David Icke exposes what he says is the real story behind global events which shape the future of human existence.

An extraordinary opportunity to understand the vision of Pope Francis Pope Francis is a first in many ways: the first pope from the Americas, the first Jesuit, the first Francis, the first child of immigrants from the Old World, nurtured and transformed by the New World, and returned to lead the whole world. His eloquent homilies and speeches have inspired the faithful of Argentina for decades, largely through his gift of oratory, tracing back to his time as a bishop, archbishop, and cardinal in his home country. Published in English for the first time in their entirety and with contextual annotations, *In Your Eyes I See My Words, Volume 1* collects his homilies and speeches from 1999 to 2004. Volume 2 spans from 2005 to 2008, and Volume 3, from 2009 to 2013, concludes with his prophetic last homily before his election to the papacy. This illuminating collection presents an extraordinary opportunity to understand the vision of a great pastor. His words bear witness to the deep experience of faith among God's people while also showcasing his own extraordinary ability to connect with communities of faith. Through these homilies and speeches, Pope Francis humbly displays his abilities as a wordsmith, a patient and attentive teacher, an inspired and faithful theologian, and a sensitive pastor uniquely attuned to his people, offering ready guidance for their journeys, but also journeying with them. The first of a three-volume translation of Pope Francis's theological, pastoral, anthropological, and educational thought provides rich insights into the mind and theological unfolding of a spiritual leader who has become beloved all across the globe. Within it we see Archbishop Jorge Mario Bergoglio—later Pope Francis—ministering to the needs of the people while also engaging with the political, technological, and societal forces affecting their daily lives. Here is an ecclesial voice not afraid to challenge the politicians, the culture-makers, and media moguls—even his own ordained and lay church ministers—to live a life of faithfulness marked by justice, equality, and concern for the needs of everyone, urging all to rely on the “vitality of memory” and the “recovery of hope.” *In Your Eyes I See My Words* also provides a glimpse into the political, social, and religious environment of Argentina and Latin America, providing a unique perspective on the issues confronting the faithful and how those issues motivated and nurtured Pope Francis's understanding of the Church's mission to all segments of society—particularly to those underrepresented and on the margins of history.

Art Lindsley ably demonstrates that faith in Christ is necessarily opposed to and incompatible with the abuses of oppression, arrogance, intolerance, self-righteousness, closed-mindedness and defensiveness. Surprisingly, he shows that it is relativism which often harbors dangerous, inflexible absolutisms.

This is the best-selling one-volume Bible dictionary. More than 5,000 entries include discussions of historical, geographical, chronological, and biographical aspects of the Bible, as well as articles on theological subjects; more than 700 pictures are included as well.

This workbook is designed to take you on a spiritual journey in search of your TRUTH. God's TRUTH will be at the forefront of this journey, but just as important, we must find your TRUTH for God's purpose to manifest completely in your life. You will be challenged to reflect on what you've learned throughout your life thus far, remember past events that have changed you for better or worse, accept those things you cannot go back and change, and to forgive yourself for things you may have done in the past to hurt yourself or the people you love. Over the next 8 weeks, this book will focus on different aspects of TRUTH chronicled by the infallible Word of God. The goal is to find your TRUTH in relation to God's intended TRUTH. To get the maximum results from this workbook, I suggest you set aside 10-15 minutes a day to study and reflect. Every week we will focus on a different aspect of TRUTH, and you will have daily exercises assigned to you. After completing this book, you will know God's TRUTH and God willing, you will find your TRUTH as well.

A beautifully illustrated collection of Gloria Steinem's most inspirational and outrageous quotes, with an introduction and essays by the feminist activist herself “A fearless book full of passion, resolute perspective, and unbiased hope for the future.”—Janelle Monáe For decades—and especially now, in these times of crisis—people around the world have found guidance, humor, and unity in Gloria Steinem's gift for creating quotes that offer hope and inspire action. From her early days as a journalist and feminist activist, Steinem's words have helped generations to empower themselves and work together. Covering topics from relationships (“Many are looking for the right person. Too few are trying to be the right person.”) to the patriarchy (“Men are liked better when they win. Women are liked better when they lose. This is how the patriarchy is enforced every day.”) and activism (“Revolutions, like trees, grow from the bottom up.”), this is the definitive collection of Steinem's words on what matters most. Steinem sees quotes as “the poetry of everyday life,” so she also has included a few favorites from friends, including bell hooks, Flo Kennedy, and Michelle Obama, in this book that will make you want to laugh, march, and create some quotes of your own. In fact, at the end of the book, there's a special space for readers to add their own quotes and others they've found inspiring. *The Truth Will Set You Free, But First It Will Piss You Off!* is both timeless and timely. It is a gift of hope from Steinem to readers, and a book to share with friends.

“Sure to go down as an important piece of military-memoir history...a fast-paced, insightful, hold-nothing-back memoir” (Brandon Webb, former Navy Seal, New York Times bestselling author) from a former Army Ranger sniper and Special Operations weapon sergeant-turned-journalist about the incredible highs and devastating lows of his career. Growing up in small New York towns, Jack Murphy knew he wanted to lead a life far from the ordinary—a life of adventure and valor. After the 9/11 attacks, he enlisted in the Army, knowing this was his chance to fight for a cause he staunchly supported. After making it through the rigorous Ranger Indoctrination Program, he graduated from sniper school and was promptly deployed to Afghanistan, where his experiences went from ordinary to extraordinary. In this gripping military memoir, Murphy recounts the multiple missions he underwent as a Ranger, a Special Forces weapons sergeant, and ultimately, a boots-on-the-ground journalist. From enemy ambushes, dodging explosives, crashing terrorists' weddings, and landing helicopters in the streets of Mosul, Jack provides a hard-hitting glimpse of what combat is like in some of the world's most dangerous, war-torn places.

With tours of duty in two of the most decorated units of the armed forces, Murphy brings a unique perspective to the military genre as he reflects on his great triumphs and shattering failures both on and off the battlefield. Later, Murphy turned his attention to breaking news within the military. His stories have taken him from Iraq to Switzerland, from Syria to South Korea. From crossing Middle Eastern borders in the dead of night, to rolling into an IED-laden zone, Murphy's stories are always a thrill a minute. "Powerful. Gritty. Real. An absolutely captivating account of bravery and adventure" (Brad Thor), Murphy's Law tells a story of intense bravery and sacrifice—both on and off the battlefield.

"The Four Horsewomen" part one! Paula Von Gunther, a.k.a. Warmaster, has assembled her four horsewomen...and now she's out for Wonder Woman's blood! Plus, Diana is put on trial for the sins of the Amazons! Is it all just lies, or is there really a horrible secret the Amazons have kept from their own champion?

In recent years, the disciplines of biblical studies and systematic theology have grown apart and largely lost the means of effective communication with one another. Unfortunately, this relational disconnect affects more than just these particular fields of study; it impacts the life of the church as a whole. The first St. Andrews Conference on Scripture and Theology brought leading biblical scholars and systematic theologians together in conversation, seeking to bridge the biblical-theological gap.

Tonya Craft is like a lot of women: A normal, working mother of two. A kindergarten teacher in a small town with a comfortable little house and what she thinks is a pretty good life--until the morning of May 30, 2008, when two detectives show up unannounced on her doorstep and accuse her of molesting three children. In a heartbeat, her whole world comes to a halt. Tonya knows there isn't one shred of truth to the allegations. What she doesn't know is that for the falsely accused, the truth offers little protection. With frightening speed, Tonya is arrested and charged with twenty-two counts of child molestation. She suddenly faces the very real possibility that she's about to lose everything--her job, her family, her reputation...her freedom. This is the true story of a woman who prevails against the most heinous false accusations imaginable. A woman whose life spirals into a witch trial nightmare of guilt before innocence, as her children are taken away without a goodbye, and her own daughter is forced to take the stand against her in a courtroom. Nevertheless, Tonya's resolve to reveal the truth, clear her name, and win back custody of her children is unstoppable. And while Tonya's story will no doubt shock and outrage readers, they will also find encouragement in her uncommon example of undying love, faith, and forgiveness--especially when she forgives the very people who caused her harm. To this day, Tonya is not a bitter individual.

"A deeply curious and evenhanded report on our national appetites." --The New York Times In the tradition of Fast Food Nation and The Omnivore's Dilemma, an extraordinary investigation into the human lives at the heart of the American grocery store The miracle of the supermarket has never been more apparent. Like the doctors and nurses who care for the sick, suddenly the men and women who stock our shelves and operate our warehouses are understood as 'essential' workers, providing a quality of life we all too easily take for granted. But the sad truth is that the grocery industry has been failing these workers for decades. In this page-turning expose, author Benjamin Lorr pulls back the curtain on the highly secretive grocery industry. Combining deep sourcing, immersive reporting, and sharp, often laugh-out-loud prose, Lorr leads a wild investigation, asking what does it take to run a supermarket? How does our food get on the shelves? And who suffers for our increasing demands for convenience and efficiency? In this journey: • We learn the secrets of Trader Joe's success from Trader Joe himself • Drive with truckers caught in a job they call "sharecropping on wheels" • Break into industrial farms with activists to learn what it takes for a product to earn certification labels like "fair trade" and "free range" • Follow entrepreneurs as they fight for shelf space, learning essential tips, tricks, and traps for any new food business • Journey with migrants to examine shocking forced labor practices through their eyes The product of five years of research and hundreds of interviews across every level of the business, The Secret Life of Groceries is essential reading for those who want to understand our food system--delivering powerful social commentary on the inherently American quest for more and compassionate insight into the lives that provide it.

This thoroughly revised and updated edition of Bruce Milne's excellent handbook expounds the great themes of God's Word and how they fit together. Each chapter deals with one aspect of biblical truth, and the main sections conclude with practical reflection.

This is the true story of a woman who prevailed against the most heinous accusations imaginable. Tonya Craft, a Georgia kindergarten teacher and loving mother of two, never expected a knock on her door to change her life forever. But in May 2008, false accusations of child molestation turned her world upside down. The trial that followed dragged her reputation through the mud and lent nationwide notoriety to her name. Tonya's life spiraled into a witch-trial nightmare in which she was deemed guilty before her innocence could be determined by a jury. Her children were taken away without even a goodbye, and her own daughter was forced to take the stand against her in a courtroom. The situation seemed hopeless, and Tonya was shell-shocked and heartbroken. But that didn't keep her from finding the strength to fight. Over the course of two terrifying years, Tonya rallied to take charge of her own defense, flying across the country and knocking on doors on a desperate quest for answers, and defying her own lawyers on more than one occasion. Tonya's goal was not only to avoid conviction; it was to clear her name, and, most of all, regain custody of her children. Accused is about more than Tonya's shocking trial and fight for justice. It is the story of a mother's extraordinary love, the faith that sees her through it all, and the forgiveness that sets her free.

The Lie is a book that holds important questions that will disturb those that may think they've found the Truth. In the search for Truth, we have to keep vigilant, and test the validity of everything we believe. The Scriptures of Truth begin by showing how easily we can be deceived, and the first lie ever recorded is documented for everyone in the first several chapters after Creation. A serpent told a lie about eating something the first humans were forbidden to even touch. Ever since, humanity has been on a death walk, with the Word of Yahuah ringing in their ears of how to live. If we believe His Word, we can recover. If we choose to not believe, we will die. Each of us will die or live by our own choice in the matter. The same lie is deceiving humanity today, and Scripture tells us it is being told by those who teach us. The questions in this book will change you forever. You will never be able to return to the way you've been led to believe, because everything you've ever been taught has been with the objective of making you believe you can disobey Yahuah, and still live. How the teachers have done this to everyone is explained, using the Scriptures of Truth. When you find the Truth, you can be set free from the lie. If you want to inherit eternal life, guard the Commandments, they will never pass away. The whole world has been deceived, and the Truth reveals how in the last days people will mount up a great number of teachers that will teach what their itching ears want to hear, and turn aside to myths. Where are those great numbers of teachers to be found? Find out by reading the questions in this little 96-page book. It will break your heart when you read them, because the Truth will be revealed to you, and you will awaken. Something is about to happen to everyone in this world, and that is why you are reading these words right at this moment. Someone is calling you to awaken. You may think you have known Him, but what's more important is that He knows you. If you hear the call of your Shepherd, run to Him! The time is nearer than anyone thinks it is. None of the wicked shall understand, but those who have insight shall understand . . . Dan. 12:10 Blind Guides are everywhere. Their weeds have grown thick and are steadfastly blocking-out the Light, choking the wheat. Reapers are coming, help blow the shofar.

Victory over Addictions offers insight to those who are suffering from all addictions by turning to faith based practices . This book will help those suffering from addiction break free from the addictive behavior by applying three principles to your life. This spiritual guidebook restores the power of choice to the readers life . You are empowered to change your belief system and look into the motive of your heart.

Control over your mind, will and emotions will determine who you were created to become. Once you begin to apply the principle of renewing your mind with the TRUTH you will see the transforming power to overcome the addictive behavior. Discover how to manage your heart and find the peace and love that God created you to experience. When you choose to belong to the family of God you have a lasting covenant that will help you have Victory.

They were among the chosen few, the "Family of God." There was rarely cause to doubt what was widely accepted and taught. "The Way" was "from the beginning" and the "workers" making up its ministry were following the perfect example of Jesus, their elder brother. So much seemed perfect. The workers were sent two-by-two without salary, just as Jesus sent His first disciples. The meetings were held in homes, following the example of the New Testament Church. An appearance of godliness and unity was evident among the people. No denominational name or organization defined them. Gene and Grace Luxon, following in the footsteps of their parents and grandparents, were wholly immersed in a fellowship known within its ranks as The Truth. Its quiet reverence deeply touched their hearts. Surrendering to its calling, the family drew apart from much of the world around them to be woven into the fabric of this tightly knit group of worldwide adherents. As the years passed, a gnawing uncertainty began to emerge in a landscape clouded with unanswered questions. Quiet conformance and persuasive beliefs discouraged questioning, but Gene and Grace began the quest to understand what they believed and why they believed it. While challenged to examine their faith, they discovered the liberating truth of God's salvation plan and the indescribable joy of God's unmerited favor. While you share this fascinating venture, you will find Has The Truth Set You Free? turning your focus from inward to upward and to a loving God with arms open wide. It was written from hearts filled with gratitude to God for the deliverance only He can give.

The motivational speaker explores the reasons for such self-imposed limitations as age, fear, time, and money, and describes how to overcome their restrictions to achieve one's goals.

The Truth Will Set You Free, But First It Will Piss You Off! Thoughts on Life, Love, and Rebellion Random House

What is the role of the will in believing the good news of the gospel? Why is there so much controversy over free will throughout church history? R. C. Sproul finds that Christians have often been influenced by pagan views of the human will that deny the effects of Adam's fall. In *Willing to Believe*, Sproul traces the free-will controversy from its formal beginning in the fifth century, with the writings of Augustine and Pelagius, to the present. Readers will gain understanding into the nuances separating the views of Protestants and Catholics, Calvinists and Arminians, and Reformed and Dispensationalists. This book, like Sproul's *Faith Alone*, is a major work on an essential evangelical tenet.

In this book I am going to tell you many things you probably have not heard of before, and with Gods help I will tell the story, God wants you to hear. God and Noel started talking to me when I was four years old, God calls me Allah and Noel calls me father.

More than twenty years ago, a little-known Swiss psychoanalyst wrote a book that changed the way many people viewed themselves and their world. In simple but powerful prose, the deeply moving *Drama of the Gifted Child* showed how parents unconsciously form and deform the emotional lives of their children. Alice Miller's stories about the roots of suffering in childhood resonated with readers, and her book soon became a backlist best seller. In *The Truth Will Set You Free* Miller returns to the intensely personal tone and themes of her best-loved work. Only by embracing the truth of our past histories can any of us hope to be free of pain in the present, she argues. Miller uses vivid true stories to reveal the perils of early-childhood mistreatment and the dangers of mindless obedience to parental will. Drawing on the latest research on brain development, she shows how spanking and humiliation produce dangerous levels of denial, which leads in turn to emotional blindness and to mental barriers that cut off awareness and the ability to learn new ways of acting. If this cycle repeats itself, the grown child will perpetrate the same abuse on later generations--a message vitally important, especially given the increasing popularity of programs like *Tough Love* and of "child disciplinarians" like James Dobson. *The Truth Will Set You Free* will provoke and inform all readers who want to know Alice Miller's latest thinking on this important subject.

?Tiffany a young girl, living in life of abuse, unable to take it anymore, is angrily determined to get even with her abusers, she packs her bags and grabbing a baseball bat is ready when her step-dad enters her room, drunk as usual the next night. With pent-up hatred and anger, using her weapon she hits him over and over until he slumps on her bed. Not even caring if he was alive, she grabs cash from his billfold, her bags and flees for the first train heading for Orlando Florida, where she believes her real family is. Rushing into the train depot she bumps into Stan, a real gentleman who befriends her on her long train ride, but sadly when they finally arrive after several nights, they are separated. She's now all alone again. Frightened and darkness looming, she realizes she needs to make some quick decisions. She has no idea of the problems, pain and suffering she will go through during her horrific search. Will she ever find a real family and the truth and freedom she has so longed for? Included is index Of Statistics on Abuses antidotes and helps.

Jesus said: "You will know the truth and the truth will set you free." This book is the end result of my personal journey into the world of Christianity-one which has confirmed the Truth of Islam. Please join me as I go step-by-step in sharing my research from over the past 5 years. Some of the topics discussed in this book include: The historical Jesus and the crucifixion conspiracy; Analysis of the Bible as the "Word of God"; Personal experiences in engaging with Christians; Investigation of Christian claims for Jesus' divinity, the "Trinity" and prophecies for him from the Jewish Scriptures; Findings on the identity of the "Holy Spirit" and the "Beloved Disciple" of Jesus, Jesus and the Samaritan accusation and the mystery of Nazareth; Unveiling the Truth of Islam with clear proofs for Islam and Prophet Muhammad in the Bible; Biography of Prophet Muhammad, Jesus and Mary in the Qur'an and Qur'an and Science. This book is a Bible Research Study in the Light of the Holy Qur'an.

I was a rich teenager whose parents died in a plane crash and left me and my sister a two million dollar house and 10 million dollars. I then turned three young girls into French maid whores, for financial reasons and or immigration reasons they allowed this to happen. My story includes French maids, anal sex, oral sex, spankings, canings, whippings, strappings, domination and submission, corner time, and a great amount of humiliation, etc. My delight in training and punishing these three young women into submission

eventually leads down a path that I wished that I never traveled. Then it was time for me to be punished for all my Bad Boy behavior. Now, I was turned into the French maid, the sissy maid. A continuing series of special, good and bad characters.

What happens when Christians must obey God rather than human authorities? In this book W. Bradford Littlejohn addresses that question as he unpacks the magisterial political-theological work of Richard Hooker, a leading figure in the sixteenth-century English Reformation, through the lens of Christian liberty. Book jacket.

NATIONAL BESTSELLER A dramatic insider account of the world of private military contracting. Armored cars, burner phones, top-notch weaponry and top-secret missions--this is the life of today's private military contractor. Like author Simon Chase, many PMCs were once the world's top military operatives, and since retiring from outfits like US Navy SEAL TEAM Six and the UK's Special Boat Service, they have devoted their lives to executing sensitive and hazardous missions overseas. Working at the request of U.S. and British government entities as well as for private clients, he takes on jobs that require "zero footprint," with no trace of their actions left behind. Chase delivers first-hand accounts of tracking Bin Laden in Afghanistan and being one of the first responders after the attack on the U.S. Consulate in Benghazi. We see his teams defuse terrorist bombs, guard dignitaries, and protect convoys traveling through perilous territory--and then there are the really big jobs: top-secret "zero footprint" missions that include searching for High Value Targets and setting up arms shipping networks. The missions in Zero Footprint will shock readers, but so will the personal dangers. Chase and the men he works with operate without government backup or air rescue. If they die serving their country--they remain anonymous. There are no military honors or benefits. Contractors like Simon Chase are the unsung heroes in the war against terrorism, a strong, but largely invisible force--until now.

The publication of the King James version of the Bible, translated between 1603 and 1611, coincided with an extraordinary flowering of English literature and is universally acknowledged as the greatest influence on English-language literature in history. Now, world-class literary writers introduce the book of the King James Bible in a series of beautifully designed, small-format volumes. The introducers' passionate, provocative, and personal engagements with the spirituality and the language of the text make the Bible come alive as a stunning work of literature and remind us of its overwhelming contemporary relevance.

The Truth Shall Set You Free is a book that will help you overcome illusions of fear, anger, hate, anxiety, depression, low self-esteem, perturbation, and discontent. It will guide you through beautiful poems and essays on how to replace those low and self-limiting emotions with true self-discovery that will lead you to a life of happiness, courage, confidence, abundance, contentment, and peace of mind.

As in her former books, Alice Miller again focusses on facts. She is as determined as ever to cut through the veil that, for thousands of years now, has been so meticulously woven to shroud the truth. And when she lifts that veil and brushes it aside, the results are astonishing, as is amply demonstrated by her analyses of the works of Nietzsche, Picasso, Kollwitz, Keaton and others. With the key shunned by so many for so long - childhood - she opens rusty looks and offers her readers a wealth of unexpected perspectives. What did Picasso express in "Guernica"? Why did Buster Keaton never smile? Why did Nietzsche heap so much opprobrium on women and religion, and lose his mind for eleven years? Why did Hitler and Stalin become tyrannical mass murderers? Alice Miller investigates these and other questions thoroughly in this book. She draws from her discoveries the conclusion that human beings are not "innately" destructive, that they are made that way by ignorance, abuse, and neglect, particularly if no sympathetic witness comes to their aid. She also shows why some mistreated children do not become criminals but instead bear witness as artists to the truth about their childhoods, even though in purely intuitive and unconscious ways.

Living a life of sin for many years had me in bondage. I was a slave to sin. I have fought the demon for many years. It wasn't until I gave my life to Jesus Christ that I began to feel free. I am no longer a friend of this evil world; I am a friend of God's. I am protected, guided, and comforted.

After learning of atomic physics, H. G. Wells began to think of its potential impact on human society. In *The World Set Free*, atomic energy causes massive unemployment, shaking the already fragile social order. The ambitious powers of the world decide to seize the opportunity to compete for dominance, and a world war breaks out, echoing the looming Great War about to ignite in 1914. Waking to the catastrophe, humanity begins the hard search for a way into a better future. The novel traces a soldier, an ex-king, a despot, and a sage through a profound transformation of human society, and we gain a window into Wells' own thoughts and hopes along the way. With one prophetic stroke, Wells gives the first detailed depiction of atomic energy and its potential destructive power, and predicts the use of the air power in modern warfare. He may have even directly influenced the development of nuclear weapons, as the physicist Leó Szilárd, shortly after reading the novel in 1932, then conceived of harnessing the neutron chain reaction critical to the development of the atom bomb. This book is part of the Standard Ebooks project, which produces free public domain ebooks.

Creating an unconventional portrait of the life and thought of an Enlightenment historian and scientist, this study focuses upon Jeremy Belknap's letters, journals, and essays, which provide a clear sense of how a dialogue with the past can yield an appreciation of life and acceptance of self. Author of the three volume *History of New Hampshire* and the two volume *American Biography*, Jeremy Belknap (1744-1798) was the American Plutarch because he used the past to learn more about his own life and the lives of others. He experienced the past vicariously through his imagination and experientially through his journeys throughout New England in search of clues to the explanation of the natural and human past of America. The book is built around Belknap's engaging correspondence with his friend Ebenezer Hazard, as well as Belknap's own travel journals of his expeditions to upstate New York and throughout New Hampshire. His journey to the White Mountains of New Hampshire in 1784 was the climax of his active inquiry into the past. Far from a dry, historiographical account, this study provides a fluid and descriptive narrative of Belknap, his journeys, and his times. This is a unique portrayal of human nature in general and 18th century society in particular.

In the beginning, the truth will set you free. Yes, it's not original; but if it starts the writings of the Bible, it's good enough for me. I have always had what I call a knowing. Others call it psychic, clairvoyance, etc. This is nothing new. There were many instances of knowing ability in human beings throughout history. In biblical times, they used to call them prophets. In fact, the writing

you are about to hopefully enjoy have been given to me by this very medium that I think is referred to as automatic writing, written simply so there can be no misinterpretation of the story and the message it contains. I am aware that this book will invoke emotional responses from all who have read the Bible and follow the associated religion. This book is not written for any religion or cult on earth-all without exception because God and Jesus have nothing to do with them. Suffice to say, all religions are about control, especially over women, and about conquering the minds of the population. Religion is a man-made concept. God, however, exists and is freedom and everlasting life. There are already many versions of religious beliefs. The world is bursting with them, but supposing that there is an alternative to the culture of being brainwashed from birth into a judgmental religious zealot. This stands regardless of where you just happened to be born in this world. Brainwashing or culture starts from birth, from our parents, from school education, and from the work you do, culminating in the church or religion you are a member of. Imagine no religion, only God. I hope to show the reader what I have been told through my psychic walk on the other side. ? Have you ever heard the story of Chinese whispers? One that sticks out in my mind is, "Send reinforcements. We're going to advance." After the whisper goes around, it finally reaches the final person, who says, "Send three and four pence. We're going to a dance." Add to this concept that the Bible was written three hundred years after the year of our Lord (AD), then it isn't wrong to assume that this is exactly how the Word of God and religion has developed.
