The New York Times best-selling book exploring the counterproductive reactions white people have when their assumptions about race are challenged, and how these reactions maintain racial inequality. In this "vital, necessary, and beautiful book" (Michael Eric Dyson), antiracist educator Robin DiAngelo deftly illuminates the phenomenon of white fragility and "allows us to understand racism as a practice not restricted to 'bad people' (Claudia Rankine). Referring to the defensive moves that white people make when challenged racially, white fragility is characterized by emotions such as anger, fear, and guilt, and by behaviors including argumentation and silence. These behaviors, in turn, function to reinstate white racial equilibrium and prevent any meaningful cross-racial dialogue. In this in-depth exploration, DiAngelo examines how white fragility develops, how it protects racial inequality, and what we can do to engage more constructively.

The only book that shows how the Blues Scales (Major and Minor) are used to create jazz solos. Designed to help beginners quickly learn how to create meaningful solos without having to first master all the scales and chords of a tune. Great transcriptions of solo phrases by Miles Davis, Dave Sanborn, Dizzy Gillespie, etc. showing how the Blues Scales are used. The accompanying CD has the author and his NY rhythm section demonstrating each exercise, and also great as a jazz play-along! Endorsed by Michael Brecker, Jamey Aebersold, etc.

(Real Book Multi-Tracks Play-Along). Today's best way to practice jazz! Accurate, easy-to-read lead sheets and professional, customizable audio tracks accessed online for 10 songs. (Guitar Collection). The latest release in our acclaimed Classic Jazz Masters series, this book features note-for-note transcriptions of 17 of the finest improvised jazz bass performances ever recorded. Includes: Blues Minor * Body and Soul * But Beautiful * Falling in Love with Love * Have You Met Miss Jones? * How Deep Is the Ocean * Moose the Mooche * My Romance * Old Devil Moon * So What * Take the "A" Train * Well You Needn't (It's Over Now) * and more. Includes a detailed discography, and a foreword from the editors.

This book was written with one purpose in mind: to improve your bass playing skill in 24 clear lessons. Each of the exercises featured in (title is based on solid music theory concepts and structured academic approaches. The book contains etudes grounded in common (and not so common) chord tonalities written in melodic form. They are all geared to teach when to play the right notes at the right time. Each lesson builds on the previous one to introduce increasingly more sophisticated concepts and techniques. This approach enables the bass student to polish his/her reading skills and technique simultaneously. A focus on reading requires players to find more accurate left-hand positions and fingerings to play the notes as they are written. Reading brings together mind, body, and instrument, thus resulting in better playing. By studying this book, the bass student will find that better technique will be coupled with greater expressiveness. We all seek the ability to play with freedom and artistry. The better you can play, the better you will express the art that is within you.

(Artist Transcriptions). In the late 1950s, John Coltrane composed or arranged a series of tunes that used chord progressions based on a series of key center movements by thirds, rather than the usual fourths and fifths of standard progressions. This sound is so aurally identifiable and has received so much attention from jazz musicians that it has become known as "Coltrane's Changes." This book presents an exploration of his changes by studying 13 of his arrangements, each containing Coltrane's unique harmonic formula. It includes complete solo transcriptions with extensive performance notes for each. Titles include: Body and Soul * But Not for Me * Central Park West * Countdown * Fifth House * Giant Steps * Summertime * and more.
