The Standout Business Plan Vaughan Evans, Brian Tracy, 2014-05-22 The Standout Business Plan is an immensely practical and readable guide that shows you how to create a business plan that not only speaks directly to investors and lenders but also makes it easy for them to say yes. At the beginning of every successful business is a well-thought-out and exceptionally prepared business plan that was written with one audience in mind--investors. However, too many budding entrepreneurs have written their business's bible with a focus on details most important to managers or employees or even themselves, completely avoiding the questions most crucial to those who determine the fate of the business's genesis...its potential backers. Renowned leadership expert Brian Tracy and business strategy consultant Vaughan Evans share case studies and examples of both what to do and what not to do when developing a plan for your business. In The Standout Business Plan, Tracy and Evans reveal how to: Include the vital information backers need, while leaving out extraneous fillers that gets in the way Address key factors such as market demand, competition, and strategy Spell out the essence of your business proposition Outline resources and financial forecasts Assess risk from the backer's perspective Evaluate and improve the plan to ensure its success Your business plan is too important to not get exactly right from the beginning. With the easy-to-follow guidance in The Standout Business Plan, now anyone can present a clear, concise, and convincing case that will win them the funding they need to succeed.

Are you tired and confused by all the business jargon, just wanting a straightforward how-to guide outlining exactly what you need to do? Business plans are the heart and soul of a successful company - they give you focus and operational clarity that can kick major mistakes to the curb. No matter how good your business idea is, you will need a plan to create a solid foundation before going on the market or trying to get investors on board.
