A Wall Street Journal bestseller Financial expert, investment advisor and New York Times bestselling author James Rickards shows why and how global financial markets are being artificially inflated--and what smart investors can do to protect their assets What goes up, must come down. As any student of financial history knows, the dizzying heights of the stock market can't continue indefinitely--especially since asset prices have been artificially inflated by investor optimism around the Trump administration, ruinously low interest rates, and the infiltration of behavioral economics into our financial lives. The elites are prepared, but what's the average investor to do? James Rickards, the author of the prescient books *Currency Wars*, *The Death of Money*, and *The Road to Ruin*, lays out the true risks to our financial system, and offers invaluable advice on how best to weather the storm. You'll learn, for instance: \* How behavioral economists prop up the market: Funds that administer 401(k)s use all kinds of tricks to make you invest more, inflating asset prices to unsustainable levels. \* Why digital currencies like Bitcoin and Ethereum are best avoided. \* Why passive investing has been overhyped: The average investor has been scolded into passively managed index funds. But active investors will soon have a big advantage. \* What the financial landscape will look like after the next crisis: it will not be an apocalypse, but it will be radically different. Those who foresee this landscape can prepare now to preserve wealth. Provocative, stirring, and full of counterintuitive advice, *Aftermath* is the book every smart investor will want to get their hands on--as soon as possible.

The lies told in the Garden, you shall not die and you will become wise like God, (become a  
god), are the foundational pillars of paganism/nature worship. From these religions many  
proclaimed healing methods which are not based on known science have evolved. They are a  
component of pagan spirituality, not some healing modality accidentally discovered. Such  
healing practices are the right arm for evangelism in the Neo-Pagan New Age movement. The  
devil, by deception, offers his counterfeit system of healing to entice man to give him the honor  
and worship due only to Jesus Christ the Divine Son of God. Many are deceived into believing

that there is no spiritual danger in partaking of these proclaimed healing practices This book exposes the terrible spiritual dangers posed by the New Age holistic health movement, which combines valid healing remedies with various mystical healing arts. Valuable insights are given herein into the traps of the paranormal from a Christian perspective. Today there many who are more interested in health at any cost than Gods will at any price.

**The Ancient Hermetic Secrets to Alchemy and Divine Magic Revealed!** You have natural magical abilities that can elevate your life to a whole new level, as well as heal and help your loved ones and clients. The original teacher of this Divine magic was an Egyptian sage named Hermes Trismegistus. His teachings, called "Hermetics," were only taught verbally or in very cryptic writings. In 1908, three Hermetic students recorded them in a book called *The Kybalion*. Yet this work was still difficult to understand because of its archaic and confusing language. Now, in *Divine Magic*, Doreen Virtue presents a clear, edited version of *The Kybalion*, written in understandable and modern language while retaining all of the original teachings. She gives comments and practical suggestions based upon her own success in using Hermetic teachings for healing and manifestation. With *Divine Magic*, you can master your moods, release negativity, manifest new levels of abundance, and attract wonderful opportunities in all areas of your life.

In 2000, Pope John Paul II canonized the great 20th century visionary of Divine Mercy, Sister Faustina Kowalska, and proclaimed the Sunday after Easter to be celebrated annually as Divine Mercy Sunday. In 2006, Pope Benedict stressed that "Divine Mercy is not a secondary devotion, but an integral dimension of Christian faith and prayer." Now Pope Francis has proclaimed an extraordinary Jubilee Year of Mercy, which will begin on December 8, 2015. These three Popes have made it very clear that Divine Mercy is a major part of the Christian faith, and now this powerful new book reveals why. Best-selling author Vinny Flynn continues his popular "7 Secrets" series with a book that brings him back to his roots. Vinny was one of the original editors of the official English edition of the actual Diary of St. Faustina, and he has written and edited a vast number of the Divine Mercy materials that are used today. Through his "secrets" of Divine Mercy, Vinny shows how Divine Mercy is not just another worthy "private devotion"; it is the key devotion, the umbrella devotion over everything else. Every other devotion in the Church, every ritual, every activity, every teaching is under that umbrella of Divine Mercy. It's all there to help us understand and enter into Divine Mercy. He shows us how everything in our lives can become more meaningful, more powerful, more life-changing once we really embrace the gift of Divine Mercy — the overflow of love from the Holy Trinity. In this compelling and timely book, Flynn draws from Scripture, the teachings of the Church, and the Diary of St. Faustina to not only reveal the heart of Divine Mercy, but to offer you an invitation and a road map so that this mercy can transform your life. If you're not yet convinced of the impact Divine Mercy can have on your life, if you've never heard of this message and devotion, or if you're curious to learn more about it, this book is perfect for you. It shows us all how to respond to the call of Pope Francis "to live lives shaped by mercy", and benefit greatly from the "Year of Mercy".
