

## The Sayings Of Benjamin Disraeli Duckworth Sayings Series

There are three kinds of lies: lies, damned lies, and statistics. The secret of success is constancy to purpose. Action may not always bring happiness; but there is no happiness without action. The secret of success in life is for a man to be ready for his opportunity when it comes. The greatest good you can do for another is not just to share your riches but to reveal to him his own. I am prepared for the worst, but hope for the best. Nurture your minds with great thoughts. To believe in the heroic makes heroes. Change is inevitable. Change is constant. Life is too short to be little. Man is never so manly as when he feels deeply, acts boldly, and expresses himself with frankness and with fervor. Youth is a blunder; manhood a struggle; old age a regret.

Benjamin Disraeli was the most gifted parliamentarian of the nineteenth century and a superb orator, writer and wit - but how much do we really know about the man behind the words? 'As Douglas Hurd and Edward Young point out in their splendidly written, finely judged and thoroughly persuasive book, a vast chasm yawned between the real Disraeli and his posthumous reinvention' Dominic Sandbrook, SUNDAY TIMES 'Not only, they tell us in this vigorously debunking romp through his political life, did he never use the phrases "One Nation" or "Tory Democracy", he was actively hostile to the concepts that they are now understood to represent' Sam Leith, THE SPECTATOR 'The book is more a study in

character . . . than a staid political narrative. As a result, Disraeli: Or the Two Lives is full of unexpected jolts and paradoxes . . . It proves an unflagging pleasure to read' Richard Davenport-Hines, GUARDIAN 'So intoxicating that you will find yourself snorting it up in one go, as I did, with great pleasure' Boris Johnson, MAIL ON SUNDAY Offers a collection of quotes from the English novelist and statesman Benjamin Disraeli (1804-1881), compiled by the Executive Speaker Co. Quoting is all around us. But do we really know what it means? How do people actually quote today, and how did our present systems come about? This book brings together a down-to-earth account of contemporary quoting with an examination of the comparative and historical background that lies behind it and the characteristic way that quoting links past and present, the far and the near. Drawing from anthropology, cultural history, folklore, cultural studies, sociolinguistics, literary studies and the ethnography of speaking, Ruth Finnegan 's fascinating study sets our present conventions into crosscultural and historical perspective. She traces the curious history of quotation marks, examines the long tradition of quotation collections with their remarkable recycling across the centuries, and explores the uses of quotation in literary, visual and oral traditions. The book tracks the changing definitions and control of quoting over the millennia and in doing so throws new light on ideas such as imitation, allusion, authorship, originality and plagiarism .
