How does it feel to see what others don't see, hear what others don't hear, and feel what others don't feel? To have no place to hide, no place to escape, no one to turn to, and no one who understands.... Fasten your seat belt as we go on a journey packed with horror and thrill... Get ready to see the world through "The Third Eye". A third eye is a higher type of consciousness that opens your soul towards another dimension that ordinary people cannot perceive or see. It does

not necessarily means that a physical eye appears in your forehead or in the middle of your two eyes. Instead, it is a state of heightened senses, enabling a human being to have visions, clairvoyance, ability to sense or see spirits and evil entities, or do astral travel (out of the body). Most people whose third eye are open suffer anxiety, insanity, and rejection since ordinary people could not relate to the horror they have to face. A near death experience or a traumatic event are some causes for a third eye to open. Some people are born with the “third eye” open, while some were intentionally awakened by expert mediums.

As the pineal gland was the one most recognized and written about by the earlier adepts, it is the logical beginning of any occult discussion of the endocrine chain. The epiphysis cerebri, or pineal body, secures its name from its peculiar shape (thepinus, or pine cone) and arises in the fifth week of the human embryo as a blind sac branching off from that section of the brain which is next in front of the mid-brain—the diencephalon—which includes the area of the third ventricle and adjacent parts. The distal, or remote, portion of this sac becomes the body of the gland. The proximal portion (the point of attachment or origin) remains as the stalk. Is not this pine cone the one to which E. A. Wallis-Budge refers in his *Osiris and the Egyptian Resurrection*, when in describing the entry of Ani into the presence of Osiris in the Egyptian ritual of Coming Forth by Day as “the so-called ‘cone’ on Ani’s wig,” for which the good Egyptologist could find no intelligent reason? Is this not also the whirring cone which was among the symbolic playthings of the child Bacchus and which Bastius describes as a small cone-shaped piece of wood around which a cord was wound so that it might be made to spin and give out a “humming noise”? (See *Orpheus*, by G. R. S. Mead.) Those acquainted with the esoteric function of the pineal gland or who have experienced the “whirring” sound attendant upon its activity will realize how apt is the analogy.

"Third Eye Rising explores the neurodiversity of India through two of the country's most compelling aspects: family ties and spiritual faith. In a land where divisions of caste and class threaten survival, where the religious are corrupt and the corrupt religious, and where dogmas and superstitions impede economic and individual progress, Shroff shows how spiritual realizations impact daily lives and how they help withstand circumstances of corruption, greed, betrayal, prejudice, and personal loss. In the title story, "Third Eye Rising," a young wife must prove her innocence to her sadistic in-laws; in "The Kitemaker's Dilemma" a nomadic kitemaker takes it on himself to save a melancholic boy from exile; in "Bhikoo Badshah's Poison" a migrant youth, employed in the city, attempts to shed the burden of his caste; in "Diwali Star" a retired police inspector draws on the events of the epic Ramayana to redefine his relationship with his sons; in "A Matter of Misfortune" two childhood friends have a face-off over the two faces of India: urban and rural; in "Oh Dad!" a dutiful son takes it on himself to protect his father from an unscrupulous taxman; in "An Invisible Truth" an employer delves into his manservant's life only to get a life-changing insight into his own. Through these stories, we learn how in India it is spiritual faith that unifies, inspires, and frees its recipients from the bondage of struggle. Shroff has tackled his subject-the darker side of India-with the full democracy of his imagination and an empathy that believes in the eternal unity of man"--

The Opening of the Third Eye: The human brain is a priceless computer lying perfectly maintained but almost silent! None of us uses the full potential of this amazing instrument, yet we all possess a secret 'trigger' for activating its mechanism. Called 'the Third Eye' in occult language, this 'trigger' can release a vortex of psychic energy for the extension of awareness in new dimensions, for speeding up or slowing down time as experienced on our planet, and achieving one hundred per cent personality integration. Dr. Baker reveals that the Third Eye derives its power from the pineal, pituitary and carotid glands, allied to 'whirlwinds' of energy known as 'chakras' or force centres. There are seven of these centres in the human body, their physical location being the base of the spine, the solar plexus, the spleen, the heart, the throat, the brow, and the top of the head. Five safe techniques for arousing the Third Eye are provided. They have been practised by the author 'without hazard and with many rewards for over forty years.' In our present condition we can only observe the outer surface of the planet, manifesting in gaseous, liquid and solid form. We are completely unaware of the subtler states of matter beneath these outward appearances. But the Third Eye reveals all underlying structures. 'This means that one could observe the termites in apparently solid wooden paneling; or, more constructively,

man's inner organs could be observed and all traces of disease in them immediately recognised, with consequent enormous benefits to medical progress.'

Since then he has been something of an armchair treasure hunter, conducting hypnotic past life regressions on people. Shali Faisal and Clay take their roaming reincarnation parapsychology practice direct to their subjects and guide them through their past lives. They coax out information about lost valuables or hidden treasures from long ago. The subjects remember almost nothing of their reincarnation sessions so the rewards are all theirs for the taking. They heard whispers about a collection of "hidden writings" that have ties to the rumored secrets of the universe. Upon finally finding these treasures, they are confronted by a unidentifiable, secretive nemesis intent on stopping them. Despite being aided by a benevolent ally, they are repeatedly blocked from their goal.
