INSTANT NATIONAL BESTSELLER Now a series on Starz "Brilliantly written. . . Outstanding."—The New York Times Book Review Newly arrived in New York City, twenty-two-year-old Tess lands a job working front of house at a celebrated downtown restaurant. What follows is her education: in champagne and cocaine, love and lust, dive bars and fine dining rooms, as she learns to navigate the chaotic, enchanting, punishing life she has chosen. The story of a young woman's coming-of-age, set against the glitzy, grimy backdrop of New York's most elite restaurants, in Sweetbitter Stephanie Danler deftly conjures the nonstop and high-adrenaline world of the food industry and evokes the infinite possibilities, the unbearable beauty, and the fragility and brutality of being young and adrift.

After Chester lands, in the Times Square subway station, he makes himself comfortable in a nearby newsstand. The escapades of these four friends in bustling New York City makes for lively listening and humorous entertainment. And somehow, they manage to bring a taste of success to the nearly bankrupt newsstand. Join Chester Cricket and his friends in this classic children's book by George Selden, with illustrations by Garth Williams. The Cricket in Times Square is a 1961 Newbery Honor Book.

Speculative science fiction, with its underlying socio-political dialogue, represents an important intersection of popular culture and public discourse. As a pop culture text, the animated series Star Wars: The Clone Wars offers critical commentary on contemporary issues, marking a moment of interplay whereby author and audience come together in what Russian philosopher Mikhail Bakhtin called collaborative meaning making. This book critically examines the series as a voice in the political dialogues concerning human cloning, torture, just war theory, peace and drone warfare.

There are some books we publish which, from the outset, you know are going to be special. This was true of this exciting book from Philip Howard: a collection of recipes from his restaurant, The Square. We knew we wouldn't be able to do the recipes justice in one volume, so it became two - a first volume, Savoury, followed by Sweet. We knew we couldn't limit it to the conventional two pages per recipe and food photo, so they each became either 4 or 6 pages. We knew we couldn't illustrate anything less than every one of those

recipes, so one of the world's finest food photographers, Jean Cazals, did just that. And yet these measures are only a small part of why this book is so special. It is special because it represents a collection of recipes from 21 years of one of the country's finest and most consistently fine restaurants. Special because the chef who has been at the helm of that restaurant for all of those years is recognised as one of the very best of his generation. But most of all, it is special because that chef has that rare ability to translate a genius in the restaurant kitchen into the words of a book. This was evident from the day we received the first written recipe, and, with it, Phil's fiercely intelligent vision for how the book - and every recipe within it - should be structured. It is also manifest in the dozen or so essays that weave throughout, that show a profound consideration and passion for every aspect of his craft and industry. This is a landmark publication and has become a must-have book for every chef and for every serious foodie. It can't fail to impress and inspire anyone with a desire for cooking and a thirst for food knowledge. It is nothing less than an incredible achievement and a book of truly unbounded culinary ambition.

Meticulous, detailed and fiercely intelligent, this is a book that will set the benchmark for books of the highest culinary ambition. Featuring brilliant dishes such as his signature Brillat Savarin Cheesecake with Passion Fruit and Lime, and Lemon Posset with a Blueberry Compote and Warm Vanilla Beignets. Philip Howard's incredible second volume features a full repertoire of sweet recipes, each accompanied by the beautiful photography of Jean Cazals. A must-have book for all chefs, but a great book for keen amateurs and serious foodies alike.
