The Maze Runner meets The Hunger Games in this heart-pounding trilogy. Orphaned teens, soon to be hunted for sport, must flee their resettlement camps in their fight for survival and a better life. For in the Republic of the True America, it's always hunting season. Riveting action, intense romance, and gripping emotion make this fast-paced adventure a standout debut. After a radiation blast burned most of the Earth to a crisp, the new government established settlement camps for the survivors. At the camp, these sixteen-year-old "LTs," are eager to graduate as part of the Rite. Until they learn the dark truth: "LTs" doesn't stand for lieutenants but for Less Thans, feared by society and raised to be hunted for sport. They escape and join forces with the Sisters, twin girls who've suffered their own haunting fate. Together they seek the fabled New Territory, with sadistic hunters hot on their trail. Secrets are revealed, allegiances are made, and lives are at stake. As unlikely Book and fearless Hope lead their quest for freedom, these teens must find the best in themselves to fight the worst in their enemies.

The #1 New York Times Bestseller Jessica reveals for the first time her inner monologue and most intimate struggles. Guided by the journals she's kept since age fifteen, and brimming with her unique humor and down-to-earth humanity, *Open Book* is as inspiring as it is entertaining. This was supposed to be a very different book. Five years ago, Jessica Simpson was approached to write a motivational guide to living your best life. She walked away from the offer, and

nobody understood why. The truth is that she didn't want to lie. Jessica couldn't be authentic with her readers if she wasn't fully honest with herself first. Now America's Sweetheart, preacher's daughter, pop phenomenon, reality tv pioneer, and the billion-dollar fashion mogul invites readers on a remarkable journey, examining a life that blessed her with the compassion to help others, but also burdened her with an almost crippling need to please. Open Book is Jessica Simpson using her voice, heart, soul, and humor to share things she's never shared before. First celebrated for her voice, she became one of the most talked-about women in the world, whether for music and fashion, her relationship struggles, or as a walking blonde joke. But now, instead of being talked about, Jessica is doing the talking. Her book shares the wisdom and inspirations she's learned and shows the real woman behind all the pop-culture clichés — “chicken or fish,” “Daisy Duke,” “football jinx,” “mom jeans,” “sexual napalm...” and more. Open Book is an opportunity to laugh and cry with a close friend, one that will inspire you to live your best, most authentic life, now that she is finally living hers. Tickers are the best! There are tickles to tease your friends, tickles to make them laugh, tickles to cheer them up, and so much more. Come and monkey around with this tickle-tastic book, full of smiles, giggles, and lots of fun.
