This series links these two extremes, providing a carefully planned pathway between first contact with the instrument and professional recorder playing. The three tutor books are suitable for use both with small groups and for individual tuition. Progress is made in small steps, placing great value on consistent work with breathing, sound production and the development of rhythmic security. Books feature carefully planned, precisely formulated exercises. Tutor Book 3 completes the range up to C3, at which point the treble recorder can be introduced.

It's the story of an epileptic teenager nicknamed Spaz, who begins the heroic fight to bring human intelligence back to the planet. In a world where most people are plugged into brain-drain entertainment systems, Spaz is the rare human being who can see life as it really is. When he meets an old man called Ryter, he begins to learn about Earth and its past. With Ryter as his companion, Spaz sets off an unlikely quest to save his dying sister -- and in the process, perhaps the world.
