Discover the original international diet sensation—used by Adele, heavyweight champion David Haye, and Pippa Middleton—that will help you lose seven pounds in seven days while experiencing lasting energy and eating all the foods you love.

Over the past few years, fasting has become a popular diet option. Studies show that fasting—whether through moderate calorie restriction every day or the more severe but less frequent intermittent fasting—can help people lose about thirteen to fourteen pounds in six months and reduce their risk of developing disease. When we fast, our body’s energy stores activate what is known as sirtuins, or the “skinny gene,” and many positive changes ensue. Fat storage is switched off, and our body stops its normal growth processes and goes into “survival” mode. Fat burning is stimulated and the genes involved in the repair and rejuvenation of our cells are turned on—which all results to weight loss and improved resistance to disease. But if not done correctly, fasting can lead to hunger, irritability, fatigue, and loss of muscle. Enter Sirtfoods: a newly discovered group of foods that is revolutionizing healthy eating. Ranging from chocolate and red wine to garlic and walnuts, sirtfoods are particularly rich in special nutrients that help us activate the same skinny genes in our bodies that fasting triggers. Nutritionists Aidan Goggins and Glen Matten have created The Sirtfood Diet to help you effectively lose weight and improve your resistance to disease, while still giving you incredible energy and glowing health. A gourmand's guide to the slim life shares the principles of French gastronomy, the art of enjoying all edibles in proportion, arguing that the secret of

being thin and happy lies in the ability to appreciate and balance pleasures, not in deprivation, in a guide that includes inspirational true-life stories, simple advice, and dozens of delectable recipes. Reprint. A follow-up to the James Beard Award-nominated Super Natural Cooking features 100 vegetarian recipes for weekday-friendly dishes including Pomegranate-Glazed Eggplant, Chickpea Saffron Stew and Salted Buttermilk Cakes. Original. 75,000 first printing.

Politics, Inc career politicians have turned politics into a business and the result is not good excessive partisanship, gridlock and a lack of reasonable solutions to our problems. In Washington, D.C., the money chase is on and statesmen are nowhere to be found. Many books preaching about how to fix politics and public policy come from the very people who burdened us with the defective politics and public policy in the first place. Among them are self-serving politicians seeking the approval of a public they don't respect. They perceive the public as simple folk that desperately need a lesson in the complexities, subtleties and merits of public policy that isn't their interest. They also are the inbred media, who, writing for each other, aren't interested in or understand what's really happening at your home, at your job or in your mind. And what's on their mind is the fear that government one day might fall into the hands of "amateurs" namely, you, the American public. So, when a book comes along from someone who isn't rationalizing and justifying his role in messing up America, you've got a real find. In Politics, Inc., John Cox sketches with the passion and clarity of a Ronald Reagan a blueprint for national prosperity, health, security and well being, with you in mind. Here is a recipe from

someone who is neither a career politician nor a pundit. It is from someone who has been tested in the real world of the free market, and succeeded. It is written for people who have had enough of career politicians, and who would appreciate the insight that someone not caught up in the trap of Washington politics can contribute. This book is for those interested in returning to what the Founding Fathers intended to bequeath us: a nation not of self-serving career politicians, but of self-governing citizens.

Maybe she's on a photo shoot in Zanzibar. Maybe she's making people laugh on TV. But all Chrissy Teigen really wants to do is talk about dinner. Or breakfast. Lunch gets some love, too. For years, she's been collecting, cooking, and Instagramming her favorite recipes, and here they are: from breakfast all day to John's famous fried chicken with spicy honey butter to her mom's Thai classics. Salty, spicy, saucy, and fun as sin (that's the food, but that's Chrissy, too), these dishes are for family, for date night at home, for party time, and for a few life-sucks moments (salads). You'll learn the importance of chili peppers, the secret to cheesy-cheeseless eggs, and life tips like how to use bacon as a home fragrance, the single best way to wake up in the morning, and how not to overthink men or Brussels sprouts. Because for Chrissy Teigen, cooking, eating, life, and love are one and the same.
