In the future, the past will never be the same... By the end of the 25th Century few had as storied a career as Doctor J. Burke. An historian who used quantum superluminal teleportation to mingle among her forebears through twenty different decades making discoveries and recovering lost artifacts, she was the last of the Historical Archive Collection's 'big three' antiquinauts. The physical effects of the profession had grounded jovial Ike Chernovich in old San Francisco, companion Braham Lilienthal had vanished without a trace three years before, and the indifference of the Minders from the future, who were best positioned to help, left Burke with a weary cynicism. Only the promise of a special mission, the brainchild of rookie archivist Nathan Rialto, brought her back again. It was Burke's specialty, the recovery of a glamorous old airliner from 1951 using

a revolutionary new teleport, and in California as well. She would gather her trusty team of specialists, teach the rookie the ropes and perhaps contemplate a different kind of future afterward with Ike. From the moment it began it felt as if the whole mission had been created just for her...and that was only the beginning of her problems!

THE Translation of this venerable Piece of Antiquity is undertook upon a double

Score; being designed as well to entertain the Curiosity of the Learned, as to supply the Defects of the Ignorant. If the original Language would have been more acceptable to the one, it would have been less intelligible to the other. I cannot, without uttering a Falsity, venture to affirm that so singular and valuable a Piece will be made Public, at least as yet: And in the mean Time I shall flatter myself, that this little Essay may contribute in some sort or other to the diversion, if not Instruction, of People in every Condition of Life. If this is well received, the other Parts will make their Appearance at proper Distances of Time. I publish no more at present, because I would not be thought to impose too much upon any one's Patience; as for losing my own Labour, I am under no bad Apprehensions about that; for the Reader cannot reject with a greater Disdain, than I have translated with Pleasure, the Contents of this Book.

This book is written in the style of the great Napoleon Hill. Think about this. With all of the success books out there, why don't we have more successful people? Too many success books simply rehash conventional wisdom. The truly great success books, such as Napoleon Hill's "Think and Grow Rich", instead enable life-challenging success breakthroughs because they identify and describe in powerful detail the thinking patterns and principles of the world's most successful individuals. The only way to do this is to study the world's most successful individuals, as Napoleon Hill has done. And as I have done as well. For over two decades, I have devoted myself to studying and interviewing the most successful individuals across varying fields so that I could see and learn for myself the principles which sets them apart in terms of their success. And that is what I

share with you here. Get ready to throw out many of the things that you thought you knew about success. Let's start at the beginning with a simple truth. Success is hard. Very Hard. Very very very hard. We all know that, once we have had a little bit of experience and are honest with ourselves. We all want to be more successful, but let's face it, sometimes we just don't know how. It's because, as they say, "We don't know what we don't know." So we make the same mistakes over and over again (often without fully realizing it until later). And then we blame ourselves (or others) in regard to why things didn't turn out as we had hoped, or planned. It's this simple. If you want to increase your level of success, read this book. We all go through the same struggles. This book - simply but powerfully - is your instruction manual on how to overcome them. Read this book and in 60 days you won't even recognize the person you used to be. And neither will your family and friends. This is the type of change that allows you to get the things you really want in life. The things previously outside your reach. The things you saw others gain and achieve, but never seemed to be able to get for yourself. That can change today. We all know that a few better ideas can accelerate one's success substantially. Successful people take their better ideas and know how to leverage them further - and execute them better than other people do. Once you understand the processes that successful people utilize to do this, you can very

quickly ramp up your own success as well. Everybody struggles. Successful people struggle just like unsuccessful people but they learn and use the success principles to overcome the difficulties in their lives to reach their goals. Success breeds confidence, making it easier overtime. If you don't want to keep making the same mistakes over and over again, you need to understand and understand well what these success principles are. That is what this book provides to you. Relearn the intuitive language of face reading From birth, face is our first language. We are born face readers—knowing to seek out human features and faces from the moment our eyes open. We all have the intuitive ability to read and interpret the feelings and expressions of those around us. In Read the Face, master face reader Eric Standop unlocks the power of this innate human ability, sharing his own journey to become a face reading master, along with stories that illustrate the power of this unique language. Using a combination of three different schools of face reading, along with a scientific accuracy to detect the most fleeting microexpressions, Standop is able to read personality, character, emotions, and even the state of a person's health—all from simply glancing at their face. The book is divided into sections focusing on specific ways that face reading can offer insight, such as Health, Love, Communication, Work and Success. The stories are accompanied by detailed black and white illustrations of

faces, allowing readers to observe the same features that Standop interpreted. The final section of the book outlines the meanings of dozens of facial features and face shapes, so that readers can recognize their own innate intuitive powers and develop them. *Read the Face* is a guide to using the ancient art and science of face reading to go beyond the surface and create the boldest life possible.

Need motivation? Read on. The topic of success has been revisited in countless thousands of books, but in this self-help classic, renowned author William Walker Atkinson reveals a surprising secret -- each of us already possesses the mental, spiritual, and psychological tools we need to achieve success, happiness, and fulfillment in life. The real challenge lies in tapping into our inborn potential and channeling it in the right way.

"This is where you change your course from a life of disappointments, failures, broken promises, selfish ambitions and mediocrity to one of self-fulfilling accomplishments. *Greatness Is Upon You* is composed of 24 tried and tested principles from my own life..." p. 4.

In *Stop Sabotaging Your Life: 3 Steps To Your Full Potential*, acclaimed life coach Bruno LoGreco shares his simple path to achieving healthy mental and emotional independence. How many times have you caught yourself thinking something like this?: I'm not enough—good enough...smart enough...good looking enough...successful enough.... LoGreco says we sabotage our lives by focusing too much on being what others want us to be and do, and not spending enough time listening to our own hearts and minds. Some people try to find self-acceptance and contentment through counseling, but end up trapped on the therapy treadmill. Others try to go it alone, but still end up in a tiresome process of navel-gazing that never leads to personal

fulfillment. LoGreco offers a three-step plan to help you reach your own potential: self-awareness (recognize what you have been doing, and why); rebuilding values (learn a different way to do things); and reach your full potential (identify opportunities and set meaningful goals). You will learn to leverage your strengths to stop chasing illusions and work toward achieving your dreams. LoGreco doesn't claim his book will cure everything that ails you. As he says, "There is no secret formula, no magic pill that will make you happy, productive, and successful. You must challenge your beliefs and take back control of your choices. Don't just think outside the box—break out of it altogether." What clients and readers are saying about life coach, mentor, and motivational speaker Bruno LoGreco: "As a divorced mother of three, I've encountered many obstacles, mostly personal ones within myself. I wondered why I kept repeating the same patterns with the men I was dating and why it always ended badly, usually with me being hurt, and questioned what 'I' was doing wrong. Bruno taught me how to love myself again, how to respect myself and above all else, BELIEVE in myself.... Bruno saved me from my self-destructive patterns. Without his help, I wouldn't be the confident woman I am today. I am a better mother for that."—Cristina "The world is filled with very successful executives who for decades focus every waking minute on professional accolades and professional development [only to] realize they haven't take the time out to focus on personal development in terms of a better balance in life, being in touch with their spiritual side and inner self, and even the fun side of life. That would describe me in the past.... I came across Bruno, and I knew he was the man. His personality exudes authenticity and geniality. The man simply knows his stuff, has this uncanny ability to read between the lines, and zero in instantly on underlying triggers. His structured approach steers you to address issues head on;

challenges you to challenge yourself; opens your mind; helps you understand behaviors, experiences and patterns; gets you in touch with yourself; fuels a sense of purpose and passion; and escorts you to chart a new course to life. He never judges, but relentlessly encourages and empowers you. He's truly a brilliant, genuine and a humane person with an infectious enthusiasm to make you seize your inborn potential.” —Adrian “If I had to sum up my experience with Bruno in one word, it would be 'awakened.' Bruno helped me see life from a different perspective, which is what I needed, but most importantly, he showed me how to do that myself without being dependent on him.... Bruno got me to step outside of my comfort zone and do things I normally wouldn't have done otherwise, which is undoubtedly the key to growth.” —Blaine
