"A collection of 27 of the best stories that Andy [Andrews] wrote for Country America magazine" -- Cover.

New book coming from Andy Andrews in 2018! Follow-up to the New York Times best-selling book, *The Traveler's Gift*.

Do you want to better understand yourself, maximize your strengths, and improve your relationships? Understanding how we are wired can enrich our lives and our relationships, helping to overcome differences that can seem irreconcilable. Instead of terminating jobs, friendships, or marriage on grounds of incompatibility, it is possible to turn these relationships from dying to growing. For more than 25 years, Marita Littauer, with her mother, Florence Littauer, has helped thousands of men and women with their personal and professional relationships. In *Wired That Way*, Marita brings together in one book a comprehensive overview of the personality types that speaks to anyone who wants to understand and to be understood.

When a small Alabama community is overwhelmed by such challenges as rising divorce rates, disillusioned young people, and failing businesses, a mysterious older man named Jones arrives and imparts his gift of noticing small details that bring meaning and renewal into difficult situations.

Have you ever wondered why we spend so much time and energy thinking about the big challenges in our lives when all the evidence proves it's actually the little things that change everything? That's right... Absolutely everything. New York Times bestselling author Andy Andrews is known for his strong storytelling and unequalled perspective on principles that empower the human mind and spirit. *The Little Things* embodies his own approach to life and work, detailing for the first time some of the exclusive material that he uses to teach and coach some of the most successful corporations, teams, and individuals around the world. In his unique humorous style, Andy shows how people succeed by actually going against the modern adage, "don't sweat the small stuff". By contrast, Andy proves that it is in concentrating on the smaller things that we add value and margin. "In a world where so many feel powerless, wouldn't it be great to feel in control? Then know this. Perspective can be more important than basic answers. "I am more passionate than ever about my search to notice that one thing . . . that one tiny thing that, when understood and harnessed, allows us to create a life of extraordinary purpose and powerful results. It's less about drive and will power than it is about understanding certain principles and why they work . . . every time. Andrews provides common-sense perspective and a game plan for meeting various challenges, such as:

- Managing life in a society that seems to be constantly offended by something or someone
- Creating change that is permanent and not short term
- Dramatically increasing results by harnessing the fraction of margin between second place and first
- Understanding our spiritual connection with God and how that affects planning and outcome
- Identifying the very moment when asking the question why? multiplies the success of an endeavor
- Recognizing the smallest details that ensure the greatest success

Outlines seven key decisions that can determine the amount of success in a person's life, and describes how to properly make these decisions to achieve success.

"Regardless of how much money you have, your race, where you live, what religion you follow, you are going through something. Or you already have or you will. As momma always said, "Everybody's got something." So begins beloved Good Morning America anchor Robin Roberts's new memoir in which she recounts the incredible journey that's been her life so far, and the lessons she's learned along the way. With grace, heart, and humor, she writes about overcoming breast cancer only to learn five years later that she will need a bone marrow transplant to combat a rare blood disorder, the grief and heartbreak she suffered when her mother passed away, her triumphant return to GMA after her medical leave, and the tremendous support and love of her family and friends that saw her through her difficult times. Following her mother's advice to "make your mess your message," Robin taught a nation of viewers that while it is true that we've all got something -- a medical crisis to face, aging parents to care for, heartbreak in all its many forms --- we've also all got something to give: hope, encouragement, a life-saving transplant or a spirit-saving embrace. As Robin has learned, and what readers of her remarkable story will come to believe as well, it's all about faith, family and friends. And finding out that you are stronger, much stronger, than you think.
