lost to history—Calvin Coolidge’s *Autobiography*, which was one of the most widely discussed titles of 1929—to ones we know and love—Barack Obama’s *Dreams from My Father*, which was very nearly never published—Fehrman unearths countless insights about the presidents through their literary works. Presidential books have made an enormous impact on American history, catapulting their authors to the national stage and even turning key elections. Beginning with Thomas Jefferson’s *Notes on the State of Virginia*, the first presidential book to influence a campaign, and John Adams’s *Autobiography*, the first score-settling presidential memoir, *Author in Chief* draws on newly uncovered information—including never-before-published letters from Andrew Jackson, John F. Kennedy, and Ronald Reagan—to cast fresh light on the private drives and self-doubts that fueled our nation’s leaders. We see Teddy Roosevelt as a vulnerable first-time author, struggling to write the book that would become a classic of American history. We see Reagan painstakingly revising *Where’s the Rest of Me?*, and Donald Trump negotiating the deal for *The Art of the Deal*, the volume that made him synonymous with business savvy. Alongside each of these authors, we also glimpse the everyday Americans who read them. “If you’re a history buff, a presidential trivia aficionado, or just a lover of American literary history, this book will transfix you, inform you, and surprise you” (*The Seattle Review of Books*).

After dozens of books and articles by anonymous sources, here is finally a history of the Trump White House with the President and his staff talking openly, on the record. In *Inside Trump's White House*, Doug Wead offers a sweeping, eloquent history of President Donald J. Trump's first years in office, covering everything from election night to the news of today. The book will include never-before-reported stories and scoops, including how President Trump turned around the American economy, how he "never complains and never explains," and how his actions sometimes lead to misunderstandings with the media and the public. It also includes exclusive interviews with the Trump family about the Mueller report, and narrates their reactions when the report was finally released. Contains Interviews with the President in the Oval Office, chief of staff, Mick Mulvaney, Jared and Ivanka Kushner, Donald Trump, Jr., Eric and Lara Trump, and White House insiders.

Every president has had a unique and complicated relationship with the intelligence community. While some have been coolly distant, even adversarial, others have found their intelligence agencies to be among the most valuable instruments of policy and power. Since John F. Kennedy's presidency, this relationship has been distilled into a personalized daily report: a short summary of what the intelligence apparatus considers the most crucial information for the president to know that day about global threats and opportunities. This top-secret document is known as the President's Daily Brief, or, within national security circles, simply “the Book.” Presidents have spent anywhere from a few moments (Richard Nixon) to a healthy part of their day (George W. Bush) consumed by its contents; some (Bill Clinton and George H. W. Bush) consider it far and away the most important document they saw on a regular basis while commander in chief. The details of most PDBs are highly classified, and will remain so for many years. But the process by which the intelligence community develops and presents the Book is a fascinating look into the operation of power at the highest levels. David Priess, a former intelligence officer and daily briefer, has interviewed every living president and vice president as well as more than one hundred others intimately involved with the production and delivery of the president's book of secrets. He offers an unprecedented window into the decision making of every president from Kennedy to Obama, with many character-rich stories revealed here for the first time.

The inside story of the historic 2020 presidential election and Joe Biden’s harrowing ride to victory, from the #1 New York Times bestselling authors of *Shattered*, the definitive account of Hillary Clinton’s 2016 campaign. Almost no one thought Joe Biden could make it back to the White House—not Donald Trump, not the two dozen Democratic rivals who sought to take down a weak front-runner, not the mega-donors and key endorsers who feared he could not beat Bernie Sanders, not even Barack Obama. The story of Biden’s cathartic victory in the 2020 election is the story of a Democratic Party at odds with itself, torn between the single-minded goal of removing Donald Trump and the push for a bold progressive agenda that threatened to alienate as many voters as it drew. In *Lucky*, #1 New York Times bestselling authors Jonathan Allen and Amie Parnes use their unparalleled access to key players inside the Democratic and Republican campaigns to unfold how Biden’s nail-biting run for the presidency vexed his own party as much as it did Trump. Having premised his path on unlocking the Black vote in South Carolina, Biden nearly imploded before he got there after a relentless string of misfires left him freefalling in polls and nearly broke. Allen and Parnes brilliantly detail the remarkable string of chance events that saved him, from the botched Iowa caucus tally that concealed his terrible result, to the pandemic lockdown that kept him off the stump, where he was often at his worst. More powerfully, *Lucky* unfolds the pitched struggle within Biden’s general election campaign to downplay the very issues that many Democrats believed would drive voters to the polls, especially in the wake of Trump’s response to nationwide protests following the murder of George Floyd. Even Biden’s victory did not salve his party’s wounds; instead, it revealed a surprising, complicated portrait of American voters and crushed Democrats’ belief in the inevitability of a blue wave. A thrilling masterpiece of political reporting, *Lucky* is essential reading for understanding the most important election in American history and the future that will come of it.

**NEW YORK TIMES BESTSELLER** • The inspiration for *Impeachment: American Crime Story* on FX The definitive account of the Clinton-Lewinsky sex scandals, the extraordinary ordeal that nearly brought down a president—with a new preface by the author that reframes the events in light of the Me Too movement “A story as taut and surprising as any thriller . . . [an] unimpeachable page-turner.”—*People* First published a year after the infamous impeachment trial, this propulsive narrative captures the full arc

of the Clinton sex scandals—from their beginnings in a Little Rock hotel to their culmination on the floor of the United States Senate with only the second vote on presidential removal in American history. Rich in character and fueled with the high octane of a sensational legal thriller, *A Vast Conspiracy* has indelibly shaped our understanding of this disastrous moment in American political history.

This offbeat true story is a comedy and a tragedy about politics, from anti-globalist protest to domestic turmoil. It's about idealism, obsession and failure in Seattle, a progressive city on the fringe of America's continent and consciousness. Grant Cogswell is a poet, a punk rock-fan, an anarchist, a grassroots activist, and one very temperamental character. He loves Seattle so much he has the city logo tattooed on his arm. In the summer of 2001 he decides to run for city council. He's so determined to win that he'll even wear a polar-bear suit to a city hall meeting. Phil Campbell, the author, is a burnt-out recently fired alt-weekly reporter, a manic depressive who sees few reasons to live. Inspired by his friend Grant's passion, and without anything better to do, he agrees to manage Grant's campaign. For eighteen weeks, Phil devotes himself to Grant's grassroots challenge—all the while fending an overzealous roommate challenging him for his position as manager of their shared house. Overshadowing the story is the tale of U.S. Rep. Marion Anthony Zioncheck, a legendary boozier and forgotten lefty radical from the 1930s. As Grant's campaign unfolds, so does the story of Zioncheck's tragedy — his rise and fall from an energetic young politico to a madman who is sent to the insane asylum. The question: Is Zioncheck's tale a lesson already learned, or a prophecy waiting to be repeated? During the Obama years, an asymmetrical media war was waged to control the critical first draft of American history. There is no fair way to record that history without first acknowledging the war. The field of battle shaped up as follows: on the right, the alternative conservative media and the “responsible” right, occasionally working together, often working at odds; on the left, the mainstream media, the social media giants, Hollywood, Broadway, the federal bureaucracies, the national security apparatus, and what Ray Bradbury would call “firemen”—the virtual book burners, amateur and professional. Rarely at odds, these forces routinely worked together to amplify what Obama adviser Ben Rhodes famously called the White House’s “messaging campaign.” Money, resources, and power overwhelmingly favored the left, but the right had the equalizer on its side—the truth.

*Rage* is an unprecedented and intimate tour de force of new reporting on the Trump presidency facing a global pandemic, economic disaster and racial unrest. Woodward, the #1 international bestselling author of *Fear: Trump in the White House*, has uncovered the precise moment the president was warned that the Covid-19 epidemic would be the biggest national security threat to his presidency. In dramatic detail, Woodward takes readers into the Oval Office as Trump’s head pops up when he is told in January 2020 that the pandemic could reach the scale of the 1918 Spanish Flu that killed 675,000 Americans. In 17 on-the-record interviews with Woodward over seven volatile months—an utterly vivid window into Trump’s mind—the president provides a self-portrait that is part denial and part combative interchange mixed with surprising moments of doubt as he glimpses the perils in the presidency and what he calls the “dynamite behind every door.” At key decision points, *Rage* shows how Trump’s responses to the crises of 2020 were rooted in the instincts, habits and style he developed during his first three years as president. Revisiting the earliest days of the Trump presidency, *Rage* reveals how Secretary of Defense James Mattis, Secretary of State Rex Tillerson and Director of National Intelligence Dan Coats struggled to keep the country safe as the president dismantled any semblance of collegial national security decision making. *Rage* draws from hundreds of hours of interviews with firsthand witnesses as well as participants’ notes, emails, diaries, calendars and confidential documents. Woodward obtained 25 never-seen personal letters exchanged between Trump and North Korean leader Kim Jong Un, who describes the bond between the two leaders as out of a “fantasy film.” Trump insists to Woodward he will triumph over Covid-19 and the economic calamity. “Don’t worry about it, Bob. Okay?” Trump told the author in July. “Don’t worry about it. We’ll get to do another book. You’ll find I was right.”

Two reporters were assigned to cover what seemed a routine burglary in the opulent Watergate building in downtown Washington. It was the first step in what must be the most devastating political detective story of the century.

In *The Perfect Tie: The True Story of the 2000 Presidential Election*, James Ceaser and Andrew Busch continue their study of national elections and their broader implications for American politics and society. With groundbreaking research of electoral politics and penetrating discussions of divided government, independent candidates, party platforms, realignment theory, the electoral college, and campaign strategies, Ceaser and Busch attempt to make sense of the 2000 presidential election. By separating myth from fact in presidential contests and by emphasizing the significance of frequently overlooked issues, such as foreign policy, this book is essential reading for courses in American Government, Campaigns and Elections, and Presidential Politics, as well as for any American interested in the real and lasting importance of the 2000 elections.

The president has been the figurehead of the United States since the time when our country was a small band of thirteen fledgling colonies until its current position as a world superpower. The forty-four leaders of our nation have had fascinating, exciting, and sometimes scandalous lives. *The Big Book of Presidents* illustrates each president’s journey to the White House through facts, anecdotes, illustrations, photographs, inspirational quotes, and more! Find out which president had a faithful dog named Fala, who was the only unmarried president, and which president’s daughter carried around her pet snake in the White House in this fun and fascinating overview of our country’s leaders. Bestselling author Nancy J. Hajeski not only provides engaging information about each president, but also includes timelines of US and world events that place each president's term in office in a historical context. She also provides useful facts about the White House, Congress, the Supreme Court, presidential assassinations, the first ladies, the vice presidents, and more to help broaden kids’ understanding of our government and the president’s role within in. With updated information on President Barack Obama, this is the perfect introduction to the lives and characters of the US presidents.

From former Chief Official White House Photographer Pete Souza comes a book for young readers that highlights Barack Obama's historic presidency and the qualities and actions that make him so beloved. Pete Souza served as Chief Official White House Photographer for President Obama's full two terms. He was with the President during more crucial moments than anyone else - and he photographed them

all, capturing scenes both classified and candid. Throughout his historic presidency, Obama engaged with young people as often as he could, encouraging them to be their best and do their best and to always "dream big dreams." In this timeless and timely keepsake volume that features over seventy-five full-color photographs, Souza shows the qualities of President Obama that make him both a great leader and an extraordinary man. With behind-the-scenes anecdotes of some iconic photos alongside photos with his family, colleagues, and other world leaders, Souza tells the story of a president who made history and still made time to engage with even the youngest citizens of the country he served. By the author of *Obama: An Intimate Portrait*, the definitive visual biography of Barack Obama's presidency, *Dream Big Dreams* was created especially for young readers and not only provides a beautiful portrait of a president but shows the true spirit of the man.

Updated for 2020, readers can easily relive the course of American history through a detailed timeline, more than 50 vivid photographs and illustrations, information about each president's term in office, and the major political issues of each era.

After conducting exclusive interviews with more than one hundred current and former Secret Service agents, bestselling author and award-winning reporter Ronald Kessler reveals their secrets for the first time. Never before has a journalist penetrated the wall of secrecy that surrounds the U.S. Secret Service, that elite corps of agents who pledge to take a bullet to protect the president and his family. Kessler portrays the dangers that agents face and how they carry out their missions--from how they are trained to how they spot and assess potential threats. With fly-on-the-wall perspective, he captures the drama and tension that characterize agents' lives and reveals what they have seen, providing startling, previously untold stories about the presidents, from John F. Kennedy and Lyndon Johnson to George W. Bush and Barack Obama, as well as about their families, Cabinet officers, and White House aides.

Presents biographical information and trivia about the children of U.S. presidents, from John and Martha Parke Custis, George Washington's stepchildren, to George W. Bush's daughters, Barbara and Jenna. **NEW YORK TIMES BESTSELLER** • From the author of *American Wife* and *Eligible* . . . He proposed. She said no. And it changed her life forever. "A deviously clever what if."—*O: The Oprah Magazine* "Immersive, escapist."—*Good Morning America* "Ingenious."—*The New York Times* **NAMED ONE OF THE BEST BOOKS OF THE YEAR BY** *The New Yorker* • *NPR* • *The Washington Post* • *Marie Claire* • *Cosmopolitan (UK)* • *Town & Country* • *New York Post* In 1971, Hillary Rodham is a young woman full of promise: Life magazine has covered her Wellesley commencement speech, she's attending Yale Law School, and she's on the forefront of student activism and the women's rights movement. And then she meets Bill Clinton. A handsome, charismatic southerner and fellow law student, Bill is already planning his political career. In each other, the two find a profound intellectual, emotional, and physical connection that neither has previously experienced. In the real world, Hillary followed Bill back to Arkansas, and he proposed several times; although she said no more than once, as we all know, she eventually accepted and became Hillary Clinton. But in Curtis Sittenfeld's powerfully imagined tour-de-force of fiction, Hillary takes a different road. Feeling doubt about the prospective marriage, she endures their devastating breakup and leaves Arkansas. Over the next four decades, she blazes her own trail—one that unfolds in public as well as in private, that involves crossing paths again (and again) with Bill Clinton, that raises questions about the tradeoffs all of us must make in building a life. Brilliantly weaving a riveting fictional tale into actual historical events, Curtis Sittenfeld delivers an uncannily astute and witty story for our times. In exploring the loneliness, moral ambivalence, and iron determination that characterize the quest for political power, as well as both the exhilaration and painful compromises demanded of female ambition in a world still run mostly by men, *Rodham* is a singular and unforgettable novel.

A riveting, deeply personal account of history in the making—from the president who inspired us to believe in the power of democracy **#1 NEW YORK TIMES BESTSELLER** • **NAACP IMAGE AWARD NOMINEE** • **NAMED ONE OF THE TEN BEST BOOKS OF THE YEAR BY THE NEW YORK TIMES BOOK REVIEW** **NAMED ONE OF THE BEST BOOKS OF THE YEAR BY** *The Washington Post* • *Jennifer Szalai, The New York Times* • *NPR* • *The Guardian* • *Marie Claire* In the stirring, highly anticipated first volume of his presidential memoirs, Barack Obama tells the story of his improbable odyssey from young man searching for his identity to leader of the free world, describing in strikingly personal detail both his political education and the landmark moments of the first term of his historic presidency—a time of dramatic transformation and turmoil. Obama takes readers on a compelling journey from his earliest political aspirations to the pivotal Iowa caucus victory that demonstrated the power of grassroots activism to the watershed night of November 4, 2008, when he was elected 44th president of the United States, becoming the first African American to hold the nation's highest office. Reflecting on the presidency, he offers a unique and thoughtful exploration of both the awesome reach and the limits of presidential power, as well as singular insights into the dynamics of U.S. partisan politics and international diplomacy. Obama brings readers inside the Oval Office and the White House Situation Room, and to Moscow, Cairo, Beijing, and points beyond. We are privy to his thoughts as he assembles his cabinet, wrestles with a global financial crisis, takes the measure of Vladimir Putin, overcomes seemingly insurmountable odds to secure passage of the Affordable Care Act, clashes with generals about U.S. strategy in Afghanistan, tackles Wall Street reform, responds to the devastating Deepwater Horizon blowout, and authorizes Operation Neptune's Spear, which leads to the death of Osama bin Laden. *A Promised Land* is extraordinarily intimate and introspective—the story of one man's bet with history, the faith of a community organizer tested on the world stage. Obama is candid about the balancing act of running for office as a Black American, bearing the expectations of a generation buoyed by messages of "hope and change," and meeting the moral challenges of high-stakes decision-making. He is frank about the forces that opposed him at home and abroad, open about how living in the White House affected his wife and daughters, and unafraid to reveal self-doubt and disappointment. Yet he never wavers from his belief that inside the great, ongoing American experiment, progress is always possible. This beautifully written and powerful book captures Barack Obama's conviction that democracy is not a gift from on high but something founded on empathy and common understanding and built together, day by day.

The transition from President Donald J. Trump to President Joseph R. Biden Jr. stands as one of the most dangerous periods in American history. But as **# 1** internationally bestselling author Bob Woodward and acclaimed reporter Robert Costa reveal for the first time, it was far more than just a domestic political crisis. Woodward and Costa interviewed more than 200 people at the center of the turmoil, resulting in more than 6,000 pages of transcripts—and a spellbinding and definitive portrait of a nation on the brink. This classic study of Washington takes readers deep inside the Trump White House, the Biden White House, the 2020 campaign, and the Pentagon and Congress, with vivid, eyewitness accounts of what really happened. Peril is supplemented throughout with never-before-seen material from secret orders, transcripts of confidential calls, diaries, emails, meeting notes and other personal and government records, making for an unparalleled history. It is also the first inside look at Biden's presidency as he faces the challenges of a lifetime: the continuing deadly pandemic and millions of Americans facing soul-crushing economic pain, all the while navigating a bitter and disabling partisan divide, a world rife with threats, and the hovering, dark shadow of the former president. "We have much to do in this winter of peril," Biden declared at his inauguration, an event marked by a nerve-racking security alert and the threat of domestic terrorism. *Peril* is the extraordinary story of the end of one presidency and the beginning of another, and represents the culmination of Bob Woodward's news-making trilogy on the Trump presidency, along with *Fear and Rage*. And it is the beginning of a collaboration with fellow Washington Post reporter Robert Costa that will remind readers of Woodward's coverage, with Carl Bernstein, of President Richard M. Nixon's final days.

All Presidents have nightmares. This one is about to come true. A rocket ride of a thriller—the new blockbuster by President Bill Clinton and James Patterson, "the dream team"

(Lee Child). Every detail is accurate— because one of the authors is President Bill Clinton. The drama and action never stop— because the other author is James Patterson. Matthew Keating, a one-time Navy SEAL—and a past president—has always defended his family as staunchly as he has his country. Now those defenses are under attack. A madman abducts Keating's teenage daughter, Melanie—turning every parent's deepest fear into a matter of national security. As the world watches in real time, Keating embarks on a one-man special-ops mission that tests his strengths: as a leader, a warrior, and a father. The authors' first collaboration, *The President Is Missing*, a #1 New York Times bestseller and the #1 bestselling novel of 2018, was praised as “ambitious and wildly readable” (New York Times Book Review) and “a fabulously entertaining thriller” (Pulitzer Prize-winning author Ron Chernow).

A #1 New York Times Bestseller! "I read it cover-to-cover. I did not intend to, but I started at the beginning and didn't put it down until it was over."—Rachel Maddow, MSNBC This book almost didn't see the light of day as government officials tried to bar its publication. *The Inside Story of the Real President Trump, by His Former Attorney and Personal Advisor—The Man Who Helped Get Him Into the Oval Office* Once Donald Trump's fiercest surrogate, closest confidant, and staunchest defender, Michael Cohen knows where the skeletons are buried. This is the most devastating business and political horror story of the century. As Trump's lawyer and “fixer,” Cohen not only witnessed firsthand but was also an active participant in the inner workings of Trump's business empire, political campaign, and presidential administration. This is a story that you have not read in newspapers, or on social media, or watched on television. These are accounts that only someone who worked for Trump around the clock for over a decade—not a few months or even a couple of years—could know. Cohen describes Trump's racist rants against President Barack Obama, Nelson Mandela, and Black and Hispanic people in general, as well as the cruelty, humiliation, and abuse he leveled at family and staff. Whether he's exposing the fact that Trump engaged in tax fraud by inflating his wealth or electronic fraud by rigging an online survey, or outing Trump's Neanderthal views towards women or his hush-money payments to clandestine lovers, Cohen pulls no punches. He shows Trump's relentless willingness to lie, exaggerate, mislead, or manipulate. Trump emerges as a man without a soul—a man who courts evangelicals and then trashes them, panders to the common man, but then rips off small business owners, a con man who will do or say absolutely anything to win, regardless of the cost to his family, his associates, or his country. At the heart of *Disloyal*, we see how Cohen came under the spell of his charismatic "Boss" and, as a result, lost all sense of his moral compass. The real "real" Donald Trump who permeates these pages—the racist, sexist, homophobic, lying, cheating President—will be discussed, written about, and analyzed for years to come.

There's the office: President of the United States. And then there's the man in the office—prone to temptation and looking to unwind after a long day running the country. Celebrating the decidedly less distinguished side of the nation's leaders, humor writer Brian Abrams offers a compelling, hilarious, and true American history on the rocks—a Washington-to-Obama, vice-by-vice chronicle of how the presidents like to party. From explicit love letters to slurred speeches to nude swims at Bing Crosby's house, reputations are ruined and secrets bared. George Washington brokered the end of the? American Revolution over glasses of Madeira. Ulysses S. Grant rarely drew a sober breath when he was leading the North to victory. And it wasn't all liquor. Some presidents preferred their drugs—Nixon was a pill-popper. And others chased women instead—both ?the professorial Woodrow Wilson (who signed his love letters “Tiger”) and the good ol' boy Bill Clinton, though neither could hold a candle to Kennedy, who also received the infamous Dr. Feelgood's “vitamin” injections of pure amphetamine. Illustrated throughout with infographics (James Garfield's attempts at circumnavigating the temperance movement), comic strips (George Bush Sr.'s infamous televised vomiting incident), caricatures, and fake archival documents, the book has the smart, funny feel of *Mad* magazine meets *The Colbert Report*. Plus, it includes recipes for 44 cocktails inspired by each chapter's *partier-in-chief*.

NEW YORK TIMES BESTSELLER • “This is one of those books that will go down as the seminal work—the determinative work—in this field. . . . Terrifying.”—Rachel Maddow The first definitive account of the rise and fall of the Secret Service, from the Kennedy assassination to the alarming mismanagement of the Obama and Trump years, right up to the insurrection at the Capitol on January 6—by the Pulitzer Prize winner and #1 New York Times bestselling co-author of *A Very Stable Genius* and *I Alone Can Fix It* Carol Leonnig has been reporting on the Secret Service for *The Washington Post* for most of the last decade, bringing to light the secrets, scandals, and shortcomings that plague the agency today—from a toxic work culture to dangerously outdated equipment to the deep resentment within the ranks at key agency leaders, who put protecting the agency's once-hallowed image before fixing its flaws. But the Secret Service wasn't always so troubled. The Secret Service was born in 1865, in the wake of the assassination of Abraham Lincoln, but its story begins in earnest in 1963, with the death of John F. Kennedy. Shocked into reform by its failure to protect the president on that fateful day in Dallas, this once-sleepy agency was radically transformed into an elite, highly trained unit that would redeem itself several times, most famously in 1981 by thwarting an assassination attempt against Ronald Reagan. But this reputation for courage and excellence would not last forever. By Barack Obama's presidency, the once-proud Secret Service was running on fumes and beset by mistakes and alarming lapses in judgment: break-ins at the White House, an armed gunman firing into the windows of the residence while confused agents stood by, and a massive prostitution scandal among agents in Cartagena, to name just a few. With Donald Trump's arrival, a series of promised reforms were cast aside, as a president disdainful of public service instead abused the Secret Service to rack up political and personal gains. To explore these problems in the ranks, Leonnig interviewed dozens of current and former agents, government officials, and whistleblowers who put their jobs on the line to speak out about a hobbled agency that's in desperate need of reform. “I will be forever grateful to them for risking their careers,” she writes, “not because they wanted to share tantalizing gossip about presidents and their families, but because they know that the Service is broken and needs fixing. By telling their story, they hope to revive the Service they love.”

A timely true tale for the 2008 presidential election In 1884, when men were the only people allowed to vote in national elections, Belva Lockwood took a bold but legal step: She ran for president! Women did not have the same rights as men, but Belva went on undeterred—and she got votes! Her run for office was based on experience and merit: Unlike many women of the time, she went to college, then to law school, and even argued cases before the Supreme Court. Though her campaign was difficult, Belva never wavered in her commitment to equality, earning the respect of many fellow citizens. A little-known but richly deserving American historical figure, Belva is an inspiration for modern-day readers. Despite all the changes in society since Belva's time, there is still a lot to fight for, and Belva shows the way. The book also includes a glossary and a timeline of women's suffrage events.
