In 1999 the Maryinsky (formerly Kirov) Ballet and Theater in St. Petersburg re-created its 1890 production of Sleeping Beauty. The revival showed the classic work in its original sets and costumes and restored pantomime and choreography that had been eliminated over the past century. Nevertheless, the work proved unexpectedly controversial, with many Russian dance professionals and historians denouncing it. In order to understand how a historically informed performance could be ridiculed by those responsible for writing the history of Russian and Soviet ballet, Tim Scholl discusses the tradition, ideology, and popular legend that have shaped the development of Sleeping Beauty. In the process he provides a history of Russian and Soviet ballet during the twentieth century. A fascinating slice of cultural history, the book will appeal not only to dance historians but also to those interested in the arts and cultural policies of the Soviet and post-Soviet periods.

The book includes five famous tales by Charles Perrault illustrated by Walter Crane (40 colour illustrations): Little Red Riding Hood; The Master Cat, or Puss in Boots; Blue Beard; The Sleeping Beauty in the Woods; and Cinderella, or The Little Glass Slipper. Walter Crane was a prominent book illustrator of the 19th century. In cooperation with Edmund Evans, he designed picture books printed in colour, which became the most popular children's books at the time thanks to their high level of craftsmanship and low price. Crane's style shows the influence of the art of the Renaissance and Japanese prints (ukiyo-e). He designed his books according to the belief that "children, like the ancient Egyptians, appear to see most things in profile and like definite statements in design. They prefer well-defined forms and bright, frank colour. They don't want to bother about three dimensions. They can accept symbolic representations. They themselves employ drawing ... as a kind of picture-writing and eagerly follow a pictured story." Crane's work set the standards of taste in the Victorian children's book industry and earned him a reputation as 'the father of the illustrated children's book'.
