The Riding School Inducted Into a World of Pony Play...

Mean Girls meets Black Beauty in Horse Girl by celebrated author Carrie Seim--a funny and tender middle-grade novel about finding your forever herd. "This book is funny and exciting. Beautifully portrays both the pleasures and risks of riding horses and also of being a teen. Very original, and a great pleasure to read."--Jane Smiley, Pulitzer Prize-winning author Wills is a seventh grader who's head-over-hoof for horses, and beyond excited when she gets the chance to start training at the prestigious Oakwood Riding Academy. But Amara--the Queen of the #HorseGirls--and her posse aren't going to let the certifiably dork-tagious Wills trot her way into their club so easily. Between learning the reins of horse riding, dealing with her Air Force pilot mom being stationed thousands of miles from home, and keeping it together in front of (gasp!) Horse Boys, Wills learns that becoming a part of the #HorseGirl world isn't easy. But with her rescue horse, Clyde, at her side, it sure will be fun. Complete with comedic, original hoof notes to acquaint the less equestrian among us, Horse Girl delivers everything a young readers wants: mean girls, boy problems, and embarrassingly goofy dad jokes. And it does so on the back of a pony.

A young girl, whose dreams come true when her favourite riding school pony is bought for her, immediately becomes jealous of another girl and her 'better' pony.

Traces a boy's journey into manhood after his father gives him a pony to train and care for.

Meet Jenny. She's rich, spoiled, rude and obnoxious. She's also just been signed up for the BDSM ride of her life - without her consent. An intensive training course at the Albrecht Stables is not what it appears to be and training to become a human pony was not on Jenny's to-do list. The trouble is, how do you escape when you're tied up, gagged and constantly sexually aroused? Which Master or Mistress do you turn to for rescue? And what do you do if you suspect you might actually be enjoying yourself? This is Jenny's adventure into the world of BDSM and pony play. She's about to find out just how much effort it takes to become a pony girl and that she has no choice but to excel in every aspect of her training or she may never stand a chance of being released from her bondage. Book One features Jenny's abrupt induction, where she finds herself being stripped naked, medically examined and intimately measured for her new uniform - as a pony girl.

The viciously attractive Mark, with the unfaltering smile, has a day of endurance planned for Jenny that the devil himself would find challenging. His artful temperature play has her screaming, his anal dilators have her howling and a ride in the sybian's saddle leaves her virtually unconscious, but the day is far from over. A group of ladies, with wandering fingers, are given the task of transforming Jenny into a sweet, submissive pony girl who will be left looking 'hot to trot' in no time at all. After an exhausting day of training, Jenny has only escape or rescue on her mind. Alas, escape is rather difficult when you're naked, dressed in thigh high pony boots and have your hands immobilised in leather mittens which are clipped behind your back. Besides, escape isn't all that important - not when you're desperate for your next orgasm, it isn't. Introduces wild ponies, including how they live together, where they can be found, and what they eat.

There's more backstabbing and drama as loyalties are tested to the limit in the third episode of the high life at elite riding school, Blainford Academy. Georgie tests her skills on the polo field in the latest from the author of the UK's bestselling pony series 'Pony Club Secrets'.

Molly loves her pony Norton, even though he is chubby, unkempt, and only interested in eating, but when Molly tries to take him riding, Norton has other ideas.

to many groups throughout the United States and has appeared regularly on many radio talk shows and on television. In 1988 Bill decided to "talk" due to events then taking place worldwide, events which he had seen plans for back in the early '70s. Since Bill has been "talking," he has correctly predicted the lowering of the Iron Curtain, the fall of the Berlin Wall and the invasion of Panama. All Bill's predictions were on record well before the events occurred. Bill is not a psychic. His information comes from Top Secret documents that he read while with the Intelligence Briefing Team and from over 17 years of thorough research. "The onlt man in America who has all the pieces to the puzzle that has troubled so many for so long." -- Anthony Hilder, Radio Free America "William Cooper may be one of America's greatest heros, and this story may be the biggest story in the history of the world." -- Mills Crenshaw, KTALK, Salt Lake City. They practice their posting trot, the bumpy sitting trot, and Lacy's favorite—the canter. This series features simple stories with playful illustrations, which capture the charming connection between a girl and her pony.

High school and the difficult terrain of sexuality and gender identity are brilliantly explored in this smart, incisive ethnography. Based on eighteen months of fieldwork in a racially diverse working-class high school, *Dude, You're a Fag* sheds new light on masculinity both as a field of meaning and as a set of social practices. C. J. Pascoe's unorthodox approach analyzes masculinity as not only a gendered process but also a sexual one. She demonstrates how the "specter of the fag" becomes a disciplinary mechanism for regulating heterosexual as well as homosexual boys and how the "fag discourse" is as much tied to gender as it is to sexuality. Discover six heartwarming and beautiful tales woven with love and magic, capturing the irreplaceable bond between a child and their pony. Lose yourself in wondrous adventures as you follow the brave children and their courageous ponies through the land of Faerie and beyond.

Her world gets turned on its head when she becomes the groom of Coal, the most devilishly handsome man she's ever seen. She couldn't help but fall for his charm even though he never spoke a word, and was kept at the mansion as a human horse. She was there for him when he was upset, she was there for him when he wanted to play, and she was even there for him when his stud libido needed taming. Now, Coal is leaving, after a year in service as a stallion, and Annie's heart is breaking. If he is to go, she wants one last chance at truly connecting with

Coal. What she doesn't expect though is that after a night of passion, Coal comes back for her, and as Dante, buys her from her former master. She'd always imagined the life Coal led as a comfortable existence, but it is when she becomes Dante's mare that she realizes there is much more to being a pony than she thought. With Dante being Annie's new master, she is thrust into a debauched world she never imagined existed, but she isn't sure anymore if being his mare is what she truly wants. The matter is not settled until the stable owner is brought into the fray. It is to be a monumental first week for Albrecht's newest trainee. The pony girl will have two days to find a way of coping with her new latex bodysuit and the rigorous buzzing and pumping of the never-ending 'device' which torments her every waking moment. Pony Play is more than just running around and acting like a horse. In the BDSM community, it is a respected practice of Domination and submission between consenting partners.

subMissAnn brings together her years of experience on both ends of the reins in this full color book which includes sections on types of Human Ponies, the D/s Dynamic, Equipment, Training, and more. From the Back cover: Pony Play is a form of BDSM, fetishism, and role-playing. It can be done as an individual, with a team, or as a social event. As a Pony, one creates a Pony identity and plays. Whether a human comes to it as a slave Pony or a pony in horse role-play, Pony Play involves bondage, discipline, dominance, submission, and sadomasochism. While both may look the same to the casual observer, there is a huge difference in the headspace between the Trainer and the human Pony.

Meet Jenny. She's rich, spoiled, rude and obnoxious. She's also just been signed up for the BDSM ride of her life--without her consent. An intensive training course at the Albrecht Stables is not what it appears to be and training to become a human pony was not on Jenny's to-do list. In Book Two of Pony Tales, Jenny finds herself in the capable hands of Mark, her guide and tormentor for the day. She becomes accomplished in the art of crawling, gets an eye-opening tour of the facility and suffers regularly with the pain of orgasm denial. Finding herself at the mercy of his fingertips, when he demonstrates the complexities of breath play, she panics that each gasp of air may be her last. Displayed, touched, fondled and at the mercy of others, Jenny begins to discover what life as a pony girl might entail, especially when faced with the wicked tongues of several pony boys! Getting acquainted with the rather aptly named Red Room and finding herself subject to a thorough spanking is her first discovery into the delicious world of pain and pleasure that awaits her. But there are far more devilish torments than spanking to be found at the Albrecht stables... The First Time Lois Meets James - It's All About Pleasure... And Pain "I am going to break you. That's the whole purpose of this exercise. From the moment the door inside that room closes, I am not going to be Mr. Nice Guy. I am going to do everything in my power to hear you scream, and I won't stop until I hear you beg for mercy. Do you wish to proceed on that basis?" Today my name is Lois Reeves. I have an appointment with dominant "James Leverett" this morning, because my next assignment requires that I be a "submissive" and I have no idea what that entails. I'm about to find out... by jumping in at the deep end. "Why do you like meting out pain? Do you enjoy hurting women?" If possible, his smile got wider. "Is that what you think we do here? Hurt women?" He paused, and I resisted the urge to squirm. "Are women all over the world," he leaned over the desk to give me the full weight of his stare, "crazy enough to pay for that kind of thing?" His pen tapped sharply on the desk, daring me to answer. "All over the world?" The words didn't come out as I'd intended them to, ending up as more of a pathetic whisper. Backing up against my chair, his large frame making me rather uncomfortable in the fragile emotional state I was in, there were a couple of seconds silence as I deliberated my next move. Needing desperately to get back to normal so I could return to work, I needed the release that I suspected only this kind of scenario could bring, without me being back in the field of course, which wasn't going to happen until I was cleared. I'd been off work for six months now, and the inactivity was killing me. For someone who lived their life on the edge, sitting down in front of the TV channel hopping every day was one of the worst punishments possible. The adrenaline junkie in me was clamouring for a high, and the most excitement I'd found in downtown London recently was a near mugging attempt.

If Jenny thought life was hard under the expert tutelage of Mark, being faced with a stable full of sex-starved pony girls poses several more challenges. For instance, how do you bring eleven young women to orgasm in a timely fashion?

But to her surprise, tackling the problem with experimentation and enthusiasm, she finds herself enjoying the experience. When training begins it is anything but enjoyable, however. Harnessed in pony girl tack, her body is encircled with leather, rubber and steel. It nips, chafes and rubs cruelly, especially when she's faced with a morning of naughty games in the exercise yard. In Book Four of Pony Tales Jenny earns herself several punishments, and is subjected to some very thorough sex indoctrination she has to submit to the whims of her groom, trainers and even the stable-hands. Will rescue arrive or will she have to beg to be released, with nothing more than her body as currency?

A police horse comes to stay at Silver Shoe Farm in the 16th book in Olympic medallist Pippa Funnell's pony series.

The first book in a new horse trilogy from Pulitzer Prize winner Jane Smiley starring a feisty young rider. Eleven-year-old Ellen is a spunky—and occasionally misbehaving—young riding student. Her teacher Abby Lovitt (who readers might recognize from *The Georges and the Jewels*) is a high school student who introduces her to jumping, dressage techniques, and most importantly, Ned. Ned is a colt who used to be a racehorse, until he hurt his leg and moved to Abby's ranch. Ellen and Ned seem to understand each other, and their companionship is immediate. But Ellen is only allowed to go to riding lessons when she behaves at school. And with all that's going on, from learning that she's adopted to finding out her parents are adopting a new baby, it's harder than ever for Ellen to pay attention and behave in class and at home. Will Ellen be able to spend more time on the ranch with Ned? And will her parents ever let her have a horse of her own?

ONE OF USA TODAY'S "20 SUMMER BOOKS YOU WON'T WANT TO MISS"  
In the bestselling tradition of works by such authors as Susan Orlean and Mary Roach, a New York Times reporter and Pulitzer Prize finalist explores why so many people—including herself—are obsessed with horses. It may surprise you to learn that there are over seven million horses in America—even more than when they were the only means of transportation—and nearly two million horse owners. Acclaimed journalist and avid equestrian Sarah Maslin Nir is one of them; she began riding horses when she was just two years old and hasn't stopped since. *Horse Crazy* is a fascinating, funny, and moving love letter to these graceful animals and the people who—like her—are obsessed with them. It is also a coming-of-age story of Nir growing up an outsider within the world's most elite inner circles, and finding her true north in horses. Nir takes readers into the lesser-known corners of the riding world and profiles some of its most captivating figures. We meet Monty Roberts, the California trainer whose prowess earned him the nickname "the man who listens to horses," and his pet deer; George and Ann Blair, who at their riding academy on a tiny island in Manhattan's Harlem River seek to resurrect the erased legacy of the African American cowboy; and Francesca Kelly, whose love for an Indian nobleman shaped her life's mission: to protect an endangered Indian breed of horse and bring them to America.

Woven into these compelling character studies, Nir shares her own moving personal narrative. She details her father's harrowing tale of surviving the Holocaust, and describes an enchanted but deeply lonely upbringing in Manhattan, where horses became her family. She found them even in the middle of the city, in a stable disguised in an old townhouse and in Central Park, when she chased down truants as an auxiliary mounted patrol officer. And she speaks candidly of how horses have helped her overcome heartbreak and loss. Infused with heart and wit, and with each chapter named after a horse Nir has loved, *Horse Crazy* is an unforgettable blend of beautifully written memoir and first-rate reporting.

A young rider gets to know a new pony, adjusts to a new sibling, and learns a lot about secrets in this charming follow-up to Pulitzer Prize winner Jane Smiley's *Riding Lessons*. Ellen can't stop thinking about the racehorse Ned--and the secret she shares with him. There seem to be a lot of secrets in Ellen's life these days. Secrets between friends. Secrets within families. Secrets that are all her own. And secrets her parents are keeping from her that could change everything about her life. One thing that's not a secret is how much Ellen wants to jump--to feel herself on a horse as it soars through the air, smooth and fast. The horse she's riding these days is Hot Potato--a pony she can trust, a pony she can practice jumping with. But he can't possibly be as interesting as Ned, can he? And will her parents' secret take her away from the stable forever?

I made a bet with my newlywed submissive wife. I told her that if she could behave herself impeccably for a week, she could wear the trousers for a day. That included being able to dominate me. The bet was almost guaranteed to be impossible to achieve, and yet somehow she did it. It looks like I'm in for a fun night, doesn't it? If that wasn't bad enough, Kyle has been spotted near our home. It scares me. I can feel the net closing in, and I'm still no closer to unravelling the pieces. We need to figure out what Redcliff wants, and fast. In order to do this, I'm going to have to talk to my mother-in-law, who still isn't speaking to me. I have no idea what her problem is. She tried to kill me, not the other way around...
