Pharma-funded mainstream media has convinced millions of Americans that Dr. Anthony Fauci is a hero. He is anything but. As director of the National Institute of Allergy and Infectious Diseases (NIAID), Dr. Anthony Fauci dispenses \$6.1 billion in annual taxpayer-provided funding for scientific research, allowing him to dictate the subject, content, and outcome of scientific health research across the globe. Fauci uses the financial clout at his disposal to wield extraordinary influence over hospitals, universities, journals, and thousands of influential doctors and scientists—whose careers and institutions he has the power to ruin, advance, or reward. During more than a year of painstaking and meticulous research, Robert F. Kennedy Jr. unearthed a shocking story that obliterates media spin on Dr. Fauci . . . and that will alarm every American—Democrat or Republican—who cares about democracy, our Constitution, and the future of our children's health. The Real Anthony Fauci reveals how “America's Doctor” launched his career during the early AIDS crisis by partnering with pharmaceutical companies to sabotage safe and effective off-patent therapeutic treatments for AIDS. Fauci orchestrated fraudulent studies, and then pressured US Food and Drug Administration (FDA) regulators into approving a deadly chemotherapy treatment he had good reason to know was worthless against AIDS. Fauci repeatedly violated federal laws to allow his Pharma partners to use impoverished and dark-skinned children as lab rats in deadly experiments with toxic AIDS and cancer chemotherapies. In early 2000, Fauci shook hands with Bill Gates in the library of Gates' \$147 million Seattle mansion, cementing a partnership that would aim to control an increasingly profitable \$60 billion global vaccine enterprise with unlimited growth potential. Through funding leverage and carefully cultivated personal relationships with heads of state and leading media and social media institutions, the Pharma-Fauci-Gates alliance exercises dominion over global health policy. The Real Anthony Fauci details how Fauci, Gates, and their cohorts use their control of media outlets, scientific journals, key government and quasi-governmental agencies, global intelligence agencies, and influential scientists and physicians to flood the public with fearful propaganda about COVID-19 virulence and pathogenesis, and to muzzle debate and ruthlessly censor dissent.

The long-awaited first biography of W. G. Sebald 'The best biography I have read in years' Philippe Sands 'Spectacular' Observer 'A remarkable portrait' Guardian W. G. Sebald was one of the most extraordinary and influential writers of the twentieth century. Through books including *The Emigrants*, *Austerlitz* and *The Rings of Saturn*, he pursued an original literary vision that combined fiction, history, autobiography and photography and addressed some of the most profound themes of contemporary literature: the burden of the Holocaust, memory, loss and exile. The first biography to explore his life and work, *Speak, Silence* pursues the true Sebald through the memories of those who knew him and through the work he left behind. This quest takes Carole Angier from Sebald's birth as a second-generation German at the end of the Second World War, through his rejection of the poisoned inheritance of the Third Reich, to his emigration to England, exploring the choice of isolation and exile that drove his work. It digs deep into a creative mind on the edge, finding profound empathy and paradoxical ruthlessness, saving humour, and an elusive mix of fact and fiction in his life as well as work. The result is a unique, ferociously original portrait.
