

The Principles And Power Of Vision

In *Power Principles: Courageous Living* Courage shares her transformation story. Through her transparency she reveals how she was able to overcome depression and live life anew. Courage shares strategies to empower and equip women of faith to exchange their struggles for strength. Her openness and vulnerability in sharing her story challenges us all to get real about our truth so we can experience God's best in our own lives.

As we continue in an era of simultaneous innovation and commoditization, enabled by digital technologies, managers around the world are asking themselves "how can we both adapt to rapid changes in technology and markets, and still make enough money to survive - and thrive?" To provide answers to these important and urgent questions, MIT Sloan School of Management Professor Michael Cusumano draws on nearly 30 years of research into the practices of global corporations that have been acknowledged leaders and benchmark setters - including Apple, Intel, Google, Microsoft, Toyota, Sony, Panasonic, and others in a range of high-technology, services, and manufacturing industries. These companies have also encountered major challenges in their businesses or disruptions to their core technologies. If we look deeply enough, he contends, we can see the ideas that underpin the management practices that make for great companies, and drive their strategic evolution and innovation capabilities. From his deep knowledge of these organizations, Cusumano distills six enduring principles that he believes have been - in various combinations - crucial to their strategy, innovation management practices, and ability to deal with change and uncertainty. The first two principles - platforms (not just products), and services (especially for product firms) - are relatively new and broader ways of thinking about strategy and business models, based on Cusumano's latest research. The other four - capabilities (not just strategy or positioning), the "pull" concept (not just push), economies of scope (not just scale), and flexibility (not just efficiency) - all contribute to agility, which is a mix of flexibility and speed. Many practices associated with these ideas, such as dynamic capabilities, just-in-time production, iterative or prototype-driven product development, flexible design and manufacturing, modular architectures, and component reuse, are now commonly regarded as standard best practices. These six enduring principles are essential in a new world dominated by platforms and technology-enabled services.

A powerful self-help book by global entrepreneur Elle Wilson.

There are very few people alive who have invested more time studying success than Bob Proctor. He has spent almost all day, every day, for thirty-three years analyzing success. Over the years, he has had many failures, but has also had numerous exciting wins on many continents around the world with millions of dollars involved. The wins and the failures have both proven to be extraordinary personal learning experiences. These are the core lessons that Bob has learned and mastered throughout his illustrious career of dedicated study, rigorous application, trial and error, and, of course, BIG wins. When it comes to systematizing life, no one else can touch him. He is simply the best. Let Bob lead you through his 12 principles for finding success. Instantly apply them to your own life. It will begin to impact you long before you reach the last chapter. Let Bob teach you about:

CONFIDENCE PERSISTENCE GOALS SUCCESS ATTITUDE COMMUNICATION ACTION DECISION RISK RESPONSIBILITY MONEY CREATIVITY There are a few people who are truly successful and many others who work hard all of their lives attempting to be successful. As a result, the average person believes that success is hard to obtain and that those who do achieve it are either lucky or extremely brilliant. Most people are so busy attempting to make ends meet that they never take the time to really study the highly successful people. Every person who has made such a study has arrived at the same shocking conclusion: success is merely a decision. You must decide what you want and then begin moving toward it. You decide where you are, and you begin with whatever you have. That's it. "The only limits in our life are those that we impose on ourselves." - BOB PROCTOR

This innovative approach to the fundamentals of electric power provides the most rigorous, comprehensive and modern treatment available. To impart a thorough grounding in electric power systems, it begins with an informative discussion on per-unit normalizations, symmetrical components and iterative load flow calculations. Covering important topics within the power system, such as protection and DC transmission, this book looks at both traditional power plants and those used for extracting sustainable energy from wind and sunlight. With classroom-tested material, this book also presents: the principles of electromechanical energy conversion and magnetic circuits; synchronous machines - the most important generators of electric power; power electronics; induction and direct current electric motors. Homework problems with varying levels of difficulty are included at the end of each chapter, and an online solutions manual for tutors is available. A useful Appendix contains a review of elementary network theory. For senior undergraduate and postgraduate students studying advanced electric power systems as well as engineers re-training in this area, this textbook will be an indispensable resource. It will also benefit engineers in electronic power systems, power electronic systems, electric motors and generators, robotics and mechatronics. www.wiley.com/go/kirtley_electric

Designed for either individual or group study, this guide will help you to find out the most important thing you can about yourself--the purpose for your existence.

Principles of Power Engineering Analysis presents the basic tools required to understand the components in an electric power transmission system. Classroom-tested at Rensselaer Polytechnic Institute, this text is the only up-to-date one available that covers power system analysis at the graduate level. The book explains from first principles the exp

Introducing The Power of Agency, a science-backed approach to living life on your own terms. Agency is the ability to act as an effective agent for yourself—reflecting, making creative choices, and constructing a meaningful life. Grounded in extensive psychological research, *The Power of Agency* gives you the tools to help alleviate anxiety, manage competing demands and help you live your version of success. Renowned psychology experts Paul Napper and Anthony Rao will help you break through your state of overwhelm by showing you how to access your personal agency with seven empowering principles: control stimuli, associate selectively, move, position yourself as a learner, manage your emotions and beliefs, check your intuition, deliberate and then act. Featuring stories of people who have successfully applied these principles to improve their lives, *The Power of Agency* will give you the insights and skills to build your confidence, conquer challenges, and live more authentically.

Best-selling author Dr. Myles Munroe offers daily practical and biblical advice for men. Based on two of his most popular books, *Understanding the Purpose and Power of Men* and *Understanding the Purpose and Power of Women*, this 90-day devotional will help you truly understand your God-given purpose and power as a man. Each day's reading includes teaching and encouragement, a Scripture reading from both the Old and New Testaments, and a thought for the day to draw you closer to God the Father and His purposes for you. Explore the nature and role of men as God intended, addressing such issues as: What does

the Bible really teach about men and women? What does it mean to be male? What are the purpose and design of the man? How is a man uniquely different from a woman? What is a man's role as a husband and father? What are a man's sexual needs? How are men and women meant to relate to one another? How can a man build a better life for himself, his family, and the world? Through this devotional, you can strengthen your relationship with your heavenly Father as you discover how to fulfill your destiny and potential as an integral part of His eternal purposes.

The primary difference between winners and losers is their perspective. Power Principles guides you into the countless benefits of the wisdom-driven life, demonstrating why wisdom is the "principle thing."

The Principles and Power of Vision Keys to Achieving Personal and Corporate Destiny Whitaker House

Invisible Power presents a profound yet practical understanding of our most underutilized asset—the human mind. This understanding can significantly change you from the inside-out. The implications for you as a leader, a contributor, a partner, a parent, and a human being are immense.

Dr. Theresa Poussaint is an average, divorced mother of two who has been knocked down in life and has often struggled to get back up. In *The Power to Navigate Your Destiny*, she shares five proven principles that helped her overcome the obstacles she experienced during her marriage, separation, and ultimate divorce. The obstacles included depression, loneliness, mental fatigue, and the economic challenges of being the head of a household when it was just her and her two daughters. These principles enabled Poussaint to flourish and reach her personal and professional goals. *The Power to Navigate Your Destiny* shows that when you look deep within, you'll see you are strong, you are brave, you can accomplish anything, and most of all, you have the power to decide your future. Through Poussaint's story, she inspires and empowers, giving you the tools needed to embrace your life and circumstances, take control, and develop and execute a plan.

The first comprehensive book on footwork in martial arts covers everything you need to know to take your training to the next level. *Footwork Wins Fights* goes into great detail on everything you need to know about footwork, from: *Body Mechanics Basic and Clear Rules on how to move efficiently. *Comprehensive List of Footwork

The subject of power systems has assumed considerable importance in recent years and growing demand for a compact work has resulted in this book. A new chapter has been added on Neutral Grounding.

Power of The Pros explains in depth the techniques that the world's hardest hitting fighters use to knock out and dominate their opponents. The book comes with 30 minutes of extensive companion videos, accessible on an exclusive webpage. (Link and password include in the book.) Each section explores another way that the world's greatest boxers, kickboxers, and MMA fighters have used the laws of physics and biomechanics to generate massive power. The concepts are explained in a clear, no nonsense way, with lots of drills and examples to help you put these techniques to good use. The book and videos are from David Christian, lifetime martial artist and creator and producer of *The Modern Martial Artist* youtube channel. The channel has over 5 million views, with videos featured on *The Guardian's* webpage and *Mixed Martial Arts .com*.

Provides a detailed examination of the principles, concepts and characteristics of the Kingdom of God, including Kings and Lords, Territory and Law, Citizens and Royal privilege, Culture and Economy as well as Destiny.

An entertaining, illustrated adaptation of Ray Dalio's *Principles*, the #1 New York Times bestseller that has sold more than two million copies worldwide. *Principles for Success* distills Ray Dalio's 600-page bestseller, *Principles: Life & Work*, down to an easy-to-read and entertaining format that's accessible to readers of all ages. It contains the key elements of the unconventional principles that helped Dalio become one of the world's most successful people—and that have now been read and shared by millions worldwide—including how to set goals, learn from mistakes, and collaborate with others to produce exceptional results. Whether you're already a fan of the ideas in *Principles* or are discovering them for the first time, this illustrated guide will help you achieve success in having the life that you want to have.

Best-selling author Myles Munroe examines cultural attitudes toward men and discusses the purpose God has given them.

There are lots of books and articles on governance in general. Many can be helpful, but few, maybe very few, actually show or explain a cohesive and comprehensive system of governance. Without a unified and encompassing system, boards will never be able to maximize their contribution to the organization and its purpose for existence. The purpose of this book is to make sure that they can. There is only one system that we have found which does address the above problem. That system is Policy Governance®. If you are on a Policy Governance board or any other type of board, this book will empower your governing. Based on input from multiple boards and ten's, and possibly more than a hundred, training sessions with boards we have determined that Policy Governance concepts make a positive change in a board's impact and that two specific insights can amplify that impact: 1. To understand and maximize the system's benefits, a board must deeply understand the principles of the system, the implications of those principles and their "1+1=5" synergy when used as a set. 2. For a governing board to sustain this particular system, it needs to own it. The model must be truly owned by the board, using both ongoing study and diligence. It must become the board's culture, not just its governing system. This book will provide insight into the importance of the principles, their synergies as a whole, and, ultimately, amplifying the board's value and empowering the organization's purpose.

Applying the Kingdom 40-Day Devotional Journal provides important context to living an abundant life through absolute priority for the Kingdom of God. Pastor, author, and teacher Dr. Myles Munroe shares secrets of success through establishing Kingdom priorities for your life. Throughout this 40-Day Devotional Journal, you are given the keys to living a fulfilled life. Based on biblical principles, you will discover how the greatest; Tragedy in life is not death, but life without purpose. Challenge in life is knowing what to do. Mistake in life is being busy but not effective. Failure in life is being successful in the wrong assignment. The principles from *Applying the Kingdom* will bring an exciting new sense of belonging to your spiritual, emotional, and physical life.

This step-by-step guide introduces readers to a succession of new spiritual ideas, and leads them through a series of exercises designed to teach six principles of prayer. The practice is so simple that anyone with an open mind and a willingness to grow can learn to have a powerful and extremely effectual prayer life: - Prayer Is Talking to God. - Talk to

God Like You'd Talk to Your Best Friend. - God Has Many Names and Forms. Choose the One You Like. - What You Believe Is What You Get From God. - God Only Has the Power You Give Him to Help You. - Meditation Is Listening to God.

Discover the Life You Were Meant to Live! You were born with a unique purpose and meant to do something in life that only you can accomplish. In this study guide companion to Myles Munroe's eye-opening book, *The Principles and Power of Vision*, you will explore deeper insights into your purpose and thought-provoking questions for personal application to your life. Designed for either individual or group study, this guide will help you to: Dig deeper into proven biblical principles Expand your knowledge of the issues at hand. Enrich your understanding of God's truths. Apply the material to your particular life circumstances. Fulfill your true purpose and potential in life. The most important thing we can find out about ourselves is the purpose for our existence. As you progress through the time-tested truths and principles of vision in these pages, you will come to understand your life's purpose, discover how to make your dreams and hopes a living reality, and find a new passion for living.

Power Principles for Success is the story of Brian Tracy, chairman and CEO of Brian Tracy International, a company specializing in the training and development of individuals and organizations. Brian has traveled extensively, has master's degree in business, and has had successful careers in sales and marketing, investments, real estate development and syndication, importation, distribution and management consulting, and has addressed more than five million people in talks and seminars throughout the United States, Canada, and fifty-three other countries worldwide. He is the top-selling author of seventy books that have been translated into thirty-eight languages. Brian has written and produced more than four hundred audio and video learning programs, including the best-selling *Psychology of Achievement*, which has been translated into more than twenty-seven languages. He's one of the most sought-after success coaches and has transformed the lives of millions. He has traveled and worked in over ninety countries on six continents, and speaks four languages.

Vanessa Walker's *Principles in Power* explores the relationship between policy makers and nongovernment advocates in Latin America and the United States government in order to explain the rise of anti-interventionist human rights policies uniquely critical of U.S. power during the Cold War. Walker shows that the new human rights policies of the 1970s were based on a complex dynamic of domestic and foreign considerations that was rife with tensions between the seats of power in the United States and Latin America, and the growing activist movement that sought to reform them. By addressing the development of U.S. diplomacy and politics alongside that of activist networks, especially in Chile and Argentina, Walker shows that Latin America was central to the policy assumptions that shaped the Carter administration's foreign policy agenda. The coup that ousted the socialist president of Chile, Salvador Allende, sparked new human rights advocacy as a direct result of U.S. policies that supported authoritarian regimes in the name of Cold War security interests. From 1973 onward, the attention of Washington and capitals around the globe turned to Latin America as the testing ground for the viability of a new paradigm for U.S. power. This approach, oriented around human rights, required collaboration among activists and state officials in places as diverse as Buenos Aires, Santiago, and Washington, DC. *Principles in Power* tells the complicated story of the potentials and limits of partnership between government and nongovernment actors. Analyzing how different groups deployed human rights language to reform domestic and international power, Walker explores the multiple and often conflicting purposes of U.S. human rights policy.

The fledgling New Republic is threatening by the growing power of the arrogant, pernicious Yevethan race and its fleet of Imperial Star Destroyers, while Luke Skywalker embarks on a quest for the truth about his mother. Original.

****Nonfiction Book Awards Gold Winner and Winner of the Illumination Book Awards' 2018 Gold Enduring Light Medal**** *The Powers* is written for people who have a drive to become highly successful in their chosen field of endeavor. Throughout this revised edition, you will meet many who came from ordinary backgrounds to achieve extraordinary things in a variety of pursuits. They came from different circumstances with a wide range of gifts as well as many personal limitations. All have experienced failure and some were serial failures. The Powers they discovered within themselves are the same Powers Erwin has identified and discusses. Through study, they can become your Powers. While everyone has different dreams and goals, everyone also possesses their own set of Powers, even if some are hidden deep within. Erwin has found that intellectual curiosity, developing a grand vision, setting clear goals, practicing persistence, and other concepts included in this book are common traits among the most successful people. After years of studying works by great authors such as Napoleon Hill, Norman Vincent Peale, and Dale Carnegie, befriending highly successful people, and exploring an experimental learning style, Erwin has found common traits that not only create success but also allow one to go from ordinary to extraordinary. Mark Erwin has mentored hundreds of people, and has collected life-changing lessons throughout his journey that brought him from a sixteen-year-old in a jail cell to a multimillionaire before he was forty. In *The Powers*, he shares personal stories, philosophical and practical advice, and a one-of-a-kind collection of wisdom and insights from some of the most successful people in history, many of whom are his friends. This book creates the blueprint for you to become exceptionally successful and maps out how using the Powers, in combination with your unique personality and emotional intelligence, will help you stand out and make a difference in whatever area you choose to pursue. Read and reread this book and your true path for success on your terms will be revealed, and you will know exactly how to make your dreams come true.

Every once in a while you find a high impact book. Something that awakens something deep within and lasts forever. This is the one. It is a book that you can pick up time and time again and always gets something new out of it, or something deeper than you. Cheng Hsin is the best introduction for beginners to the internal practice of fighting. It is a seminal work that draws on T'ai Chi Ch'uan, Aikido, and Pa Kua Chang and was written by the first Westerner ever to win the world championship in a full-contact martial arts tournament.

#1 New York Times Bestseller "Significant...The book is both instructive and surprisingly moving." —The New York Times Ray Dalio, one of the world's most successful investors and entrepreneurs, shares the unconventional principles that he's developed, refined, and used over the past forty years to create unique results in both life and business—and which any person or organization can adopt to help achieve their goals. In 1975, Ray Dalio founded an investment firm, Bridgewater Associates, out of his two-bedroom apartment in New York City. Forty years later, Bridgewater has made more money for its clients than any other hedge

fund in history and grown into the fifth most important private company in the United States, according to Fortune magazine. Dalio himself has been named to Time magazine's list of the 100 most influential people in the world. Along the way, Dalio discovered a set of unique principles that have led to Bridgewater's exceptionally effective culture, which he describes as "an idea meritocracy that strives to achieve meaningful work and meaningful relationships through radical transparency." It is these principles, and not anything special about Dalio—who grew up an ordinary kid in a middle-class Long Island neighborhood—that he believes are the reason behind his success. In *Principles*, Dalio shares what he's learned over the course of his remarkable career. He argues that life, management, economics, and investing can all be systemized into rules and understood like machines. The book's hundreds of practical lessons, which are built around his cornerstones of "radical truth" and "radical transparency," include Dalio laying out the most effective ways for individuals and organizations to make decisions, approach challenges, and build strong teams. He also describes the innovative tools the firm uses to bring an idea meritocracy to life, such as creating "baseball cards" for all employees that distill their strengths and weaknesses, and employing computerized decision-making systems to make believability-weighted decisions. While the book brims with novel ideas for organizations and institutions, *Principles* also offers a clear, straightforward approach to decision-making that Dalio believes anyone can apply, no matter what they're seeking to achieve. Here, from a man who has been called both "the Steve Jobs of investing" and "the philosopher king of the financial universe" (CIO magazine), is a rare opportunity to gain proven advice unlike anything you'll find in the conventional business press. What really sets the best managers above the rest? It's their power to build a cadre of employees who have great inner work lives—consistently positive emotions; strong motivation; and favorable perceptions of the organization, their work, and their colleagues. The worst managers undermine inner work life, often unwittingly. As Teresa Amabile and Steven Kramer explain in *The Progress Principle*, seemingly mundane workday events can make or break employees' inner work lives. But it's forward momentum in meaningful work—progress—that creates the best inner work lives. Through rigorous analysis of nearly 12,000 diary entries provided by 238 employees in 7 companies, the authors explain how managers can foster progress and enhance inner work life every day. The book shows how to remove obstacles to progress, including meaningless tasks and toxic relationships. It also explains how to activate two forces that enable progress: (1) catalysts—events that directly facilitate project work, such as clear goals and autonomy—and (2) nourishers—interpersonal events that uplift workers, including encouragement and demonstrations of respect and collegiality. Brimming with honest examples from the companies studied, *The Progress Principle* equips aspiring and seasoned leaders alike with the insights they need to maximize their people's performance.

How to Protect Your Leadership Influence and Power You've worked hard to achieve your dreams and goals. Many others have done the same—only to lose it all in the end. Every day, we read about successful people in various walks of life who have lost their power and influence. They've been fired, forced to resign, or shamed out of public life. They no longer have a market for their gifts, and they may even face criminal proceedings. These leaders have lost the trust of their companies, constituents, nations, followers, and families. Many were surprised to discover that their talents alone were not enough to prevent their downfall. Why did they fail in the end? Because they lacked the one quality that would have protected their leadership and given them enduring influence. Ironically, this quality is seldom taught to leaders today, either formally or informally. It is the quality of moral force, or character. Every human being is a leader over some domain as he or she exercises gifts and influence. That domain might be the halls of government, the boardroom, the classroom, the community, or the home. In *The Power of Character in Leadership: How Values, Morals, Ethics, and Principles Affect Leaders*, you will discover what character is, what it means to develop moral force, and how to preserve your leadership influence so that it is both effective and enduring.

Shows how the principles of power described in Machiavelli's classic *The Prince*, are equally evident in today's business world. Through its entertaining narrative of one man's quest to find the secret to achieving ultimate power, this book arms you with an understanding of what drives people in their work behaviours.

What makes WiFi faster at home than at a coffee shop? How does Google order search results? Is it really true that everyone on Facebook is connected by six steps or less? *The Power of Networks* answers questions like these for the first time in a way that all of us can understand. Using simple language, analogies, stories, hundreds of illustrations, and no more math than simple addition and multiplication, Christopher Brinton and Mung Chiang provide a smart and accessible introduction to the handful of big ideas that drive the computer networks we use every day. *The Power of Networks* unifies these ideas through six fundamental principles of networking. These principles explain the difficulties in sharing network resources efficiently, how crowds can be wise or not so wise depending on the nature of their connections, why there are many layers in a network, and more. Along the way, the authors also talk with and share the special insights of renowned experts such as Google's Eric Schmidt, former Verizon Wireless CEO Dennis Strigl, and "fathers of the Internet" Vint Cerf and Bob Kahn.

Thriving in a Changing World Change comes to all of us—whether we prepare for it or not. How we deal with those inevitable changes—no matter what the source—determines whether they will ultimately be a positive or negative force in our lives. Best-selling author Dr. Myles Munroe reveals how to experience security, confidence, and freedom in the uncertainty of our changing world. Through this book, you can discover how to: Become an active part of change—not its victim. Be free of fear during unsettling times. Fulfill your God-given purpose. Maximize the benefits of change. Tap into the positive power of change. Be proactive in pursuing your God-given purpose. You can be ready for the changing seasons that lie ahead.

Don't just read this book. Consume it. Study it. Share it with your friends. Use it over and over. And enjoy the results. You will learn how to live as your higher self and live your life with authentic power, love and bliss. It will help you become more successful and satisfied with yourself and your life will improve almost immediately. It is a great gift to yourself or to someone you care about. *Authentic Power* will change your life! It will change the way you think, act and feel. It will awaken a new vision of yourself and the world surrounding you. It will give you an increased ability to comprehend that world, and change it. It demonstrates your ability to create the future, through subconscious perception, conscious control and super-conscious communication. It is a manual for emotional, mental and spiritual awakening. It details exactly what limits our human unfoldment, and describes the fears that hinder our self-knowledge and self-improvement. With these tools you can find your life purpose and strive to achieve it.

What if the major global and regional powers of today's world came into closer alignment to build a stronger international community and shared approaches to twenty-first century threats and challenges? The Stanley Foundation posed that question to thirty-three top foreign policy analysts in *Powers and Principles: International Leadership in a Shrinking World*. Contributing writers were asked to describe the paths that nine powerful nations, a regional union of twenty-seven states, and a multinational corporation could take as constructive stakeholders in a strengthened rules-based international order. Each chapter is an assessment of what is politically possible (and impossible) with a description of the associated pressures and reference to the country's geostrategic position, economy, society, history, and political system and culture. To provide a perspective from the inside and counterweight, each essay is accompanied by a critical reaction by a prominent analyst/commentator from the given country. *Powers and Principles* is aimed at both reflective practitioners of policy and policy-relevant scholars.

A book about teams to help teams become more positive, united and connected. Worldwide bestseller — the author of *The Energy Bus* and *The Power of Positive Leadership* shares the proven principles and practices that build great teams - and provides practical tools to help teams overcome negativity and enhance their culture, communication, connection, commitment and performance. Jon Gordon doesn't just research the keys to great teams, he has personally worked with some of the most successful teams on the planet and has a keen understanding of how and why they became great. In *The Power of a Positive Team*, Jon draws upon his unique team building experience as well as conversations with some of the greatest teams in history in order to provide an essential framework, filled with proven practices, to empower teams to work together more effectively and achieve superior results. Utilizing examples from the writing team who created the hit show *Billions*, the National Champion Clemson Football team, the World Series contending Los Angeles Dodgers, The Miami Heat and the greatest beach volleyball team of all time to Navy SEAL's, Marching bands, Southwest Airlines, USC and UVA Tennis, Twitter, Apple and Ford, Jon shares innovative strategies to transform a group of individuals into a united, positive and powerful team. Jon not only infuses this book with the latest research, compelling stories, and strategies to maintain optimism through adversity... he also shares his best practices to transform negativity, build trust (through his favorite team building exercises) and practical ways to have difficult conversations—all designed to make a team more positive, cohesive, stronger and better. *The Power of a Positive Team* also provides a blueprint for addressing common pitfalls that cause teams to fail—including complaining, selfishness, inconsistency, complacency, unaccountability—while offering solutions to enhance a team's creativity, grit, innovation and growth. This book is meant for teams to read together. It's written in such a way that if you and your team read it together, you will understand the obstacles you will face and what you must do to become a great team. If you read it together, stay positive together, and take action together you will accomplish amazing things TOGETHER.

Whether you are a businessperson, a departmental manager, an employee, a homemaker, a student, or a head of state, author Myles Munroe explains how you can make your dreams and hopes a living reality. Through *The Principles and Power of Vision*, you will... Discover your purpose in life. Understand why vision is essential to your success. Grasp the necessary keys for fulfilling your life's dream. Develop a specific plan for achieving your vision. Overcome obstacles to your vision. Your success is not dependent on the state of the economy, what careers are currently in demand, or what the job market is like. You do not need to be hindered by what people think you are capable of or a lack of resources. This book provides you with time-tested principles that will enable you to fulfill your vision no matter who you are or where you come from. You were not meant for a mundane or mediocre life. You do not exist just to earn a paycheck. Revive your passion for living. Pursue your dream. Discover your vision—and find your true life.

A personal energy training program outlines strategies on how to prevent burnout and improve productivity, discussing such areas as how to work with four key sources of energy, balancing stress and recovery, expanding capacity, and implementing positive routines. Reprint. 60,000 first printing.
