

The Thief At The End Of The World

Everybody wants more time, which is why on Discworld only the experts can manage it -- the venerable Monks of History who store it and pump it from where it's wasted, like underwater (how much time does a codfish really need?), to places like cities, where busy denizens lament, "Oh where does the time go?" While everyone always talks about slowing down, one young horologist is about to do the unthinkable. He's going to stop. Well, stop time that is, by building the world's first truly accurate clock. Which means esteemed History Monk Lu-Tze and his apprentice Lobsang Ludd have to put on some speed to stop the timepiece before it starts. For if the Perfect Clock starts ticking, Time -- as we know it -- will end. And then the trouble will really begin... Percy Jackson is a good kid, but he can't seem to focus on his schoolwork or control his temper. And lately, being away at boarding school is only getting worse-Percy could have sworn his pre-algebra teacher turned into a monster and tried to kill him. Nic may have escaped enslavement in the mines outside of Rome, but his troubles are far from over. The Praetor War -- the battle to destroy Rome from within -- is in full force, and Nic is caught in the crossfire. The secretive Praetors are determined to unlock a powerful amulet -- one sure to bring the empire to its knees. Worse, the Praetors believe Nic holds the key to finding this amulet, and they will stop at nothing to steal it, even if that means harming the people Nic holds most dear. When the Praetors capture Nic's mother, Nic knows he must do anything to save her. He challenges the Praetors to a chariot race. If he wins, they will release his mother. But if he loses, he must hand over a magic that will certainly bring about the end of Rome as well as his own life. Can Nic once again harness his magic and gather the strength to defeat his enemies? Or will he lose his mother and bear witness to Rome's destruction?

Chronicles the friendships of Matthew Boulton, James Watt, Josiah Wedgwood, Erasmus Darwin, and Joseph Priestly, whose ideas and experiments launched the Industrial Revolution. Reprint. 15,000 first printing.

A globetrotting, time-bending, wildly entertaining masterpiece hailed by the New York Times Book Review as "Audaciously well written...the book I was raving about to my friends before I'd even finished it." Publishers Weekly raved that "with near-universal appeal . . . Seay's debut novel is a true delight, a big, beautiful cabinet of wonders that is by turns an ominous modern thriller, a supernatural mystery, and an enchanting historical adventure story." Set in three cities in three eras, *The Mirror Thief* calls to mind David Mitchell and Umberto Eco in its mix of entertainment and literary bravado. The core story is set in Venice in the sixteenth century, when the famed makers of Venetian glass were perfecting one of the old world's most wondrous inventions: the mirror. An object of glittering yet fearful fascination—was it reflecting simple reality, or something more spiritually revealing?—the Venetian mirrors were state of the art technology, and subject to industrial espionage by desirous sultans and royals world-wide. But for any of the development team to leave the island was a crime punishable by death. One man, however—a world-weary war hero with nothing to lose—has a scheme he thinks will allow him to outwit the city's terrifying enforcers of the edict, the ominous Council of Ten . . . Meanwhile, in two other Venices—Venice Beach, California, circa 1958, and the Venice casino in Las Vegas, circa today—two other schemers launch similarly dangerous plans to get away with a secret . . . All three stories will weave together into a spell-binding tour-de-force that is impossible to put down—an old-fashioned, stay-up-all-night novel that, in the end, returns the reader to a stunning conclusion in the original Venice . . . and the bedazzled sense of having read a truly original and thrilling work of art.

Amid the crumbling splendour of wintertime Venice, two orphans are on the run. The mysterious Thief Lord offers shelter,

but a terrible danger is gathering force...

Naguib Mahfouz's haunting novella of post-revolutionary Egypt combines a vivid psychological portrait of an anguished man with the suspense and rapid pace of a detective story. After four years in prison, the skilled young thief Said Mahran emerges bent on revenge. He finds a world that has changed in more ways than one. Egypt has undergone a revolution and, on a more personal level, his beloved wife and his trusted henchman, who conspired to betray him to the police, are now married to each other and are keeping his six-year-old daughter from him. But in the most bitter betrayal, his mentor, Rauf Ilwan, once a firebrand revolutionary who convinced Said that stealing from the rich in a unjust society is an act of justice, is now himself a rich man, a respected newspaper editor who wants nothing to do with the disgraced Said. As Said's wild attempts to achieve his idea of justice badly misfire, he becomes a hunted man so driven by hatred that he can only recognize too late his last chance at redemption.

Hurt people hurt people. Say there was a novel in which Holden Caulfield was an alcoholic and Lolita was a photographer's assistant and, somehow, they met in Bright Lights, Big City. He's blinded by love. She by ambition. Diary of an Oxygen Thief is an honest, hilarious, and heartrending novel, but above all, a very realistic account of what we do to each other and what we allow to have done to us.

“Character is destiny,” wrote Heraclitus—and in this collection of four unforgettable stories, we meet people struggling to understand themselves and the unexpected turns their lives have taken. In “Accountant,” a quintessential company man becomes obsessed with the phenomenal success of a reckless childhood friend. “Batorsag and Szerelem” tells the story of a boy’s fascination with the mysterious life and invented language of his brother, a math prodigy. In “City of Broken Hearts,” a divorced father tries to fathom the patterns of modern relationships. And in “The Palace Thief,” a history teacher at an exclusive boarding school reflects on the vicissitudes of a lifetime connection with a student scoundrel. A remarkable achievement by one of America’s finest writers, this brilliant volume reveals the moments of insight that illuminate everyday lives. “Captivating . . . a heartening tribute to the form . . . an exquisite performance.” –The Boston Sunday Globe “A model of wit, wisdom, and empathy.
