## The Secret Of The Stones A Sean Wyatt Archaeological Thriller The Lost Chambers Trilogy Book 1

Why was this amazing monument erected? How did our Stone-Age ancestors bring such massive stones to the site from so far away? How did they raise the enormous stones to their upright positions? What was Stonehenge used for, and who lived around the site? With captions and pictures, and using up-to-the-minute research discoveries, Mick Manning and Brita Granström tell the incredible true story of this awe-inspiring monument – one of the greatest ancient sites in the world.

A tour de force in the tradition of Iain Pears' international bestseller, *An Instance of the Fingerpost*, *Stone's Fall* weaves a story of love and high finance into the fabric of a page-turning thriller. A novel to stand alongside *Atonement* and *The Remains of the Day*. A panoramic novel with a riveting mystery at its heart, *Stone's Fall* is a quest, a love story, and a tale of murder – richly satisfying and completely engaging on many levels. It centres on the career of a very wealthy financier and the mysterious circumstances of his death, cast against the backdrop of WWI and Europe's first great age of espionage, the evolution of high-stakes international finance and the beginning of the twentieth century's arms race. *Stone's Fall* is a major return to the thriller form that first launched Iain Pears onto bestseller lists around the world and that earned him acclaim as a mesmerizing storyteller.

As World War I rages and the Romanov dynasty reaches its sudden, brutal end, a young jewelry maker discovers love, passion, and her own healing powers in this “dazzling” (Library Journal, starred review) and romantic ghost story, the perfect follow-up to M. J. Rose’s “brilliantly crafted” (Providence Journal) novel *The Witch of Painted Sorrows*. Nestled within Paris’s historic Palais Royal is a jewelry store unlike any other. *La Fantasie Russie* is owned by Pavel Orloff, protégé to the famous Faberge, and is known to the city’s fashion elite as the place to find the rarest of gemstones and the most unique designs. But in the summer of 1918, war has transformed Paris from a city of style and romance to a place of fear and mourning. It is in *La Fantasie Russie*’s workshop that young, ambitious Opaline Duplessi now spends her time making trench watches for soldiers at the front, as well as mourning jewelry for the mothers, wives, and lovers of those who have fallen. People say that Opaline’s creations are magical. Magic is a word Opaline would rather not use, although even she can’t deny she possesses a rare gift. Certain gemstones enable her to receive messages from beyond the grave. In her mind, she is no mystic, merely a messenger, giving voice to soldiers who died before they were able

to properly express themselves to loved ones. Until one day, when one of these fallen soldiers communicates a message—directly to her. So begins a dangerous journey that will take Opaline into the darkest corners of wartime Paris and across the English Channel, where the exiled Romanov dowager empress is waiting to discover the fate of her family. Full of romance, seduction, and a love so powerful it reaches beyond the grave, *The Secret Language of Stones* is a “fantastic historical tale of war, love, loss, and intrigue, enhanced by vivid period detail” (Melanie Benjamin, *New York Times* bestselling author of *The Aviator’s Wife*).

over ten-thousand dollars in precious jewels in 1982 dollars, are buried. The key to finding each can be found within the twelve full-color paintings and verses of THE SECRET. Are you smart enough? THE SECRET: A TREASURE HUNT was published in 1982. The year before publication, the author and publisher Byron Preiss had traveled to 12 locations in the continental U.S. (and possibly Canada) to secretly bury a dozen ceramic casques. Each casque contained a small key that could be redeemed for one of 12 jewels Preiss kept in a safe deposit box in New York. The key to finding the casques was to match one of 12 paintings to one of 12 poetic verses, solve the resulting riddle, and start digging. Since 1982, only two of the 12 casques have been recovered. The first was located in Grant Park, Chicago, in 1984 by a group of students. The second was unearthed in 2004 in Cleveland by two members of the Quest4Treasure forum.

A brilliant and provocative exploration of the interconnection of private life and the large-scale horrors of war and devastation. A Pulitzer Prize and National Book Critics Circle Award finalist, and a winner of the Bay Area Book Reviewers Association Award, Susan Griffin's *A Chorus of Stones* is an extraordinary reevaluation of history that explores the links between individual lives and catastrophic, world-altering violence. One of the most acclaimed and poetic voices of contemporary American feminism, Griffin delves into the perspective of those whose personal relationships and family histories were profoundly influenced by war and its often secret mechanisms: the bomb-maker and the bombing victim, the soldier and the pacifist, the grand architects who were shaped by personal experience and in turn reshaped the world. Declaring that "each solitary story belongs to a larger story"—and beginning with the brutal and heartbreaking circumstances of her own childhood—Griffin examines how the subtle dynamics of parenthood, childhood, and marriage interweave with the monumental violence of global conflict. She proffers a bold and powerful new understanding of the psychology of war through illuminating glimpses into the personal lives of Ernest Hemingway, Mahatma Gandhi, Heinrich Himmler, British officer Sir Hugh Trenchard, and other historic figures—as well as the munitions workers at Oak

Kreisberg provides a first-person description of the “Wall of the Manitou,” which runs for 10 miles along the eastern slopes of the Catskill Mountains, as well as narratives about related sites that include animal effigies, reproductive organs, calendar stones, enigmatic inscriptions, and evidence of alignments. Using computer software, he plots the trajectory of the Hammonasset Line, which begins at a burial complex near the tip of Long Island and runs to Devil’s Tombstone in Greene County, New York. He shows how the line runs at the same angle that marks the summer solstice sunset from Montauk Point on Long Island, and, when extended, intersects the ancient copper mines of Isle Royal in Upper Michigan. He documents a several-acre area on Overlook Mountain in Woodstock, New York, with

a grouping of very large, carefully constructed lithic formations that together create a serpent or snake figure, mirroring the constellation Draco. He demonstrates how this site is related to the Serpent Mount in Ohio and Ankor Wat in Cambodia and reveals how all of the vast, interlocking sites in the Northeast were part of an ancient spiritual landscape based on a sophisticated understanding of the cosmos, as practiced by ancient Native Americans. While modern historians consider these sites to be colonial era constructions, Kreisberg reveals how they were used to communicate with the spirit world and may be remnants of a long-vanished civilization. In 1801, a British officer discovered a clue to one of the most coveted relics in history. When Sean Wyatt rescues a friend from being executed in the mountains of Tennessee, Sean Wyatt and his sidekick, Tommy Shultz are thrown into a high octane game of cat and mouse with a wealthy Frenchman named Gerard Dufort who will stop at nothing to get his next prize. In the aftermath of 9/11, President Bush froze all terrorist assets in traditional financial institutions and money channels. But Al Qaeda and other terrorist groups have long followed a diversification strategy that has rendered the crackdown by the U.S. and other governments almost useless. *Blood from Stones* is the first book to uncover, through on-the-ground reporting, the interlocking web of commodities, underground transfer systems, charities, and sympathetic bankers that support terrorist activities throughout the world. As a foreign correspondent and investigative reporter for *The Washington Post*, Douglas Farah ventured into the dangerous and uncharted world of terrorist financing—a journey that took him across four continents. The information he gathered was far ahead of what U.S. intelligence agencies knew as they scrambled to understand the 9/11 attacks. In unprecedented detail, Farah traces the movement of money from the traffickers of “blood diamonds” in West Africa to the world diamond exchange in Belgium and homegrown money merchants in Saudi Arabia, Dubai, Karachi, and Lahore who turn cash into commodities and commodities into cash. He probes charities that siphon off money to pay for such

essentials as false identification cards and safe passage for operatives. And he reveals how the funding of terrorist activities is integrated into the age-old hawala network, a trust-based system that has operated for generations across Arabia and Southeast Asia. Focusing on this critical aspect of the war on terrorism, Blood from Stones not only shows how terrorists are able to orchestrate complex and expensive attacks but also makes it clear why the war will be so difficult to win.

Explores the mysterious monument of Stonehenge and reveals some of its secrets and history.

Clark was lying on his side, blood pooling around his body from the open wound on his back. Sputtering for breath he whispered, "I wish I had never taken the stone." A few weeks earlier: He was drawn to it like a wolf to raw meat; it was instinctual. He knew his Grandpa Roy would never buy it for him - especially after the week they'd had, but he wanted it anyway. It was like he needed it - like his life was no longer complete without it. Now it was all a matter of how to get it. The man selling the item appeared to be a Native American around the age of 75, with dark reddish skin and long, silver braided hair. His eyes, however, with dark brown irises that seemed to deepen when you gazed at them, and eyebrows that scowled as if he was thinking about a former rival, looked as if they could see into your soul. As Roy left for the restroom Clark watched the stand. It only took him a moment to finalize a plan on how to steal the bolo tie. He just needed the right circumstances - he had to have just the right situation in order to get it. He couldn't believe he was about to do this - he knew better than to steal! All of his previous reasoning against stealing seemed so menial, so insignificant now. It was like those reasons didn't even matter. Something was pushing him harder than he had ever experienced to take the stone on the cord. He felt as if it was made just for him. He
