

The Primary English Teachers Guide 1992 Jean Brewster

National bestseller 2017 National Book Critics Circle (NBCC) Finalist ABA Indies Introduce Winter / Spring 2017 Selection Barnes & Noble Discover Great New Writers Spring 2017 Selection ALA 2018 Notable Books Selection An intimate and poignant graphic novel portraying one family's journey from war-torn Vietnam, from debut author Thi Bui. This beautifully illustrated and emotional story is an evocative memoir about the search for a better future and a longing for the past. Exploring the anguish of immigration and the lasting effects that displacement has on a child and her family, Bui documents the story of her family's daring escape after the fall of South Vietnam in the 1970s, and the difficulties they faced building new lives for themselves. At the heart of Bui's story is a universal struggle: While adjusting to life as a first-time mother, she ultimately discovers what it means to be a parent—the endless sacrifices, the unnoticed gestures, and the depths of unspoken love. Despite how impossible it seems to take on the simultaneous roles of both parent and child, Bui pushes through. With haunting, poetic writing and breathtaking art, she examines the

strength of family, the importance of identity, and the meaning of home. In what Pulitzer Prize–winning novelist Viet Thanh Nguyen calls “a book to break your heart and heal it,” *The Best We Could Do* brings to life Thi Bui’s journey of understanding, and provides inspiration to all of those who search for a better future while longing for a simpler past.

For me, there was enormous satisfaction in seeing how Megan Sloan interweaves process, workshop, and traits in this book. I have struggled all my professional life to help teachers see that the 6 traits are not a silver bullet, not even a curriculum, but a way of thinking and talking about writing that enormously empowers revision - and therefore, both process and workshop. It is so gratifying to hear from a teacher who really understands this relationship, and sees how things work in harmony, rather than trying to replace one with the other. - Vicki Spandel Author of *Creating Young Writers* “I want to set up a writing workshop in my classroom - now what?” “What should my teaching look like day to day?” “What about minilessons? Conferences and

assessment? Share time?" These are just a few of the many questions about writing workshop that teacher and nationally known staff developer Megan Sloan has been asked. With *Into Writing* this workshop veteran sets out to answer these and the other most commonly asked questions about teaching writing well. From September to June, Sloan's answers break down the workshop piece by piece so you can make the most of it. She examines the ins and outs of writing workshop through four overarching principles of practice: Differentiate to address each writer's unique needs. Make every minute count by designing instruction that sticks. Share your experiences with students to build trust, encourage choice and community, and model how real writers work. Emphasize writing to support reading. If you're new to writing workshop, *Into Writing* will be a handy, inspirational guide for implementing and sustaining it. If you want to improve your workshop, you'll have a troubleshooting manual that's easy to use and that's as focused on helping writers reach their potential as you are. *Into Writing* answers your questions with all the practical savvy, student-sample guideposts, and specific, actionable advice you'd expect from a veteran teacher. And with her warmth and can-do spirit, Megan Sloan will win you over and lead you to teaching that your young writers will find as satisfying as you will.
