Think the Ouija board is just a game? Think again. For more than a century, the Ouija board has attracted the attention of a wide variety of people: paranormal thrill-seekers, adventurous adolescents, temperamental teens, tipsy party guests, and even curious skeptics. Most of the time, those who dabble with the Ouija or other spirit boards experience nothing out of the ordinary. But many times that's not the case. And many times that extraordinary experience isn't just strange, but downright terrifying. *Ouija Board Nightmares* takes a look at some of those terrifying experiences, which range from nightmarish manifestations to actual physical assaults and demonic possession. While part of the author's intention is to inform and engage with these scary accounts, the main objective is to warn. While the Ouija board may be marketed as a harmless game, it is indeed neither. If the accounts in this book don't convince you of that, then nothing will.

When Alycia and her three best friends bought a Ouija board for some late night entertainment, they came in contact with something that defies all reason. They find themselves faced with questions that would make others run in fear. Delving into this frightening unknown, they soon discover they are dealing with a force more powerful than they could possibly understand. Enlisting some knowledgeable help on supernatural entities, they are introduced to a world they never thought existed. As they try to maintain the normalcy of their summer break and figure out how to rid themselves of this other worldly being they realize their lives will never be the same and that some games aren't meant to be played with.

James Merrill's audacious and dazzling epic poem, *The Changing Light at Sandover*, remains as startling today as when it first emerged in separate volumes over a period of several years. Individual parts won the Pulitzer Prize and the National Book Award, and the entire poem, when it was collected into one volume in 1982, won the National Book Critics Circle Award. It is now an American classic, here in a definitive new hardcover edition that includes *Voices from Sandover*, Merrill's recasting of the poem for the stage. The book carries us to the scene of Merrill's Ouija board sessions with his partner, David Jackson—the candlelit Stonington dining room with its flame-colored walls and the famous Willowware cup they used as a pointer in their occult travels. In a shimmering interplay of verse forms, Merrill set down their extended conversations with their familiar and guide, Ephraim (a first-century Greek Jew), W. H. Auden, W. B. Yeats, Plato, a brilliant peacock named Mirabell, and other old friends who had passed to the other side. JM (whom the spirits call "scribe") and DJ ("hand") are also introduced to the lonely eminence God B ("God Biology"), his sister Mother Nature, and a host of angels and lesser residents of the empyrean who are variously involved in the ways of this world. The laughter, the missteps, and the schoolroom frustrations of the earthly pair's gradual enlightenment make

this otherworldly journey, finally, and utterly human one. A unique exploration of the writer's role in a postatomic, postreligious age, Sandover has been compared to the work of Yeats, Proust, Milton, and Blake. Merrill's tale of the joys and tragedies of man's powers, and his message about the importance of our endangered efforts to make a good life on earth, will stand as one of the most profound experiences available to readers of poetry.

"Fascinating. . . . A fun and thorough look at how humans have tried to communicate with the dead over time."—Library Journal "An impressive piece of research. . . . A must-read for anyone fascinated with Spiritualism."—Alma Katsu, author of *The Deep* and *The Hunger* *Calling the Spirits* investigates the eerie history of our conversations with the dead, from necromancy in Homer's *Odyssey* to the emergence of Spiritualism, when Victorians were entranced by mediums and the seance was born. Among our cast are the Fox sisters, teenagers surrounded by "spirit rappings;" Daniel Dunglas Home, the "greatest medium of all time;" Houdini and Sir Arthur Conan Doyle, whose unlikely friendship was forged, then riven, by the afterlife; and Helen Duncan, the medium whose trial in 1944 for witchcraft proved more popular to the public than news about the war. The book also considers Ouija boards, modern psychics and paranormal investigations, and is illustrated with engravings, fine art (from beyond), and photographs. A hugely entertaining contribution from the supernaturally adept Lisa Morton, *Calling the Spirits* begs the question: is anybody there . . . ? TV's popular *Ghost Hunters* reveal all-new, never-before-told stories from their spooky early investigations! For the first time ever, Jason Hawes and Grant Wilson, founders of The Atlantic Paranormal Society (T.A.P.S.), share their most memorable and spine-tingling early cases -- none of which has ever appeared on television. Beginning with the previously untold experiences that sparked their passion for ghost hunting, Jason and Grant's bone-chilling investigations uncover:

- A Connecticut woman who seems to exist in two places at once
- A little girl whose invisible playmate retaliates against her father's punishments
- A man overcome by an evil entity as Jason and Grant survey his home
- A distraught woman who dreams of paranormal events before she experiences them...and much more!

Jason and Grant didn't always have the fancy scientific equipment and experienced team that fans now watch on their smash-hit television show. As they share their hair-raising first experiences, they offer essential tips

for budding paranormal investigators -- including how to use an electromagnetic field (EMF) meter and an infrared camera, determine if a supernatural phenomenon is good or evil, and deal with spirits. Whether you're a skeptic or a believer, these fascinating and frightening true stories will keep you up at night!

the dead. This is their story.

Sometimes the past endures—and sometimes it never lets go. This best-selling debut by an award-winning writer is both an eerie contemporary ghost story and a dread-inducing psychological thriller. Maggie is a successful young artist who has had bad luck with men. Her last put her in the hospital and, after she's healed physically, left her needing to get out of London to heal mentally and find a place of quiet that will restore her creative spirit. On the rugged west coast of Ireland, perched on a wild cliff side, she spies the shell of a cottage that dates back to Great Famine and decides to buy it. When work on the house is done, she invites her dealer to come for the weekend to celebrate along with a couple of women friends, one of whom will become his wife. On the boozy last night, the other friend pulls out an Ouija board. What sinister thing they summon, once invited, will never go. Ireland is a country haunted by its past. In Billy O'Callaghan's hands, its terrible beauty becomes a force of inescapable horror that reaches far back in time, before the Famine, before Christianity, to a pagan place where nature and superstition are bound in an endless knot.

A fresh and thoroughly modern take on Afterlife communication. Claire Broad is known as the Honest Medium, in *What the Dead are Trying to Teach* Claire shares invaluable insights into life after death gained through her own experience, whilst also drawing on the most up-to-date scientific studies on consciousness. As a young child, Claire experienced psychic phenomena, as she grew older her experiences and the communications she received became stronger, resulting in Spirit teachers making their presence known and guiding her. Naturally analytical and now an adult, Claire was forced to question the validity of her experiences against the common academic opinion surrounding survival after physical death and embarked upon a life long quest for the truth. In her refreshingly down to earth, honest and open manner, Claire shares personal stories to bring comfort and hope to many whilst highlighting findings from consciousness studies that challenge our understanding of the world and encourage us to consider our true nature and full potential. Claire teaches us why we may have confidence there is life after death, how we can heal and awaken spiritually through the therapeutic practice of mediumship and most importantly what we can learn from those already on the other side in order to make the most of this life whilst we are here. By the end of this compelling book, readers will have an understanding that we all have a natural connection to the spirit world and will have gained tips and tools to deepen this connection; that death is an illusion; that our loved ones can visit us after their passing and that we can learn to recognise the signs; that genuine mediumship is a therapeutic practice and why visiting a medium is nothing to be feared; that spirit guides gently support us all; that it is natural for a child to display psychic ability and what you can do to support a child that does; that there is scientific research to support the validity of mediumship and psychic ability and that it is possible to seek evidence for survival as well as keeping faith.

You can communicate with your deceased loved ones. Whatever your questions about seances, spirits, or the mediums who contact them, this intriguing overview gives you the answers: What proof is there of a life after death? Can anyone become a medium? Can you contact angels through a medium? Does your body get "taken over" by a spirit when you're a medium?

The award-winning novelist shares her insights into the life of a major American poet as she explores the relationship between James Merrill and his long-time partner, David Jackson, and its influence on Merrill's acclaimed work. 12,000 first printing.

In this book, we fight not against flesh and blood; it is about many agendas. Satan and the spirit world of spirit persons, demons, have set their goals to accomplish against Jehovah God's creation of the human race, which have brought spiritual conflicts across the earth and which the human race are not aware of. Human beings believe their fight is against flesh and blood, which it isn't. Our fight is against wicked spirit persons, demons, real and alive spirit persons, who have entered multitudes of human bodies to do whatever it takes to accomplish their goals, which there are many. Neither age nor gender is no exception in accomplishing their goals. Children of all ages are in some kind of spiritual conflict. Why was prayer abolished out of their school system? Why is the name of Jesus Christ, the Son of God not to be used or spoken of on such campuses? Why can't they pray in the name of Jesus when others around them pray to their gods openly? In these writings there are many answers to questions people in general like to know, but won't ask; even adults want to ask. I've been in spiritual warfare or conflict my entire life. I have seen Satan, the devil, several times, whom God revealed to me. Satan and demons are real spirit persons as any human being on the earth. I've dialogued with the devil, not knowing that it was Satan transitioned as a real person, a human being. God revealed to me who Satan was. He walks the earth today as a human being, which only God can identify Satan as a man, a real person, yet spirit being Satan spirit of deception in control, who passes the power of influence over every alcoholic and alcoholism throughout the entire world. The world needs to know the "truth." There isn't any medical cure for the alcoholic nor alcoholism anywhere throughout the entire world. Why isn't there? Because alcoholism is not a medical problem; it is a demonically controlled problem, controlled by alcohol of spirit persons. Demons who have entered human bodies and only by Jesus Christ's name can cure or cast these alcohol demons out of the human bodies. There is no other-I reiterate, there is no other prominent cure but in the name of Jesus Christ. Jehovah God is my witness of this truth and testimony. I was held in bondage and control for nearly forty years, demon-possessed and demonically controlled by alcohol demons, not knowing my condition until I called out to God and God cured me. I heard voices in my head for as many years; the voices also left. My cure came on March 18, 1984. I've never drunk nor had the urge to drink nor the desire to drink nor smoked another cigarette since that day. God is my witness of this testimony!

“Provocative, insightful, and enlightening—a foray into an often-neglected topic that merits more attention than it typically receives.” --Lee Strobel, New York Times bestselling author of *The Case for Christ* What is Our Fascination with the Other Side? Join investigative reporter Billy Hallowell as he delves into the strange phenomena of supernatural activity. Themes of demonic possession, exorcism, and ghosts have overtaken Hollywood, with countless films and TV shows delving into the age-old struggle against evil. But the question is why? Even with so much focus on the topic, there seems to be very little public knowledge and discussion about the theology and real-life claims surrounding demons. Quite often, many people remain silent about their experiences or resort to quietly whispering about what they’ve seen, heard, or felt for fear of being labeled as crazy. The truth is, even pastors, priests, and clergy who have observed firsthand accounts of possession and deliverance can succumb to the strange and terrifying effects of intense spiritual warfare. For people of faith, *Playing with Fire* addresses these core questions: Are demons active today? If they do indeed exist, what are they? Fallen angels? Nephilim? Can demons inhabit human beings? According to the Bible, can people die and remain behind as “ghosts”? *Playing with Fire* explores the theological underpinnings surrounding the supernatural. Relying on firsthand accounts, newspaper reports, and Christian experts, Hallowell takes readers through the various views and perspectives surrounding supernatural activity.

It is said that an Ouija board can be used to contact the spirit world, and when 15-year-old boarding school students Jonathan and his friend Malthe find just such a board in an abandoned house, they decide to try it with their friends. Soon, they come to rue the day they first laid eyes on that cursed board... “Afraid of the Dark” is a series of books for children and young adults, who love a good scare.

This book is a true tour-de-force of esoteric subjects which I find so utterly fascinating.” -Brad Olsen, author of *Modern Esoteric: Beyond Our Senses* “In this book Ryan Daniel has done extraordinary work on behalf the of the forces of light. I am astonished by the colossal amount of lore he has gathered from different traditions around the world...It reminds me of the great baggy monsters of monsters of books that Victorian scholars used to write.” -Mark Booth, author of *The Sacred History* “In his riveting book, *The Grand Illusion: Slaves to Perception*,

author Ryan Gable takes us on an eye-opening journey through time, traditions, theories and institutions by examining commonly accepted belief systems and mindfully stepping outside of the proverbial box of spoon-fed assumptions about history and life.” -Karen A. It seems that everywhere we look these days, we see more and more people carrying weight. To someone on the outside, they may only see the unhealthy side effects of poor diet and pass judgements on the person's ability to care for themselves. What may not be seen is the deep layers of emotional baggage that this person is carrying and their lack of self-love that ultimately affects their choices when caring or ultimately not caring for themselves. The baggage is really layering what we have acquired throughout this lifetime and others, and it has manifested into physical weight that we carry in our bodies, emotional weight, and spiritual weight in the form of karma. The purpose of this book is to teach you how to release this weight from your spirit, mind, and body. I have learned from my own experience that to truly lose weight, we must complete the inner work of all the aspects of our lives. By looking at those difficult pieces of ourselves that is our weight, we bring to the surface many destructive emotions. By working through these emotions and facing them, rather than stuffing them away, we are able to overcome this weight once and for all. This book is not really about changing your diet but, instead, is about transforming all aspects of yourself and changing your life!

The gospels hold the key to why pastors get up every Sunday to preach. They are the "good news"--the pinnacle--of the Christian faith. But in order to preach from them with truth, clarity, and confidence, you'll need the right tools. Preaching the Four Gospels with Confidence is a book written for pastors who love Jesus and want to preach the Gospel well. With a compelling voice, Steven D. Mathewson offers sound scriptural advice, provides bibliographic tips for further study, and quotes from well-known and respected biblical scholars including: G.K. Beale Craig S. Keener D.A. Carson Additionally, Mathewson will teach you how to negotiate the common challenges that arise while preaching from the gospels. Problems such as: How to interpret the gospels in relation to the rest of the New Testament How to rightly handle the Jewish and Greco-Roman context of the gospels How to affirm the authority of the four gospels over the "lost gospels" This not a "how to preach" book; it is a how to preach well handbook that you'll want to reference again and again as you prepare sermons from the gospels.

First English translation of Victor Hugo's writings on his experiments in spiritualism • Reveals Hugo's conversations with renowned discarnate entities such as Shakespeare, Plato, Galileo, and Jesus • Examines his contacts with aliens from the planets Mercury and Jupiter and the revelation that our entire universe is a quantum hologram • Discusses Hugo's possible role as a grand master of the Priory of Sion During Victor Hugo's exile on the Isle of Jersey, where he and his family and friends escaped the reign of Napoléon III, he conducted "table-tapping" séances, transcribing hundreds of channeled conversations with entities from the beyond. Among his discarnate visitors were Shakespeare, Plato, Hannibal, Rousseau, Galileo, Sir Walter Scott, and Jesus. According to the transcripts, Jesus, during his three visits, condemns Druidism, faults Christianity, and suggests a new religion with Hugo as its prophet. To the skeptic, some of the "conversations" may seem self-serving--at best, the subconscious wishes of the naïve participants. But author John Chambers places Hugo's experiments firmly in the tradition of visionary literature and psychic exploration, aligning those experiences with the poetry of William Blake, the table-tapping experiences of the Fox sisters, and the channeled writings of the great modern-day Pulitzer Prize-winning poet James Merrill, whose spirits' utterances uncannily resemble those of Hugo's. Hugo's transcriptions are the missing link between the early nineteenth century's fascination with the kabbalistic Zohar, reincarnation, and the writings of the Illuminati and the rise of spiritualism and the societies for the

study of psychic phenomena in the latter nineteenth and early twentieth centuries.

When drugs and gang graffiti upset a quiet town in Pennsylvania's Pocono mountains, a local pastor teams up with a New Age shop owner to track down the culprits.

Rosie Moon is a sixteen year old farm girl growing up in the southernmost foothills of Appalachia in Northwest Alabama. Her story begins in the summer of 1969 when relatives come to spend the summer in her small mountain community of Ben Johnson Ridge. She takes a special interest in her youngest cousin, a ten year old girl named Janie Noble; a child filled with grief, anger and guilt after witnessing her father's suicide. During that passionate season of free love Rosie and Janie become almost inseparable as tragedy and danger force them into a family bond of survival when a mostly benevolent ancestral ghost is unleashed into their lives. This long-dead ancestor reveals himself as a medical doctor who practiced after the Civil War, and leads them on a precarious treasure hunt. The girls are forced to seek refuge and embark on an adventurous journey in the summer of 1970, where they learn no good deed goes unpunished, yet erudition eludes the lesson. As one good deed follows another, the girls become entangled in legalities, finding their actions potentially libel, with possible criminal prosecution, all the while still facing Doc Campbell in vividly detailed dreams during the late night side of morning.

After love magic, money magic is the most often worked. Everybody needs money. Even the "spiritual" types who claim to be above mundane matters can't sponge off their friends and relatives forever. Money magic works, but money will seldom fall from the sky into the s[ell]caster's hand. The money usually comes through some ordinary, though possibly unexpected means. This book includes job spells, business success spells, spells to banish debts, and spells to collect debts. There is even a spell to find money. Some of the spells enlist the aid of powerful spirits to help you achieve money and wealth. This book also includes instructions for using divination to predict winners and win lotteries. Just about every way to use magic to make money is covered.

It's not just a game. As far as Elaine Morris is concerned, the Ouija board is just a game she played at sleepovers as a kid. 'Laine thinks Debbie is a total dork for getting spooked, until Debbie dies in a horrible and haunting way. Desperate to figure out what really happened to her friend, 'Laine starts using the Ouija board to uncover its mystery. She soon learns that something sinister has come through the board, and it's not ready to say GOOD-BYE. Read this heart-stopping novel before seeing the major motion picture!
