Astrology is an ancient practice used by our ancestors to plan their life by the stars. Over the years we have lost touch with the universe around us and the important framework it can provide us to get the most out of life. *The Signs* will help you to discover more about yourself by teaching you how to interpret your natal chart (the arrangement of the stars at the time of our birth). By looking at how your chart impacts each aspect of your life and contributes to overall well-being, astrology encourages us to be more aware of others and ourselves and helps to modify how we react to other people and the situations we find ourselves in. This is not a crystal ball in which to read the future but instead should be seen as a path guiding you toward greater control of your life.

Going beyond traditional heteronormative gender roles, the book candidly explores love and lust in today's sexually fluid world. From love philosophies to sexual inclinations, readers will enjoy dissecting and analyzing each passage. With unique compatibility profiles matching every sign and a quiz to identify your star match—wrapped in an all-foil case with gilded page edges—this is a fun and comprehensive guide to finding true cosmic love.

Illuminating and accessible, *Astrology for Real Relationships* includes a primer on basic zodiac knowledge—including the importance of your Sun, Moon, and the planets in your birth chart—before exploring how self-love and self-care affects all types of relationships. Once your mental health and spiritual and emotional wellness are balanced, you can be empowered in your relationships, including:

- Friends and chosen family: The Sun governs your identity and your will. Are you comfortable being yourself? Do your friends see you in the same

ways that you see yourself? • Hanging out and dating: The Moon governs your feelings and emotions. Do you always seem to be attracted to the wrong people? Are women really from Venus and men from Mars? Full of real talk about attraction, dating, sex, frenemies, self-love, mental health, and how to deal with family, this book will help you build and maintain strong connections—with your crushes, your spouse, your boss, or your mom—and uncover and empower you to get what you really want in relationships, not what you think you should want.

NEW YORK TIMES BESTSELLER • A renowned psychic medium teaches us how to recognize and interpret the life-changing messages from loved ones and spirit guides on the Other Side. “A collection of incredible stories . . . that speak to the universe’s endless capacity for magical moments.”—Goop Laura Lynne Jackson is a psychic medium and the author of the New York Times bestseller *The Light Between Us*. She possesses an incredible gift: the ability to communicate with loved ones who have passed, convey messages of love and healing, and impart a greater understanding of our interconnectedness. Though her abilities are exceptional, they are not unique, and that is the message at the core of this book. Understanding “the secret language of the universe” is a gift available to all. As we learn to ask for and recognize signs from the other side, we will start to find meaning where before there was only confusion, and see light in the darkness. We may decide to change paths, push toward love, pursue joy, and engage with life in a whole new way. In *Signs*, Jackson is able to bring the mystical into the everyday. She relates stories of people who have experienced uncanny revelations and instances of unexplained synchronicity, as well as others drawn from her own experience. There’s the lost child who appears to his mother as a deer that approaches her unhesitatingly at a highway rest stop; the name written on a dollar bill

that lets a terrified wife know that her husband will be okay; the Elvis Presley song that arrives at the exact moment of Jackson's own father's passing; and many others. This is a book that is inspiring and practical, deeply comforting and wonderfully motivational, in asking us to see beyond ourselves to a more magnificent universal design. Praise for Signs "This stirring guide . . . asserts that anyone can learn to understand messages that are sent from the 'Other Side.' . . . For readers struggling with loss who believe it's possible to communicate with the deceased, this book will console and empower them to look beyond their suffering."—Publishers Weekly "This brilliant book by the renowned psychic medium Laura Lynne Jackson is a guidebook to and translator of the mysterious spiritual language of the universe. Through a series of touching personal stories, Signs teaches us how to discern and understand the myriad spiritual signs in our lives. Laura Lynne's beautiful and compassionate heart shines through every page. This book is both excellent and important, and I highly recommend it to all."—Brian L. If You Want to Calculate Your Life Path And Know What Numbers Know That You Don't, Then Keep Reading... Do you sometimes question if you are on the right path or if you are wasting your time on something you are not supposed to do? Do you repeatedly see numbers all around you? I'm not talking about telephone numbers, area codes or price tags, but patterns that are not 'normal'? 11:11, 333, 666? Do you ever recognize certain character traits among people that are born in the same month? What if all the 'coincidences' in your life mean much more than you think on first sight? There is a 4000-year-old science based on the mathematics of the universe called numerology. Instead of 1+1, you can reveal the message behind everything that is happening in your life right now. And even more. Once you discover how to decode numbers and understand how astronomical phenomena impact a person's personality, you can not only predict, but also change your future for the better. Imagine you had the ability to decide your child's destiny? The day and month someone is born shapes who they are today and who they are going to become. There is no such thing as coincidence. People fear numbers and astrology because it's easier to blindly follow their fellows. Most of us live in a fake bubble of who we are and what we are doing on this planet. Looking deeper into numbers and the position of celestial objects requires strength and willpower. From now on, you can take charge of your destiny. Always remember, the universe has your back and you will receive the same energy back that you send out. In *Numerology and Astrology for Beginners*, you'll discover: How the flap of a butterfly's wings in Mexico cause a giant change in your life The man's name that 666 stands for and if you should be worried (Find the answer on page 12) Why you are missing out on an exciting adventure if you are not paying attention

to this one number in your life (hint: between 0-10) Why 911 is the universal help hotline if you want a change in life Which numbers can help to heal physical and mental diseases How to become pregnant at the right time to ensure your child has a healthy and prosperous future The 12 zodiac signs, their meanings, and assets to achieve your goals Cheat sheet for a stronger and more passionate relationship Why some people feel like they are born in the wrong family and why they are right How to choose your friends and partners wisely and prevent yourself from energy draining relationships How and which numbers predicted the success of Apple, BMW, Microsoft and Co. (page 41) And much more. If this is your first contact with astrology and numerology, you might be skeptical if this unknown science is trustworthy. We have all heard the sentence 'Only an idiot would believe that the month you are born could have effect on your personality.' But what if I tell you that science has proven: you are more likely to be diagnosed with schizophrenia if you are born in February suicide is strongest in people born in between April and June you could be suffering from dyslexia if you are a summer baby If you still think it ?s all hocus-pocus, then you must be a Gemini (they tend to be over skeptical).

Astrology is the most powerful language on Earth. It helps us to translate universal energy, energy that exists within us all and is star sent. When translated effectively, it has the capability to unite us and to illuminate deeper paths and nourish our spiritually thirsty souls. The movement of the stars and changing positions of the zodiac make an impact, both on a personal and a collective level. They affect how we deal with family, friends and colleagues, as well as how we manage our thoughts, feelings and behaviors. This first-of-its kind astro-journal will offer simple yet powerful daily, weekly and monthly exercises and tips to navigate the changing tides of daily life. The journal covers the year 2020 and will look ahead to the movements of the planets for the whole year, including monthly and weekly forecasts plus 'homework' exercises. The journal will teach how to understand the meaning of the forecasts in clear bite-sized tutorials and will recommend appropriate activities and tasks according to what is happening that week with the planets and the moons. The purpose of the journal is to teach how dynamic astrology and a deeper connection to the world can help to practice self-reflection and positive change.

This volume ventures into terrain where even the most sophisticated map fails to lead--through the mapmaker's bias. Denis Wood shows how maps are not impartial reference objects, but rather instruments of communication, persuasion, and power. Like paintings, they express a point of view. By connecting us to a reality that could not exist in the absence of maps--a world of property lines and voting rights, taxation districts and enterprise zones--they embody and project the interests of their creators. Sampling the scope of maps available today, illustrations include Peter Gould's AIDS map, Tom Van Sant's map of the earth, U.S. Geological Survey maps, and a child's drawing of the world. THE POWER OF MAPS was published in conjunction with an exhibition at the Cooper Hewitt Museum, the Smithsonian Institution's National Museum of Design.

In this inspiring guide to achieving happiness and wellness in life, work, and relationships, a "go-to life coach for those in the know" (InStyle) reveals how to use astrology as a roadmap to success. For thousands of years, people have looked to the night sky for guidance. Yet these days it's so easy to lose touch with the universe and the important direction it can provide. In *The Signs*, astrologer and life coach Carolyn Faulkner reveals how the ancient wisdom of the stars can empower you to get the most out of life. Faulkner's method is not about nebulous predictions or fate. It's about discovering the qualities, good and bad, associated with your natal chart—the position of the planets at the time of your birth—and using that knowledge to inform your decisions and relationships. Easy to use and designed as both an introduction for the cosmically curious and a deep dive for experienced spiritual seekers, this guide shows you how to interpret your chart, find balance, and reconnect with yourself. Consult *The Signs* to learn what to do when: • You're an inflexible Taurus, resistant to change. (Create things. Even a home-cooked meal will heal you in wondrous ways.) • You live with an argumentative Aries. (Never fight fire with fire. Wait till your partner calms down to discuss your feelings.) • You have Capricorn influence. (Shed the need to conform. Structure is important, but it needs to be flexible enough to change as we grow.)
