Neil Peart's travel memoir of thoughts, observations, and experiences as he cycles through West Africa, reveals the subtle, yet powerful writing style that has made him one of rock's greatest lyricists. As he describes his extraordinary journey and his experiences ' from the pains of dysentery, to a confrontation with an armed soldier, to navigating dirt roads off the beaten path ' he reveals his own emotional landscape, and along the way, the different "masks" that he discovers he wears. "Cycling is a good way to travel anywhere, but especially in Africa. You are independent and mobile, and yet travel at people speed ' fast enough to travel on to another town in the cooler morning hours, but slow enough to meet people: the old farmer at the roadside who raises his hand and says, 'You are welcome,' the tireless women who offer a smile to a passing cyclist, the children whose laughter transcends the humblest home."

Perhaps because they are so distant from most of our realities, true crime events hold a morbid fascination - the more lurid and unusual, the better. Here, the irresistibly intriguing subject of crime is explored, with murder, misdeeds and criminals from

Jupiter's Travels -Ted Simon's astonishing 4 year motorbike journey around the world The book that inspired Ewan McGregor's Long Way Round In the late 1970s Ted Simon set off on a Triumph and rode 63,000 miles over four years through fifty-four countries in a journey that took him around the world. Through breakdowns, prison, war, revolutions, disasters and a Californian commune, he travelled into the depths of fear and reached the heights of euphoria. He met astonishing people and was treated as a spy, a welcome stranger and even a god. For Simon the trip became a journey into his own soul, and for many others - including bikers Charley Boorman and Ewan McGreggor - it provides an inspiration they will never forget. This classic text, which has informed a whole genre of travel writing in the thirty years since it was first published, will never be bettered for sheer adventure, passion, humour and honesty. Brought up in England by a German mother and a Romanian father, Ted Simon found himself impelled by an insatiable desire to explore the world. It led him to abandon an early scientific career in favour of journalism, and he has worked for several newspapers and magazines on Fleet Street and elsewhere. Ted Simon is also the author of Riding Home and The Gypsy in Me.

An A-Level drop-out graduates from evicting immigrants during the heyday of the inner-city slum landlords in the 1960s to stripping redundant churches during the early 1970s, before moving to northern Sweden equipped only with the proceeds of selling stolen property and some hashish. He finds new sources of hashish even in Sweden but eventually the money runs out, and he returns to London: only to discover it is even worse than when he left. Eric Naiman, a Professor of Russian and Comparative Literature at Berkeley, in a six-page attack on A.D.Harvey's multitudinous literary crimes in THE TIMES LITERARY SUPPLEMENT in 2013, described Harvey's account of drug-taking and other shenanigans in London and the Swedish Arctic as "barely readable," but perhaps that was because he hadn't actually read it. Another of A.D.Harvey's novels, WARRIORS OF THE RAINBOW was described by THE GUARDIAN as "weirdly compelling" and by THE INDEPENDENT as "free-flowing and poetic...unforgettable."

Uses personal experiences of parents to cover such topics as prenatal tests, labor, pain relief, and Cesarean birth, and provides information for expectant parents to make informed choices While the U.S. Constitution is the ultimate basis of our rights as American citizens, we don't always understand the relationship between this charter of freedom and the laws that derive from it. This series asks provocative questions that draw attention to the rights guaranteed by the Constitution, as well as the limitations that have been set on these rights. Particular attention is paid to the arguments over how this foundational document should be interpreted and how its interpretation has evolved over time. Show middle schoolers how the Constitution relates to the most hotly contested issues of our day and inspire them to add their own voices

1936. As a small child, Andris Grof was told, “Jesus Christ was killed by the Jews, and because of that, all of the Jews will be thrown into the Danube.” Grof’s school years were marked by such anti-semitism and interrupted first by the Nazi occupation and then by the post-war Communist regime. He was a good student who excelled at chemistry which he was studying at the University of Budapest when the Hungarian uprising of 1956 persuaded him to “swim across” the border and emigrate to the West. Grove provides an interesting sketch of a boy’s coming of age in a deeply dangerous 20th century Budapest under the control of Nazis and then Communists and concludes the memoir with an account of his escape and eventual resumption of his studies at the City College of New York. “Haunting and inspirational. It should be required reading in schools.” — Tom Brokaw “A poignant memoir... a moving reminder of the meaning of America and the grit and courage of a remarkable young man who became one of America’s phenomenal success stories.” — Henry Kissinger “This honest and riveting account gives a fascinating insight into the man who wrote Only the Paranoid Survive.” — George Soros “Andy Grove is a tremendous role model, and his book sheds light on his amazing journey. I would choose him as my doubles partner any day!” — Monica Seles “Combines a unique and often harrowing personal experience with the virtues of fiction at its most engrossing — vivid scenes, sharply delineated characters, and an utterly compelling narrative... a wonderful reading experience.” — Richard North Patterson “A poignant tale leading to human courage and hope.” — Elie Wiesel “Grove, the founder and chairman of Intel Corporation, does not whine about his hardships. Instead he recalls ordinary events and matter-of-factly juxtaposes these against the turmoil of midcentury Hungary, creating a subtle though compelling commentary on the power to endure.” — Diane Scharper, The New York Times

“Swimming Across tells the childhood stories [Grove] has guarded since first entering the public eye four decades ago... [It] is driven not by executives battling for money and power, but the experiences — some mundane, some extraordinary — of a nonobservant Jewish boy growing up in Hungary through a fascist regime, a Nazi invasion and a Soviet occupation.” — Chris Gaither, *The New York Times* “The intelligence, dedication and ingenuity that earned him fame and fortune (he was *Time’s* Man of the Year in 1997) are evident early on... Grove’s story stands smartly amid inspirational literature by self-made Americans” — *Publishers Weekly* “A tight, simply told, extremely intimate memoir... a polished, solid portrait of a particular time and place.” — *Kirkus* “[A] moving and inspiring memoir... Grove’s account of life in Hungary in the 1950s is a vivid picture of a tumultuous period in world history.” — *Booklist*

*The Naked Writer* is a collection of strong essays on Australian authors and poets. Very fine pieces on Martin Boyd, J.M.
