The Time Traveller thought he could study these marvelous beings—unearth their secret and then return to his own time—until he discovered that his invention, his only avenue of escape, had been stolen. It won him immediate recognition and has been regarded ever since as one of the great masterpieces in the literature of science fiction.

The Time Machine (Annotated Keynote Classics) H G Wells, Michelle M White, J D White, 2020-10-20 For an indefinite time I clung to the machine as it swayed and vibrated, quite unheeding how I went, and when I brought myself to look at the dials again I was amazed to find where I had arrived. The Time Machine : Om Illustrated Classics H G Wells,2015-01-04 The Time Machine is one of the most influential science fiction novels of all time. It is an adventure story documenting the Time Traveller's travel into the future by a machine constructed by him. Once there, he discovered that society, as he knows it, has fallen into ruins. All that is left are remnants of crumbling buildings and overgrown vegetation. He comes in contact with two species instead of modern humans. Much of the novel concerns the Time Traveller's horrifying discovery of this divided world. It gradually becomes apparent that the novel is more than an adventure story; it is also a parable about the ultimate kind of society stratified by class, by those who have and those who do not. The book is a work of great imagination that can be read and appreciated by fans of both Science Fiction and Non-Science Fiction.

The Time Machine H. G. Wells,Archie Oliver,2003 This abridged classic is buoyed by a spirited dramatization featuring Leonard Nimoy and John de Lancie, also known, respectively, as Spock and Q to Star TrekR fans. The Time Traveler's tale of the future is a disturbing vision of the human situation as it appeared to Wells in the late 19th century. The Traveler encounters a community consisting of only two species of animals: the barbaric Morlocks and the gentle Eloi. The evolution

of these two species began in industrialized England. Nimoy, as the Time Traveler, and de Lancie, as his 19th-century friend and confidant, are superb in their roles and clearly having fun with this production. The supporting crew of readers provide a robust atmosphere of doubt, debate, and incredulity.
