The Laws of Wealth Daniel Crosby, 2021-03-30 GOLD MEDALIST IN THE AXIOM BUSINESS BOOK AWARDS 2017
From New York Times and USA Today bestselling author, Dr Daniel Crosby, comes the behavioral finance book all investors have been waiting for. In *The Laws of Wealth*, psychologist and behavioral finance expert Daniel Crosby offers an accessible and applied take on a discipline that has long tended toward theory at the expense of the practical. Readers are treated to real, actionable guidance as the promise of behavioral finance is realised and practical applications for everyday investors are delivered. Crosby presents a framework of timeless principles for managing your behavior and your investing process. He begins by outlining ten rules that are the hallmarks of good investor behavior, including 'Forecasting is for Weathermen' and 'If You're Excited, It's Probably a Bad Idea'. He then goes on to introduce a unique new taxonomy of behavioral investment risk that will enable investors and academics alike to understand behavioral risk in a newly coherent and complete way. From here, attention turns to the four ways in which behavioral risk can be combatted and the five equity selection methods investors should harness to take advantage of behaviorally-induced opportunities in the stock market. Throughout, readers are treated to anecdotes, research and graphics that illustrate the lessons in memorable ways. And in highly valuable 'What now?' summaries at the end of each chapter, Crosby provides clear, concise direction on what investors should think, ask and do to benefit from the behavioral research. Dr. Crosby's training as a clinical psychologist and work as an asset manager provide a unique vantage and result in a book that breaks new ground in behavioral finance. You need to follow the laws of wealth to manage your behavior and improve your investing process!

The Millionaire Fastlane MJ DeMarco, 2011-01-04 10TH ANNIVERSARY EDITION Is the financial plan of mediocrity -- a dream-stealing, soul-sucking dogma known as The Slowlane your plan for creating wealth? You know how it goes; it sounds a lil something like this: Go to school, get a good job, save 10% of your paycheck, buy a used car, cancel the movie channels, quit drinking expensive Starbucks mocha lattes, save and penny-pinch your life away, trust your life-savings to the stock market, and one day, when you are oh, say, 65 years old, you can retire rich. The mainstream financial gurus have sold you blindly down the river to a great financial gamble: You've been hoodwinked to believe that wealth can be created by recklessly trusting in the uncontrollable and unpredictable markets: the housing market, the stock market, and the job market. This impotent financial gamble dubiously promises wealth in a wheelchair -- sacrifice your adult life for a financial plan that reaps dividends in the twilight of life. Accept the Slowlane as your blueprint for wealth and your financial future will blow carelessly asunder on a sailboat of HOPE: HOPE you can find a job and keep it, HOPE the stock market doesn't tank, HOPE the economy rebounds, HOPE, HOPE, and HOPE. Do you really want HOPE to be the centerpiece for your family's financial plan? Drive the Slowlane road and you will find your life deteriorate into a miserable exhibition about what you cannot do, versus what you can. For those who don't want a lifetime subscription to settle-for-less and a slight chance of elderly riches, there is an alternative; an expressway to extraordinary wealth that can burn a trail to financial independence faster than any road out there. Why jobs, 401(k)s, mutual funds, and 40-years of mindless frugality will never make you rich

young. Why most entrepreneurs fail and how to immediately put the odds in your favor. The real law of wealth: Leverage this and wealth has no choice but to be magnetized to you. The leading cause of poorness: Change this and you change everything. How the rich really get rich - and no, it has nothing to do with a paycheck or a 401K match. Why the guru's grand deity - compound interest - is an impotent wealth accelerator. Why the guru myth of do what you love will most likely keep you poor, not rich. And 250+ more poverty busting distinctions... Demand the Fastlane, an alternative road-to-wealth; one that actually ignites dreams and creates millionaires young, not old. Change lanes and find your explosive wealth accelerator. Hit the Fastlane, crack the code to wealth, and find out how to live rich for a lifetime.

The Psychology of Wealth: Understand Your Relationship with Money and Achieve Prosperity Charles Richards, 2012-01-06 The New York Times and Wall Street Journal bestseller! "The Psychology of Wealth is a pertinent and comprehensive overview of the skills and mindset necessary for success. Prosperity can be achieved by anyone, and Dr. Richards shows the way." —Donald J. Trump "What's in your head determines what's in your wallet. Dr. Richards gives you the mental hard-drive upgrade you need to finally achieve the greater prosperity and success you desire." —Darren Hardy, Publisher, SUCCESS magazine "Dr. Richards shakes up our preconceptions about wealth by examining the psychological aspects of how we relate to money. When you understand the real sources of wealth in your life, you'll find it much easier to achieve a more prosperous and happy life." —Jordan E. Goodman, America's Money Answers Man at MoneyAnswers.com and Author of Master Your Money Type "This might be one of the most important books you'll ever read. If you feel like your life has been stuck in neutral—or even worse, put in reverse—Dr. Richards will set you on a clear path to success." —Barnet Bain, Producer, What Dreams May Come About the Book: Why do some people feel a perpetual state of lack and fear about money, while others feel genuinely prosperous, regardless of the size of their bank accounts? Why do some people shudder with dread when it comes to setting financial goals, while others embrace it with enthusiasm and confidence? What makes the difference? Could it be in their relationship with money itself? People who enjoy a healthy relationship with money share common habits and traits. So, how do they think, and what do they do differently? Are these behaviors hardwired in an individual's psyche, or can they be learned? In this provocative book, psychotherapist Dr. Charles Richards provides unexpected and encouraging answers to these questions. Based on his research and expert interviews, Dr. Richards shows how each of us can develop a thriving relationship with money and create a rich and rewarding life. At the book's heart are the stories of people who have faced adversity with courage and created extraordinary lives. Their accounts—along with Dr. Richards' interviews with finance professors, legislators, entrepreneurs, and mavens of success—pave a path to a brighter future for us all. Today we live in a trying economic environment. Every day, popular financial advisors exhort us to hunker down, play it safe, and protect ourselves from an uncertain future. To the voices who promote fear and doubt, Dr. Richards answers with balance, wisdom, and optimism. The Psychology of Wealth is for anyone interested in succeeding personally or

professionally, and in achieving true prosperity. It offers golden steps on the path to a better life.

automatic funded retirement accounts and money market accounts to secure the future and pay for the present. The Unsearchable Riches of Christ Thomas Brooks, 2017-08-29 What did Paul mean when he referred in His epistle to the Ephesians to the unsearchable riches of Christ? And what did he had in mind when he used the term riches? In the end, whatever these unsearchable riches might mean, who benefits from them and how can a Christian have them? If you would take up this book and start reading it, you would be surprised seeing that the author started his wonderful analysis on this topic by speaking of... humbleness! He picks up humbleness as the starting point in his exposition on Ephesians 3:8 because that was the apostle's attitude of heart when he started to write on the subject of the riches of Christ! Then he shows how this is the peculiar character of the souls upon whom Christ bestows His spiritual riches. Brooks then opens the Fountain of the greatest riches, the best riches, the choicest riches - namely the Person and work of Jesus Christ. In Him we find overflowing the riches of justification, the riches of sanctification, the riches of consolation, and the riches of glorification.. This book has been originally published in 1655. Current edition has been proofread, typeset for eBook readers, and slightly updated for modern readers. About the author: Thomas Brooks (1608-1680) was an English nonconformist Puritan preacher and author. He wrote extensively and with a keen eye on devotional Christian life. Brooks died after over 40 years of Gospel

ministry, in 1680.
